SPECIAL CONTRACT TERMS AND CONDITIONS

SUPPLEMENTAL BID: Any award made as a result of this bid will become a part of Contract No. RS901216.

AMENDMENTS TO CONTRACT TERMS AND CONDITIONS: The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

DELIVERY AND ACCEPTANCE: Supplies will be delivered to the participating agency within delivery noted on the Pricing Schedule and after receipt of order and, in accordance with paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS. The delivery location will be noted on the purchase order issued by the participating agency. Acceptance (transfer of title) will occur upon the inspection and written confirmation by the ordering agency that the supplies delivered conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, acceptance shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

DESCRIPTIVE LITERATURE: The Bidder may be required to submit descriptive literature of the supplies or services being offered. If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible bidder. If not provided as part of the bid response, the Bidder must provide said literature within seven (7) calendar days after request/notification by the Office of Procurement Services to do so. Any references, that may appear in the descriptive literature, that may alter the terms and conditions and specifications of the bid (e.g. F.O.B. Shipping Point or Prices Subject to Change), will not be part of any contract and will be disregarded by the State of Ohio. Failure of the bidder to furnish descriptive literature either as part of their bid response or within the time specified herein will deem the bidder not responsive.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will evaluate the bid based on the total item cost which equals the estimated number of units multiplied by the unit bid price plus the option unit bid cost times the number of units to evaluate (for each option with a quantity) plus the appropriate delivery charge. If estimated usages are unknown a quantity of one (1) will be used for the evaluation. If there is no "delivery charge per mile round trip map mileage rate" supplied or, the calculated value of the delivery charge is less than the minimum delivery charge, the minimum delivery charge will be used for evaluation purposes. The state reserves the right to reject the "per mile" delivery charge or the "minimum" delivery charge if it is determined to be excessive.

Example Calculation:

Total Item Cost = [(vehicle unit bid price) x (estimated number of units)] + [(option 1 unit bid cost) x (number of units to evaluate)] + [(option 2 unit bid cost) x (number of units to evaluate)] + [(delivery charge per mile round trip x 300) x estimated number of vehicles]

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by vehicle line item.

OPTION PRICING NOTE: Option prices bid are to be less than the manufacturer's suggested retail price(s) (MSRP). Bidder signifies by their signature on page one (1) of the ITB that the option prices bid are less than MSRP. Bidders found to be over charging for options during bid evaluation may have those options deleted from any award. Ordering entities are advised to compare window sticker prices of options, where possible with option charges on invoices. Bidders found to be over charging for options at the time of invoicing will be required to submit corrected invoices reflecting proper pricing.

Bidders must indicate "Included", "Not Available", or a Price for each option specified. Failure to enter a cost for the options with a value in the units to evaluate field may deem your bid response as non-responsive and ineligible for an award for that item. If an option is not available as original factory equipment and is supplied as an aftermarket item, the Dealer Option/Order Code is to include an "AM" designation as a part of the code.

- A. REQUIRED OPTIONS: Bidders must provide a unit bid cost for options that are listed in the options table and include unit values in the "Units To Evaluate" column for that option. If the option is included in the base unit, the bidder is to enter "Included" in the space provided and the numerical value of \$0.00 will be used in the evaluation. Failure to enter "included" or a cost for all options with unit values may deem your bid non-responsive and ineligible for an award for that item.
- B. ADDITIONAL OPTION PACKAGES: Bidders may elect to supply pricing for popular or common option packages not included in the required option table. Additional option packages quoted will be made available to the ordering entities at the discretion of DAS, as part of the contract.
- C. UNSPECIFIED OPTION PRICE: Is the percentage above the manufacturer's invoice cost that is used to calculate unit cost for non-specified optional equipment required by an ordering entity.

C. PERFORMANCE AGREEMENT:

1. The State declares that time is of the essence and the delivery of the vehicle(s) ordered by the projected delivery date is crucial to the ordering agency. The State realizes that there are circumstances beyond the control of the contractor that cause delay in delivery. In the event the contractor is unable to meet the projected delivery date referenced above due to circumstances beyond his control, the contractor must contact the ordering agency and inform the agency why there is a delay, setting forth therein the reasons for the delay and there will be an extension to the delivery date. The contractor's plea that insufficient time as specified is not a valid reason for an extension of time. If accord cannot be obtained, a written request by the agency must be made to the Office of Procurement Services, or if a cooperative purchasing order, to the Office of Cooperative Purchasing for review.
2. If the contractor fails to meet the original and/or any revised delivery date, the contractor agrees to pay to the ordering agency liquidated damages according to the following schedule:
 - a. If deliveries are not completed within ten (10) calendar days of the original and/or agreed upon revised scheduled delivery date, the ordering agency may assess \$10.00 per vehicle per day for late delivery starting on calendar day eleven (11) beyond the original and/or agreed upon revised scheduled delivery date.
 - b. Liquidated damages will be deducted from the final invoice submitted by the contractor after delivery and acceptance has occurred.
3. The manufacturer has, upon occasion oversold their productive capability and could not deliver all of the contractor's orders that had been properly entered and acknowledged. When this occurs, the contractor cannot deliver for reasons beyond his control and cannot be held responsible. Usually the manufacturer will complete deliveries with the new model year vehicle at the contractor's bid price.

D. DELAYED DELIVERY:

1. Certain agencies may require delayed delivery on various items within this contract. For any vehicle order that requests delayed delivery, the storage charges per day shall commence seven (7) calendar days after agency contact person notification that vehicle(s) so ordered are serviced and ready for delivery. The rate of such charges shall not exceed 12% annual rate.
2. If ordering entities elect to take delivery at the contractor's place of business; pickup must be within seven (7) calendar days after notification that the vehicle is serviced and ready for pickup. 2. Orders prior to manufacturer production termination notice (build-out date): All orders placed against any contract resulting from this bid, shall be provided to the contractor no later than the manufacturer's build-out date. Agencies will be notified of these dates, but are urged to submit their orders as quickly as possible after receipt of the contract.

The contractor will be required to notify the ordering agency, within five (5) working days, after the purchase order has been received by the contractor, whether the purchase order will be accepted or rejected. If the purchase order cannot be accepted it shall be returned to the ordering agency by the contractor. Once accepted, the contractor shall be required to fulfill the order. Failure to do so may result in the ordering agency purchasing a comparable vehicle from another source. The contractor will be held liable for any difference in price.
