

Amendment to State of Ohio Contract #CSP901013-1

The purpose of this amendment is to complete the exchange of the Condor License Plate Printer with the Nimbus License Plate Printer. The Nimbus employs new technology, including new consumable materials. This amendment establishes a new equipment process, responsibilities, and pricing for new consumable material.

RECITALS

WHEREAS, the Contractor desires to offer the State additional sheeting and ink products for purchase in support of a new printer system that Contractor is offering to the State on a trial, then lease (hardware) and license (software), basis; and

WHEREAS, the State and the Contractor wish to amend the Contract to add these additional sheeting and ink products to the Contract so that the State can purchase them under the Contract in the event the State wishes to lease/license the new printer system;

NOW, THEREFORE, in consideration of the Recitals which are incorporated herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. The Contract shall be amended to include the following sheeting and ink products for the State's purchase under the Contract:

Sheeting

<u>Description</u>	<u>Pricing</u>
3M License Plate White Reflective Sheeting Series 3750 11.9375 inches x 300 yards Minimum Order Requirement: 1 ROLL	\$1,092.98/ROLL*

*Includes appropriate amount of 3M Digital License Plate Clear Protective Film Series 9097

3M License Plate White Reflective Sheeting Series 3750 6.9375 inches x 300 yards Minimum Order Requirement: 2 ROLLS	\$634.78/ROLL*
---	----------------

*Includes appropriate amount of 3M Digital License Plate Clear Protective Film Series 9097

Ink

<u>Description</u>	<u>Pricing</u>
3M Ink Jet Print Head for Precision Plate Printer	\$10,000.00/EA
3M # 1504 UV Ink Cyan Inkjet Ink, 5 Liter	\$1,150.00/EA

3M # 1505 UV Ink Magenta Inkjet Ink, 5 Liter	\$1,150.00/EA
3M # 1506 UV Ink Yellow Inkjet Ink, 5 Liter	\$1,150.00/EA
3M # 1503 UV Ink Black Inkjet Ink, 5 Liter	\$1,150.00/EA

3M # 1501 Cleaner for 1500 UV Inks, 1 Gallon	\$50.00/EA

2. Pricing for the products listed on this Amendment may be changed by Contractor upon sixty (60) days advance written notice to the State; provided, however, that any price changes will only affect new State orders received by Contractor after the price change effective date.
3. All terms used in this Amendment will have their respective meanings as stated in the Contract, unless otherwise stated herein.
4. Except for changes set forth in this Amendment, or in other documents serving to amend the Contract, all terms contained in the Contract shall remain in effect as originally written.
5. As part of ensuring the Printer System meets the State's requirements, the State and 3M agree to follow the attached Product Test Agreement.

PRODUCT TEST AGREEMENT

Prior to the Product test, Ohio Department of Public Safety (“ODPS”) must prepare the installation site per 3M’s recommendations. Throughout the Product Test, 3M will provide technical support to ODPS, and ODPS will:

- Provide an appropriate production site which is generally free of excess dirt and debris and is climate controlled;
- Provide production staffing for the Product Test;
- Provide 3M reasonable access, with advanced notice, to the production location for 3M technical and field service representatives to evaluate the reliability, functionality, and performance of the Printer System;
- Perform its obligations under this Agreement using sound environmental, health, labor, and safety practices and in compliance with all laws applicable to Ohio.

Installation, training and testing the operation of the Printer System will take about 2 to 3 weeks following installation of the Printer System.

ODPS will:

- Supply all supplemental materials, beyond that provided by 3M;
- Print enough sheeting, as determined by 3M, to ensure the installation and configuration of the Printer System meets the requirements for the intended use;
- Provide general feedback on the Printer System performance (i.e. handling, reliability);

3M will:

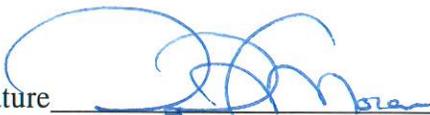

- Provide on-site technical support;
- Provide at no cost 24 rolls of 3M digital license plate sheeting and 12 rolls of 3M digital license plate overlamine;
- Provide at no cost one 5 liter bladder each of cyan, magenta, yellow, and black ink;
- Obtain enough printed sheeting, as determined by 3M, for 3M to validate the initial performance of the Printer System.

Under this agreement, ODPS agrees to assign and hereby assigns to 3M, or its designated affiliate, all right, title, and interest in and to any inventions, discoveries, patents, or improvements produced that were developed during this project, with the exception of items that were developed in responding to requests from and originated by ODPS.

IN WITNESS WHEREOF, the parties have caused this Amendment to be executed by their duly authorized representatives effective as of the date stated above.
