AWARD: There will be one (1) award per line item to the lowest responsive and responsible bidder meeting all bid specifications and requirements listed herein.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will: award one (1) award per line item to the lowest responsive and responsible bidder. Line item award will be determined by multiplying the Unit Price which will include FOB Dest. Freight Prepaid by the estimated usage listed in the bid unless otherwise noted. Although there will be separate line item awards made, bidders are eligible to receive awards of multiple line items providing he/she is the lowest responsive and responsible bidder meeting all bid specifications and requirements listed within the line items. Items that have dilution rates or more than one container size to be quoted will be evaluated as follows:

Items #4, #5 and #6: The bid will be evaluated by line item based on dilution rate price per one hundred (100) pounds of laundry. Where concentration level ranges are listed by a bidder for a product the evaluation will be based on the maximum high range amount price per one hundred (100) pounds of laundry.

Items #3, #10, #11, #12, #14 and #19: The bid will be evaluated by line item based the average price quoted per gallon or pound. To determine the average price, the sum of the prices of all container sizes quoted for a line item will be divided by the number of container sizes quoted.
