EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, DAS will multiply the estimated annual usage times the quoted price per item offered for delivery 15 days after receipt of order (ARO) to arrive at a per item total per bidder. A contract will be awarded to the lowest cost responsive and responsible bidder per item.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by item.

If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible bidder. If not provided as part of the bid response, the Bidder must provide said literature within seven (7) calendar days after request/notification by the Office of Procurement Services to do so. Any references, that may appear in the descriptive literature, that may alter the terms and conditions and specifications of the bid (e.g. F.O.B. Shipping Point or Prices Subject to Change), will not be part of any contract and will be disregarded by the state of Ohio. Failure of the bidder to furnish descriptive literature either as part of their bid response or within the time specified herein will deem the bidder not responsive.

MANUFACTURER'S SPECIFICATIONS: Manufacturer's specification sheets should be submitted with the bid for each item/manufacturer bid. Specification sheets will be labeled with the name of the manufacturer, the style number, and the item bid. If not provided as part of the bid response, the Bidder must provide said specifications within seven (7) calendar days after request/notification by the Office of Procurement Services to do so. The state acknowledges that it may receive bids from multiple distributors bidding the same manufacturer's products. The samples will be used in the evaluation process to determine the lowest responsive and responsible bidder. If not included as part of their bid response, the bidder will be required to provide the samples within seven (7) calendar days after notification. After award of the contract, the samples will be used as a basis of comparison with actual product delivered under contract. Any variations between the samples and actual product being delivered that are due to manufacturer changes may be acceptable and shall require prior written approval from DAS.

AMENDMENTS TO CONTRACT TERMS AND CONDITIONS (CONT'D)

REFERENCES TO ALTERNATE TERMS: Any reference, which may appear on any price list or literature, to any terms and conditions, such as F.O.B. Shipping Point or Prices Subject to Change, will not be part of any contract with the successful bidder(s) and will be disregarded by the state of Ohio.

FIXED-PRICE WITH ECONOMIC ADJUSTMENT: The contract price(s) will remain firm for the first six (6) months duration of the contract. Thereafter, the Contractor may submit a request to increase their price(s) to be effective thirty (30) calendar days after acceptance by DAS. No price adjustment will be permitted prior to the effective date of the increase received by the Contractor from his suppliers, or on purchase orders that are already being processed, or on purchase orders that have been filled and are awaiting shipment. If the Contractor receives orders requiring quarterly delivery, the increase will apply to all deliveries made after the effective date of the price increase.

The price increase must be supported by a general price increase in the cost of the finished supplies, due to increases in the cost of raw materials, labor, freight, Workers' Compensation and/or Unemployment Insurance, etc. Detailed documentation, to include a comparison list of the contract items and proposed price increases, must be submitted to support the requested increase. Supportive documentation should include, but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base cost of the product to the Contractor and the corresponding increase, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information and explains the source of the increase in such areas as raw materials, freight, fuel or labor, etc.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. Failure to comply with this provision will be considered as a default and will be subject to Provision I.C. "Termination/Suspension" and Provision II. of the "Contract Remedies:" of the "Standard Contract Terms and Conditions".

Purchases made from this Contract by a political subdivision that is not properly registered with the State's Cooperative Purchasing Program will be a violation of law and may be contrary to the political subdivision's competitive bidding requirements. If a political subdivision or institution of higher education relies upon this Contract to issue a purchase order or other ordering document, the political subdivision or institution of higher education "steps into the shoes" of the State under this Contract. The political division's or institution of higher education's order and this Contract are between the Contractor and the political subdivision or institution of higher education. The Contractor must look solely to the political subdivision or institution of higher education for performance, including payment. The Contractor agrees to hold the state of Ohio harmless with regard to political subdivisions and institution of higher education's orders and political subdivision's and institution of higher education's performance. DAS may cancel this Contract and may seek remedies if the Contractor fails to honor its obligations under an order from a political subdivision or institution of higher education.

The revenue share equals 0.75% of the total quarterly sales reported. Contractors must include the revenue share in their prices. The revenue share is included in the award price(s) and reflected in the total amount charged to ordering agencies which includes both state agencies and political subdivisions using this Contract.

The contractor must remit any monies due as the result of the close-out report at the time the close-out report is submitted to DAS. The Contractor must pay the revenue share amount due by check. The Contractor will receive an email with a User ID and password and must report the quarterly dollar value of sales to the Department of Administrative Services (DAS) via the Internet using the web form at the Ohio DAS Contract Management Contractor Portal, <https://cm.ohio.gov/>. The Contractor must forward the Quarterly Sales Report to the following address:

Department of Administrative Services
GSD Business Office
4200 Surface Road
Columbus, OH 43228

Any exceptions to the specifications in this bid must be explicitly detailed in the bidder's response. Exceptions will not disqualify a bidder's response, except in cases where specifically noted. It is the intention of the State to fully evaluate all acceptable alternate equal bid responses that meet the overall intent and/or requirements of the bid specifications. DAS personnel will evaluate exceptions to determine whether variances are material enough to represent a violation of the specification intent or would give the bidder an unfair advantage. However, exceptions to stated levels of performance, reliability, and timeliness would represent such a violation of the intent of these specifications that would necessitate rejection of the bid response.

Where a weight or measurement is referenced, that weight or measurement shall be considered the minimum acceptable.
