#### **SPECIAL CONTRACT TERMS AND CONDITIONS**

**ALTERNATE BIDS:** Bidders submitting alternate bids must submit a separate, complete pricing schedule clearly marked as an alternate bid. Such alternate bids shall be deemed not responsive.

**DESCRIPTIVE LITERATURE:** The Bidder shall submit descriptive literature of the supplies or services being offered as part of their bid submission. The literature will be used in the evaluation process to determine the lowest responsive and responsible bidder. Any references, that may appear in the descriptive literature, that may alter the terms and conditions and specifications of the bid (e.g. F.O.B. Shipping Point or Prices Subject to Change), will not be part of any contract and will be disregarded by DAS. Failure of the bidder to furnish descriptive literature as part of their bid response will deem the bidder not responsive.

The samples will be used in the evaluation process to determine the lowest responsive and responsible bidder. If not included as part of their bid response, the bidder will be required to provide the samples within seven (7) calendar days after notification. Failure to provide the samples within the stated time period will result in the bidder being deemed not responsive. After award of the contract, the samples will be used as a basis of comparison with actual product delivered under contract. Any variation between the samples and product being delivered will be considered as an event of default. Any variations between the samples and actual product being delivered that are due to manufacturer changes may be acceptable and shall require prior written approval from DAS.

**AUTHORIZED DISTRIBUTOR OR MANUFACTURERS REPRESENTATIVE:** Bidders responding to this Bid must be authorized distributors, manufacturers or representatives of manufacturers of the items bid. This certification must be on the manufacturer's letterhead, signed by a duly authorized employee of the manufacturer.

**EVALUATION:** Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will multiply the price bid by each bidder for each item in each category by the estimated annual usage for that item. The resulting quantity will be summed to determine the lowest responsive and responsible state of Ohio Certified Minority Business Enterprise bidder for each category. Bidders must bid all items in each category bid.

**CONTRACT AWARD:** The contract will be awarded to the lowest responsive and responsible state of Ohio EOD Certified Minority Business Enterprise bidder (see ORC 125.081) by category of product. Failure to bid all items in a category will result in the bidder being deemed not responsive for that category.

The minimum dollar value of any order placed against a contract awarded pursuant to this bid for delivery F.O.B. destination, transportation charges prepaid, at any one time to one destination, shall not be less than two hundred (\$200.00) dollars.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. AMENDMENTS TO CONTRACT TERMS AND CONDITIONS: The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

#### SPECIAL CONTRACT TERMS AND CONDITIONS

ALTERNATE BIDS: Bidders submitting alternate bids must submit a separate, complete pricing schedule clearly marked as an alternate bid. (Stand alone bid, marked "Alternate Bid") All terms and conditions for alternate bids apply. Items submitted as alternate bids that are noted in the margins of the pricing schedule are unacceptable. Such alternate bids shall be deemed not responsive.

DESCRIPTIVE LITERATURE: Bidders may be required to submit descriptive literature of the supplies or services being offered. If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible bidder. The Bidder must provide said literature within seven (7) calendar days after request / notification by the Office of Procurement Services to do so. Any references, that may appear in the descriptive literature, that may alter the terms and conditions and specifications of the bid (e.g. F.O.B. Shipping Point or Prices Subject to Change), will not be part of any contract and will be disregarded by the state of Ohio. Failure of the bidder to furnish descriptive literature either as part of their bid response or within the time specified herein will deem the bidder not responsive.

PRODUCT SAMPLES: Bidder(s) may be required to submit samples of the supplies being offered. The samples will be used in the evaluation process to determine the lowest responsive and responsible bidder. The bidder will be required to provide the samples within seven (7) calendar days after notification. Failure to provide the samples within the stated time period will result in the bidder being deemed not responsive. After award of the contract, the samples will be used as a basis of comparison with actual product delivered under contract. Any variation between the samples and product being delivered will be considered as an event of default. Any variations between the samples and actual product being delivered that are due to manufacturer changes may be acceptable and shall require prior written approval from DAS.

AUTHORIZED DISTRIBUTOR OR MANUFACTURERS REPRESENTATIVE: Bidders responding to this Bid must be authorized distributors, manufacturers or representatives of manufacturers of the items bid. Bidders may be required to submit proof of the above. If requested, bidders will have seven (7) calendar days to provide proof of the relationship. If requested Bidders shall submit certification attesting that they are the manufacturer or an authorized dealer, mill representative or broker of the products being bid. This certification must be on the manufacturer's letterhead, signed by a duly authorized employee of the manufacturer.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will multiply the price bid for each item by the estimated annual usage for that item. The resulting quantities will be summed to determine the lowest responsive and responsible bid. Failure to bid all items may result in the Bidder being deemed not responsive.

CONTRACT AWARD: A contract will be awarded to the lowest responsive and responsible bidder.

MINIMUM ORDER: No order shall be placed against a contract awarded pursuant to this bid for less than twenty-five (\$25.00) dollars. The minimum dollar value of any order placed against a contract awarded pursuant to this bid for delivery F.O.B. destination, transportation charges prepaid, at any one time to one destination, shall not be less than two hundred (\$200.00) dollars.

REFERENCES TO ALTERNATE TERMS: Any reference, which may appear on any price list or literature, to any terms and conditions, such as F.O.B. Shipping Point or Prices Subject to Change, will not be part of any contract with the successful bidder(s) and will be disregarded by DAS.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. "Termination/Suspension" and Provision II. of the "Contract Remedies:" of the "Standard Contract Terms and Conditions".
