Note: Franklin Medical Center includes institutions that were previously named Corrections Medical Center and Franklin Pre-Release Center.

The Contract(s) awarded as a result of this RFP will be awarded to one Contractor for each region. A Contractor is eligible for award of all of the regions if it is determined to be the highest scoring Contractor for each region. The Contract(s) will be awarded as follows:

1. All specified allied health and nursing position services provided only to one of the specified regions; or,
2. All specified allied health and nursing position services provided to two of the three specified regions listed above; or,
3. All specified allied health and nursing position services provided to correctional facilities in totality.

Supplement One (attached) contains a State map showing the institutional locations.

DRC Bureau of Medical Services (BOMS) is responsible for the planning, implementation, monitoring, and evaluation of comprehensive medical services for offenders incarcerated within the DRC. Its mission is to provide quality comprehensive medical services that meet community standards of care in an efficient and cost-effective manner. These services include primary care medical, pharmacy and dental services within each institution, with more extensive medical services through the Franklin Medical Center and the Pickaway Correctional Institution Frazier Health Center, and specialty and inpatient hospital care through contracts with The Ohio State University Medical Center and local hospitals.

DRC is currently under a class action lawsuit, *Fussell v. Wilkinson*, which challenged DRC's provision of inmate medical and dental care. In November of 2005, a legal agreement was reached by all parties that resulted in the Fussell Stipulation. DRC has agreed through this stipulation, to a number of items that will ultimately greatly improve inmate medical and dental care. This settlement is currently in the extended monitoring phase, with a termination of the dental monitoring as of June 30, 2011, and a termination of the medical monitoring as of June 22, 2012.

- \* Indicates the removal of North Central Correctional Institution.

The Department of Youth Services Office of Medical Services (OMS) is responsible to plan, direct & evaluate statewide health services and promote a system-wide, comprehensive approach to health care services in order to ensure continuity of care in the continuum of facilities & aftercare that meet community standards. OMS is responsible to coordinate a system of quality review & statistical data collection essential to meeting the needs of the youth in the most efficient and cost effective manner. DYS Medical Services offers primary, preventive, emergency, and chronic care services relating to health, dental care, and psychiatric services. DYS has an infirmary located on the campus of our Scioto facility that offers youth the ability to convalesce; thereby minimizing costly acute hospital expenses.

The DYS is currently under two class action lawsuits, SH v. Strickrath, as well as a Department of Justice lawsuit, USA v. Strickland. USA v. Strickland is at the Scioto Juvenile Correctional Facility only. Both sets of provisions challenged medical, dental, behavioral health and security. The Department has been under the stipulation agreements since 2008. The Department has many reform efforts in place for SH v. Strickrath that will remove us from the agreement by 2013 or sooner. Under the provisions under USA v Strickland; medical has met compliance on all but three of the original 10 provision cited. The goal is to maintain compliance as well as achieve compliance in the remaining three provisions.
