

ezIQ[®] CONTRACT GENERAL ORDERING INSTRUCTIONS

[EXPRESS LINK to ezIQ[®] PROJECT ENTRY](#) (for experienced users)

INTRODUCTION (for first time users)

Personnel authorized by an individual public governmental entity within the State of Ohio to initiate and/or execute purchasing actions for construction and construction related services on behalf of that entity may (1) contact the contractor or (2) submit on-line request for service under this contract.

Public governmental entities include (but are not limited to); state, city, county, colleges & universities, municipalities, other political subdivisions and public school systems.

THE ezIQ[®] PROCESS

- Step 1:** Go to [ezIQ[®] OH Website](#).
- Step 2:** The Authorized User will enter his/her name, contact information and project description in the spaces provided.
- Step 3:** An ezIQ[®] Representative will contact the Authorized User to (1) assist in identifying and selecting a Supplier and (2) schedule a Joint Scope Meeting. (IMPORTANT NOTE: In service areas where more than one Supplier is available to price/perform Work, a single Supplier must be selected, however, selection of the Supplier to be used is at the sole discretion of the Authorized User. Requesting price proposals from multiple Suppliers for the same project, is STRICTLY PROHIBITED.)
- Step 4:** After the Joint Scope Meeting, the ezIQ[®] Representative will help the Authorized User prepare a Detailed Scope of Work.
- Step 5:** Once the Detailed Scope of Work is complete and approved by the Authorized User, the ezIQ[®] Representative will forward it to the selected supplier and establish a Price Proposal due date.
- Step 6:** The Supplier will prepare a Price Proposal detailing the specific tasks and associated price to perform the elements of the Detailed Scope of Work. The Supplier will use the Construction Task Catalog[®] (CTC) for the appropriate region to prepare the Price Proposal. The Supplier will select the appropriate tasks from the CTC and multiply the fixed unit prices in the CTC by the required quantities for each task to determine the basic CTC price. The basic CTC price is then multiplied by the appropriate Adjustment Factor (see below) to determine the total price of the Job Order.
- Step 7:** The Supplier will submit the completed Price Proposal Package to the ezIQ[®] Representative for review and validation to include verification that appropriate tasks have been selected from the CTC and the appropriate quantities have been used. Should any corrections or changes be deemed necessary as a result of the review/validation, the ezIQ[®] Representative will return the proposal to the Supplier to make any necessary changes.
- Step 8:** Once the Proposal has been satisfactorily validated/verified, the ezIQ[®] Representative will submit the Price Proposal Package to the Authorized User via e-mail. For State Agency Projects, any construction project for which the Price Proposal exceeds \$200,000 must be reviewed by the Ohio Facilities and Construction Commission (OFCC) for the utilization of ezIQ[®]. Any construction project for which the Price Proposal is less than or equal to \$200,000 can utilize ezIQ[®] based on the Authorized User's discretion. All maintenance/repair projects, regardless of Price Proposal amount, can utilize the ezIQ[®] process. The categorization of a project as construction or maintenance/repair is at the sole discretion of the Authorized User.

Step 9: The Authorized User may include unique contract terms and conditions specific to the Job Order with the Supplier. Unique contract terms and condition agreed upon by the Supplier and the Authorized User will be included on, or referenced in, the Purchase Order.

Step 10: If satisfied with the price, schedule, terms and conditions; the Authorized User will prepare a Job Order Package for submission to the selected Supplier. A Job Order Package consists of the following documents:

Job Order Signature Document; signed by Supplier and Authorized User (provided by the ezIQC Representative)

Final Detailed Scope of Work; signed by Supplier and Authorized User (provided by the ezIQC Representative)

Purchase Order (PO) or Notice To Proceed (NTP); to include (at a minimum)

- a) PO / NTP Number
- b) PO / NTP Date
- c) Reference to Statewide Contract# **RS901512** and the Index number of **GPC008**
- d) Customer Point of Contact- Name, Phone Number, email Address (optional)
- e) Ship to Address
- f) Bill to Address
- g) Supplier Name and Address
- h) Project Description (include ezIQC[®] Job Order Number assigned by ezIQC[®] Representative)
- i) PO / NTP Amount (Price)
- j) Any other additional terms and conditions deemed necessary

Step 11: The complete Job Order Package as described above should be submitted to the selected Supplier by mail or email (*email is the preferred submission method*) with a copy to ezIQC[®]:

DEFINITIONS

Authorized User –Personnel authorized by any formally designated organizational element or sub-element of a state or local public governmental entity within the State of Ohio to initiate and/or execute purchasing actions for construction and construction related services on behalf of that entity.

Adjustment Factors - The Supplier's competitively bid price adjustments to the unit prices as published in the CTC. On the anniversary date of contract award of each year, the Supplier's Adjustment Factors may be escalated/de-escalated based on the contract formula for economic price adjustment (Engineering News Record's Cost of Construction Index (CCI) for 20 City Average).

Construction Task Catalog[®] (CTC) – A comprehensive listing of specific construction related tasks covering all divisions of construction, each with a specified unit of measure and a unit price developed for the local area. CTC prices include local labor, equipment and material.

Detailed Scope of Work - The document or set of documents that sets forth the Work the Supplier will perform. The Detailed Scope of Work can be a simple set of drawings, a specification, a narrative, a marked-up as-built drawing or some other document. It does not have to be a full set of plans and specifications.

Joint Scope Meeting – An ezIQC[®] Representative will schedule a meeting at the project site with the Authorized User and one of the competitively bid suppliers to include any key subcontractors to discuss the details of the project, the schedule, required permits, inspections and all other aspects of the Work.

Price Proposal – The proposal prepared by the Supplier using the applicable tasks from the CTC, the appropriate Adjustment Factor (s) and the appropriate quantities. The (sum amount of the) Price Proposal represents a lump sum price for completing the Approved Detailed Scope of Work.

Price Proposal Package – The Price Proposal, any drawings, sketches or other technical data requested from the Supplier to supplement the Detailed Scope of Work, the construction schedule and a list of proposed subcontractors.

AWARDED CONTRACTS

ZONE 1 – North West

General Contracts: F.H. Paschen
Variety Construction
Heating Contracts: The K Company

ZONE 2 – North East

General Contracts: F.H. Paschen
Variety Construction
Heating Contracts: The K Company
Electrical Contracts: R & K Electrical

ZONE 3 – Central

General Contracts: Lusk Contractors
F.H. Paschen Heating
Contracts: The K Company
Electrical Contracts: Capital City Electrical

ZONE 4 – South West

General Contracts: Lusk Contractors
F.H. Paschen
Heating Contracts: The K Company
Electrical Contracts: Whalen Electric

ZONE 5 – South East

General Contracts: Lusk Contractors
F.H. Paschen
Heating Contracts: The K Company
