## SPECIAL CONTRACT TERMS AND CONDITIONS

**EVALUATION:** Bids will be evaluated in accordance with Article 1-17 of the "Instructions to Bidders." In addition, the State will:

Multiply the Estimated Volume times the Cost Per Box to calculate the Total Cost. The total for both Phase 1 and Phase 2, of all locations within that Region will be added together for a Grand Total. The Grand Total for both years, when applicable, will be added together for a Final Total.

The Final Total will be the award total for that Region. This calculation will be used independently for all Regions. Regions C and E will be added together for one award. There are a total of four potential award regions.; Region A, Region B, Region C/E, and Region D. A Bidder may Bid all or one of the award Regions.

Example Evaluation: Region A: Phase 1-Estimated Volume times the Cost Per Box equals Total Cost-Add Totals for all locations together for Grand Total.; Phase 2-Estimated Volume times the Cost Per Box for both years equals Total Cost- Add Totals for all cities together for Grand Total.

Add Grand Total of Phase 1 and Phase 2 Totals together. This is the award total. This is what will be used for the final evaluation to determine the lowest Bid for each region.

**CONTRACT AWARD:** The contract will be awarded to the lowest responsive and responsible bidder by low lot total for each of the four regions.

**CONTRACT RENEWAL:** See Article S-6. Contract Renewal: This Contract may be renewed solely at the discretion of DAS for a period of one month. Any further renewals will be for an appropriate period of time by agreement. The cumulative time of all renewals may not exceed thirty six (36) months unless DAS determines that additional renewal is necessary.

**TEMPORARY FUEL ADJUSTMENT:** No request for a temporary fuel adjustment may be requested for the first six (6) months duration of the Contract. Thereafter, should a statewide or national increase in the cost of fuel occur, that is greater than 20% of the cost for fuel in place at the time of Contract award, the Contractor may petition DAS to increase the Contract price(s). The Contractor will be required to provide a cost breakdown of each item to indicate the portion of their product cost that is attributed to fuel. If approved, the Contractor will be permitted to adjust the price(s) by the exact amount of the fuel increase. The increase will be effective seven (7) calendar days after approval. Future requests for fuel cost adjustment will be considered in six (6) month intervals, for the duration of the Contract, under the above conditions. Should a statewide or national decrease in the cost of fuel occur, that is greater than 20% of the cost of fuel at the time of Contract award or approved increase, the Contractor will advise Procurement Services of said decrease and the Contract will be adjusted accordingly. Said decrease will become effective seven (7) calendar days after notification. Failure of the Contractor to notify Procurement Services of a decrease will be considered as a default and the Contractor will be responsible to reimburse the state for any overpayments. Said increases or decreases will be effective on all orders placed on or after the approval date of the adjustment.

**USAGE REPORTS:** Every twelve (12) months the Contractor must submit a report (written or on disk) indicating sales generated by this contract. II. CONTRACTOR SCOPE OF WORK

This includes but is not limited to floors, stairs, thresholds, walls, doors, doorframes, and ceiling sprinkler system. The Contractor shall provide and use protective materials, such as cardboard, on surfaces along the move route that may be prone to damage, such as doorframes, tight corners, etc.

- M. In the event inclement weather or other factors prohibit a scheduled move from beginning, or interrupts a move in progress, the Contractor shall immediately contact the affected deputy registrar agencies and the main ODPS contact person to reschedule moving activities as soon as possible and upon mutual agreement. - J. The State may use information garnered through third parties, such as Dun and Bradstreet, in the evaluation garnered through third parties, such as Dun and Bradstreet, in the evaluation of a bidder's financial responsibility.
- K. Account coordinator/supervisor shall be a full time employee of the Contractor and shall have at least three (3) years experience providing transportation services described above.
- L. The awarded Contractor shall supply DPS with a list of any weather conditions that may prohibit them from making deliveries within thirty (30) days of the award of this Contract.

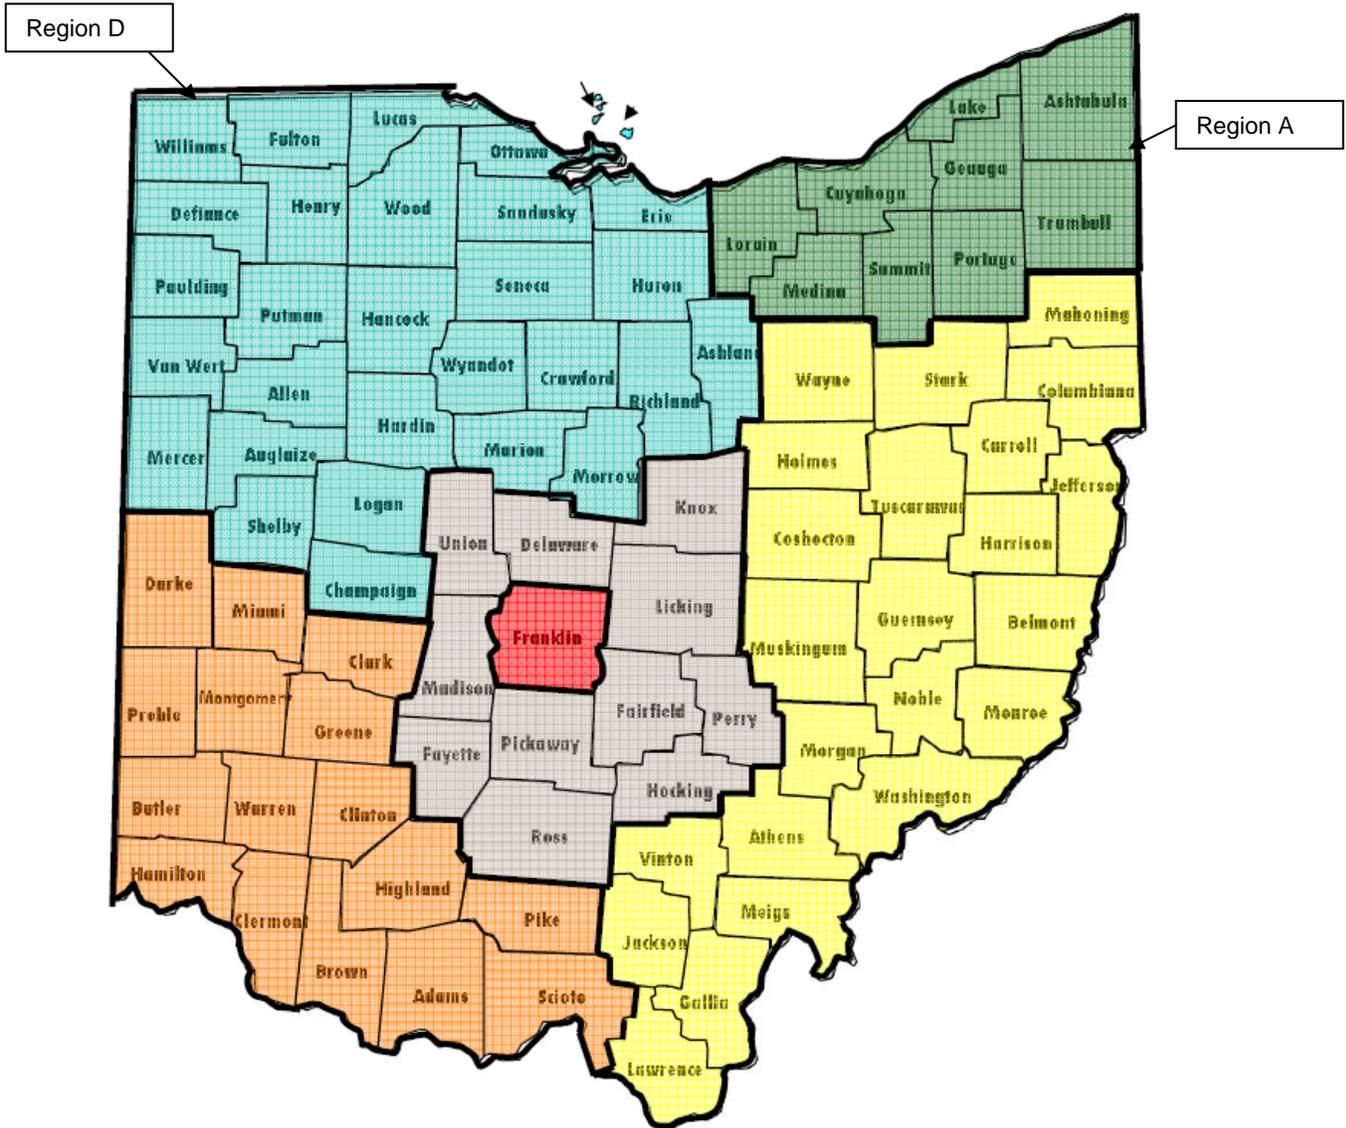

### IX. SUBMISSION OF BIDS

- A. The Bidder shall complete separate Bid Price Pages for Areas A, B, C/E combined, and D. (Exhibit attached) appropriately to indicate their bid. ODPS shall treat every bid submitted as a separate and distinct submission and evaluate each bid on its own merit.
- B. The Contractor shall provide like-kind transportation services for DPS on an as-needed basis at the same rates/minimum trip charge established in the Contract.
- C. The Bidder's bid shall include all costs associated with the Contractor providing the services described in this contract including all equipment, specified supplies, transportation, permits, licenses, and labor required to provide the services specified herein.
- D. All bids submitted shall be the cost-per-box to transport record boxes from each deputy registrar agency to the ODPS Alum Creek Facility. The estimated number of boxes that the Contractor needs to pickup from each deputy registrar agency is indicated on the Bid Price Page. ODPS does not guarantee the record box quantities and reserves the right to transport record boxes via other sources. The Offeror shall submit separate costs for the following:
  - 1. Phase 1: The initial transportation of large quantities of record boxes currently stored at each deputy registrar agency. Proposed costs shall be for all agencies located within each designated Area. Areas C and E are combined for bidding purposes. (Exhibit attached)
  - 2. Phase 1 \*Minimum Pickup Charges. Proposed costs shall be for all agencies located within designated Area. Areas C and E are combined for bidding purposes. (Exhibit attached)
  - 3. Phase 2: The subsequent transportation of boxes from each agency at various frequencies ranging from every three (3) months for Class 5-8 deputy registrar agencies to every six (6) months for Class 1-4 agencies. Proposed costs shall be for all agencies located within each designated Area. Areas C and E are combined for bidding purposes. (Exhibit attached)
  - 4. Phase 2 \*Minimum Pickup Charges. Proposed costs shall be for all agencies located within each designated Area. Areas C and E are combined for bidding purposes. (Exhibit attached)
  - 5. Year-2 of Contract pickup charge per agency at the same frequencies as Phase 2 service. Proposed costs shall be for all agencies located within designated Area. Areas C and E are combined for bidding purposes. (Exhibit attached)
  - 6. Year 2 \*Minimum Pickup Charges. Proposed costs shall be for all agencies located within each designated Area. Areas C and E are combined for bidding purposes. (Exhibit attached)

\*Minimum Pickup Charge: The Contractor shall only apply the minimum pickup charge when it is greater than the total charge-per-box for an agency. When applied to an invoice, the minimum pickup charge becomes the total charge for the agency. It is not in addition to the cost-per box charges.

- E. Estimated record boxes listed on the Bid Price Page are based upon a survey conducted in December 2007. These estimates may not be accurate for the proposed contract. Where zero record boxes are specified, the State will use a factor of one (1) to compute and extend cost.
