REQUIREMENTS CONTRACT: PROPANE GAS - BULK AND CYLINDER

CONTRACT No.: RS908308

EFFECTIVE DATES: 06/01/08 to 05/31/11
Renewal through August 31, 2012*

The Department of Administrative Services has accepted bids submitted in response to Invitation to Bid No. RS908308 that opened on 04/04/08. The evaluation of the bid response(s) has been completed. The bidder(s) listed herein have been determined to be the lowest responsive and responsible bidder(s) and have been awarded a contract for the items(s) listed. The respective bid response, including the [Terms and Conditions for Bidding, Standard Contract Terms and Conditions, and Supplemental Contract Terms and Conditions](#), special contract terms & conditions, any bid addenda, specifications, pricing schedules and any attachments incorporated by reference and accepted by DAS become a part of this Requirements Contract.

This Requirements Contract is effective beginning and ending on the dates noted above unless, prior to the expiration date, the Contract is renewed, terminated or cancelled in accordance with the Contract Terms and Conditions.

This Requirements Contract is available to all State Agencies, State institutions of higher education and properly registered members of the Cooperative Purchasing Program of the Department of Administrative Services, as applicable.

Agencies are eligible to make purchases of the listed supplies and/or services in any amount and at any time as determined by the agency. The State makes no representation or guarantee that agencies will purchase the volume of supplies and/or services as advertised in the Invitation to Bid.

SPECIAL NOTE: State agencies may make purchases under this Requirements Contract up to \$2500.00 using the state of Ohio payment card. Any purchase that exceeds \$2500.00 will be made using the official state of Ohio purchase order (ADM-0523). Any non-state agency, institution of higher education or Cooperative Purchasing member will use forms applicable to their respective agency.

Questions regarding this and/or the Requirements Contract may be directed to:

David Colopy

SPECIAL CONTRACT TERMS AND CONDITIONS

AMENDMENTS TO CONTRACT TERMS AND CONDITIONS: The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

SPECIFICATION QUESTIONS: Bidders must visit the state of Ohio website at www.ohio.gov/procure to post summary related questions at the bottom of the page where the documents were downloaded. Answers to all bidder questions will be posted on the website and linked to the document. The State will make every effort to respond to website inquires within forty-eight (48) hours of receipt. The State will not respond to any verbal or written questions received through any other medium. No prospective bidder shall respond to any verbal instructions or changes to this bid. Only communications issued by the Department of Administrative Services, Office of State Purchasing in the form of an addendum, will be considered valid.

DELIVERY AND ACCEPTANCE: Supplies will be delivered to the participating agency within one (1) day after receipt of order and, in accordance with paragraphs S-8, S-9, and S-10 of the Supplemental Contract Terms and Conditions. The delivery location will be noted on the purchase order issued by the participating agency. Acceptance (transfer of title) will occur upon the inspection and written confirmation by the ordering agency that the supplies delivered conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, acceptance shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

Delivery is to be during ordering facility normal working hours. Delivery at other times may not be accepted, or if accepted and requires facility over time wages, the facility's cost of paying over time may be deducted from future invoices.

Cylinder exchange includes pickup of empty cylinders and return of filled cylinders within three (3) days after receipt of order. Orders shall be issued by the using facility on an as needed basis when their tanks reach twenty-five percent (25%) or less or the contractor and the facility may establish a weekly, bi-monthly or other suitable delivery schedule to deliver such quantities as may be determined by inspection of storage containers/tanks.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will base the evaluation on the price differential per gallon times the estimated annual bulk usage for each district as shown on the bid pages, plus the total cost for RENTAL AND FILLING OF contractor-owned cylinders. This pricing will be added for a lot price per district. Failure to quote cylinder charges may disqualify the bidder for that district. Where an unknown quantity is shown, a quantity of one (1) will be used for evaluation.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by bid district. Failure to bid all items may result in the bidder being deemed not responsive. To determine the lowest responsive and responsible bidder by bid district the state will add the totals of the Differential Cost per Gallon of Bulk Delivery plus the Total Differential Cost per Gallon of Cylinders bid. Cost of tank installation will not be part of the bid evaluation.

MINIMUM ORDER, TWO HUNDRED (\$200.00) DOLLARS: The minimum dollar value of any order placed against this contract shall be not less than two hundred (\$200.00) dollars.

PRICING: Starting the first day of June, 2008 and continuing for the month of June, 2008, the contract price will be at the adjusted price as calculated under the following paragraph "Pricing Formula". Thereafter, the contract will be adjusted monthly. The procedure for price adjustment is outlined in the paragraph titled "Pricing Formula". The pricing procedure referred to under the pricing formula shall continue in effect for the duration of the contract. Pricing at time of ordering shall prevail.

PRICING FORMULA: Monthly prices for propane gas shall increase or decrease in accordance with the weekly publication of the "Oil Price Information Service". The adjustable price is listed as "U.S. Reseller Propane Prices", under the sub-heading "Mont Belvieu".

The contractor's selling price for any month will be increased/decreased using the Posting Average-Mont Belvieu stated for the last full week of the proceeding month. This pricing procedure is to remain in effect for the duration of the contract. **Selling prices shall be rounded to the nearest tenth cents (three places).**

The " Oil Price Information Service " is published by the United Communications Group, 11300 Rockville Pike, Suite 1100, Rockville MD 20852-3030, and is published weekly. In the event the "Oil Price Information Service" ceases publication and/or a viable listing of reference prices relating to Mont Belvieu is no longer available, the parties to this contract shall mutually establish a replacement reference price index.

SPECIAL CONTRACT TERMS AND CONDITIONS (Cont'd.)

The State of Ohio reserves the right to make a change to another price index, whether electronically or in paper form. The contractors would receive notification of any such change.

NOTE: In accordance with this Pricing Formula Provision, the delivered price of the first propane delivery against the awarded contract shall be calculated as follows:

Bid Price - "Cost Differential" (at bid opening date)
+ Posting average - Mont Belvieu (from May 27, 2008 publication).
= First Month delivered Price (cylinder RENTAL charges may not be applicable when filling facility-owned cylinders)

BID PRICING: Bidder shall not include the Posting Average-Mont Belvieu on the bid page. The price on the bid (shown as "Price Differential") shall only include all profit margin, transportation charges and any other charges for delivery F.O.B. Destination.

The Office of State Purchasing will issue a monthly letter to the ordering agencies advising the posting average - Mont Belvieu price to confirm the invoice prices.

COOPERATIVE PURCHASING CONTRACT: This Contract may be relied upon by Ohio institutions of higher education and Ohio political subdivisions. Ohio political subdivisions include any county, township, municipal corporation, school district, conservancy district, township park district, park district created under Chapter 1545 of the Revised Code, regional transit authority, regional airport authority, regional water and sewer district, port authority or any other political subdivision as described in the Ohio Revised Code. To qualify to use this Contract the political subdivision must be currently enrolled in the State's Cooperative Purchasing Program. Purchases made from this Contract by a political subdivision that is not properly registered with the State's Cooperative Purchasing Program will be a violation of law and may be contrary to the political subdivision's competitive bidding requirements. If a political subdivision or institution of higher education relies upon this Contract to issue a purchase order or other ordering document, the political subdivision or institution of higher education "steps into the shoes" of the State under this Contract. The political division's or institution of higher education's order and this Contract are between the Contractor and the political subdivision or institution of higher education. The Contractor must look solely to the political subdivision or institution of higher education for performance, including payment. The Contractor agrees to hold the state of Ohio harmless with regard to political subdivisions and institution of higher education's orders and political subdivision's and institution of higher education's performance. DAS may cancel this Contract and may seek remedies if the Contractor fails to honor its obligations under an order from a political subdivision or institution of higher education.

CONTRACTOR QUARTERLY SALES REPORT The Contractor must report the quarterly dollar value (in U.S. dollars and rounded to the nearest whole dollar) of the sales, to include both state agencies and political subdivisions, under this Contract by calendar quarter (i.e. January-March, April-June, July-September and October-December). The dollar value of the sale is the price paid by the Contract user for the products and/or services listed on the purchase order or other encumbering document, as recorded by the Contractor.

The Contractor shall be required to report the quarterly dollar value of sales to the Department of Administrative Services (DAS) on a form prescribed by DAS. If no sales occur, the Contractor must show zero. The report must be submitted thirty (30) days following the completion of the reporting period.

The Contractor shall also submit a close-out report within one hundred and twenty (120) days after the expiration of this Contract. The Contract expires upon the physical completion of the last outstanding task or delivery order of the Contract. The close-out report must cover all sales not shown in the final quarterly report and reconcile all errors and credits. If the Contractor reported all contract sales and reconciled all errors and credits on the final quarterly report, then the Contractor should show zero "0" sales in the close-out report.

The Contractor must forward the Quarterly Sales Report to the following address:

Department of Administrative Services
General Services Division, Term Contract Program
4200 Surface Road
Columbus, OH 43228-1395

If the Contractor fails to submit sales reports, falsifies reports or fails to submit sales reports in a timely manner, DAS may terminate or cancel this Contract.

SPECIAL CONTRACT TERMS AND CONDITIONS (Cont'd.)

CONTRACTOR REVENUE SHARE: The Contractor must pay the Department of Administrative Services (DAS) a revenue share of the sales transacted under this contract. The Contractor must remit the revenue share in U.S. dollars within thirty (30) days after the end of the quarterly sales reporting period. The revenue share equals 0.75% of the total quarterly sales reported. Contractors must include the revenue share in their prices. The revenue share is included in the award price(s) and reflected in the total amount charged to ordering agencies which includes both state agencies and political subdivisions using this Contract.

The contractor must remit any monies due as the result of the close-out report at the time the close-out report is submitted to DAS. The Contractor must pay the revenue share amount due by check. To ensure the payment is credited properly, the Contractor must identify the check as a "Revenue Share" and include the following information with the payment:

Applicable State Term Contract Number, report amount(s) and the reporting period covered.

The Contractor should make the check payable to: Ohio Treasurer Richard Cordray and forward the check to the following address:

Department of Administrative Services
General Services Division – Term Contract Program
4200 Surface Road
Columbus, OH 43228-1395

If the full amount of the revenue share is not paid within thirty (30) calendar days after the end of the applicable reporting period, the non-payment constitutes a contract debt to the State. The State may either initiate withholding or setting off payments or employ the remedies available under Ohio law for the non-payment of the revenue share.

If the Contractor fails to pay the revenue share in a timely manner, DAS may terminate or cancel this Contract.

DISCLOSURE OF SUBCONTRACTORS / JOINT VENTURES (See Standard Contract Terms and Conditions, Section (roman numeral) V. General Provisions:, Paragraph Q.):

List names of subcontractors who will be performing work under the Contract.

By the signature affixed to Page 1 of this Bid, Bidder hereby certifies that the above information is true and accurate. The Bidder agrees that no changes will be made to this list of subcontractors or locations where work will be performed or data will be stored without prior written approval of DAS. Any attempt by the Bidder/Contractor to change or otherwise alter subcontractors or locations where work will be performed or locations where data will be stored, without prior written approval of DAS, will be deemed as a default. If a default should occur, DAS will seek all legal remedies as set forth in the Terms and Conditions which may include immediate cancellation of the Contract. Failure to complete this page may deem your bid not responsive.

SPECIFICATIONS

I. SCOPE:

These specifications cover the requirements for commercial propane, commonly referred to as liquefied petroleum gas.

II. APPLICABLE DOCUMENTS: The following documents and latest revision thereof shall apply:

- A. ASTM D1835, Liquefied Petroleum Gases
- B. ASTM D2713, Dryness of Propane (Valve Freeze Method)
- C. ASTM D1657, Density of Relative Density of Light Hydrocarbons by Pressure Hydrometer

SPECIFICATIONS (Cont'd.)

III. REQUIREMENTS:

- A. Relative Density: (specific gravity) - .5073 g/ml at 60/60° F.
- B. Vapor Pressure: At 100° F (37.8° C) maximum, 208 psig (1430 kpw)
- C. Volatile Residue: Evaporated temperature, 95% maximum -37° F (-38.3° C)
- D. Propylene Content: Maximum volume percent, not specified
- E. Residual Matter: Residue on evaporation 100 ml, maximum 0.05 ml. Oil stain observation shall pass per ASTM D2158.
- F. Corrosion: Copper strip maximum corrosion No. 1 per ASTM D1838
- G. Sulfur: Shall not be in excess of fifteen (15) grains per hundred cubic feet (100 ft.)
- H. Moisture Content: Pass per ASTM D2420

IV. ADDITIONAL REQUIREMENTS:

- A. Tanks: When requested by the using agency, the contractor shall provide tanks of specified capacity at no additional cost to the State.
- B. Installation: Installation charges, if any, for the above stated tanks shall be clearly identified in this bid. No other charges including transportation or the removal of the contractor's owned tanks, at the end of the contract period, shall be allowed. Note: installation charges are not part of the evaluation.
- C. Maintenance: The contractor is responsible to properly maintain the storage tanks, except State owned tanks. The State owned tanks will be maintained by state personnel.
- D. Recommendations: Even though the state of Ohio will maintain the State owned tanks, the contractor should make a reasonable effort to make recommendations for the proper maintenance of State owned tanks. Official inspections are not part of this contract, but may be handled by the facility, through their direct purchasing authority.
- E. Damages: Unless damage is caused by the negligence of the State's personnel to the contractor's tanks, the contractor shall be fully responsible. If the State owned tanks are damaged due to the negligence of the contractor, then the tanks shall be repaired or replaced by the contractor, at no additional cost to the State.
- F. Orders: Each using entity shall generate purchase orders to the contractor responsible for deliveries in their "bid district".
 - 1. A copy of the state of Ohio bid district map is available through the web site: <http://www.ohio.gov/procure>. "Click" on Help and Reference Materials; again "click" on Procurement Reference Materials. "Click" on Bid District Map.
 - 2. This link also provides a listing: "Locations of State Institutions, Universities and Community Colleges by Bid District. At this time it is unknown how current this listing may be. This listing is provided as reference only.
- G. Tank Removal/Propane Credit: (See B above)
 - 1. Should the state of Ohio elect to install State owned tanks where contractor tanks are installed, the contractor is responsible for the removal of their tanks at their own expense. Tank removal to be within sixty (60) days after notification. If the tanks are not removed within the sixty (60) days; the site has the right to dispose of the tanks, in a manner according to State and federal guidelines. Any expenses involved with the disposal will be the contractor's responsibility.

SPECIFICATIONS (Cont'd.)

- G. Tank Removal/Propane Credit: (See B page 6) (Cont'd.)
2. At the end of the contract period, should there be a new awarded contractor, it will be the responsibility of the exiting contractor to remove their tank(s). This tank removal is to be within sixty (60) days, at their own expense and in coordination with the facility and new contractor. If the tanks are not removed within the sixty (60) days; the site has the right to dispose of the tanks, in a manner according to State and federal guidelines. Any expenses involved with the disposal will be the contractor's responsibility.
 3. Upon removal, the exiting contractor must issue a credit for all unused propane remaining in the tank(s).

V. NOTES:

- A. Contractor may be requested to submit a "Material Safety Data Sheet" designed to meet OSHA requirements pursuant to any hazardous effect which may be caused due to any chemical compound and/or formulation of the item being bid.
- B. Material Safety Data Sheets may also be requested by ordering agencies with initial shipments going to destinations as ordered after the award of the contract.
- C. If the chemical composition of the compound being bid does not contain any hazardous effect, the contractor must indicate so on the "Material Safety Data Sheet".
- D. Pages eight (8) through sixteen (16) provide a listing by bid districts of the facilities and their estimated usage.
 1. Other locations and properly registered co-operative purchasing members may also purchase through this contract.
 2. The usage information provided is a yearly estimate. The actual usage may vary. The information on pages eight (8) through sixteen (16) has been updated to include changes from the previous contract. Some locations and information may not be accurate and/or complete.
- E. Bidders should familiarize themselves with the Workers' Compensation (S-12) and Automobile and General Liability Insurance (S-13) listed on page ten (10) of the Supplemental Contract Terms and Conditions. Bidders and any subcontractors listed will be required to meet these requirements when requested. The form on page thirty (30) is to be properly checked for the Automobile Liability Insurance and returned with the bid response.
- F. The Department of Administrative Services, Office of Information Technology does their own contracting for the MARCS (Multi – Agency Radio Communication System) Wireless Mobile Data Communications Service facilities throughout the state of Ohio.
- G. Where possible contractor and/or State owned tanks have been identified.
