ITEM IDENTIFICATION FORM

Bidders responding to the ITB must submit a complete Item Identification form with the Qualification Summary. **This Qualification Summary does not require submission of pricing at this time.**

THE LOWEST TOTAL BID FOR EACH CATEGORY DURING THE REVERSE AUCTION FOR THE REQUIRED ITEMS WILL BE THE BASIS FOR DETERMINING THE CONTRACT AWARD(S).

All Bids include F.O.B. destination. Bids must include all packing, transportation and insurance charges.

During the Reverse Auction a Bid must be entered for each required line item in the category(s) for which the Bidder is qualified. Failure to provide a Bid for any required line item will result in the disqualification of the bidder's response. The total lowest Bid will be determined by multiplying each line item Bid by the corresponding estimated quantity and adding these together for each category. Additionally, the Item Identification form must not include exceptions, additional terms and conditions or assumptions.

The only computer manufacturers accepted for this Bid are Dell and Hewlett-Packard. If a Bidder is offering configurations for both manufacturers, both server bundle and desktop bundle information must be entered for each manufacturer.
