MUTUALLY AGREED UPON CHANGES AND CLARIFICATIONS TO THE CONTRACT

The following language is added to clarify the Attachment Three Ownership of Deliverables and License in Commercial Material provisions:

The term "custom work" as described in this Request for Proposal (RFP) means work performed under the CSP903212 Contract.

For any custom work that involves Reduce the Risk (RTR) curriculum, Cincinnati Children's Hospital Medical Center (CCHMC) may only make adaptations consistent with ETR Associates (ETR) published guidelines set forth in the RTR Adaptation Kit, green light modifications. If Department of Health (DOH) requests CCHMC to make changes to RTR that CCHMC believes would violate ETR's permitted modifications, the parties will work together to obtain approval from ETR to permit such modifications.

For custom work that involves development of healthy relationships, financial literacy, and career building skills curricula, CCHMC agrees to develop the curricula as required under the Contract. If DOH requests CCHMC to include components in a curriculum that CCHMC believes may require additional licenses or other approvals, the parties will work together to obtain such licenses or approvals for CCHMC to include those components.

The following language is added to clarify Attachment Three General Warranties and Indemnity provisions:

CCHMC will warrant all custom work, including RTR green light adaptations that CCHMC provides under this Contract; CCHMC will not warrant the original RTR pregnancy prevention curriculum.

Except for the original RTR pregnancy prevention curriculum, CCHMC will indemnify the State against any claim brought against the State for infringement of a copyright, patent, trade secret, or similar intellectual property right based on the State's proper use of any Deliverable under this Contract.
