## **1. Introduction**

The Ohio Department of Health (ODH) is seeking proposals from qualified individuals, agencies or organizations to perform environmental monitoring around the nuclear power plants that are located within Ohio and those in close proximity to Ohio's borders. The environmental monitoring will include collection and submission of samples to ODH's Columbus laboratory in the manner described and at the frequency and location as specified in this RFP.

If a suitable offer is made in response to this RFP, ODH may enter into a contract (the Contract) to have the selected Offeror (the Contractor) perform all or part of the Project (the Work). This RFP provides details on what is required to submit a Proposal for the Work, how ODH will evaluate the Proposals, and what will be required of the Contractor in performing the Work.

ENCOURAGING DIVERSITY, GROWTH AND EQUITY (EDGE).

ODH is committed to making more state contracts, services, benefits and opportunities available to small socially and economically disadvantaged Ohio businesses. EDGE is a contract assistance program designed to assist such businesses by facilitating access to state government contracts and business services for businesses certified in the program. For more information regarding EDGE and EDGE certification requirements, including a list of certified EDGE firms, please visit the DAS Equal Opportunity Division Web site at:

<http://das.ohio.gov/Eod/Edge/Index.htm>. Additional information is also available at the DAS Office of Procurement Services Web site at: <http://www.ohio.gov/procure>.

## **2. Project Background**

Ohio is the home of two nuclear power plants, Davis-Besse Nuclear Power Station which is located in Ottawa County and Perry Nuclear Power Plant which is located Lake County. A third nuclear power plant, Beaver Valley Power Station, resides in Shippingport, Pennsylvania and has the potential to affect Ohio based on its proximity to Ohio's Columbiana County.

Prior to the licensing of a nuclear power plant, the United States Nuclear Regulatory Commission (NRC) requires the bidder to perform a preoperational monitoring program for a period of at least twelve months. The data gathered during this preoperational monitoring period represents background radiation and establishes a baseline for environmental radiologic values.

The discharge of radioactive effluents from routine nuclear power plant operations can have environmental impacts on people, plants, water and sea life. Strict limits have been created by the NRC regarding the amount of radioactive emissions allowed to be released into the environment by nuclear power plants.

ODH maintains a cooperative agreement with FirstEnergy Nuclear Operating Company to perform environmental monitoring around the nuclear power plants that are located within Ohio and those in close proximity to Ohio's borders. The monitoring is performed to measure and evaluate any radiological impact the power plants may have on Ohio's environment. An annual

report is created which contains the results of the environmental monitoring and is made available to the public.

### **3. Contract Award, Negotiations and Duration**

ODH will award up to four contracts contingent upon the availability of funds and approval by the Director of Health. Upon approval by the Director of ODH and other appropriate agencies, the resultant contract or contracts shall be in effect from July 1, 2013, or upon execution by both parties, whichever is later, through June 30, 2015. ODH shall have the right to extend or renew the resultant contract(s) for two additional one year periods.

## 6. Proposal Format

All contractors shall submit a proposal directly responsive to the terms and conditions of this RFP. If a contractor chooses to submit an alternative proposal, the contractor must, at the same time, submit a proposal directly responsive hereto for any alternative proposal to even be considered. Such alternative proposal shall clearly identify why the acceptance of the proposal would be advantageous to ODH. Any deviations from the terms and conditions of the solicitation, as well as the comparative advantage to ODH, shall be clearly identified and explicitly defined. ODH reserves the right to amend the solicitation to allow all contractors an opportunity to submit revised proposals based on the revised requirements. Proposals shall be submitted with an original with three copies and an electronic version in Microsoft Word format. Proposals shall contain the sections listed in 6.2 through 6.6 below separated by tabbed and labeled dividers.

### 6.1 Addenda to the RFP.

6.1.1 If ODH decides to revise this RFP before the proposal due date, addenda will be announced on the Ohio Gateway Web site. When an addendum to this RFP is necessary, ODH may extend the proposal due date through an announcement on the Ohio Gateway Web site. Addendum announcements may be provided any time before 5:00 p.m. on the day before the proposal is due. It is the responsibility of each prospective contractor to check for announcements and other current information regarding the RFP.

- 6.1.2 After the submission of proposals, addenda will be distributed only to those contractors whose submissions are under active consideration. When ODH makes an addendum to the RFP after proposals have been submitted, ODH will permit contractors to withdraw their proposals. This withdrawal option will allow any contractor to remove its proposal from active consideration should the contractor feel that the addendum changes the nature of the transaction so much that the contractor's proposal is no longer in its interests. Alternatively, ODH may allow contractors that have proposals under active consideration to modify their proposals in response to the addendum.
- 6.1.3 If, however, ODH makes an addendum after the proposal due date, ODH will tell all contractors whose proposals are under active consideration whether they have the option to modify their proposals in response to the addendum. Any time ODH amends the RFP after the proposal due date, a contractor will have the option to withdraw its proposal even if ODH permits modifications to the proposals. If the contractors are allowed to modify their proposals, ODH may limit the nature and scope of the modifications. Unless otherwise stated in ODH's notice, modifications and withdrawals must be made in writing and must be submitted within 10 business days after the addendum is issued. If this RFP provides for a negotiation phase, this procedure will not apply to changes negotiated during that phase. Withdrawals and modifications must be made in writing and submitted to ODH at the address and in the same manner required for the submission of the original proposals. Any modification that is broader in scope than ODH has authorized may be rejected and treated as a withdrawal of the contractor's proposal

The evaluation committee will evaluate each proposal that the procurement representative has determined is timely, complete and properly formatted. The evaluation will be according to the criteria contained in the RFP.

### **7.3 Proposal Evaluation Criteria:**

In the proposal evaluation phase, the evaluation committee will rate the proposal submitted in response to the RFP based on the following criteria and weight assigned to each criterion. If the Contractor meets the mandatory requirements in section 7.4, Mandatory Requirements, the Contractor's proposal will be included in the next part of the evaluation, i.e., Technical Criterion.

Any proposal that does not meet the mandatory requirements of the RFP will not be considered. All other proposals will be evaluated and scored according to the requirements of the evaluation criteria outlined below. In order to be considered for the project, each proposal must receive at least 60% of the total points available under the technical scoring component. Total technical points available are 500.

Each proposal that meets the 60% or better standard in regard to technical score i.e. at least receives 300 points will move forward to have price calculated into their overall score. The proposal that is considered the best value or most advantageous to the State/ODH will be awarded the contract.

The committee will score and rank the business proposals as follows. It will award three hundred (300) points to the proposal with the lowest total cost. The committee will award points for other proposals using the formula  $Z = \frac{Y \times 300}{N}$  where:

Y = lowest total cost as proposed by any Contractor making a proposal

N = total cost proposed by the Contractor being scored

Z = points assigned for business proposal of Contractor being scored.

- C. The CONTRACTOR shall invoice ODH for services the CONTRACTOR provides. An itemized statement listing the services provided, the dates services were provided, and the amount of payment due shall accompany the invoice. Invoices shall be sent to ODH, ATTN: Accounts Payable, P.O. Box 118, Columbus, Ohio 43216-0118. ODH will reimburse the CONTRACTOR within forty-five (45) days of receipt of a valid invoice for the amount of payment due. ODH shall return any invalid or incomplete invoice to the CONTRACTOR within fifteen (15) days after ODH receives the invoice. An explanation will accompany the invoice that states the reason for return and any information needed to correct the invoice. Final invoices for services provided under this contract shall be submitted by the CONTRACTOR no later than thirty (30) days following the termination of the contract.
- D. Subject to the provisions of sections 126.07 and 131.33 of the O.R.C., which shall at all times govern this contract, ODH represents that:
  - 1. It intends to maintain this agreement for the full period set forth herein and has no reason to believe that it will not have sufficient funds to enable it to make all payments due hereunder during such period; and
  - 2. It will use its best effort to obtain the appropriation of any necessary funds during the term of this agreement.

However, it is understood by the CONTRACTOR that the availability of funds is contingent on appropriations made by the Ohio General Assembly and, if applicable, the federal funding source. If the Ohio General Assembly or the federal funding source fails at any time to continue funding ODH for the payments due hereunder, this agreement is terminated as of the date funding expires without further obligation of ODH or the State of Ohio.

- E. ODH will not compensate the CONTRACTOR for any work performed prior to receipt of written notification from the ODH contract manager that the requirements of section 126.07 and, if applicable, section 127.16 of the O.R.C. have been met as set forth in ARTICLE II, Sections B and C. ODH will not compensate the CONTRACTOR for any work performed after the termination date set forth in ARTICLE II, Section A.

ARTICLE IV  
Independent Contractor

- A. No agency, employment, joint venture or partnership has been or will be created between the parties hereto pursuant to the terms and conditions of this agreement. Inasmuch as ODH is interested in the CONTRACTOR's end product, ODH does not control the manner in which the CONTRACTOR performs this contract. ODH is not liable for the workers' compensation or unemployment compensation payments required by Chapters 4123. and 4141. of the O.R.C., respectively. In addition, the CONTRACTOR assumes responsibility for tax liabilities that result from compensation paid to the CONTRACTOR by ODH. ODH will report any payment made under this contract to the Internal Revenue Service on Form 1099.
- B. No provision contained in this contract shall be construed as entitling the CONTRACTOR to participate in hospital plans, medical plans, sick leave benefits, vacation, and other benefits available to employees of ODH or to become a member of the Public Employees Retirement System (Chapter 145. of the O.R.C.).

ARTICLE V  
Conflict of Interest and Ethics Laws

- A. The CONTRACTOR hereby covenants that neither the CONTRACTOR nor any officer, member or employee of the CONTRACTOR has any interest, personal or otherwise, direct or indirect, which is incompatible or in conflict with or would compromise in any manner or degree with the discharge and fulfillment of his or her functions and responsibilities under this contract.
- B. Neither the CONTRACTOR nor any officer, member or employee of the CONTRACTOR shall, prior to the completion of such work and payment for such work, acquire any interest, personal or otherwise, direct or indirect, which is incompatible or in conflict with or would compromise in any manner or degree with the discharge and fulfillment of his or her functions and responsibilities with respect to the carrying out of such work.
- C. The CONTRACTOR shall not promise or give to any ODH employee anything of value that is of such a character as to manifest a substantial and improper influence upon the employee with respect to his or her duties. The CONTRACTOR shall not solicit an ODH employee to violate any ODH rule or policy relating to the conduct of contracting parties or to violate sections 102.03, 102.04 or 2921.42 of the O.R.C.
- D. The CONTRACTOR hereby covenants that the CONTRACTOR and any officer, member or employee of the CONTRACTOR are in compliance with section 102.04 of the O.R.C. and that if the CONTRACTOR is required to file a statement pursuant to section 102.04(D)(2) of the O.R.C., such statement has been filed with the ODH General Counsel in addition to any other required filings.
- E. The CONTRACTOR hereby certifies compliance with the executive agency lobbying requirements of sections 121.60 to 121.69 of the O.R.C.
- F. The CONTRACTOR hereby certifies and affirms that, as applicable to the CONTRACTOR, no party listed in Division (I) or (J) of section 3517.13 of the O.R.C. or spouse of such party has made, as an individual, within the two previous calendar years, one or more contributions in excess of \$1,000.00 to the Governor or to his campaign committees. If it is determined that the CONTRACTOR's certification of this requirement is false or misleading, not withstanding any criminal or civil liabilities imposed by law, the CONTRACTOR shall return to ODH all monies paid to the CONTRACTOR under this contract. The provisions of this section shall survive the expiration or termination of this contract.

ARTICLE VI  
Equal Employment Opportunity

- A. In carrying out this agreement, the CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, handicap, disability, national origin, ancestry, veteran status, or any other factor specified in section 125.111 of the O.R.C., in the Civil Rights Act of 1964, as amended, or in section 504 of the Rehabilitation Act of 1973, as amended, and in any subsequent legislation pertaining to civil rights.
- B. The CONTRACTOR shall incorporate the foregoing requirements of ARTICLE VI, Section A in all of its contracts for performance of any of the work prescribed herein, and shall require all of its subcontractors for any part of such work to incorporate such requirements in all subcontracts for such work.
- C. The CONTRACTOR hereby certifies that the CONTRACTOR has a written affirmative action program for the employment and effective utilization of economically disadvantaged persons and shall file a description of the affirmative action program and a progress report on its implementation with the Equal Employment Opportunity Office of the Ohio Department of Administrative Services.

ARTICLE VII  
“Sweatshop Free” Certification

The CONTRACTOR hereby certifies that all facilities used for the production of the supplies or performance of services offered in this contract are in compliance with applicable domestic labor, employment, health and safety, environmental and building laws. This certification applies to any and all suppliers and/or subcontractors used by the CONTRACTOR in furnishing the supplies or services pursuant to this contract. If it is determined that the CONTRACTOR's certification of this requirement is false or misleading, then the CONTRACTOR understands that it shall be grounds for the termination of this contract and may result in the loss of other contracts or grants with the State of Ohio.

ARTICLE VIII  
Records, Documents and Information

All records, documents, writings or other information produced or used by the CONTRACTOR in the performance of this contract shall be treated according to the following terms:

- A. All ODH information which, under the laws of the State of Ohio, is classified as public or private will be treated as such by CONTRACTOR. Where there is a question as to whether information is public or private, ODH shall make the final determination. The CONTRACTOR shall not use any information, systems, or records made available to it for any purpose other than to fulfill the contractual duties specified herein. The CONTRACTOR agrees to be bound by the same standards of confidentiality that apply to the employees of ODH and the State of Ohio. The terms of this section shall be included in any subcontracts executed by the CONTRACTOR for work under this contract.
- B. All proprietary information of the CONTRACTOR shall be held to be strictly confidential by ODH. Proprietary information is information which, if made public, would put the CONTRACTOR at a disadvantage in the market place and trade of which the CONTRACTOR is a part. The CONTRACTOR is responsible for notifying ODH of the nature of the information prior to its release to ODH. ODH reserves the right to require reasonable evidence of the CONTRACTOR's assertion of the proprietary nature of any information to be provided.
- C. All records relating to costs, work performed and supporting documentation for invoices submitted to ODH by the CONTRACTOR shall be retained and made available by the CONTRACTOR for audit by the State of Ohio (including, but not limited to, ODH, the Auditor of the State of Ohio, the Inspector General or duly authorized law enforcement officials) and agencies of the United States government for a minimum of three years after payment for work performed under this contract. If an audit, litigation, or other action is initiated during this time period, the CONTRACTOR shall retain such records until the action is concluded and all issues resolved or the three years end, whichever is later.

ARTICLE IX  
Rights in Deliverables, Data and Copyrights

The Deliverables provided by the CONTRACTOR under ARTICLE I and any item produced under this contract, including any documents, data, photographs and negatives, electronic reports, records, software, source code, or other media, shall become the property of ODH which shall have an unrestricted right to reproduce, distribute, modify, maintain, and use the Deliverables. The CONTRACTOR shall not obtain copyright, patent, or other proprietary protection for the Deliverables. The CONTRACTOR shall not include in any Deliverable any copyrighted matter, unless the copyright owner gives prior written approval to use such copyrighted matter.

ARTICLE X  
Disclosure of Personal Health Information

- A. CONTRACTOR hereby agrees that the information provided or made available by ODH shall not be used or disclosed other than as permitted or required by the contract or as required by law. CONTRACTOR will establish and maintain appropriate safeguards to prevent any use or disclosure of the information, other than as provided for by this contract [ref. 45 §C.F.R.164.504(e)(2)(ii)(A)(B)]. CONTRACTOR shall immediately report to ODH any discovery of use or disclosure of information not provided for or allowed by the contract.
- B. CONTRACTOR hereby agrees that anytime information is provided or made available to any subcontractor or agent, CONTRACTOR must enter into a subcontract with the subcontractor or agent that contains the same terms, conditions, and restrictions on the use and disclosure of information as contained in this contract. CONTRACTOR must obtain ODH approval prior to entering into such agreements. Further, CONTRACTOR agrees to make available and provide right of access to an individual of their protected health information when that protected health information is obtained in the performance of CONTRACTOR's obligations under this contract.

ARTICLE XI  
Suspension and Termination

- A. ODH may suspend or terminate this contract for any reason thirty (30) days after delivery of written notice to the CONTRACTOR. ODH may suspend or terminate this contract immediately after delivery of written notice to the CONTRACTOR if ODH:
  - 1. Discovers any illegal conduct on the part of the CONTRACTOR;
  - 2. Discovers a violation of ARTICLE V or ARTICLE XVIII;
  - 3. Is subject to a loss of funding as set forth in ARTICLE III, Section D;
  - 4. Discovers a petition in bankruptcy or similar proceeding has been filed by or against the CONTRACTOR. If at any time during the contractual period a bankruptcy or similar proceeding has been filed by or against the CONTRACTOR, the CONTRACTOR shall immediately notify ODH of the filing; or
  - 5. Discovers that CONTRACTOR or any of its subcontractors has performed any services under this contract outside the United States and is not in compliance with ARTICLE XV of this contract.
- B. The CONTRACTOR, upon receipt of notice of suspension or termination, shall cease work on the suspended or terminated activities under this contract, suspend or terminate any subcontracts relating to such suspended or terminated activities, take all necessary or appropriate steps to limit disbursements and minimize costs, and furnish a report, as of the date of receipt of notice of suspension or termination describing the status of all work under this contract, including without limitation, results accomplished, conclusions resulting therefrom, and such other matters as ODH may require.

- C. In the event of suspension or termination under this Article, the CONTRACTOR shall be entitled to compensation, upon submission of a proper invoice, for the work performed prior to receipt of notice of termination or suspension, which shall be calculated by ODH based on the rate set forth in ARTICLE III, less any funds previously paid by or on behalf of ODH. In the case of services for which the CONTRACTOR charges a flat rate, compensation shall be based on a reasonable percentage of the total services performed, as determined by ODH, less any funds previously paid by or on behalf of ODH. ODH shall not be liable for any further claims, and the claims submitted by the CONTRACTOR shall not exceed the total amount of compensation allowed by this contract.

ARTICLE XII  
Breach or Default

- A. Upon breach or default by the CONTRACTOR of any of the provisions, obligations or duties embodied in this contract, ODH may exercise all administrative, contractual, equitable or legal remedies available, without limitation. The waiver of any occurrence of breach or default is not a waiver of subsequent occurrences, and ODH retains the right to exercise all remedies hereinabove mentioned.
- B. If ODH or the CONTRACTOR fails to perform an obligation or obligations under this contract and thereafter such failure is waived by the other party, such waiver shall be limited to the particular failure so waived and shall not be deemed to waive other failures hereunder. Waiver by ODH shall not be effective unless it is in writing and signed by the ODH contract manager.
- C. This Article is subject to the provisions of ARTICLE XV, Section B with regard to circumstances dealing with offshore outsourcing.

ARTICLE XIII  
Amendments

This writing constitutes the entire agreement between the parties with respect to all matters herein. This contract may be amended only by a writing signed by both parties. However, it is agreed by the parties that any amendments to laws or regulations cited herein will result in the correlative modification of this contract, without the necessity for executing written amendments. Any written amendments to this contract shall be prospective in nature. When a new or different term or condition is added, additional consideration is not necessary to bind the parties.

ARTICLE XIV  
Limitation of Liability

- A. Each party will be responsible to third parties for any liability, suits, losses, judgments, damages, or any other demands caused by or arising out of their own actions or omissions, or those of their respective employees, subcontractors, or assigns while performing this contract.
- B. Any ODH liability to CONTRACTOR for damages, whether in contract or in tort, shall not exceed the total amount of compensation payable to the CONTRACTOR under ARTICLE III or the amount of direct damages incurred by the CONTRACTOR, whichever is less. The CONTRACTOR's sole and exclusive remedies for ODH's failure to perform under the contract shall be as set forth in this Article. In no event shall ODH be liable for any indirect or consequential damages, including loss of profit, even if ODH knew or should have known of the possibility of such damages.
- C. Neither party is responsible to the other party for nonperformance or delay in performance of the terms of the contract due to acts of God, wars, riots, strikes, or other causes beyond the control of the parties.

ARTICLE XV  
Governing the Expenditure of Public Funds on Offshore Services

A. The CONTRACTOR affirms to have read and understands Executive Order 2011-12K and shall abide by those requirements in the performance of this Contract. Notwithstanding any other terms of this Contract, the State reserves the right to recover any funds paid for services the Contractor performs outside of the United States for which it did not receive a waiver. The State does not waive any other rights and remedies provided the State in this Contract.

The CONTRACTOR also affirms, understands, and agrees to immediately notify the State (ODH) of any change or shift in the location(s) of services performed by the CONTRACTOR or its subcontractors under this contract, and no services shall be changed or shifted to a location(s) that are outside of the United States.

B. Termination, Sanction, Damages

1 If CONTRACTOR or any of its subcontractors perform services under this contract outside of the United States, the performance of such services shall be treated as a material breach of the contract. The State (ODH) is not obligated to pay and shall not pay for such services. If CONTRACTOR or any of its subcontractors perform any such services, CONTRACTOR shall immediately return to the State (ODH) all funds paid for those services. The State (ODH) may also recover from the CONTRACTOR all costs associated with any corrective action the State (ODH) may undertake, including but not limited to an audit or a risk analysis, as a result of the CONTRACTOR performing services outside the United States.

2 The State (ODH) may, at any time after the breach, terminate the contract, upon written notice to the CONTRACTOR. The State (ODH) may recover all accounting, administrative, legal and other expenses reasonably necessary for the preparation of the termination of the contract and costs associated with the acquisition of substitute services from a third party.

3 If the State (ODH) determines that actual and direct damages are uncertain or difficult to ascertain, the State (ODH) in its sole discretion may recover a payment of liquidated damages in the amount of 1% of the value of the contract.

4 The State (ODH), in its sole discretion, may provide written notice to CONTRACTOR of a breach and permit the CONTRACTOR to cure the breach. Such cure period shall be no longer than 14 calendar days. During the cure period, the State (ODH) may buy substitute services from a third party and recover from the CONTRACTOR any costs associated with acquiring those substitute services.

5 Notwithstanding the State (ODH) permitting a period of time to cure the breach or the CONTRACTOR's cure of the breach, the State (ODH) does not waive any of its rights and remedies provided the State (ODH) in this contract, including but not limited to recovery of funds paid for services the CONTRACTOR performed outside of the United States, costs associated with corrective action, or liquidated damages.

ARTICLE XVI  
Assignment

The CONTRACTOR will not assign any of its rights nor delegate any of its duties and responsibilities under this contract without prior written consent of the State (ODH). Any assignment or delegation not consented to may be deemed void by the State (ODH).

ARTICLE XVII  
Drug Free Workplace

The CONTRACTOR shall comply with all applicable state and federal rules, regulations and statutes pertaining to a drug free workplace. The CONTRACTOR shall make a good faith effort to ensure that all employees of the CONTRACTOR do not purchase, transfer, use or possess illegal drugs or alcohol or abuse prescription drugs in any way while working on state, county, or municipal property.

ARTICLE XVIII  
Good Standing

- A. CONTRACTOR affirmatively represents and warrants to ODH that it is not subject to a finding for recovery under section 9.24 of the O.R.C. or that it has taken the appropriate remedial steps required under section 9.24 of the O.R.C. or otherwise qualifies under that section. CONTRACTOR further affirmatively represents and warrants to ODH that it is not debarred or suspended from entering into state of Ohio contracts pursuant to section 125.25 of the O.R.C. and is not subject to exclusion, disqualification or ineligibility as defined in 2 Code of Federal Regulations (C.F.R.) §180.110. CONTRACTOR agrees that if this representation and warranty is deemed false, the contract will be void *ab initio* as between the parties to this contract, and any funds paid by ODH hereunder shall be immediately repaid to ODH, or an action for recovery may be immediately commenced by ODH for the recovery of said funds.
- B. The CONTRACTOR certifies that the CONTRACTOR is not federally debarred from participating in government contracts funded by federal money as described in 2 C.F.R. §180.220. If at any time during the contractual period the CONTRACTOR is federally debarred from participating in government contracts funded by federal money, for whatever reason, the CONTRACTOR shall immediately notify ODH of the debarment.
- C. The CONTRACTOR certifies that all approvals, licenses or other qualifications necessary to conduct business in Ohio have been obtained and are operative. If at any time during the contractual period the CONTRACTOR becomes disqualified from conducting business in Ohio, for whatever reason, the CONTRACTOR shall immediately notify ODH of the disqualification.

ARTICLE XIX  
Insurance

Each Party will provide the following insurance at its own expense:

- A. Workers' Compensation insurance, as required by Ohio law or the laws of any other state where work under this contract will be done.
- B. Employer's liability insurance, personal injury, bodily injury, and property damage liability insurance, including automobile coverage, with personal injury and bodily injury coverage, or alternatively, CONTRACTOR certifies that it has an established plan of self-funded insurance with sufficient assets to cover these potential liabilities arising out of this Agreement.

ARTICLE XX  
Construction

This agreement shall be governed, construed and enforced in accordance with the laws of the State of Ohio. Further, the Ohio courts shall have jurisdiction over the subject matter and the parties hereto in connection with disputes concerning validity and enforcement of this agreement. Should any portion of this contract be found unenforceable by operation of statute or by administrative or judicial decision, the enforceability of the balance of this contract shall not be affected thereby, provided that the absence of the unenforceable provision does not render the performance of the remainder of the contract impossible.

ARTICLE XXI  
Taxes

ODH as a Department of the State of Ohio is exempt from any sales, use, excise or property tax. To the extent sales, use, excise or other similar tax is imposed on the CONTRACTOR in connection with the performance of this contract, the CONTRACTOR will pay such taxes.

### Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). If you do not have a number, see *How to get a TIN* on page 3.

**Note.** If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

### Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. ## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

### Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

**Note.** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

**Foreign person.** If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

**Nonresident alien who becomes a resident alien.** Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a “saving clause.” Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

**Example.** Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

**What is backup withholding?** Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called “backup withholding.” Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

**Payments you receive will be subject to backup withholding if:**

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

## Penalties

**Failure to furnish TIN.** If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

**Civil penalty for false information with respect to withholding.** If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

**Misuse of TINs.** If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

**Note.** If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),
2. The United States or any of its agencies or instrumentalities,
3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,
4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or
5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,
7. A foreign central bank of issue,
8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,
9. A futures commission merchant registered with the Commodity Futures Trading Commission,
10. A real estate investment trust,

13. A financial institution,
14. A middleman known in the investment community as a nominee or custodian, or
15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 <sup>1</sup>	Generally, exempt payees 1 through 7

<sup>1</sup> See Form 1099-MISC, Miscellaneous Income, and its instructions.

<sup>2</sup> However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a federal executive agency.

## Part I. Taxpayer Identification Number (TIN)

**Enter your TIN in the appropriate box.** If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**Note.** See the chart on page 4 for further clarification of name and TIN combinations.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at [www.ssa.gov](http://www.ssa.gov). You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at [www.irs.gov/businesses](http://www.irs.gov/businesses) and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting [www.irs.gov](http://www.irs.gov) or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note.** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

## Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt payees, see *Exempt Payee* on page 2.

**Signature requirements.** Complete the certification as indicated in 1 through 5 below.

**1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.

**2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

**3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

**4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

**5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

## Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

### Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to [phishing@irs.gov](mailto:phishing@irs.gov). You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: [spam@uce.gov](mailto:spam@uce.gov) or contact them at [www.consumer.gov/idtheft](http://www.consumer.gov/idtheft) or 1-877-IDTHEFT(438-4338).

Visit the IRS website at [www.irs.gov](http://www.irs.gov) to learn more about identity theft and how to reduce your risk.

### **SAMPLING METHODS USED WHILE PERFORMING ENVIRONMENTAL SURVEILLANCE IN THE VICINITY OF THE PERRY NUCLEAR POWER PLANT (PNPP)**

All samples collected as part of an ODH surveillance program are split samples whenever possible. Splitting samples is a method, which can, among other things, be used to check a laboratory's analytical quality program. Splitting samples generally involves obtaining two identical samples from a single collection volume. One sample is then analyzed by the power plant facility and the ODH Laboratory analyzes the other sample. The analytical results can then be compared. In some cases duplicate samples are taken rather than split samples. For example, it is better to collect milk samples simultaneously rather than obtaining them from a single container due to the tendency of radionuclides to plate on the surface of the collection container.

Air samples shall be routinely collected and shipped to the ODH lab by no later than Tuesday. If samples cannot be collected due to severe weather or other unforeseen circumstances, arrangements should be made to collect the samples as soon as possible after the scheduled collection date, and explanation should be noted on the ODH Laboratory Sample Data Sheet.

Chemical preservatives such as hydrochloric acid (HCl), and sodium bisulfite (NaHSO<sub>3</sub>), are added to some samples. Before using such chemicals review the Material Data Safety (MDS) sheets, and follow the safety precautions outlined. Individuals collecting samples when chemicals are used or transported must carry Material Data Safety sheets.

The following samples are either split samples or are collected simultaneously (in duplicate) with power plant facility personnel unless otherwise noted.

#### AIR SAMPLES

Air particulates are collected on 47mm, 0.80µm filter papers, or 47mm glass fiber filters. Air iodine is collected in a TEDA impregnated charcoal cartridge mounted in tandem with the air particulate filter in a quick disconnect assembly. The average sampling rate is three to four cubic feet per minute (CFM). The air samples used by the Davis-Besse Nuclear Power Station and Perry Nuclear Power Plant staff have an average sampling rate of two CFM.

In accordance with established sampling procedures, filter papers and charcoal canisters are changed weekly by ODH contract personnel. Overnight carrier then ships the filters and canisters to the ODH Laboratory located in Reynoldsburg, Ohio for analysis. At the laboratory, gross beta analysis is performed on each filter paper. The weekly filter papers are composited for a quarterly gamma isotopic analysis. The charcoal canisters are analyzed for the presence of iodine-131 (I-131).

The indicator locations for PNPP were chosen based on calculations, which predict that these locations should receive the highest exposure or deposition of radioactive material. The indicator sample is co-located with a PNPP air sampler at ODH Location 24 on Lockwood Road. The control sampler is located at the Auburn Career Center on Auburn Road and is designated

Location two. This air sampler is approximately 0.5 miles from a PNPP control air sampler (PNPP Location 6).

### **AIR SAMPLER PROCEDURES**

The quick disconnect filter assembly should be loaded and unloaded in the office. This will minimize possible loss of filter paper particulate, or damage to filter by rain, wind, snow, etc.

### **LOADING THE QUICK DISCONNECT ASSEMBLY**

1. Unscrew the top portion of the assembly.
2. Place paper filter E-47mm glass fiber filter in place.
3. Screw top back on.
4. Unscrew middle section of assembly.
5. Check the seal, which sits under the cartridge to insure it is still intact and not damaged. Notify ODH Bureau of Radiation protection if a new one is needed.
6. Place TEDA charcoal cartridge in place making sure that the end of the cartridge with THE LIP ON IT IS FACING UP.
7. Screw sections back together VERY SECURELY so that there is no rattling noise when assembly is shaken.

### **AIR SAMPLER OPERATION**

1. Turn off the sampler.
2. Record the running time meter reading (in hours).
3. Zero the running time meter.
4. Record the flow rate meter reading for end of the sampling period. (Note: This is also the start reading for the next sample).
5. Remove sample holder and replace it with the newly loaded one.
6. Turn the sampler back on.
7. Complete data sheet, to include weekly total volume and unload quick disconnect assembly back in office.

### **UNLOADING THE ASSEMBLY**

1. When removing the filter papers USE TWEEZERS. The air filter should be handled with care when dust loading is observed because particulate matter is easily removed from the filter thus invalidating the analysis.
2. Place filter paper in 47mm plastic petri slide dish so that the collection side of the paper is facing up. Place lid on petri slide dish and secure with tape. Denote sample location on slide.
3. Remove cartridge, denote sample location on cartridge and place in sealable baggie or envelope.
4. Ship filter paper and cartridge with respective sample data sheets to the ODH Laboratory located in Reynoldsburg, Ohio.

### **SURFACE WATER SAMPLES**

At the indicator Location 34 (PNPP intake), surface water from Lake Erie is collected using a Horizon Interval Sampler which collects a small volume of water at short intervals. At the end of a one-month time period, a volume of five gallons of water is collected. A one-gallon sample

and a two-liter sample are taken from this volume. The one-gallon sample is collected in a cubitainer to which 5 ml of hydrochloric acid (HCl)\* is added, and the two-liter sample is collected in a one-gallon cubitainer to which no hydrochloric acid is added. Both containers are shipped on ice to the ODH Laboratory for analysis. Gross beta and gamma isotopic analyses are performed on the monthly water samples. Tritium analysis is performed on quarterly composites of the samples containing no hydrochloric acid.

At the control Location 36 (Painesville Water Treatment Plant), an interval sampler is also used to obtain a water sample. The sampler collects a one-minute sample of water from the raw water sample line every hour. Monthly a one-gallon sample and a two-liter sample are taken from this volume. The one-gallon sample is collected in a cubitainer to which 5 ml of HCl\* is added, and the two-liter sample is collected in a one-gallon cubitainer to which no hydrochloric acid is added. Both samples are shipped on ice to the ODH Laboratory for analysis. Analyses are the same as those performed in the indicator water sample.

Containers should be labeled with sample identification and date of collection. A laboratory data sheet should also be completed noting to which cubitainer HCl was added. The samples are then shipped to the ODH Laboratory located in Reynoldsburg, Ohio.

\* Note: Transfer HCl to the cubitainer by using a pipette bulb. NEVER PIPETTE BY MOUTH

### **MILK SAMPLES**

The collection of milk can be from goats or cows that are in close proximity to the plant. A one-gallon sample of milk is collected at location 18 to which 100 milligrams of sodium bisulfate (NaHSO<sub>3</sub>) is added. Milk samples are shipped on ice to the ODH Laboratory where radioiodine and gamma isotopic analyses are performed.

### **MILK SAMPLING PROCEDURES**

This sample must be a "split sample" with the utility. When splitting samples for inter-laboratory comparison, it is vital that both samples are representative of the media in question. The cooler and ice packs provided by ODH should be taken to the sampling site so that the milk sample can be placed on the ice as soon as it is obtained.

1. Samples are collected and provided by the Farmer at the same time as the utilities samples are collected.
2. Visit location and obtain sample.
3. Label cubitainer with sample identification noting the addition of sodium bisulfate.
4. Complete sample data sheet and submit to lab with sample.
5. Ship sample in to ODH laboratory lab as soon as possible.

### SEDIMENT SAMPLES

Bottom sediments from Lake Erie are collected semiannually in the vicinity of the plant discharge at Location 25 and the control sample is collected at location 32, Mentor on the Lake. Samples are collected with a Petite Ponar Grab Sampler and then transferred to a plastic container. Approximately one kilogram of sediment is taken from this sample and shipped to the ODH Laboratory for gamma isotopic analysis.

1. Accompany utility staff member by boat to the specified location.
2. Once location reached a rope is tied around a Ponar sampling device that is drawn through a pulley that is attached to the side of the boat.
3. The Ponar device is dropped over the side of the boat and lowered to the lake bottom.
4. Once on the bottom the device is pulled back to the surface, the force of pulling the unit up releases a spring pin from the Ponar device which allows the unit to scoop sediment off the lake bottom.
5. The Ponar is brought onto the boat and the sediment is emptied into a square plastic pan. A large plastic spoon is used to scoop the sediment into a 1 liter plastic sampling bottles that are identified with the sampling location number. Tapping the bottles lightly on the ship floor intermittently while filling will force the sample to settle at the bottom of the bottle allowing the container to be filled to capacity
6. This process is repeated until enough sediment is collected at each sample per location

### FISH SAMPLES

Fish samples should include each of the principle edible types in the environment surrounding the facility. The sample may be purchased from fishermen if the origin can be determined.

1. This sample must be a split sample.
2. Accompany utility personnel to sampling location and observe sampling procedures. Note the procedure used to obtain the samples on the Laboratory Sample Data Sheet.
3. Approximately 0.5 to 1.0 kg per species should be taken. If the fish weighs more than one pound, a piece of the fish's midsection can be used. Double bag the catch or place in plastic container provided.
4. Label bag or container with sample identification.
5. Place in cooler with ice packs.
6. Complete sample data sheet.
7. Ship sample as soon as possible to ODH Laboratory. If shipping is delayed, freeze the fish until shipment is possible. Do not freeze the fish in water.

### **PRODUCE SAMPLES**

Split samples of available in-season green leafy vegetables are collected at time of harvest from a commercial produce farm in the immediate area of the plant. The samples are collected at Location 62. Produce samples are shipped on ice to the ODH Laboratory.

### **PRODUCE SAMPLING PROCEDURES**

In season green leafy produce samples should be collected near the point of maximum predicted annual ground concentration from stack releases and from areas, which may be contaminated, by water into which liquid wastes from the power plant have been discharged. Include the name or location of the farm where the produce was grown on the Laboratory Sample Data Sheet.

Exposed surfaces of the vegetation can provide indications of deposition and should not be washed. However, caution should be used to avoid contaminating the sample with any soil.

1. This must be a “split sample” with the utility.
2. Proceed to predetermined sample area.
3. Obtain at least 3.5 kilograms of the edible portion of the vegetable.  
Note each item collected must actually be split until enough “halves” are obtained to fulfill the above requirement.
4. Place sample halves in bag(s) or container(s) provided and seal.
5. Label bag or container with sample identification.
6. Complete sample data sheet.
7. Place sample(s) in cooler with ice packs and ship to ODH Laboratory.
