EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders." In addition, to determine the low lot total price of the bid, the State will multiply the estimated annual usage of each item by its corresponding unit price and then add these totals together.									
The State desires that Bidders provide pricing for all items. Bidder may enter a price of \$0.00 if the item will be provided at no cost or charge to the Agency.									
"NB" or No Bid entered on the cost summary for items that the Bidder chooses not to bid on. Failure to enter a response for each line item may result in the Bidder being deemed as not responsive.									
Further, failure of the Bidder to possess or provide sufficient data and clearly substantiate how their company meets all requirements of specification Section II, Contractor Requirements, may result in the Bidder being deemed as not responsive.									
CONTRACT AWARD: This is a Multiple Award Bid. Contracts will be awarded to no more than the three (3) lowest Bidders who have been determined to be responsive and responsible, based on low lot total award and meeting all bid specifications and requirements listed herein.									
The State maintains the right to award the contract to a single Bidder if only one Bidder meets all bid specifications and requirements listed herein.
