NOTES Tier 1 not selected for award																									

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will have a two tiered evaluation based on the expected delivery date. Vehicles with an expected delivery date prior to May 31, 2014 will be evaluated first on the Tier 1 Price Schedule (Tier 1 "On the Lot Vehicles"). If the full requested quantity is awarded to a given agency's Price Schedule and an excess of Tier 1 vehicle exists, DAS reserves the right to reallocate the units to a different agency's Price Schedule. DAS will only reallocate Tier 1 vehicles to an agency's Price Schedule if the full requested quantity is not fulfilled with Tier 1 units. Bidders should indicate a per mile delivery charge in the "Tier 1 Vehicle Summary" section (page 17) to supplement any additional delivery charges if Tier 1 vehicles are reallocated to a different delivery location. The additional delivery charge to be applied to a reallocated Tier 1 vehicle will be determined by DAS.

The second evaluation tier (Tier 2 "Factory Ordered Vehicles") will be factory ordered units, which will be considered if responsive and responsible tier 1 vehicles do not fulfill the entire requested quantity.

Bidders are not required to bid the full requested quantity when offering Tier 1 units. Bidders are encouraged to first offer on lot vehicle Tier 1 units, meeting the requested specifications, and supplementing any leftover quantities with Tier 2 factory ordered units. If Tier 1 pricing satisfies the requested quantity, Tier 2 will not be awarded.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by line item. Delivery dates may be a factor therefore line item awards may be split between multiple bidders. Bidders are not required to bid on every line item. Bidders are not required to bid on the entire requested line item amount. Award may be a combination of Tier pricing and delivery ARO.
