Any references, that may appear in the descriptive literature, that may alter the terms and conditions and specifications of the bid (e.g. F.O.B. Failure of the bidder to furnish descriptive literature either as part of their bid response or within the time specified herein will deem the bidder not responsive.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will multiply the estimated usage of each line item for State entities times the bid cost differential per gallon. These totals will then be added together to determine the lowest cost differential per district. Any item shown with an unknown quantity will be evaluated on the quantity of one (1). COOP usage is shown for informational purposes and will not be part of the evaluation.

BIDDING INSTRUCTIONS: Bidders must identify on each line bid, the refiner to be utilized on the contract. Each line must be identified specifically by brand name and refiner. Identification of the product(s) as "Various" or "Various Major Brands" is not acceptable. Failure to conform to this requirement may result in the bid being deemed not responsive.

PRICING: Starting Tuesday December 1, 2009, and continuing daily thereafter, this contract will be price adjusted. The procedure for price adjustment is outlined in the paragraph titled "Pricing Formula". The pricing procedure referred to, under the pricing formula must continue in effect for the duration of the contract.

*

This average, or reference price (which does not include taxes or discounts) as listed under the heading Average at the bottom of prices listed in the December 1, 2009 publication of the "Oil Price Information Service" is the base reference price with which the bid prices are to escalate or de-escalate. This pricing procedure is to remain in effect from the effective date of this contract for the duration of the contract. **NOTE:** No. 2 low sulfur fuel price to be used as the base reference for pricing premium diesel. No. 1 diesel pricing will be as stated for average price at OPIS Contract Benchmark, Columbus, OH.

The "Oil Price Information Service" is published by the United Communications Group, 11300 Rockville Pike, Suite 1100, Rockville, MD 20852-3030. and is published daily, Monday through Friday. The successful bidder's selling prices are to be established daily that the "Oil Price Information Service" is published and said prices must remain firm for that day. Selling price must be rounded to the nearest hundredth cent.

SPECIAL CONTRACT TERMS AND CONDITIONS (Cont'd.)

The state of Ohio reserves the right to make a change of another price index, whether electronically or in paper form. The contractors would receive notification of any such change.

In the event the "Oil Price Information Service" ceases publication and/or a viable listing of reference prices relating to Columbus, Ohio is no longer available through the "Oil Price Information Service", the parties to this contract must mutually establish a replacement reference price index.

1. The basis of this quotation is the contractor's "Cost Differential", per gallon, delivered, which is the price entered by the bidder on the pricing pages.
2. For evaluation purposes of this bid, the Base Price is established as outlined in the Pricing Formula paragraph. To this "Base Price", prevailing at the time of ordering, the successful bidder will add his Cost differential, which will include his processing cost, profit and cost towards F.O.B. prepaid delivery.
3. Bidders are not to include State or Federal taxes in their bid.
4. The purchases of motor fuel are not subject to the tax levied by the Federal Government. This tax will not be paid to contractors, except for the Federal Leaking Underground Storage Tanks (LUST) tax. Certifications that fuel is for use by a Government Agency will be issued upon request. Purchases of motor fuel for highway use are subject to the tax levied by the state of Ohio. It is paid to contractors on invoices for the fuel. Contractors must have the right to collect any increase in taxes assessed by the state of Ohio during the life of the contract.

Effective October 1, 2005 federal law mandates that Diesel, Dyed Diesel, Bio-Diesel blends, Dyed Kerosene, Heating fuel and gasoline be subject to the Federal Leaking Underground Storage Tanks (LUST) tax of \$.001 per gallon. Beginning with the above-cited effective date, the LUST tax will show as a separate line item on invoices.

Effective January 1, 2009 the "Federal Environmental Fee Recovery" (Federal Oil Spill Tax) increased to \$.001905 per gallon. For products blended with ethanol, the rate will be \$.001715 per gallon. The "Federal Environmental Fee Recovery" (Federal Oil Spill Tax) tax will show as a separate line item on invoices.

In accordance with this Pricing Formula Provision, the delivered price of the first fuel delivery of this contract will be calculated as follows:

O.P.I.S. Average from December 1, 2009 publication + Cost Differential + LUST Tax + Federal Oil Spill = First Delivered Price

INVOICES: All invoices must show the brand name for the corresponding delivery. Only those listed brands shown must be furnished. Delivery of brands not listed in the contract will not be acceptable and may result in cancellation of the contract.

TECHNICAL ASSISTANCE: The state of Ohio may request that the contractor provide technical expertise with regard to the product supplied as the result of any contract award.

QUALITY ASSURANCE: See Article S-15, Supplemental Contract Terms and Conditions.

Failure to meet the specification requirements, when tested, may require the contractor to remove all fuel in the tank, and reimburse the facility for all fuel removed. The contractor will also be required to replace the shipment and will be held liable for any damages to equipment incurred by the state of Ohio, to include testing costs. Fuel failing test(s) but already consumed will be paid at the rate of the grade for which it passes. Any subsequent failure to meet specification requirements will result in immediate cancellation of the contract.

All fuels delivered under this contract must be of good quality, refined for the purposes of this bid and must contain no waste products. Your signature on the front of the bid certifies your compliance with this requirement. The contractor may be charged with fraud if samples taken from deliveries and submitted for laboratory testing are found to contain waste products.

If a political subdivision or institution of higher education relies upon this Contract to issue a purchase order or other ordering document, the political subdivision or institution of higher education "steps into the shoes" of the State under this Contract. The political division's or institution of higher education's order and this Contract are between the Contractor and the political subdivision or institution of higher education. The Contractor must look solely to the political subdivision or institution of higher education for performance, including payment. The Contractor agrees to hold the state of Ohio harmless with regard to political subdivisions and institution of higher education's orders and political subdivision's and institution of higher education's performance. DAS may cancel this Contract and may seek remedies if the Contractor fails to honor its obligations under an order from a political subdivision or institution of higher education.
