## **SPECIAL CONTRACT TERMS AND CONDITIONS**

**AMENDMENTS TO CONTRACT TERMS AND CONDITIONS:** The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

**CORPORATE PROFILE:** To qualify for bidding, Bidders are required to have been in a likekind business, providing similar hauling and disposal services as specified in this bid, for a minimum of one (1) year. Bidders must submit with their Bid response a letter stating the company's background and supportive information of the minimum requirements. Bidders are to provide three references including: company name, address, telephone number, and name of person to contact, for whom the Bidder has provided similar hauling and disposal services within the past five years.

**SPECIAL CONDITIONS:** The Director, Department of Administrative Services reserves the right to bid large or unusual requirements, for items that may be a part of the awarded Contract, under a separate Bid.

**SPECIFICATION QUESTIONS:** Information regarding submission of questions and clarifications for this Bid is provided on page one (1) of the bid. Through the indicated inquiry closure date, Bidders may visit the Procurement Services website to post related questions at <[www.ohio.gov/procure](http://www.ohio.gov/procure)>. Answers to all Bidder questions will be posted on the Procurement Services website and linked to the Bid Number. Bidders can make their own inquiry and/or review all inquiry questions/responses from the same website page from which the Bid document is downloaded. The State will make every effort to respond to website inquiries within forty-eight (48) hours of receipt. The State will not respond to any verbal or written questions received through any other medium. No prospective Bidder shall respond to any verbal instructions or changes to this bid. Only Bid communications, issued by the Department of Administrative Services, Office of Procurement Services, in a public, published format, will be considered valid.

**MANDATORY/REQUIRED SUBMISSIONS:** As specified, mandatory submissions must be submitted with the Bid response. Required documentation/materials should be submitted with the bid. If not submitted with the bid, the Bidder must provide the said documentation/materials within five (5) business days, after notification, to the Office of Procurement Services. Failure to provide mandatory submissions with the Bid response or failure to provide the required documentation/materials, as applicable, within the stated time period will result in the Bidder being deemed as not responsive and the Bid response will be immediately disqualified with no further consideration given for potential awarding of the Contract.

**DELIVERY AND ACCEPTANCE:** Services will be performed as set forth in the Contract and in accordance with paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS. The location of performance will be noted on the purchase order issued by the participating agency. Payment for services rendered will occur upon the inspection and written confirmation by the ordering agency that the services provided conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, payment shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud. The location of services for this Bid is the OEC facilities in Columbus, Ohio.

**SITE VISIT:** Prior to submitting their Bid response, the Bidder should visit the location they are bidding in order to survey the facilities and to become familiar with the requirements of the bid. The Bidder must contact the facility to schedule an appointment. To schedule an appointment, please contact the Ohio Exposition Center's Maintenance Director at (614) 644-5050. Once a Contract is awarded, failure of the Bidder to have requested a site visit to become familiar with the facility and requirements of the Bid will be insufficient reason to support any request to be released from the Contract.

**DESCRIPTIVE LITERATURE:** The Bidder may be required to submit descriptive literature of the supplies or services being offered. If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible Bidder. If not provided as part of the Bid response, the Bidder must provide said literature within ten (10) calendar days after request/notification by the Office of Procurement Services to do so. Any references, that may appear in the descriptive literature, that may alter the terms and conditions and specifications of the Bid (e.g. F.O.B. Shipping Point or Prices Subject to Change), will not be part of any Contract and will be disregarded by the state of Ohio. Failure of the Bidder to furnish descriptive literature either as part of their Bid response or within the time specified herein will deem the Bidder not responsive.

**EVALUATION:** Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the State will multiply the monthly bid price for months other than August and October by ten (10) and add the monthly bid prices for August and October to determine the annual lot total. Failure to bid all items may result in the Bidder being deemed as not-responsive.

**CONTRACT AWARD:** The Contract will be awarded to the lowest responsive and responsible Bidder by low annual lot total.

**TRANSPORTATION CHARGES:** The Contractor will be responsible for all transportation charges incurred in the removal and disposal of materials and/or services specified in this Bid and resulting Contract.

**SPECIAL CONTRACT TERMS AND CONDITIONS (continued)**

**LANDFILL CHARGES:** The Contractor will be responsible to pay all landfill service charges for the removal and proper disposal of all manure, livestock bedding (straw, wood shavings, etc.), and yard waste (leaves, grass clippings, etc.).

**INCURRED COSTS:** The State is not liable for any costs incurred by the Bidder prior to issuance of a Contract.

**SPECIAL CHARGES:** There shall be no assessment, surcharge, small order charge, broken case charge, minimum order charge, single item charge nor any other unspecified additional charge allowed by the State that is not specifically mentioned in this Bid or in any Contract awarded pursuant to this Bid. The Contractor must provide merchandise/service in unit quantity(s) as indicated in the Bid/Bid response/Contract.

**FIXED-PRICE WITH ECONOMIC ADJUSTMENT:** The Contract prices(s) will remain firm for the first twelve (12) months duration of the Contract. Thereafter, the Contractor may submit a request to increase their price(s) to be effective thirty (30) calendar days after acceptance by DAS. No price adjustment will be permitted prior to the effective date of the increase received by the Contractor from his suppliers, or on purchase orders that are already being processed, or on purchase orders that have been filled and are awaiting shipment. If the Contractor receives orders requiring quarterly delivery, the increase will apply to all deliveries made after the effective date of the price increase.

The price increase must be supported by a general price increase in the cost of the finished supplies, due to increases in the cost of raw materials, labor, freight, Workers' Compensation and/or Unemployment Insurance, etc. Detailed documentation, to include a comparison list of the Contract items and proposed price increases, must be submitted to support the requested increase. Supportive documentation should include, but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base cost of the product to the Contractor and the corresponding increase, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information and explains the source of the increase in such areas as raw materials, freight, fuel or labor, etc.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the Contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the Contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. Failure to comply with this provision will be considered as a default and will be subject to Provision I.C. "Termination/Suspension" and Provision II. of the "Contract Remedies:" of the "Standard Contract Terms and Conditions".

**DISPOSAL CERTIFICATION:** Bidders must submit with their Bid a certification letter stating that their firm can provide a suitable location for the disposal of manure, livestock bedding, and yard waste (leaves, grass clippings, etc.). The name, phone number and address of the location for disposal shall be included in the certification letter. This location must comply with all standards and regulations of the State and county Health Departments and the State and Federal Environmental Protection Agencies, governing the location for disposal. The Contractor must provide with his monthly invoice a statement noting a total number of loads removed from the fairgrounds, the weight of each load and the location each load was taken to (i.e., Franklin County Landfill (list address); mushroom farm (list company name and address); compost manufacturer (list company name and address); etc.

**USAGE REPORTS:** Every twelve (12) months (report in January for the previous twelve months) the Contractor must submit a report (written or on disk) indicating sales generated by this Contract. The report shall list usage by customer, by line item, showing the quantities/dollars generated by this Contract. The report shall be forwarded to the Office of Procurement Services, 4200 Surface Road, Columbus, OH 43228-1395, Attn: Dennis Kapenga. These reports are in addition to any other reports that may be required by the agency.

**NOTICE ON THE USE OF SOCIAL SECURITY NUMBERS AS FEDERAL TAX IDENTIFICATION NUMBERS:** The Department of Administrative Services (Department) requires vendors and Contractors wishing to do business with the State to provide their Federal Taxpayer Identification Number to the Department. The Department does this so that it can perform statutorily required "responsibility" analyses on those vendors and Contractors doing business with the State and, under limited circumstances, for tax reporting purposes. If you are a vendor or Contractor using your Social Security Number as your Federal Taxpayer Identification Number, please be aware that the information you submit is a public record, and the Department may be compelled by Ohio law to release Federal Taxpayer Identification Numbers as a public record. If you do not want to have your Social Security Number potentially disclosed as a Federal Taxpayer Identification Number, the Department encourages you to use a separate Employer Identification Number (EIN) obtained from the United States Internal Revenue Service's to serve as your Federal Taxpayer Identification Number.

**SPECIAL CONTRACT TERMS AND CONDITIONS (continued)**

**EXECUTIVE ORDER 2011-12K:** (Governing the Expenditure of Public Funds on Offshore Services) The Contractor must affirm to have read and understand Executive Order 2011-12K and shall abide by those requirements in the performance of this Contract. Notwithstanding any other terms of this Contract, the State reserves the right to recover any funds paid for services the Contractor performs outside of the United States for which it did not receive a waiver. The State does not waive any other rights and remedies provided the State in this Contract. The Contractor must complete and include with its Bid response the Standard Affirmation and Disclosure Form:

- B. Immediately following the close of the Ohio State Fair on Sunday, all manure and bedding on the outside of all livestock buildings must be removed from the grounds. For the clean-up and removal following the Fair, the Horse and Cattle Complex shall receive priority service because of non-fair horse shows scheduled immediately following the Fair. Removal from all other livestock buildings and exhibit areas must be completed as quickly as reasonably possible. The deadline for such removal and the priority of the buildings and areas to be cleaned will be determined by the Ohio State Fair and OEC Management and coordinated with the Contractor.
- C. Ohio State Fair Photo I.D. badges will be required for the Contractor and each Contractor employee. The cost for each badge will be \$50.00, or the then current cost, paid for by the Contractor. V. **GENERAL REQUIREMENTS - NON-FAIR**

Attachment 2 (page 12) is a sample list of non-fair livestock and/or equine events scheduled at the Ohio Expositions Center during a previous year. This list is provided to give each Bidder an understanding of the approximate dates and types of events scheduled at the Ohio Expositions Center. This schedule has changed and is subject to additional changes as organizations change dates or as additional events are booked by the Ohio Expositions Commission Management.

- A. Through the duration of this Contract, it will be the responsibility of the Contractor to keep in contact with the OEC Rental Services Office for a current schedule of livestock and equine events requiring services under this Contract. Changes to this schedule occur on a frequent basis.
- B. In addition to livestock and equine events, the Contractor will be responsible for any manure and bedding accumulations from any other OEC events such as the Shrine Circus and Rodeo.
- C. After the Contractor is called to remove an accumulation of manure and bedding from the OEC grounds following an event, the accumulation must be removed within twenty-four (24) hours. The only exception to this will be inclement weather restricting the removal, or other specific arrangements having been made with the OEC Management.

**SPECIFICATIONS AND REQUIREMENTS (continued)**VI. **SPECIAL CONDITIONS FOR THE OCTOBER ALL-AMERICAN QUARTER HORSE CONGRESS (AAQHC)**

- A. As a condition of their contract negotiations, the AAQHC may petition the Ohio Expositions Commission (OEC) for the right to independently contract, on their own behalf, for the removal of manure and bedding materials generated during the AAQHC annual (October) event.
- B. In the event that the OEC grants the AAQHC a petition to independently contract for services:
  - 1. The OEC will provide the Contractor with approximately sixty (60) days advance notice that services under this Contract will not be required for the October AAQHC event.
  - 2. The Contractor may independently bid to the AAQHC to perform the removal and disposal services. Any Contract executed by the AAQHC is separate from any Contract resulting from this bid.
  - 3. In the event that the AAQHC independently contracts with a service provider for the October AAQHC event, the Contractor for this Contract will not be entitled to any compensation under this Contract for the removal and disposal services scheduled for the month of October.
  - 4. In the event that the AAQHC independently contracts with a service provider for the October AAQHC event and the Contractor for this Contract is not awarded the AAQHC Contract and the OEC schedules a non-AAQHC event in October, the Contractor for this Contract is required to provide the removal and disposal services for the non-AAQHC event(s). The Contractor will be compensated 20% of the monthly rate for November as the October monthly rate for that year.
  - 5. In the event that the AAQHC does not independently contract for services, the Contractor must provide the removal and disposal services for all October events including the AAQHC and will be compensated for the month of October under this Contract.
  - 6. In the event that the AAQHC does not hold their annual event at the OEC, the monthly rate for October will be the same as November for that year.

VII. **STORAGE OF EQUIPMENT**

- A. Equipment used by the Contractor may be stored on OEC property at the risk of the Contractor.
- B. The storage locations for equipment must be coordinated with OEC Management.

VIII. **BEDDING MATERIAL**

- A. Many livestock events use shavings as bedding material. Other exhibitors will use products such as straw, sawdust, paper products and sod. It will be the responsibility of the Contractor to collect, remove and properly dispose of all types of bedding materials.
- B. During the AAQHC event in October, many exhibitors will use alternate bedding materials including, but not limited to, wood shavings, fiberboard etc. Contractors should be aware of special considerations necessary in the disposal of manure and these bedding materials as compared to manure and straw.

IX. **ESTIMATED ANNUAL USAGE**

The estimated annual amount of manure and bedding to be removed from OEC facilities is 26,000 tons.  
The approximate percentage breakdown by month is (Jan..Dec) (2%,2%,5%,7%,6%,3%,1%,30%,4%,28%,10%,2%).

The above numbers were based on recent historical data and may change based on the annual event schedules.
