These include Fuzeon, Depakote, Risperdal, Bicillin LA, Lisinopril, Crestor, Truvada, and Epzicom. The Ohio HIV Drug Assistance Program (OHDAP) has filled 17 prescriptions for Fuzeon since it was added to the formulary. Fuzeon enrollment is constrained to a more restrictive enrollment due to the cost of this drug. Utilization data for the other new drugs are not yet available.

*New item added to the formulary
