AMENDMENTS TO CONTRACT TERMS AND CONDITIONS: The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

DELIVERY AND ACCEPTANCE: Supplies will be delivered to the participating agency within twenty one (21) days after receipt of order and, in accordance with paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS. The delivery location will be noted on the purchase order issued by the participating agency. Acceptance (transfer of title) will occur upon the inspection and written confirmation by the ordering agency that the supplies delivered conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, acceptance shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

MINIMUM ORDER: The minimum quantity of any order placed against a contract awarded pursuant to this bid shall be one (1) truckload of assorted types of macaroni and noodle products, delivered FOB destination prepaid.

AUTHORIZED DEALER STATEMENT: Bidders responding to this Invitation to Bid must be authorized dealers or manufacturers of the products they are bidding. Bidders should submit, with the bid, certification attesting to the fact they are the manufacturer or an authorized dealer of the manufacturer of the products being bid. This certification must be on the manufacturer's letterhead, signed by a duly authorized manufacturer's representative. If not provided with the bid response bidder will be required to provide the said certification within three (3) calendar days, after notification, to the Office of Procurement Services. Failure to provide the certification with the bid or within the stated time period will result in the bidder being deemed as not responsive.

DESCRIPTIVE LITERATURE: The Bidder may be required to submit descriptive literature of the supplies being offered. If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible Bidder. The literature shall provide ingredient information and technical data for verification of compliance with the specifications. If not provided as part of the Bid response, the Bidder must provide said literature within three (3) calendar days after request/notification by the Office of Procurement Services to do so. Any references, that may appear in the descriptive literature, that may alter the terms and conditions and specifications of the Bid (i.e. F.O.B. Shipping Point or Prices Subject to Change), will not be part of any Contract and will be disregarded by the State. Failure of the Bidder to furnish descriptive literature either as part of their Bid response or within the time specified herein will deem the Bidder not responsive.

PRODUCT SAMPLES: Samples may be requested from one or more bidders during the evaluation period. A sample shall consist of two (2) cases of each pasta type specified herein. Parcels containing samples are to be clearly labeled with the bidder's company name, the bid number, and the bid opening date. The product sample should be labeled in accordance with the information provided by the bidder on the bid response as to processor (manufacturer), brand name, and product code number. Sample submitted shall be the same product offered on the bidder's bid response and the same product delivered, if bidder should receive an award. Samples shall be sent to the Food Service Section, Central Warehouse, 3201 Alberta Street, Columbus, OH 43204, Attn: Mr. Steve Knight (614) 752-0026, Ext. 21.

Bidders shall submit samples only upon request. Only one (the first) shipment of samples submitted by a bidder for an ITB will be evaluated. Failure to supply samples during the evaluation period, within seven (7) calendar days of the request from the Office of Procurement Services shall deem your bid not responsive. There will be a taste test of the sample to determine acceptability. Awards will be based on product compliance with specifications, and determined by the Food Service Section to be equal in all material respects to the product referenced in this Invitation to Bid, and test results as to texture, consistency, odor, color, taste, etc. Samples may also be submitted to the United States Department of Agriculture, Ohio Department of Agriculture or independent private laboratory for analysis, prior to award. After award of the contract, the samples will be used as a basis of comparison with actual product delivered under contract. Any variation between the samples and product being delivered will be considered as an event of default. Any variations between the samples and actual product being delivered that are due to manufacturer changes may be acceptable and shall require prior written approval from DAS.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will multiply the estimated annual usage of each item by its corresponding price per pound, and then add these totals together to determine a low lot total. Failure to bid all items may result in the bidder being deemed not responsive.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by low lot total. Low lot total will be determined by multiplying the unit cost by the estimated usage listed in the bid and then adding each of the totals together to arrive at a total for all items. Price per case for each item will be the awarded price on the final contract. Price per case will be determined by multiplying the per pound price times the case pack stated on the qualification summary. Failure to bid all items may result in the bidder being deemed not responsive.

FDA REGISTRATION: Pursuant to the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (the Bioterrorism Act) all domestic and foreign facilities that manufacture, process, pack or hold food for human or animal consumption in the United States are required to be registered with the Food & Drug Administration (FDA) no later than December 12, 2003. This registration includes owners, operators, or agents in charge of domestic or foreign facilities that manufacture/process, pack, or hold food for human or animal consumption in the United States. All domestic facilities, whether or not food enters interstate commerce, are required to register. Facilities may complete their registration with the FDA online at: <http://www.cfsan.fda.gov/~furls/ovffreg.html> When applicable, by signature affixed on Page 1, the bidder, or their supplier, certifies that they comply with this requirement.

FIXED-PRICE WITH ECONOMIC ADJUSTMENT: The contract prices(s) will remain firm for the first twelve (12) months duration of the contract. Thereafter, the Contractor may submit a request to increase their price(s) to be effective thirty (30) calendar days after acceptance by DAS. No price adjustment will be permitted prior to the effective date of the increase received by the Contractor from his suppliers, or on purchase orders that are already being processed, or on purchase orders that have been filled and are awaiting shipment. If the Contractor receives orders requiring quarterly delivery, the increase will apply to all deliveries made after the effective date of the price increase.

The price increase must be supported by a general price increase in the cost of the finished supplies, due to increases in the cost of raw materials, labor, freight, Workers' Compensation and/or Unemployment Insurance, etc. Detailed documentation, to include a comparison list of the contract items and proposed price increases, must be submitted to support the requested increase. Supportive documentation should include, but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base cost of the product to the Contractor and the corresponding increase, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information and explains the source of the increase in such areas as raw materials, freight, fuel or labor, etc.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. Failure to comply with this provision will be considered as a default and will be subject to the provisions of Article 6, "Contract Terms and Conditions".

USAGE REPORTS: Every six (6) months the contractor must submit a report (written or on disk) indicating sales generated by this contract. The report shall list usage by customer, by line item, showing the quantities/dollars generated by this contract. The report shall be forwarded to the Office of Procurement Services, 4200 Surface Road, Columbus, OH 43228-1395, Attn: Senthana Mahendrarasa.
