SPECIAL CONTRACT TERMS AND CONDITIONS

AMENDMENTS TO CONTRACT TERMS AND CONDITIONS: The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

NOTICE TO BIDDERS: Security considerations at the correctional institutions could create abnormal delays or rejections of shipment(s). This could be due to a fog alert, emergency lockdown or other inclement weather conditions. Although these delays are rare they may happen several times per year at an institution.

SPECIFICATION QUESTIONS: Information regarding submission of questions and clarifications for this bid is provided on page one (1) of the bid. Through the indicated inquiry closure date, bidders may visit the State Purchasing website to post bid related questions at <www.ohio.gov/procure>. Answers to all bidder questions will be posted on the State Purchasing website and linked to the bid number. The State will make every effort to respond to website inquires within forty-eight (48) hours of receipt. The State will not respond to any verbal or written questions received through any other medium. No prospective bidder shall respond to any verbal instructions or changes to this bid. Only bid communications, issued by the Department of Administrative Services, Office of State Purchasing, in a public, published format, will be considered valid.

DELIVERY AND ACCEPTANCE: Supplies will be delivered to the participating agency within 24 hours after receipt of order and, in accordance with paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS. The delivery location will be noted on the purchase order issued by the participating agency. The contractor and the ordering location may set up a regularly scheduled weekly delivery with a 24-hour lead-time that will meet this requirement, or may arrange for deliveries as needed, with a 24-hour lead time. Acceptance (transfer of title) will occur upon the inspection and written confirmation by the ordering agency that the supplies delivered conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, acceptance shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

MINIMUM ORDER: The minimum dollar value of any order placed against a contract, awarded pursuant to this bid, for delivery F.O.B. destination, transportation charges prepaid, at any one time to one destination, shall be not less than one hundred (\$100.00) dollars. Refer to paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS.

DESCRIPTIVE LITERATURE: The Bidder may be required to submit descriptive literature of the supplies or services being offered. If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible bidder. If not provided as part of the bid response, the Bidder must provide said literature within ten (10) calendar days after request/notification by the Office of Procurement Services to do so. Any references, that may appear in the descriptive literature, that may alter the terms and conditions and specifications of the bid (i.e. F.O.B. Shipping Point or Prices Subject to Change), will not be part of any contract and will be disregarded by the state of Ohio. Failure of the bidder to furnish descriptive literature either as part of their bid response or within the time specified herein will deem the bidder not responsive.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, items will be evaluated as follows:

Cylinders: To determine the low lot total price of each location number, the state will divide the cylinder price by the offered cylinder capacity and multiply that by the estimated annual usage designated for the location. Due to the evaluation process it is essential that the bidder complete the column titled Offered Cylinder Capacity, in the stated unit shown, on the pricing pages. Failure to provide this information may result in the bidder being deemed not responsive.

Other Items: To determine the low lot total price of each location number, the state will multiply the unit price by the estimated annual usage designated for the location.

Both the cylinders and other items will then be added together to arrive at a total for the location. Where the estimated usage is shown as unknown, the cost of one (1) unit will be included in the computations. Although there will be separate location awards made, bidders are eligible to receive awards of multiple locations providing he/she is the lowest responsive and responsible bidder meeting all bid specifications and requirements listed within the locations.

SPECIAL CONTRACT TERMS AND CONDITIONS (Cont'd)

CONTRACT AWARD: The contract will be awarded per location to the lowest responsive and responsible bidders by low lot total. Although the evaluation of cylinders will be based on the extension of estimated annual usage in cubic feet, or pounds for carbon dioxide, awards will be made by the cylinder price quoted. Failure to bid all items may result in the bidder being deemed not responsive.

SPECIAL DELIVERY: Where special delivery requirements are listed for a location, those special requirements shall take precedence over standard requirements. No additional delivery charges will be allowed for special deliveries.

MATERIAL SAFETY DATA SHEET: The contractor shall provide, with all initial shipments, Material Safety Data Sheet (MSDS). The MSDS shall verify the contractor's compliance with OSHA's Hazard Communications Standard 29 CFR 1910.1200.

FIXED-PRICE WITH ECONOMIC ADJUSTMENT: The contract prices(s) will remain firm for the first six (6) months duration of the contract. Thereafter, the Contractor may submit a request to increase their price(s) to be effective thirty (30) calendar days after acceptance by DAS. No price adjustment will be permitted prior to the effective date of the increase received by the Contractor from his suppliers, or on purchase orders that are already being processed, or on purchase orders that have been filled and are awaiting shipment. If the Contractor receives orders requiring quarterly delivery, the increase will apply to all deliveries made after the effective date of the price increase.

The price increase must be supported by a general price increase in the cost of the finished supplies, due to increases in the cost of raw materials, labor, freight, Workers' Compensation and/or Unemployment Insurance, etc. Detailed documentation, to include a comparison list of the contract items and proposed price increases, must be submitted to support the requested increase. Supportive documentation should include, but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base cost of the product to the Contractor and the corresponding increase, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information and explains the source of the increase in such areas as raw materials, freight, fuel or labor, etc. Additional supportive documentation should include invoices from sub-contractors, transportation, or raw material suppliers as applicable. Contractors shall retain copies of invoices from material suppliers for the duration of the contract and may provide copies upon request as justification.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. Failure to comply with this provision will be considered as a default and will be subject to Provision I.C. "Termination/Suspension" and Provision II. of the "Contract Remedies:" of the "Standard Contract Terms and Conditions".

USAGE REPORTS: Every six (6) months the contractor must submit a report (written or on disk) indicating sales generated by this contract. The report shall list usage by customer, by line item, showing the quantities/dollars generated by this contract. The report shall be forwarded to the Office of Procurement Services, 4200 Surface Road, Columbus, OH 43228-1395, Attn: Terry Spiropoulos.

E.D.G.E CERTIFICATION: The Office of State Purchasing has identified those Contractors who were E.D.G.E. certified at the time of award of the Contract. It is possible that a Contractor's certification status may change during the term of the Contract. Agencies should refer to the Equal Opportunity Division website at <http://www.das.ohio.gov/eod/mbesearch/edgeindex.asp> to verify E.D.G.E. Certification status of the Contractor.

A. The contractor shall provide all necessary cylinders and equipment required to dispense.

B. Except as noted elsewhere in this bid, contractors shall furnish gases in the minimum purity levels as listed below:

- | | |
|-------------------------|--|
| 1. Acetylene | Industrial purity |
| 2. Oxygen | Industrial purity |
| 3. Argon | 99.996% purity |
| 4. Argon/Carbon Dioxide | Industrial purity |
| 5. Helium | 99.995% purity and 99.999% purity (Analytical Instrumentation Grade) |
| 6. Nitrogen | 99.7% purity |
| 7. Carbon Dioxide | Industrial purity |
| 8. Medical Oxygen | 99.5% purity |
| 9. Liquid Oxygen | 99.5% purity |
| 10. Dental Nitrogen | 99.7% purity |
| 11. Liquid Nitrogen | 99.997% purity |

IV. GENERAL:

- A. The contractor shall provide all necessary cylinders, equipment, and supplies required to dispense, not limited to those specified herein.
- B. The contractor shall be responsible for maintaining all related cylinders, equipment, and supplies stipulated herein, in non-leaking working conditions, at no additional charge.
- C. Contractor shall be responsible for filling State-owned cylinders in addition to contractor-supplied cylinders.

SPECIFICATIONS (Cont'd)

- D. The state recognizes that cylinder sizes/capacities vary according to manufacturer. Unless otherwise identified elsewhere, the following size ranges shall apply:
- Small - 100-149 cubic feet (CF)
 - Medium - 150-249 cubic feet (CF)
 - Large - 250-499 cubic feet (CF)
- E. Failure of bidders to offer comparable cylinder sizes, \pm 15% stated desired capacity on pricing pages, may result in the bidder being deemed not responsive.
- F. Acetylene quantity may vary due to filling conditions and will be provided on a cubic foot basis.
- G. Rental/Demurrage Fees: Bidder shall indicate on the price proposal pages the daily Rental/Demurrage fee to be charged to the state for each contractor supplied cylinder kept at the state's location per day.

V. MEDICAL:

- A. The following specifications further define the requirements for the following locations (except as noted):

Corrections Medical Center-Hospital (CMC-H) – Location #4
Corrections Reception Center - Medical (CRC) – Location #6
Ohio Veterans Home (OVH) – Location #29
Pickaway Correctional Institute-Frazier Health Center (PCI-FHC) – Location #31

1. The contractor shall have on staff, or available, upon request, a licensed inhalation therapist and/or permit holder capable of providing on-site consultation to the requesting location, at no additional charge.
2. All chemical items shall be of the type and grade approved and designed for medical/dental related use.
3. The contractor shall conduct an on-site inspection of the Correctional Medical Center (CMC-H) and Frazier Health Center (PCI-FHC) not less than every sixty (60) days.
4. Routine deliveries shall be accepted Monday through Friday from 8:00 a.m. to 4:30 p.m., except state holidays, at the designated locations.
5. Emergency Deliveries: The contractor shall be capable of providing emergency deliveries within twenty-four (24) hours of notification, seven (7) days a week.
6. Communication: The bidder is to provide, in the bid, a telephone number, preferably toll free, to enable twenty-four (24) hour access to company representatives.
7. Medical Oxygen Gases: The contractor shall initially provide and maintain in PCI-FHC center's stock the following filled medical oxygen cylinders:

- Two (2) 125 CF cylinders
- Eight (8) 23 CF cylinders
- Three (3) 15 CF cylinders
- Four (4) 275 CF cylinders

SPECIFICATIONS (Cont'd)

8. Liquid Oxygen Container(s): The contractor shall provide and maintain the following liquid oxygen container(s) as required. (CMC-H, CRC-Medical and PCI-FHC)
 - a. The provided container shall have a capacity equivalent to thirty (30) or more liters of regular oxygen.
 - b. Container shall have a hook-up for humidifier bottle.
 - c. Container shall have a gauge indicating fullness of cylinder.
 - d. Container shall be on movable wheels.
 - e. Container shall be used on a main cylinder and shall have an adapter to fill small portable carry-all liquid oxygen units (stroller) specified herein.
9. Dental Nitrogen Gases: The contractor shall initially provide and maintain two (2) 275 ft³ nitrogen cylinders which shall be used for rotation when one cylinder is emptied.
10. Liquid Nitrogen: The contractor shall initially provide and maintain a ten (10) liter cylinder on wheels with removable cap containing liquid nitrogen for use in Dermatology Clinic.
11. Oxygen Concentrator Machines: The contractor shall be capable of providing no less than six (6) oxygen concentrator machines with the following requirements: (CMC-H, OVH and PCI-FHC)
 - a. Capable of utilizing 110/120 volt standard outlets.
 - b. Size to be no larger than twenty-four (24") inches long by twenty-four (24") inches wide by twenty-four (24") inches high. This size requirement is due to security cages used by the centers.
 - c. Shall have removable wheels.
 - d. Shall have an adjustable oxygen output range of between zero (0) and five (5) liters per minute.
 - e. Each shall be provided with four (4) nasal canulas with tubing per month.
 - f. The requirement for oxygen concentrators may be increased to as much as nineteen (19) per month per site at times of critical need.
12. Portable Carry-All Liquid Oxygen Units:
 - a. The contractor shall supply two (2) units refillable from main cylinder specified in Section V.A.8.
 - b. When filled, the units shall hold four (4) hours of oxygen at two (2) liters per minute.
 - c. Units shall have a gauge to measure fullness.
 - d. When filled, the units shall remain full without use for at least twenty-four (24) hours.
 - e. Units shall have a shoulder strap for carrying.

SPECIFICATIONS (Cont'd)

13. No-Additional-Cost Items to be provided at each site:
 - a. Gauge/flow meters:
 1. One (1) for each 125 CF cylinder
 2. Three (3) including turn on wrench for 23 CF cylinders
 3. One (1) including turn on wrench for each 15 CF cylinder
 - b. Cylinder stands:
 1. Two (2) for 275 CF cylinders
 2. One (1) for each 125 CF cylinder
 3. Two (2) for 23 CF cylinders
 - c. One (1) shoulder type carrying case for each 15 CF cylinder
 - d. Monthly supply of oxygen nasal canulas with tubing as specified in Section V.A.11.e
14. Additional-Cost Items: (CMC-H)
 - a. Twenty-four (24) pre-filled disposable humidifier bottles per month.
 - b. Disposable oxygen rebreather (bag) mask. Each center's stock shall be maintained at six (6) per month.
15. Helium:

Gas Chromatography/Mass Spectrophotometry helium shall be provided and maintained in a portable container with a capacity of not less than 275 cubic feet. Containers shall have female adapters to allow acceptance of male gauges. Purity must be equal to or greater than 99.999 percent.
