AMENDMENT 11- CHANGES
CORRECTIONS CORPORATION OF AMERICA (CCA)
CSP901412-1

This amendment for the Corrections Corporation of America contract CSP901412-1 reflects revisions to Section 6.29.9 Ancillary Services of the original proposal by mutual agreement between the agency and the Contractor. The revised section 6.29.9.3 will now read:

6.29.9.3 The Contractor shall supply an Ohio licensed technician with AART certification for x-ray service. Inmates requiring emergent (stat) x-rays, as indicated on the physician's order, will be sent off site to have x-rays taken. Non-emergent x-rays, as indicated in the physician's order, will be scheduled for and taken on the next on-site x-ray date, not to exceed one week after the date of the order. For most non-emergency situations, interpretation should be complete within two working days. All radiological examinations must be interpreted by an Ohio licensed, Board Certified Radiologist.

A report dictated by the interpreting radiologist must be on file in each patient's chart. X-ray films taken at the institution will remain the property of DRC. If x-ray examinations are performed at another health care institution or by a mobile x-ray service a clear notation must be made in the patient's chart indicating the company name, address and business telephone number where those films can be accessed.
