GENERAL SERVICES DIVISION  
OFFICE OF PROCUREMENT SERVICES  
4200 SURFACE ROAD, COLUMBUS, OH 43228-1395

AMENDMENT FOR CHANGE  
AMENDMENT NO. 1

TO: LIMITED DISTRIBUTION – VARIOUS INSTITUTIONS AND AGENCIES AS LISTED HEREIN:  
FROM: ROBERT BLAIR, DIRECTOR, DEPARTMENT OF ADMINISTRATIVE SERVICES  
SUBJECT: CONTRACT FOR PROFESSIONAL PEST CONTROL

Attached are pages 1 through 36 to this contract. Remove these pages from the existing contract and replace with the attached pages on the effective and/or revision date.

This amendment is issued to award Bid No. OT901414 which opened on 06/07/13 to this Contract.

All other prices, terms and conditions remain unchanged.

Questions regarding this Amendment and/or the Requirements Contract may be directed to:

Peggy J. Canada, CPPB  
peggy.canada@das.ohio.gov

This Amendment, the main Requirements Contract and any additional amendments thereto are available from the DAS Web site at the following address:

OFFICE OF PROCUREMENT SERVICES  
4200 SURFACE ROAD, COLUMBUS, OH 43228-1395

MANDATORY USE CONTRACT FOR: PROFESSIONAL PEST CONTROL

CONTRACT No.: OT905313

EFFECTIVE DATES: 04/05/13 to 03/31/16

The Department of Administrative Services has accepted bids submitted in response to Invitation to Bid No. OT905313 that \*opened on 02/22/13 and to Bid No. OT901414 that opened on 06/07/13. The evaluation of the bid response(s) has been completed. The bidder(s) listed herein have been determined to be the lowest responsive and responsible bidder(s) and have been awarded a contract for the items(s) listed. The respective bid response, including the [Terms and Conditions for Bidding, Standard Contract Terms and Conditions, and Supplemental Contract Terms and Conditions](#), special contract terms & conditions, any bid addenda, specifications, pricing schedules and any attachments incorporated by reference and accepted by DAS become a part of this Requirements Contract.

This Requirements Contract is effective beginning and ending on the dates noted above unless, prior to the expiration date, the Contract is renewed, terminated or cancelled in accordance with the Contract Terms and Conditions.

This Requirements Contract is available to various institutions and agencies listed herein, as applicable.

Agencies are eligible to make purchases of the listed supplies and/or services in any amount and at any time as determined by the agency. The State makes no representation or guarantee that agencies will purchase the volume of supplies and/or services as advertised in the Invitation to Bid.

**SPECIAL NOTE:** State agencies may make purchases under this Requirements Contract up to \$2500.00 using the state of Ohio payment card. Any purchase that exceeds \$2500.00 will be made using the official state of Ohio purchase order (ADM-0523). Any non-state agency, institution of higher education or Cooperative Purchasing member will use forms applicable to their respective agency.

Questions regarding this and/or the Requirements Contract may be directed to:

Peggy J. Canada, CPPB  
peggy.canada@ohio.gov

This Requirements Contract and any Amendments thereto are available from the DAS Web site at the following address:

<http://www.ohio.gov/procure>

## SPECIAL CONTRACT TERMS AND CONDITIONS

**SUPPLEMENTAL BID:** Any award made as a result of this bid will become a part of Contract No. OT905313 effective 07/01/13.

**DELIVERY AND ACCEPTANCE:** Services will be performed as set forth in the Contract and in accordance with paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS. The location of performance will be noted on the purchase order issued by the participating agency. Payment for services rendered will occur upon the inspection and written confirmation by the ordering agency that the services provided conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, payment shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

**AMENDMENTS TO CONTRACT TERMS AND CONDITIONS:** The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

**SUBCONTRACTING:** Only the Contractor will perform the services as specified, subcontracting will not be allowed during the duration of this contract. All Contractors will be held solely responsible to meet the performance schedules and specifications for services in a timely and professional manner.

**SITE VISIT:** Prior to submitting their bid response, the bidder should visit the institution(s) for which they are bidding in order to survey the facility(s) and to become familiar with the requirements of the bid. The bidder must contact each facility(s)/institution(s) they are bidding to schedule an appointment. (See Page 4. for contact information) Site visits will only be held during the following dates from 02/11/13 – 02/15/13 after which time it will up to the discretion of the contact person whether or not a potential bidder will be permitted to visit the facility(s)/institution(s). The bidder must call the contact person at each applicable facility(s)/institution(s) listed at least two (2) business days prior to schedule a site visit to obtain entry authorization into the facility(s)/institution(s). Bidder must schedule the site visit between February 11, 2013 and February 15, 2013 during normal business hours. Bidders must have with them a picture I.D. (such as a valid Ohio driver's license) in order to be admitted into facility(s)/institution(s) for a site visit. In accordance with agency policy, no knives, firearms, cameras/photo equipment, recording devices, cell phones, computers and/or pagers will be allowed in the institutions.

**\*SITE VISIT:** Prior to submitting their bid response, the bidder should visit the institution(s) for which they are bidding in order to survey the facility(s) and to become familiar with the requirements of the bid. The bidder must contact each facility(s)/institution(s) they are bidding to schedule an appointment. (See Page 4 for contact information) Site visits will only be held during the following dates from 05/20/13 – 05/24/13 after which time it will up to the discretion of the contact person whether or not a potential bidder will be permitted to visit the facility(s)/institution(s). The bidder must call the contact person at each applicable facility(s)/institution(s) listed at least two (2) business days prior to schedule a site visit to obtain entry authorization into the facility(s)/institution(s). Bidder must schedule the site visit between May 20, 2013 and May 24, 2013 during normal business hours. Bidders must have with them a picture I.D. (such as a valid Ohio driver's license) in order to be admitted into facility(s)/institution(s) for a site visit. In accordance with agency policy, no knives, firearms, cameras/photo equipment, recording devices, cell phones, computers and/or pagers will be allowed in the institutions.

**MANDATORY SITE VISIT:** For sites specified as mandatory: A mandatory site visit will be held on the date, times and locations as indicated below to survey the facility and discuss the requirements of the bid. The site visit will commence promptly at times listed for each facility below barring an unforeseen circumstance that results in a delay of the site visit. Attendance will be taken. If your company is the current Contractor you are not excluded from the mandatory site visit and must attend or be represented in order to Bid. The state will not be responsible to a bidder for their failure to obtain information discussed during the site visit due to their arriving after the site visit has begun. Bidders who fail to attend the mandatory bid conference will be deemed not responsive.

Bidders that call prior or to their scheduled site visit due to or during unforeseen circumstances i.e. emergency circumstances that will require lateness of over 30 minutes may make arrangements with that institution by following the above Site Visit instructions. It is at the discretion of the facility/institution to allow this visit.

No additional compensation will be awarded due to unfamiliarity with the scope of service required. It will be assumed that the bidder has full knowledge of existing conditions/service areas and accepts them as is, unless otherwise specified within this bid. Once a contract is awarded, failure of the bidder to have requested a site visit, to become familiar with the facility/institution and requirements of the bid, will be insufficient reason to support any request to be released from the contract.

Please contact the facility(s)/institution(s) you wish to visit during regular business hours to make arrangements for authorization to enter the facility.

\*Indicates Site Visit added from Bid OT901414.

**TRANSPORTATION CHARGES:** All exterminating services rendered shall be F.O.B. and prepaid to destination.

**PROOF OF LICENSE:** Each bidder is to submit with their bid a copy of their current license. The license must cover the specification requirements stated in this bid. The Contractor and pesticide technicians shall be properly licensed by the Ohio Department of Agriculture and shall be in compliance with all existing federal, state, and local regulations governing the performance of pest control work and the use of pest control materials.

**LICENSE CATEGORIES:** In order to be considered for award of this contract, the bidder shall be licensed by the Ohio Department of Agriculture in the following categories which include CORE, Category 7 and 10 as listed below:

CORE

- (7) Vertebrate Animal Control
- (10) Domestic, Institutional, Structural, and Health-related Pest Control
  - (a) General Pest Control
  - (b) Termite<sup>(1)</sup>
  - (d) Mosquito, House fly, and other Vector Control

**NOTE:** Bidder's license shall be active, at the time of bid opening, and in force for the duration of the contract.

**CONTRACT AWARD:** There will be one (1) award for each facility/institution made to the lowest responsive and responsible Bidder meeting all Bid specifications and requirements listed herein. The Contract will be awarded to the lowest responsive and responsible Bidder listed herein for each facility/institution.

For the following group there will be one low lot total award to the lowest responsive and responsible Bidder meeting all Bid specifications and requirements listed herein.

**Group 1** - Scioto Juvenile Correctional Facility and Freedom Center Residential Treatment Center.

**\*Group 2** - Cambridge Developmental Center and Southeast Diversified Industries, Inc.

**\*Group 3** - Tiffin Developmental Center and NorWesCo Industries, Inc. and Northwest Developmental Center

**EVALUATION:** Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, to determine the price of each facility/institution/group of institutions, the state will multiply the estimated applications, per request usage and annual usage, whichever is applicable, of each facility/institution/group of institutions and its corresponding cost per month and then add these totals together. Although there will be separate awards made, Bidders are eligible to receive awards of multiple facility/institution and/or group locations providing he/she is the lowest responsive and responsible Bidder meeting all Bid specifications and requirements.

<sup>(1)</sup>Indicates license to be requested on an as needed basis.

\*Indicates addition of Institutions, Facilities, Group 1 from OT905313 and adding Group 1 and 2 from Bid OT901414 which is now Group 2 and Group 3 and repagination.

## SPECIAL CONTRACT TERMS AND CONDITIONS

**BIDDER QUALIFICATIONS AND DOCUMENTATION:** Bidder must utilize trained personnel directly employed or supervised by them for services rendered under this Contract. Bidder must be able to supply personnel, equipment and materials to perform professional pest control services on any awarded facility.

Bidder may be asked to supply the name of a supervisor and an alternate identified with copies of applicator license during the life of this contract. The supervisor shall be the Contractor's authority to act on matters pertaining to the performance of services required under the contract. This individual shall assure safety and carry out coordination and continuity of the program routine. The supervisor and alternate shall both have a working knowledge of this contract and detailed pest control services plan and schedule for each facility. The supervisor and alternate must both meet the qualifications identified below:

Pest Control Technicians: The Contractor may be requested to provide, the names of all pest control personnel assigned to this contract and pertinent information regarding their qualifications, experience and training. Throughout the life of this contract all personnel providing on-site pest control services must be certified within the appropriate category of structural and health related pest control. No uncertified personnel will be permitted to work on-site under this contract.

- A. Conduct - The Contractor and pest control personnel shall maintain the highest standards of conduct and integrity while on facility premises.
- B. Appearance - Pest control technicians shall wear a distinct uniform with the company's name displayed and present a clean, neat and professional appearance. Technicians shall have an identification photo also.
- C. Identification - The Contractor's personnel shall wear proper company identification when servicing the facilities(s).
- D. Personnel's Equipment - The Contractor shall supply and insure that each service technician assigned to these facilities maintains the necessary and required equipment for the safe use and application of pesticides as required by conditions.
- E. Replacements - The Contractor shall be responsible for the orientation of replacement personnel who are not familiar with the facilities to be serviced.

Bidder must have a minimum of five (5) years of experience in professional pest control services. A letter on bidder's company letterhead certifying that the bidder meets the above requirements should be submitted with the bid response. Failure to submit letter as specified may deem your bid non-responsive and further consideration for award may not be given.

Bidder is to provide three (3) references of commercial customers for whom the bidder has provided preventive maintenance services for pest control services similar to the services listed in the bid within the last three (3) years, including contact name and telephone number. Failure to submit references as specified may deem your bid non-responsive and further consideration for award may not be given.

A copy of the pest control work order form and supporting documentation that the Contractor proposes to use may be requested. Failure to supply a copy of the pest control work order form within seven (7) calendar days after notification may deem your bid non-responsive and further consideration for award may not be given.

**CONTRACTOR QUARTERLY SALES REPORT:** The Contractor must report the quarterly dollar value (in U.S. dollars and rounded to the nearest whole dollar) of the sales, to include both state agencies and political subdivisions, under this Contract by calendar quarter (e.g. January-March, April-June, July-September and October-December). The dollar value of the sale is the price paid by the Contract user for the products and/or services listed on the purchase order or other encumbering document, as recorded by the Contractor.

The Contractor will receive an email with a User ID and password and must report the quarterly dollar value of sales to the Department of Administrative Services (DAS) via the Internet using the web form at the Ohio DAS Contract Management Contractor Portal, <https://cm.ohio.gov/>. If no sales occur, the Contractor must show zero. The report must be submitted thirty (30) days following the completion of the reporting period. The Contractor is responsible for emailing the Analyst listed on page one of the contract with any company contact changes.

\*Indicates change in pagination.

### **SPECIAL CONTRACT TERMS AND CONDITIONS**

The Contractor shall also submit a close-out report within one hundred and twenty (120) days after the expiration of this Contract. The Contract expires upon the physical completion of the last outstanding task or delivery order of the Contract. The close-out report must cover all sales not shown in the final quarterly report and reconcile all errors and credits. If the Contractor reported all contract sales and reconciled all errors and credits on the final quarterly report, then the Contractor should show zero "0" sales in the close-out report.

The Contractor must forward the Quarterly Sales Report to the following address:

Department of Administrative Services  
GSD Business Office  
4200 Surface Road  
Columbus, OH 43228

If the Contractor fails to submit sales reports, falsifies reports or fails to submit sales reports in a timely manner, DAS may suspend, terminate or cancel this Contract.

**USAGE REPORTS:** Every six (6) months the Contractor must submit a report (written or on disk) indicating sales generated by this contract. The report shall list usage by customer, by line item, showing the quantities/dollars generated by this contract. The report shall be forwarded to the Office of State Purchasing, 4200 Surface Road, Columbus, OH 43228-1395, Attn: Peggy J. Canada.

\*Indicates change to pagination.

---

## SPECIFICATIONS

### I. GENERAL REQUIREMENTS

#### A. SERVICE REQUIREMENTS

1. The pest control Contractor will furnish necessary labor, equipment and material. The Contractor will provide the building with service for the extermination and prevention of pest infestation of all reported infestation plus scheduled services.
2. The scheduled service will include all offices, restrooms, eating areas, halls, service closets, panel closets, penthouse, crawl spaces, basement, sub-basement, vent stacks, food preparation (to include dining and serving areas), storage, dormitories, agricultural areas and any other areas that the facilities/institutions deems necessary in the specifications including outside perimeter of buildings.

The Contractor shall perform routine pest control services that do not adversely affect building occupant health or productivity during the regular hours of operation in the buildings. When it is necessary to perform work outside of the regularly scheduled hours set forth in the following specifications of the facilities/institutions listed herein, the Contractor shall notify the Facility Manager/Building Superintendent or his/her designee at least one day in advance.

3. Pest control services shall be a process for achieving long-term, environmentally sound pest suppression through the use of a variety of technological and management practices. Strategies in a pest control service program is to include monitoring and physical, cultural, biological, and procedural modifications that reduce the food, water, harborage, and access used by pests. Chemical controls are used only as a last resort considering nontoxic options, and with the approval of the Facility Manager/Building Superintendent.
4. All services are to be done during normal business hours, unless otherwise specified. It is to be the Contractor's responsibility to determine the amount of man hours necessary to cover the site. The method used must be effective for no less than thirty (30) days after each application. The Contractor must contact the Facility Manager/Building Superintendent or his/her designee for any service and give a report on areas covered upon completion of services.
5. Contractors will adhere to all facility/institution security requirements.
6. To meet security requirements when appropriate, the Contractor is to furnish a list of service personnel that are to have access to the building and the name and license number of the certified pesticide applicator under whom any non-certified applicators will be working.
7. All Contractor personnel working in or around buildings designated under this contract shall wear distinctive clothing. The Contractor shall determine the need for and provide any personal protective items required for the safe performance of work. Protective clothing, equipment, and devices shall comply with FIRE (Federal Insecticide, Fungicide, and Rodenticide Act) and the specific pesticide labels.

#### B. VERMIN CONTROL

The successful Contractor will furnish necessary labor, equipment, and materials for extermination, control, and prevention of all pests including, but not limited to bedbugs, rats, mice, roaches of all varieties, flies, bees of all varieties, yellow jackets, water bugs, fleas, lice, silverfish, spiders, ants and clover mites.

The following pests are excluded from this contract: birds, bats and other vertebrates other than commensal rodent; termites and other wood-destroying organisms; mosquitoes; pests located outside buildings that primarily feed on outdoor vegetation.

Work Report - The Contractor's technician must submit to the building's designated representative signed copies of work orders indicating check-in and check-out time, the area serviced, method used, the pesticide used, and the rate/concentration or amount of material applied. These orders will become the basis for the proof of services rendered in order to qualify the Contractor for payment. The Contractor is required to specify specific days that work will be performed weekly. On reporting to the facility/institution the Contractor will check-in on arrival. The Contractor will then report to the general storeroom to pick up the pest control log which will be the instrument which will become the basis for payment. The Contractor must report to the office specified for each building entered and be escorted throughout. Each escort will sign the log on completion. The log is returned to the general storeroom at the end of the day. Upon completion of the work, the Contractor will check-out.

\*Indicates change to pagination.

## SPECIFICATIONS

The Contractor shall provide detailed, site-specific recommendation for any structural and procedural modifications needed for pest prevention. No partial treatments of buildings will be accepted unless the Licensed Pesticide Applicator can provide reasonable evidence to the Facility Manager/Building Superintendent or his/her designee that the infestation is localized within a specific area and will not spread beyond the zone of treatment.

Emergency Service – The Contractor will provide emergency service to treat infested areas, upon request, within four (4) hours of notification. This Contractor's emergency service number shall give the facility (DAS Buildings) access to the Contractor on a four (4) hour basis. For institutions/buildings other than DAS buildings, emergency service notification shall be on a twenty-four (24) hour basis. There will be no charge for emergency service.

Contractor's emergency service telephone number: AAA General Pest Services, Inc. - (614) (614) 619-6044, Environmental Plus Pest Control - (614) 263-0202.

Initial Building Inspections - The Contractor and Facility Manager/Building Superintendent or his/her designee shall conduct a thorough, initial inspection during the first month of this contract. The purpose of the initial inspection is for the Contractor to evaluate the pest control needs of the property and discuss these with the Facility Manager/Building Superintendent or his/her designee. Access to the building shall be coordinated with the Facility Manager/Building Superintendent or his/her designee. The inspection shall address:

1. Identification of problem area in and around the buildings.
2. Identification of structural features or sanitation problems contributing to pest infestations.
3. Discussion of the effectiveness of previous control efforts.
4. Facilitation of Contractor access to all necessary areas.

Information about restrictions, special safety precautions, or other constraints of which the Contractor should be aware.

Inspections and Recommendations - The Contractor will perform inspections and make recommendations to the Facility Manager/Building Superintendent or his/her designees on a monthly basis concerning repairs to the building that may be necessary in order to seal off entrance points of pests or rodents, and also for the removal of harborages and food supplies. Indication or evidence of termites or other wood destroying organisms should be reported immediately.

The Contractor will also submit a name of a company or a written recommendation to the Facility Manager/Building Superintendent or his/her designees and one to the Office of Building Maintenance and Security (when applicable) .

The Contractor shall describe physical, structural, operational, biological, and least hazardous chemical responses to pest populations that exceed the established thresholds or other measures aimed at preventing pest infestations. The Contractor shall use non-chemical methods wherever possible.

The Contractor shall minimize the use of pesticides whenever possible. These applications shall be restricted to unique situations where no alternative measures are available or practical and non-chemical options have been exhausted. The pesticides used by the Contractor must be registered with U.S. Environmental Protection Agency (EPA) and used in strict accordance with the manufacturer's label instructions and all applicable federal, state, and local laws and regulations.

The Contractor shall not use any pesticide until after inspections or monitoring indicate the presence of pests that exceed action thresholds and non-chemical control methods or action have not reduced the pest population to below the action threshold. The Contractor shall provide a written report explaining the identity of the target pest, the need for such treatment, the time and specific place of treatment, the pesticide to be used, the method of application, what precautions should be taken to ensure tenant and employees safety, and the steps taken to ensure the containment of the pesticide to the site of application. The Contractor shall employ the least-hazardous material, most precise application technique, and minimum quantity of pesticide necessary to achieve control.

Pesticides - Pesticide applications shall be by need and not by schedule. The Contractor must obtain written permission from the Facility Manager/Building Superintendent or his/her designee to use pesticides that require notification of staff under state law.

All pesticides must be approved for use in food processing facilities and animal housing facilities by the Ohio Department of Agriculture, the U.S. Department of Agriculture, the Food and Drug Administration, the United States and Ohio Environmental Protection Agencies, and all other appropriate Federal, State, County or Local Agencies that have jurisdiction.

## SPECIFICATIONS

Pesticides must be administered by qualified technicians. The Contractor will comply with all rules and regulation set forth in The Federal Insecticide, Fungicide, Rodenticide Act, as currently amended; known as FIRE, and all articles of the Ohio Pesticide Law as currently amended.

The successful bidder will provide a list of all chemicals with EPA warnings and antidotes to be used to the building's designated representative.

The Contractor(s) will submit to the agency/institution, Facility Manager/Building Superintendent or his/her designee, a Material Safety Data Sheet (MSDS) prior to any product(s) being used at the agency/institution. The Contractor shall provide current labels for all pesticides to be used as well as brand names of pesticide application equipment, rodent bait boxes, pest monitoring devices, pest surveillance and detection equipment, and any other pest control devices or equipment that may be used to provide services.

The Contractor will contact the business office or the safety office at the facility/institution for further directions.

The chemical compounds used to kill the pests will provide residual control for as long as can be reasonably expected, while still complying with the rotational requirement to avoid resistant populations of pests.

The Contractor will collect and dispose of all dead rats and mice, and the work will be performed in such a manner that interference with the building operation is minimal. The Contractor must leave the areas neat and clean.

### C. INSECT CONTROL

Sticky traps shall be used to guide and evaluate indoor insect populations and control efforts as appropriate. The Contractor shall use non-chemical methods of control whenever possible for example:

1. Portable vacuums rather than pesticide sprays shall be used for initial cleanouts of cockroach infestations, for swarming (winged) ants and for control of spiders in webs wherever appropriate.
2. Exclusion and trapping devices rather than pesticide sprays shall be used for control of flying insects indoors wherever appropriate.
3. Bait formulations shall be used for cockroach and any control wherever appropriate. Bait shall be placed in areas inaccessible to employees and other building occupants.
4. The location of all monitoring devices, bait stations and other control devices shall be recorded in the pest control services log book.

### D. RODENT CONTROL

Outdoor Trapping - Rodenticide applications outside the building shall emphasize the direct treatment of rodent burrows whenever feasible. When rodent burrows cannot be located, exterior rodent control shall be accomplished with secured EPA-registered tamper-resistant bait boxes. Each bait box shall be labeled with the Contractor's business name and address. Each bait box must be anchored and have date and initial stickers placed on the inside of each lid. Each sticker must be dated and initialed each month by the Contractor's Service Technician. Bait is to be secured within the bait station and should be changed at least every 90 days to ensure effectiveness. Tracking powder, mechanical traps, and glue boards may be needed for additional rodent control. The Contractor at no additional charge shall provide these products. The Contractor shall maintain a minimum inventory of (1) one case of glue boards for agency use on an as needed basis or as otherwise requested within the specifications per facilities listed herein.

\*Indicates change to pagination.

## SPECIFICATIONS

Indoor Trapping - Rodent control inside occupied buildings shall be accomplished with trapping devices only. All such devices shall be accomplished with trapping devices only. All such devices shall be concealed out of the general view and in area inaccessible to employees and other building occupants and in protected areas not affected by routine cleaning and other operations. The Contractor must check trapping devices regularly. Each trapping device must have a date and initial sticker on the inside of each lid. The stickers must be dated and initialed each month by the Contractor's Service Technician. The Contractor shall dispose of rodents killed or trapped found upon inspection during the Contractor's regularly scheduled service date. Trap-checking and rodent removal will be the responsibility of personnel outside of the Contractor's regularly scheduled service date. In some cases EPA-registered tamper-resistant bait boxes may be used indoors, but only upon approval from the Facility Manager/Building Superintendent or his/her designee.

## E. SAFETY OBLIGATIONS

The Contractor will not use anything in the chemical formulation that will be injurious to human beings and animals, that will endanger health or life, damage electric wiring or any property, or equipment with which the formulation may come in contact. No deadly poisons; e.g. 1080, arsenic, bad odor types etc., are to be used by the Contractor except under controlled conditions and with prior written approval from the Facility Manager/Building Superintendent or his/her designee. Pesticides must be applied by qualified operators licensed under the Ohio Pesticide Use and Application Law by the Ohio Department of Agriculture, Division of Plant Industry and Division of Animal Industry.

The Contractor must use chemicals compatible with humans safety and be applied in such a manner to minimize risks to humans and pets.

The Contractor will provide photocopies of the business' Pest Control License and Pesticide Applicator Certificates as well as the Pesticide Applicator's Licenses and Identification Badges for every Contractor employee who will be performing on-site services under this contract.

The Contractor's shall be responsible for documenting each visit to the site and all services provided. This file shall include: An copy of the Contractor's approved Pest Control Services Plan, including labels and MSDS for all pesticides used in the buildings, brand names of all pest control devices and the Contractor's service schedule for the building. Also to be included in the file are pest monitoring data sheets, which record the number and specific location of pests as revealed by the Contractor's monitoring program or sightings by building occupants.

The Contractor shall provide copies of a Contractor's Service Report Form at each service, documenting all information on the pesticide applications, including the check-in and check-out times, areas serviced, products used, and the rate /concentration or amount of materials used.

Law and Ordinance Notification - The bidder is responsible for the knowledge and compliance to all pertinent requirements for pest control contained in any and all federal, state, and local regulations.

Personnel - All applications must be made by technicians trained, licensed and certified to make such applications.

**CAMBRIDGE DEVELOPMENTAL CENTER (CaDC)  
AND  
SOUTHEAST DIVERSIFIED INDUSTRIES, INC. (SEDI)**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to the Cambridge Developmental Center and Southeast Diversified Industries, Inc.

These specifications cover pest control services for Cambridge Developmental Center and Southeast Diversified Industries, Inc. including both building interior and perimeters.

I. TYPES OF VERMIN TO BE CONTROLLED

Inspection and control measures shall be provided for but not limited to rats, mice, cockroaches, ants, spiders, bees, hornets, wasps, flies, fleas and gnats, etc.

II. LOCATION & FREQUENCY OF SERVICE

Pest control service contractor shall furnish necessary labor, equipment and material for exterminating and control of pests in and around the perimeter of the buildings as listed herein:

Lankenau Cottage	Rudolph Cottage	Moore Cottage
Brown Cottage	Steele Cottage	Chapel
Dietary Bldg.	Heat Plant	Maintenance Bldg. (202)
Main 500 Row Hallway	Bldg's 506 thru 509	Bldg's 514 thru 516
Administration Bldg. (703)	<b>SEDI Bldg. (Not located on Center campus, see address above)</b>	

III. LOCATION & FREQUENCY OF SERVICE (Cont'd)

Service is to be performed on a bi-monthly basis. This service will include treatment of exterior and interior of all buildings at least once per month. Service shall be performed, whenever possible, during normal business hours (7:00 am to 3:30 pm, Monday through Friday). Special servicing requirements may be met through evening, weekend and/or night-time, upon arrangements with the above stated or delegated authority.

All buildings shall be completely serviced once a month.

---

**\*CIRCLEVILLE JUVENILE CORRECTIONAL FACILITY**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to Circleville Juvenile Correctional Facility.

I. SCOPE OF SERVICE

Pest Control – To include, but not limited to roaches, rats, raccoon, cats, ground hogs, bats, mice, wasps, bees, yellow jackets, flies, ants, lady bugs, water bugs, spiders and or other crawling or flying insects and other rodents.

II. REQUIREMENTS

Service will be scheduled to cause as little conflict as possible with Circleville Juvenile Correctional Facility. The regular working day is Monday through Friday 7:00 a.m. – 3:00 p.m. The maintenance superintendent will provide a service schedule to the awarded Contractor.

III. CONTRACTOR RESPONSIBILITIES

Areas to be serviced and frequency.

\*Indicates addition of Cambridge Developmental Center and Southeast Diversified Industries, Inc. and change to pagination.

**CIRCLEVILLE JUVENILE CORRECTIONAL FACILITY (Cont'd.)**

Areas to be serviced twice a month:

Service will include all offices, restrooms, food service halls, and services areas, closet, living room, dining rooms and bedrooms.

1. Food Service
2. Education Room
3. Maintenance
4. Storeroom
5. House 1
6. House 2
7. House 3
8. Administration including medical
9. Pond mosquito control

Provide glue traps, rat, mice bait traps and bait, remove dead rodents in traps and re-stock.

II. **REQUIREMENTS**

Service will be scheduled to cause as little conflict as possible with Circleville Juvenile Correctional Facility. The regular working day is Monday through Friday 7:00 a.m. – 3:00 p.m. The maintenance superintendent will provide a service schedule to the awarded Contractor.

III. **CONTRACTOR RESPONSIBILITIES**

Areas to be serviced twice a month:

Service will include all offices, restrooms, food service halls, and services areas, closet, living room, dining rooms and bedrooms.

1. Food Service
2. Education Room
3. Maintenance
4. Storeroom
5. House 1
6. House 2
7. House 3
8. Administration including medical
9. Pond mosquito control

Provide glue traps, rat, mice bait traps and bait, remove dead rodents in traps and re-stock.

---

**FREEDOM RESIDENTIAL TREATMENT CENTER**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to Freedom Center Residential Treatment Center.

I. **SCOPE OF SERVICE**

Pest Control – control of common species of pests including but not limited to roaches, rats, mice bats, wasps, bees, yellow jackets, fleas, lice, bedbugs, ants, flies, drain flies, raccoons and other rodents and insects. The is also to include any cats or skunks that may find their way onto the facilities grounds. Bait or spray will be used in all other areas.

1. Vertebrate Animal Control – The control of vertebrate animals to include but not limited to raccoons, skunks, possums, cats, etc. Vertebrate animals deemed a nuisance or appear to be sick or injured as requested.
2. The Contractor will supply all traps required to capture and remove from the compound all vertebrate animals deemed to be a nuisance.

\*Indicates change to pagination.

**FREEDOM CENTER RESIDENTIAL TREATMENT CENTER (Cont'd)**

**II. CONTRACTOR RESPONSIBILITIES**

The Contractor must schedule the work to be performed to conform to food service preparation schedules, which may require night/weekend work. \*Some services will be required after 4:00 p.m. Monday through Friday as needed.

Contractor shall provide semi-annual seasonal exterior power spray in October and May of each contract year. Such treatment shall cover the exterior of the buildings, two feet up from the ground and five feet out from the foundation.

The Contractor shall use bait/spray to attract and destroy and remove insect pests outside of all building. This will help reduce the need for continued spraying inside office and housing areas.

The contractor upon request will provide the institution's contact person with a sample of any pesticide being used inside the facility.

Spray or bait will be used to control the infestation of cockroaches in the food service area as requested by the Health & Safety Coordinator. Food Service Areas to be fogged as requested.

The Contractor will provide at no extra cost, when needed tracking powder, mechanical traps, glue boards, fly strips, room loggers. Upon request, the Contractor will leave a supply of glue boards, ant traps, fly strips, to be used between service calls at no extra charge.

Areas to be serviced once a month or until problem is solved:

Freedom Center 12,000 sf.

1. Restrooms (6)
2. Classroom (1)
3. Recreation Room (1)
4. Dayroom (1)
5. Dining Area (1)
6. Kitchenette (1)
7. Youth Training Room w/ Kitchenette (1)
8. Conference Room w/ Refrigerator & Sink (1)
9. Clinic (1)
10. Bedrooms (14)
11. Storage Areas (11)
12. Offices (13)
13. Mechanical Rooms (3)
14. Laundry Room (1)
15. Hair Styling Salon Room (1)
16. Lounging Area (1)
17. Treatment Room (1)
18. Mail Room (1)
19. Lobby (1)
20. Maintenance Room (1)

---

**\*GALLIPOLIS DEVELOPMENTAL CENTER**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to Gallipolis Developmental Center.

**I. SCOPE**

Pest Control - To include, but not limited to, roaches, rats, mice, bats, wasps, millipedes, bees, yellow jackets, flies, fleas, lice, bedbugs, ants, water bugs, and other crawling and/or flying insects, and other rodents.

\*Indicates addition of Gallipolis Developmental Center and change to pagination.

**\*GALLIPOLIS DEVELOPMENTAL CENTER (Cont'd)**

**II. CONTRACTOR RESPONSIBILITIES**

**A. Areas and service frequency**

**1. Non-Critical Areas (Serviced Monthly)**

The Contractor and/or his designated serviceman shall service all buildings located throughout the Gallipolis Developmental Center. Additional site for treatment off grounds workshop address: Riverview Productions, 630 Jackson Pike Gallipolis, OH. This service shall include all the offices, restrooms, eating areas, halls, service closets, panel closets, crawl spaces, basement, sub-basement, staff lounges, passageways, maintenance rooms or work areas, janitor closets, mechanical equipment rooms, restrooms, and showers, vent stacks, and any other areas that the institution deems necessary in the requirements.

**2. Critical Areas (Serviced Weekly)**

- a. For rodent (rats and mice) in critical food handling areas. Whenever evidence of rat or mouse infestation is observed, bait stations, mechanical traps, sticky traps or snap traps, shall be placed in strategic areas of the premise infested. Bait stations will be tamper resistant and shall be enclosed or anchored. A sufficient supply of fresh attractive and acceptable anti-coagulant bait shall be introduced into each station to control rats or mice that may migrate into the area.
- b. If a building is exterminated and continues to support evidence of the active existence of any pests or rodents within seven (7) days after treatment, the Contractor shall be notified and required to immediately exterminate the problem at no additional cost to the Gallipolis Developmental Center.
- c. Frequency of service subject to change by the Gallipolis Developmental Center.

**B. Areas to be Serviced Minimum of once a Month (Non-Critical Areas):**

1. Offices
2. Passage Ways
3. Activity Center
4. Janitors' Closets
5. Equipment Rooms
6. Baths/Showers
7. Repair Rooms
8. Housekeeping Areas
9. Storage Rooms
10. Living areas 6038, 6039, 6040, 6041, 6042, 6043
11. Living areas 6044, 6045, 6046, 6047, 6048, 6050
12. Administration Building
13. Maintenance Building
14. Laundry
15. Power House
16. Power house and old boiler house
17. Production Center (7, 435 sq. ft.)
18. Annex (2,300 sq. ft.)
19. Two (2) Greenhouses

**C. Areas to be Serviced Weekly (Critical Areas):**

**MASTER KITCHEN**

1. Receiving Area - Administration
2. Food Storage Area
3. Food Preparation Area
4. Food Assembly Area
5. Dishwashing Area
6. Disposal Area
7. Utility Area
8. Food Delivery System

**\*GALLIPOLIS DEVELOPMENTAL CENTER (Cont'd)**

D. Tunnels:

The Contractor shall service all tunnels on-grounds and all tunnels that connect buildings together twice per year. Contractor shall spend a minimum of two (2) hours on premises, for such services per visit.

III. REQUIREMENTS

Service Requirements

- A. A service schedule will be provided by the institution, arrangements for specifics servicing requirements must be coordinated with the Maintenance Superintendent.
- B. At the request of the Operations Director or delegated authority, Contractor shall furnish, without charge, competent assistance in connection with special control problems as a consultant.
- C. IMPORTANT: The Contractor shall furnish a written report stating: check in and check out time; areas treated and problem associated, e.g. roaches, rats, etc.; comments, if any.
- D. The Contractor shall be responsible to act promptly on any complaint and/or special service calls for any building not listed herein.

IV. SPECIAL REQUIREMENTS

Vermin Control

Control and clean-up measures shall be provided for pigeons, starlings, raccoons, skunks and ground hogs.

V. SERVICES

- A. Initial service shall be performed after the inception of contract once a month and/or on an as needed basis thereafter.
- B. The Contractor shall provide all necessary labor, equipment, and pesticides to destroy and/or control pigeons, starlings, raccoons, skunks and ground hogs.
- C. The Contractor shall collect and dispose of all dead vermin, and the work shall be performed in such a manner that interference with the normal routine is minimum. The area shall be left neat and clean.
- D. Operations Director or delegated authority at the Gallipolis Developmental Center will provide a service schedule.

-

---

**\*MANSFIELD CORRECTIONAL INSTITUTION & CAMP**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to the Mansfield Correctional Institution.

A. SCOPE OF SERVICE

Pest Control - control of common species of pests including but not be limited to roaches, rats, mice, bats, bees, ants, flies, inside and outside of the institution. Specific bait to be included for clothes moth, spiders, yellow jackets and wasps.

**\*MANSFIELD CORRECTIONAL INSTITUTION & CAMP (Cont'd.)**

**B. CONTRACTOR RESPONSIBILITIES**

Furnish materials and labor for pest control services at the Mansfield Correctional Institution & Camp conducted at pre-arranged time in accordance with the following locations:

1. Areas to be serviced a minimum of twice a month or as needed:
  - a) Food Service - Mansfield Correctional Institution and Mansfield Correctional Camp
  - b) Commissary - Mansfield Correctional Institution
  - c) Visiting Areas - Mansfield Correctional Institution and Mansfield Correctional Camp
  
2. Areas to be serviced and/or inspected as needed:
  - a) Housing Units - 1, 2, 3, 4 & 5
  - b) Special Management Unit
  - c) Mansfield Correctional Camp Housing/Offices
  - d) Administration Building
  - e) Entrance Building
  - f) Garage
  - g) Range House
  - h) Recreation
  - i) Education Building
  - j) Clinic
  - k) Receiving & Discharge
  - l) Maintenance
  - m) Laundry
  - n) Quartermaster
  - o) OPI
  - p) Operations/Captain's Office
  - q) Upper & Lower Vocational Building

---

**MOUNT VERNON DEVELOPMENTAL CENTER**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to Mount Vernon Developmental Center.

**I. SCOPE**

Pest Control - To include, but not limited to, roaches, rats, mice, bats, wasps, millipedes, bees, yellow jackets, flies, fleas, lice, bedbugs, ants, water bugs, and other crawling and/or flying insects, and other rodents.

**II. CONTRACTOR RESPONSIBILITIES**

**A. Areas and service frequency**

**3. Non-Critical Areas (Serviced Monthly)**

The contractor and/or his designated serviceman shall service all buildings located throughout the Mount Vernon Developmental Center. This service shall include all the offices, restrooms, eating areas, halls, service

closets, panel closets, crawl spaces, basement, sub-basement, vent stacks, and any other areas that the institution deems necessary in the requirements. Staff lounges, passageways, maintenance rooms or work areas, janitor closets, mechanical equipment rooms, restrooms, and showers.

\*Indicates addition Mansfield Correctional Institution & Camp and change to pagination.

Index No. LDC104

**MOUNT VERNON DEVELOPMENTAL CENTER (Cont.)**

4. Critical Areas (Serviced Weekly)

- a. For rodent (rats and mice) in critical food handling areas. Whenever evidence of rat or mouse infestation is observed, bait stations, mechanical traps, sticky traps or snap traps, shall be placed in strategic areas of the premise infested. Bait stations will be tamper resistant and shall be enclosed or anchored. A sufficient supply of fresh attractive and acceptable anti-coagulant bait shall be introduced into each station to control rats or mice that may migrate into the area.
- b. If a building is exterminated and continues to support evidence of the active existence of any pests or rodents within seven (7) days after treatment, the contractor shall be notified and required to immediately exterminate the problem at no additional cost to the Mount Vernon Developmental Center.
- c. Frequency of service subject to change by the Mount Vernon Developmental Center.

B. Areas to be Serviced Minimum of once a Month (Non-Critical Areas):

1. Offices
2. Passage Ways
3. Work Shops
4. Janitors' Closets
5. Equipment Rooms
6. Baths/Showers
7. Repair Rooms
8. Housekeeping Areas
9. Storage Rooms
10. Jones Cottage (Int./Ext.)
11. Jefferson Cottage (Int./Ext.)
12. Lincoln Cottage (Int./Ext.)
13. Washington Cottage (Int./Ext.)
14. Snyder Cottage (Int./Ext.)
15. Senior Center/Greenhouse
16. Administration Building/Attic
17. Maintenance Building
18. Physical Health & Education
19. Laundry
20. Power House
21. Willow Works

C. Areas to be Serviced Weekly (Critical Areas):

MASTER KITCHEN

1. Receiving Area
2. Food Storage Area
3. Food Preparation Area
4. Food Assembly Area
5. Dishwashing Area
6. Disposal Area
7. Utility Area
8. Food Delivery System

The Contractor shall service all the basements and all tunnels on-grounds and all tunnels that connect buildings together. The awarded Contractor is to provide chemical treatment beginning in May to prevent millipede infestation in

Jones, Cottage and Snyder Cottage. The Contractor shall provide preventive maintenance for our ½ acre duck pond (treatment for algae growth to keep down the mosquito population. Contractor shall spend a minimum of two (2) hours on premises, for such services per visit.

\*Indicates change to pagination.

Index No. LDC104  
\*Page 19

### **MOUNT VERNON DEVELOPMENTAL CENTER (Cont.)**

#### III. REQUIREMENTS

##### Service Requirements

- A. A service schedule will be provided by the institution, arrangements for specifics servicing requirements must be coordinated with the Business Administration Office.
- B. At the request of the Deputy Warden Operations or delegated authority, contractor shall furnish, without charge, competent assistance in connection with special control problems as a consultant.
- C. **IMPORTANT:** The contractor shall furnish a written report stating: check in and checkout time; areas treated and problem associated, e.g. roaches. Rats, etc.; comments, if any.
- D. The contractor shall be responsible to act promptly on any complaint and/or special service calls for any building not listed herein.

#### IV. SPECIAL REQUIREMENTS

##### Vermin Control

Control and clean-up measures shall be provided for pigeons, starlings, raccoons and ground hogs.

#### V. SERVICES

- A. Initial service shall be performed after the inception of contract once a month and/or on an as needed basis thereafter.
- B. The contractor shall provide all necessary labor, equipment, and pesticides to destroy and/or control pigeons, starlings, raccoons and ground hogs.
- C. The contractor shall collect and dispose of all dead vermin, and the work shall be performed in such a manner that interference with the normal routine is minimal. The area shall be left neat and clean.
- D. Deputy Warden Operations or delegated authority at Mount Vernon Developmental Center will provide a service schedule.

---

### **\*NORTHWEST OHIO DEVELOPMENTAL CENTER**

In addition to the requirements listed in Section I General Requirements (Pages 8 thru 11) the following shall apply to Northwest Ohio Developmental Center.

#### I. SCOPE OF SERVICES

Pest Control - to include but not be limited to all crawling insects, bees, wasps, and rodents.

#### II. CONTRACTOR RESPONSIBILITIES

- A. Contractor must furnish necessary labor, equipment, and materials for extermination, control and prevention of all pests, including but not limited to, rats, mice, roaches of all varieties, flies, mosquitoes, bees, yellow jackets, waterbugs, fleas, lice, silverfish, spiders, and ants. Populations of pest located outside of the specified buildings, but within the property boundaries of the buildings, are included.
- B. Populations of the following pests are excluded from this contract, including but not limited to the following, unless such pests become incidental invaders inside the specified buildings or are identified as winged termite swarmers emerging indoors.

\*Indicates addition of Northwest Ohio Developmental Center and change to pagination.

Index No. LDC104  
\*Page 20

**\*NORTHWEST OHIO DEVELOPMENTAL CENTER (Cont'd)**

- 1. Birds, bats, snakes and all other vertebrates other than commensal rodents.
  - 2. Termites and other wood-destroying organisms.
  - 3. Mosquitoes
  - 4. Pests that primarily feed on outdoor vegetation.
- C. Contractor is to conduct a thorough initial inspection of each building or site within ten (10) working days after the effective date of this contract. The purpose of the initial inspection is for the Contractor to identify problem areas and any equipment, structural features, or management practices that are contributing to pest infestations. Access to buildings will be coordinated with the maintenance superintendent.
- D. Contractor will provide pest control service to and within the following buildings/areas:
- 1. Nine (9) residential cottages (602, 603, 604, 605, 606, 607, 608 and 609)
  - 2. Four (4) support buildings (610, 612, 613, and 614)
  - 3. Powerhouse building on an as needed basis.
  - 4. Maintenance building on an as needed basis.
- E. The Contractor is to inspect and treat as required and apply materials labeled safe for residential and food service areas, a minimum of once per month, to the following interior areas:
- 1. All wall and floor junctions
  - 2. All restrooms
  - 3. All plumbing panels/pipe chases
  - 4. Under all equipment in the Food Service Department
  - 5. All other known harborage sites.
- Interior rodent control will also include the use of glue traps, as necessary, at no additional charge to the center.
- F. The Contractor is to power spray twice yearly (Spring and Fall) the exterior of all buildings. Tracking powder, technical traps, stick boards, etc., may be needed for rodent control. These products will be provided by the Contractor in addition to the regular service at no extra charge.
- G. A regular application schedule will be developed jointly by the center and the Contractor. Once established, a minimum of five (5) days advance notice will be required if the Contractor must deviate from the schedule for any reason.
- H. Insect Control
- 1. Contractor must use non-pesticide methods of control whenever and wherever possible, i.e., portable vacuums rather than pesticide sprays shall be used for initial cleanouts of cockroach infestations, for swarming (winged) ants and for control of spiders in webs wherever appropriate.
  - 2. When it is determined that a pesticide must be used in order to obtain adequate control, the Contractor is to employ the least hazardous material, most precise application technique, and minimum quantity of pesticide necessary to achieve control.
  - 3. The Contractor must minimize the use of liquid pesticide applications wherever possible, i.e.,

- a. Containerized and other types of bait formulations rather than sprays must be used for cockroach and ant control wherever appropriate; the center will consider bait formulations to be the standard for typical office space.
- b. As a general rule, liquid, aerosol, or dust formulations must be applied only as crack and crevice treatments with application devices specifically designed or modified for this purpose, "crack and crevice treatment" is defined in this contract as an application in which the stream of pesticide is never visible.
- c. Application of pesticide liquid, aerosol, or dust to exposed surfaces and pesticide space sprays (including fogs, mists, and ultra-low volume applications) will be restricted to unique situations where no alternative measures are practical.

\*Indicates addition of Northwest Ohio Developmental Center and change to pagination.

Index No. LDC104  
\*Page 21

**\*NORTHWEST OHIO DEVELOPMENTAL CENTER (Cont'd)**

4. The Contractor must obtain the approval of the center's maintenance superintendent prior to any application of pesticide liquid, aerosol, or dust to exposed surfaces, or any space spray treatment. The Contractor shall take all necessary precautions to ensure client and employee safety, and all necessary steps to ensure the containment of the pesticide to the site application. Other than crack and crevice treatments, no liquid, aerosol, or dust applications will be made while clients are present.

**I. Rodent Control**

1. As a general rule, rodent control inside occupied buildings must be accomplished with trapping devices only. All such devices must be concealed out of the general view and in protected areas so as not to be affected by routine cleaning and other operations. Trapping devices must be checked on a schedule approved by the center's maintenance superintendent. Trapping will not be performed during periods when maintenance will be delayed by holidays, weekends, etc. The Contractor will be responsible for disposing of all trapped rodents and all rodent carcasses in an appropriate manner.
2. In exceptional circumstances, when rodenticides are deemed essential for adequate rodent control inside occupied buildings, the Contractor must obtain the approval of the maintenance superintendent prior to making any interior rodenticide treatment.
  - a. All rodenticides, regardless of packaging, shall be placed either in locations not accessible to clients, pets wildlife, and domestic animals, or in EPA-registered tamper-resistant bait boxes.
  - b. Frequency of bait box servicing shall depend upon the level of rodent infestation. All bait boxes shall be maintained in accordance with EPA regulations, with an emphasis on the safety of non-target organisms. The Contractor shall adhere to the following five (5) points:
    - 1) All bait boxes must be placed out of the general view, in locations where they will not be disturbed during routine operations.
    - 2) The lids of all bait boxes must be securely locked or fastened shut.
    - 3) All bait boxes must be securely attached or anchored to the floor, ground, wall, or other surface, so that the box cannot be picked up or moved.
    - 4) Bait must always be placed in the baffle-protected feeding chamber of the box and never in the runway of the box.
    - 5) All bait boxes must be labeled with the Contractor's business name and address, and dated at the time of installation and each servicing.
  - c. As a general rule, rodenticide application outside buildings must emphasize the direct treatment of rodent burrows whenever feasible. The Contractor will be responsible for notifying the center's maintenance superintendent of the location of all rodent burrows on the premises that must be filled.

**\*OHIO STATE PENITENTIARY**

In addition to the requirements listed in Section I Requirements (Pages 8 through 11) the following will apply to Ohio State Penitentiary.

**I. SCOPE OF SERVICE**

Pest control services will be required to include but not limited to rats, mice, roaches (all varieties), fleas, bedbugs and ants inside and outside the facility.

\*Indicates addition of Northwest Ohio Developmental Center and Ohio State Penitentiary and change to pagination.

Index No. LDC104

\*Page 22

**\*OHIO STATE PENITENTIARY (Cont'd)**

**II. CONTRACTOR RESPONSIBILITIES:**

The Contractor and/or his designated serviceman will service all areas that the institution deems necessary.

Note: The Contractor is to provide a minimum amount of time to service all areas, time in other individual areas may vary.

Area and Service Frequency. All buildings shall be serviced at prearranged times.

**A. Areas to be serviced once a month (including O.S.P. Correctional Camp):**

- |                                      |                            |
|--------------------------------------|----------------------------|
| 1. All Housing Units                 | 11. Education              |
| 2. All Support Offices               | 12. Maintenance Area       |
| 3. Entry Lobby                       | 13. Warehouse              |
| 4. Mailroom                          | 14. Loading Docks          |
| 5. Armory Areas - As needed          | 15. Garage                 |
| 6. Lock Shop                         | 16. Quartermaster          |

**B. Areas to be serviced once a month (including O.S.P. Correctional Camp):**

1. Medical/Infirmary
2. Food Service Areas
3. Vending Areas/Visit Room
4. Segregation Area
5. Receiving Area
6. Commissary

**C.** Every effort must be made to schedule food service areas after 5:00 p.m. If unable to schedule at that time, food service areas will be serviced between 7:30 a.m. - 3:30 p.m.

**D.** The Ohio State Penitentiary Correctional Camp is a minimum-security facility. It is capable of housing 186 inmates and is an open dorm type setting.

**E.** The Contractor must have the capability of providing the following services listed below covered on their license from the Department of Agriculture.

1. Fogging for mosquitoes may be necessary for outside the gate and wooded areas. Services for fogging will be provided on an "as requested" basis and billed separately.
  2. Special services will be provided on an "as requested" basis and billed separately. This includes Rodent/Small Animals, Department of Natural Resources Small Animal traps, and Bee service.
-

## SCIOTO JUVENILE CORRECTIONAL FACILITY

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to Scioto Juvenile Correctional Facility

### I. SCOPE OF SERVICE

Pest Control – control of common species of pests including but not limited to roaches, rats, mice bats, wasps, bees, yellow jackets, fleas, lice, bedbugs, ants, flies, raccoons and other rodents and insects. The is also to include any cats or skunks that may find their way onto the facilities grounds. Bait or spray will be used in all other areas.

\*Indicates addition of Ohio State Penitentiary and change to pagination.

Index No. LDC104  
\*Page 23

## SCIOTO JUVENILE CORRECTIONAL FACILITY

1. Vertebrate Animal Control - The control of vertebrate animals to include but not limited to raccoons, skunks, possums, cats, etc. Vertebrate animals deemed a nuisance or appear to be sick or injured as requested.
2. The Contractor will supply all traps required to capture and remove from the compound all vertebrate animals deemed to be a nuisance.

### II. CONTRACTOR RESPONSIBILITIES

The Contractor must schedule the work to be performed to conform to food service preparation schedules, which may require night/weekend work.

Contractor shall provide semi-annual seasonal exterior power spray in October and May of each contract year. Such treatment shall cover the exterior of the buildings, two feet up from the ground and five feet out from the foundation.

The Contractor shall use bait/spray to attract and destroy and remove insect pests outside of all building. This will help reduce the need for continued spraying inside office and housing areas.

The contractor upon request will provide the institution's contact person with a sample of any pesticide being used inside the facility.

Spray or bait will be used to control the infestation of cockroaches in the food service area as requested by the Health & Safety Coordinator. Food Service Areas to be fogged as requested.

The Contractor will provide at no extra cost, when needed tracking powder, mechanical traps, glue boards, fly strips, room loggers. Upon request, the Contractor will leave a supply of glue boards, ant traps, fly strips, to be used between service calls at no extra charge. Some services will be required after 4:00 p.m. Monday through Friday as needed.

Areas to be serviced once a month or until problem is solved:

- A. Ten (10) cottages (units) each cottage has 6 offices, 1 dayroom, 25 bedrooms, 8 restrooms, 3 Mechanical/storage rooms.

1. Jefferson cottage / Carver cottage (2 units - 1 building) Total 18,000 sf.
2. Davey cottage / Buckeye cottage (2 units - 1 building) Total 18,000 sf.
3. Hunter cottage / Allman cottage (2 units - 1 building) Total 18,000 sf.
4. Boone cottage / Woodson cottage (2 units - 1 building) Total 18,000 sf.
5. Sycamore cottage / Cedar cottage (2 units - 1 building) Total 18,000 sf.

10 cottages (units) each cottage has 6 offices, 1 dayroom, 25 bedrooms, 8 restrooms, 3 mechanical/storage rooms.

B. Clinic / Central Medical Facility (CMF) (1 building) Total 21,000 sf.

1. Bedrooms (6)
2. Dental (1)
3. Restrooms (4)

**\*SOUTHERN OHIO VETERANS HOME – GEORGETOWN**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to the Southern Ohio Veterans Home – Georgetown (SOVH-G).

A. SCOPE OF SERVICE

The Southern Ohio Veterans Home-Georgetown is a Nursing Home facility for Ohio resident disabled veterans. Pest control services shall include, but are not limited to: rats, mice, roaches (all varieties), fleas, lice, bedbugs, bats, wasps, mosquitoes, yellow jackets, water bugs, flies, and ants found both inside and outside the facility.

B. CONTRACTOR RESPONSIBILITIES:

The Contractor and/or his designated serviceman shall service all state owned buildings located throughout the Southern Ohio Veterans Home-Georgetown and must comply with Health Insurance Privacy Protection Association (HIPA) rules and regulations.

\*Indicates addition of Southern Ohio Veterans Home – Georgetown and change to pagination.

Index No. LDC104  
\*Page 25

**\*SOUTHERN OHIO VETERANS HOME – GEORGETOWN (Cont'd)**

Whenever evidence of rat or mouse infestation is observed, bait stations, mechanical traps, sticky traps, or snap traps shall be placed in strategic areas of the premises infested. Bait stations shall be tamper resistant and shall be enclosed or anchored. A sufficient supply of fresh attractive and acceptable anti-coagulant bait shall be introduced into each station to control rats or mice that may migrate into the area. Also there shall be treatment of detention pools and drainage swells for mosquitoes.

If any area treated by the Contractor continues to show evidence of the existence of pests or rodents after seven (7) days, the Contractor, immediately upon notification by SOVH-G, shall retreat the area(s) in question at no additional cost to SOVH-G.

Frequency of service is subject to change by the Southern Ohio Veterans Home-Georgetown.

1. Areas to be serviced once every two weeks:

Unit B.

- a) Food Service Kitchen
- b) Dining Areas
- c) Food Storage Areas
- d) Grease Traps

2. Areas to be serviced once a month:

Unit A.

- a) Employee Break Areas
- b) Kitchenettes
- c) Dining Areas
- d) Residents Rooms (88 rooms with 88 resident toilet rooms)
- e) Residents Lounges (4)
- f) Rest Rooms (18)
- g) All Storage and Mechanical Areas
- h) Exam Rooms (5)
- i) Central Bath Showers (4)
- j) Employee Break Areas
- k) Kitchenettes (4)
- l) Dining Areas

Unit B.

Employee Break Areas

Unit C.

- a) Employee Break Areas
- b) Kitchenettes
- c) Dining Areas

Unit D.

- a) Warehouse
- b) Laundry
- c) Food Storage Areas
- d) Mechanical Room and Storage
- e) Service Building (6,875 sq. ft.)

\*Indicates addition of Southern Ohio Veterans Home – Georgetown and change to pagination.

Index No. LDC104  
\*Page 26

**\*SOUTHERN OHIO VETERANS HOME – GEORGETOWN (Cont'd)**

3. Areas to be serviced semi-annually:

Unit A.

- a) Office Areas
- b) All Other Areas

Unit B.

- a) Office Areas
- b) Police Department
- c) Library
- d) Gift Shop
- e) All Other Areas

Unit C.

- a) Office Areas
- b) All Other Areas

Unit D.

- a) Offices
- b) Maintenance Area

4. Exterior (defined as foundation to roof line) to be treated semi-annually.

Special Services

Fogging for mosquitoes may be necessary for outside the building and wooded areas. Services for fogging will be provided on an "as requested" basis and billed separately.

---

**\*SOUTHWEST OHIO DEVELOPMENTAL CENTER**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to the Southwest Ohio Developmental Center (SODC).

A. SCOPE OF SERVICE

Pest Control - control of common species of pests including but not be limited to roaches, rats, mice, bats, wasps, bees, yellow jackets, fleas, lice, bedbugs, ants, flies, water bugs, drain flies, raccoons and other rodents and insects. Bait will be used in all other areas.

B. CONTRACTOR RESPONSIBILITIES

The Contractor must schedule all work to be performed between 9:30 a.m. and 4:30 p.m. (Monday, through Friday, excluding Holidays) with as little conflict as possible with Southwest Ohio Developmental Center and clients schedule. The Contractor is required to specify specific day(s) that work will be performed monthly. The Operations Director will work with the successful Contractor to set the schedule. There will not be an escort at this facility.

Each building will receive a minimal monthly inspection and treatment as necessary. Kitchens, dining areas and food storage areas will be priority areas but each building is to be kept free of pests. The interior perimeter of each building is to be treated at least one time annually. No open bait containers will be permitted in any building.

\*Indicates addition of Southern Ohio Veterans Home – Georgetown and Southwest Ohio Developmental Center and change to pagination.

Index No. LDC104  
\*Page 27

**\*SOUTHWEST OHIO DEVELOPMENTAL CENTER (Cont'd)**

1. Areas to be serviced once a month:

Service will include all offices, restrooms, bath and shower rooms, staff rooms, entryways, food service areas, closets, living rooms, dining rooms and bedrooms:

- a) Support Services (Maintenance Building)
- b) Administration Building
- c) Housing 1, 2, 3, 4, 5, 6, 7

2. Exterior Treatment:

- a) The exterior of each building to be treated in May, July and/or August. The exterior and ground shall be treated five (5) ft from foundation (ground & brick wall).
- b) Each house will receive one annual treatment for cluster fly infestation.
- c) Tracking powder, mechanical traps, and stick boards may be needed for rodent control. These products will be provided by the vendor at no extra charge.

3. Special Requirement:

The Contractor shall fog once a month all kitchens for flies during the months of April through September. Any additional means needed to control flies shall be performed. The Contractor shall provide the SODC with a minimum of two (2) cases of flying insect traps.

---

**\*TIFFIN DEVELOPMENTAL CENTER (TDC)  
AND  
NorWesCo INDUSTRIES, INC.**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to the Tiffin Developmental Center and NorWesCo Industries, Inc.

I. SCOPE

These specifications cover pest control services for Tiffin Developmental Center and NorWesCo Industries, Inc. including both building interior and perimeters.

II. TYPES OF VERMIN TO BE CONTROLLED

Inspection and control measures shall be provided for (but are not limited to) rats, mice, cockroaches, ants, spiders, bees, hornets, wasps, flies, fleas and gnats, etc.

I. LOCATION & FREQUENCY OF SERVICE

- a) Pest control service contractor shall furnish necessary labor, equipment and material for exterminating and control of pests in and around the perimeter of the buildings as listed herein:

Table with 3 columns listing building names: California Cottage, Massachusetts Cottage, Dietary Bldg., Nevada Residential Homes, Administration Bldg., Senior Center, Cannery, Palms Concession, Oklahoma Cottage, Garza Residential Homes, Heat Plant, Pines, NorWesCo Bldg., State Store, Greenhouse, Rhode Island Cottage, Chapel, Maintenance Bldg., Arkansas, Gymnasium, Support Building, Laundry Building.

\*Indicates addition of Southwest Ohio Developmental Center and Tiffin Developmental Center and NorWesCo Industries, Inc. and change to pagination.

Index No. LDC104
\*Page 28

\*TIFFIN DEVELOPMENTAL CENTER (TDC)
AND
\*NorWesCo INDUSTRIES, INC. (Cont'd)

III. LOCATION & FREQUENCY OF SERVICE (Cont'd)

- b) Service is to be performed on a monthly basis. This service will include treatment of exterior and interior of all buildings once per month. Service shall be performed, whenever possible, during normal business hours (8:00 am to 4:30 pm, Monday through Friday). Special servicing requirements may be met through evening, weekend and/or night-time, upon arrangements with the above stated or delegated authority.
c) All buildings shall be completely serviced once a month.

\* TOLEDO CORRECTIONAL INSTITUTION

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to the Toledo Correctional Institution.

I. SCOPE OF SERVICE

Pest control services will be required to include but not limited to rats, mice, bees, wasps, roaches (all varieties), fleas, lice, bedbugs and ants inside and outside the facility.

II. CONTRACTOR RESPONSIBILITIES:

The Toledo Correctional Institution Camp is CLOSED. It is a minimum-security facility housing 999 cells. It is also capable of housing 188 inmates in an open dorm type setting. There are no inmates being housed in these areas. The Contractor and/or his designated serviceman will NOT be required to service these areas but will be required to service all other areas monthly or as the institution deems necessary.

III. CONTRACTOR RESPONSIBILITIES

A. Areas and service frequency

All buildings shall be serviced at pre-arranged times.

- 1. All Support Offices – As Needed
2. Entry Lobby – As Needed
3. Mailroom – As Needed
4. Armory Areas – As Needed
5. Lock Shop – As Needed
13. Warehouse
14. Garage
15. Quartermaster – As Needed
16. Laundry Area – As Needed
17. Barber Shop – As Needed

1. Food Service Department and Employee Dining Room

### **\*YOUNGSTOWN DEVELOPMENTAL CENTER (YDC)**

In addition to the requirements listed in Section I General Requirements (Pages 8 through 11) the following will apply to the Youngstown Correctional Institution.

I. SCOPE

These specifications cover pest control services for Youngstown Developmental Center and will include both building interior and perimeters.

II. TYPES OF VERMIN TO BE CONTROLLED

Inspection and control measures shall be provided for (but are not limited to) rats, mice, cockroaches, ants, spiders, bees, hornets, wasps, flies, fleas and gnats, etc.

III. LOCATION & FREQUENCY OF SERVICE

- a) Pest control service contractor shall furnish necessary labor, equipment and material for exterminating and control of pests in and around the perimeter of the buildings as listed herein:  
  
Youngstown Developmental Center buildings: #2,3,7,8,9,10,12, Central Administration, Central Training and Service Buildings.
- b) The contractor will stop at Switchboard before each visit to pick up the exterminator's keys and to inquire if any areas need special treatment have been reported.
- c) Service is to be performed on a bi-monthly basis on a predictable schedule. This service will include treatment of exterior and interior of all buildings at least once per month. Service shall be performed, during normal business hours (8:00 am to 3:30 pm, Monday through Friday). Treatment on holidays will not be permitted. Special servicing requirements may be met through evening, weekend and/or night-time, upon arrangements with the above stated or delegated authority.
- d) All buildings shall be completely serviced once a month.

\*Indicates addition of Youngstown Correctional Institution and change to pagination.

Index No. LDC104  
\*Page 31

**\*YOUNGSTOWN DEVELOPMENTAL CENTER (Cont'd)**

IV. PESTICIDES

All pesticides shall be approved by the State of Ohio. The Department of Agriculture, Food & Drug Administration, U.S. and Ohio Environmental Protection Agencies, and all other appropriate State, Local, County or Federal Agencies. Pesticides shall be administered by qualified technician(s). Contractor shall not use glue traps inside the facility.

Vendor must ensure that exterminating products or tools are not left unattended.

V. INSPECTIONS AND RECOMMENDATIONS

The contractor will perform inspections and make recommendations whenever it appears that repairs to building may be necessary in order to seal off the entrance points of pests or rodents, and also for the removal of harborage and food supplies.

VI. Contractor must be able to be on premises of the center within 45 minutes.

\*Indicates addition of Youngstown Developmental Center and change to pagination.
