SPECIAL CONTRACT TERMS AND CONDITIONS

AMENDMENTS TO CONTRACT TERMS AND CONDITIONS: The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

SPECIFICATION QUESTIONS: Bidders must visit the state of Ohio website at [www.ohio.gov/procure](http://www.ohio.gov/procure) to post summary related questions at the bottom of the page where the documents were downloaded. Answers to all bidder questions will be posted on the website and linked to the document. The State will make every effort to respond to website inquires within forty-eight (48) hours of receipt. The State will not respond to any verbal or written questions received through any other medium. No prospective bidder shall respond to any verbal instructions or changes to this bid. Only communications issued by the Department of Administrative Services, Office of State Purchasing in the form of an addendum, will be considered valid.

DELIVERY AND ACCEPTANCE: Supplies will be delivered to the participating agency within one (1) day after receipt of order and, in accordance with paragraphs S-8, S-9, and S-10 of the Supplemental Contract Terms and Conditions. The delivery location will be noted on the purchase order issued by the participating agency. Acceptance (transfer of title) will occur upon the inspection and written confirmation by the ordering agency that the supplies delivered conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, acceptance shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

Delivery is to be during ordering facility normal working hours. Delivery at other times may not be accepted, or if accepted and requires facility over time wages, the facility's cost of paying over time may be deducted from future invoices.

Cylinder exchange includes pickup of empty cylinders and return of filled cylinders within three (3) days after receipt of order. Orders shall be issued by the using facility on an as needed basis when their tanks reach twenty-five percent (25%) or less of the contractor and the facility may establish a weekly, bi-monthly or other suitable delivery schedule to deliver such quantities as may be determined by inspection of storage containers/tanks.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will base the evaluation on the price differential per gallon times the estimated annual usage (bulk and cylinder) for each district as shown on the bid pages, plus the total cost for RENTAL, INSTALLATION, AND FILLING OF contractor-owned cylinders. This pricing will be added for a lot price per district. Failure to quote cylinder charges may disqualify the bidder for that district. Where an unknown quantity is shown, a quantity of one (1) will be used for evaluation.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by bid district. Failure to bid all items for a bid district may result in the bidder being deemed not responsive for that district. To determine the lowest responsive and responsible bidder by bid district the state will add the totals of; the Differential Cost per Gallon of Bulk Delivery, the Differential Cost per Gallon of Cylinders bid, and the cost of Customer Tank Installation per the number of estimated tanks.

MINIMUM ORDER, TWO HUNDRED (\$200.00) DOLLARS: The minimum dollar value of any order placed against this contract shall be not less than two hundred (\$200.00) dollars.

PRICING: Starting the first day of July, 2012 and continuing for the month of July, 2012, the contract price will be at the adjusted price as calculated under the following paragraph "Pricing Formula". Thereafter, the "Price Adjustment" webpage will be adjusted monthly. The procedure for price adjustment is outlined in the paragraph titled "Pricing Formula". The pricing procedure referred to under the pricing formula shall continue in effect for the duration of the contract. Pricing at time of ordering shall prevail.

PRICING FORMULA: Monthly prices for propane gas shall increase or decrease in accordance with the weekly publication of the "Oil Price Information Service". The adjustable price is listed as "U.S. Reseller Propane Prices", under the sub-heading "Mont Belvieu".

The contractor's selling price for any month will be increased/decreased using the Posting Average-Mont Belvieu stated on the Thursday of the last full week of the preceding month. This pricing procedure is to remain in effect for the duration of the contract. Selling prices shall be rounded to the nearest tenth cents (three places).

The " Oil Price Information Service " is published by the United Communications Group, 11300 Rockville Pike, Suite 1100, Rockville MD 20852-3030, and is published weekly. In the event the "Oil Price Information Service" ceases publication and/or a viable listing of reference prices relating to Mont Belvieu is no longer available, the parties to this contract shall mutually establish a replacement reference price index.

The State of Ohio reserves the right to make a change to another price index, whether electronically or in paper form. The contractors would receive notification of any such change.

NOTE: In accordance with this Pricing Formula Provision, the delivered price of the first propane delivery against the awarded contract shall be calculated as follows:

The political division's or institution of higher education's order and this Contract are between the Contractor and the political subdivision or institution of higher education. The Contractor must look solely to the political subdivision or institution of higher education for performance, including payment. The Contractor agrees to hold the state of Ohio harmless with regard to political subdivisions and institution of higher education's orders and political subdivision's and institution of higher education's performance. DAS may cancel this Contract and may seek remedies if the Contractor fails to honor its obligations under an order from a political subdivision or institution of higher education.

The dollar value of the sale is the price paid by the Contract user for the products and/or services listed on the purchase order or other encumbering document, as recorded by the Contractor.

The Contractor shall be required to report the quarterly dollar value of sales to the Department of Administrative Services (DAS) on a form prescribed by DAS. If no sales occur, the Contractor must show zero. The report must be submitted thirty (30) days following the completion of the reporting period.

The Contractor shall also submit a close-out report within one hundred and twenty (120) days after the expiration of this Contract. The close-out report must cover all sales not shown in the final quarterly report and reconcile all errors and credits. If the Contractor reported all contract sales and reconciled all errors and credits on the final quarterly report, then the Contractor should show zero "0" sales in the close-out report.

The Contractor must forward the Quarterly Sales Report to the following address:

Department of Administrative Services  
General Services Division, Term Contract Program  
4200 Surface Road  
Columbus, OH 43228-1395

If the Contractor fails to submit sales reports, falsifies reports or fails to submit sales reports in a timely manner, DAS may terminate or cancel this Contract.

**CONTRACTOR REVENUE SHARE:** The Contractor must pay the Department of Administrative Services (DAS) a revenue share of the sales transacted under this contract. The Contractor must remit the revenue share in U.S. dollars within thirty (30) days after the end of the quarterly sales reporting period. The revenue share equals 0.75% of the total quarterly sales reported. Contractors must include the revenue share in their prices. The revenue share is included in the award price(s) and reflected in the total amount charged to ordering agencies which includes both state agencies and political subdivisions using this Contract.

The contractor must remit any monies due as the result of the close-out report at the time the close-out report is submitted to DAS. The Contractor must pay the revenue share amount due by check. To ensure the payment is credited properly, the Contractor must identify the check as a "Revenue Share" and include the following information with the payment:

4200 Surface Road  
Columbus, OH 43228-1395

If the full amount of the revenue share is not paid within thirty (30) calendar days after the end of the applicable reporting period, the non-payment constitutes a contract debt to the State. The State may either initiate withholding or setting off payments or employ the remedies available under Ohio law for the non-payment of the revenue share.

If the Contractor fails to pay the revenue share in a timely manner, DAS may terminate or cancel this Contract.

**DISCLOSURE OF SUBCONTRACTORS / JOINT VENTURES** (See Standard Contract Terms and Conditions, Section (roman numeral) V. General Provisions:, Paragraph Q.):

Any attempt by the Bidder/Contractor to change or otherwise alter subcontractors or locations where work will be performed or locations where data will be stored, without prior written approval of DAS, will be deemed as a default.
