37' AERIAL UNIT

AERIAL TOWER AND ACCESSORIES

Versalift model SST-37-EIH insulated aerial tower with a maximum working height of 42', and a maximum horizontal side reach of 27'- 9". Includes the following features and accessories:

- 24" x 30" x 42" enclosed fiberglass platform with cover.
- Full pressure platform mounted 3-function single handle control.
- Full pressure individual lower controls, with upper control override.
- Hydraulic platform leveling system with upper and lower tilt controls.
- Combination articulating/telescoping boom assembly.
- Upper fiberglass telescoping boom with outer boom insert.
- Articulating steel lower boom assembly.
- ANSI category "C" insulation rating for 46KV and below.
- 360 degree continuous rotation.
- Center mount pedestal at front of body, with booms stowed to the rear.
- Two (2) vertical hydraulic outriggers between cab and body.
- Outrigger / boom interlock system.
- 12 gallon integral oil reservoir located in pedestal.
- 3 GPM open center hydraulic system.
- Engine driven clutch pump assembly with brake interlock.
- One (1) set of hydraulic tool outlets located at platform.
- Remote engine stop/start system with upper and lower controls.
- 2-speed engine throttle system with upper, lower, and curbside rear controls.
- 12 volt emergency power system with upper and lower controls.
- Upper boom storage cradle with ratchet type tie down strap.
- Tubular rubber platform support.
- Safety harness and lanyard.
- Two (2) operator/service manuals.
- Finish paint standard white urethane.
- ANSI A92.2 data plate.
- Inclinator each side on rear of body.
- Complete installation and testing of aerial tower and accessories.

AERIAL SERVICE BODY

Fiberglass service body, 132" long, 94" wide, with 18" deep side compartments. Includes the following features and accessories:

- Heavy duty 6" steel body understructure.
- Body modification for installation of aerial tower.
- Stainless steel hinges and recessed two stage paddle latches.
- Steel treadplate cargo area floor.
- Door holders on all side compartment doors.
- Automotive bulb type rubber door seals on all body doors.
- Deluxe interior package with material trays, hooks, and long shelf storage.
- Curbside #2 access opening with steps to cargo area.
- 30" full width steel treadplate rear tailshelf.
- Removable rear tailboard.
- ICC rear bumper with gripstrut step each side.
- Grab rail installed at curbside rear.
- Two (2) composite outrigger pads and holders.
- Two (2) rubber wheel chocks and holders.
- Combination ball / pintle hook assembly.
- Fire extinguisher, first aid kit, and triangle reflector kit.
- Standard LED lighting package.
- LED rope lighting in each compartment with dash switch.
- Four (4) light amber strobe system, including two (2) Q625F-A amber strobes at front of body, and two (2) 417SA amber strobe type flashers in tailshelf.
- Lighted master switch on dash.
- Electric back up alarm.
- Rear trailer receptacle.
- Rear mud flaps.
- Standard white gelcoat finish on sideboxes.
- Complete installation of body and accessories.

STANDARD UNIT PRICE.....\$60,212.00.

CONTRACT DISCOUNT.....(\$4817.00).

TOTAL F.O.B. DESTINATION.....\$55,395.00.

STANDARD UNIT OPTIONS

<u>OPTION #</u>		<u>PRICE EACH</u>
1)	40' aerial tower in lieu of 37'.	\$1690.00
2)	Non-insulated aerial tower in lieu of insulated. DEDUCT	(\$1250.00)
3)	4-function single handle upper control in lieu of 3-function.	\$700.00
4)	180 degree hydraulic platform rotator.	\$1490.00
5)	50 KV 24" x 30" platform liner.	\$510.00
6)	24" x 42" platform with cover (reduces platform capacity by 50 pounds, 100 pounds with rotator).	\$585.00
7)	50KV 24" x 42" platform liner.	\$560.00
8)	24" x 30" walk-in platform with L.H. door.	\$395.00
9)	Fiberglass lower boom insert (insulated unit only).	\$1485.00
10)	Torsion bar stabilizers in lieu of outriggers. DEDUCT	(\$1500.00)
11)	Torsion bar stabilizers in addition to outriggers .	\$3625.00
12)	Hydraulic tool outlets at curbside rear of tailshelf.	\$825.00
13)	36 volt hybrid "electric drive" system to provide hydraulic power for all tower, tool circuit, and outrigger functions. Provides on-demand power (FORD F550 ONLY).	\$20,750.00
14)	Standard non-metallic colors other than white. Includes matching color on tower and body.	\$1020.00
15)	Ziebart rustproof chassis cab and body understructure.	\$700.00
16)	Aluminum understructure with aluminum treadplate cargo floor.	\$1150.00
17)	Aluminum treadplate cargo wall liners and compartment tops.	\$995.00
18)	Fiberglass transverse compartment with aluminum treadplate overlay, between front verticals, with top opening lid and center shelf (front compt. Hooks 2-0-2) (AVAILABLE WITH 40' TOWER, OPTION # 1 ONLY).	\$935.00
19)	Pull out drawer in bottom of transverse (WITH OPTION #18 ONLY).	\$515.00
20)	18" wide through tunnel under tailshelf, door each side.	\$625.00
21)	Through shelf from horizontal to rear in top of curbside sidebox with rear door and top opening lid above horizontal compartment.	\$605.00
22)	Aluminum ladder rack assembly, installed.	\$885.00
23)	#2 curbside compt. with shelving in lieu of access opening.	No Charge
24)	Curbside tailshelf access steps in lieu of #2 access opening.	\$440.00

25) 72" x 18" x 12" aluminum top box with center top lid.	\$1800.00
26) Aluminum gripstrut installed full length of sidebox, per side.	\$610.00
27) Rod lock door system for side compartments.	\$450.00
28) Additional divider shelves, each.	\$100.00
29) Ring style cone holder on front bumper.	\$365.00
30) Swing out horizontal cone holder on front bumper.	\$725.00
31) Bicycle style aluminum wire storage rack.	\$550.00
32) Golight model 3067 wireless remote control spotlight.	\$895.00
33) Post mount spotlight, per side.	\$430.00
34) Additional 12-volt amber strobes, each.	\$500.00
35) LED625F-A amber upper strobes in lieu of standard, each.	\$125.00
36) Additional LED625F-A 12-volt amber strobes, each.	\$625.00
37) Whelen 1200DHAP strobes in lieu of standard, each.	\$200.00
38) Additional Whelen 1200DHAP strobes in lieu of standard, each.	\$700.00
39) Whelen 2GA00FAR LED rear amber warning lights, each.	\$625.00
40) LED underbody lighting kit for night operations.	\$925.00
41) 1200 watt pure sine wave inverter with dash switch, wired to GFI outlet at rear.	\$2125.00
42) 1800 watt pure sine wave inverter with dash switch, wired to GFI outlet at rear.	\$2750.00
43) Whelen TA637A traffic control light bar at rear center under tailshelf with dash mounted controller.	\$1175.00
44) Mobile Awareness VisionStat backup camera system.	\$1095.00
45) UTE grounding system with tower, body, and grounding stirrup attached to a single point on chassis frame. Includes curbside rear grounding stirrup.	\$675.00
46) Hannay SGCR10-17-19 spring retractable ground wire reel with 50' of 1/0 cable and clamp. Reel to be grounded to a single location on chassis frame.	\$1340.00
47) Ram computer mount in chassis cab.	\$520.00
48) Complete 60" C.A. package in lieu of 84" C.A. - DEDUCT	(\$1350.00)

NOTES

- Requires selection of the appropriate chassis. Customer furnished chassis must meet minimum requirements for installation of equipment.
- Delivery: Approximately 270-300 days after receipt of order.
- Terms: 1%-20 days or Net 30 days.

We appreciate the opportunity to assist with your equipment requirements. If you have any questions or require additional information, please contact us at your earliest convenience.

Sincerely,
Utility Truck Equipment, Inc.

50' AERIAL UNIT

AERIAL TOWER AND ACCESSORIES

Versalift model VST-5000-I insulated aerial tower with a maximum working height of 55', and a maximum horizontal side reach of 36'. Includes the following features and accessories:

- 24" x 48" x 42" enclosed fiberglass platform with liner and cover.
- Full pressure platform mounted 3-function single handle control.
- Full pressure individual lower controls, with upper control override.
- Hydraulic platform leveling system with upper and lower tilt controls.
- 180 degree hydraulic platform rotator system with platform mounted control.
- Combination articulating/telescoping boom assembly.
- Upper fiberglass telescoping boom with outer boom insert.
- Articulating lower boom with 24" fiberglass insert.
- ANSI category "C" insulation rating for 46KV and below.
- 360 degree continuous rotation.
- Pedestal at the front of the cargo area, with booms stowed to the rear.
- Pedestal mounted "A" frame type main outriggers with rear controls.
- Outrigger / boom interlock system.
- 25 gallon integral oil reservoir located in pedestal.
- 8 GPM open center hydraulic system.
- Electric shift power take off and flange mounted hydraulic pump.
- One (1) set of hydraulic tool outlets located at platform with pressure limit.
- Remote engine stop/start system with upper and lower controls.
- 2-speed engine throttle system with upper, lower, and curbside rear controls.
- 12 volt emergency power system with upper and lower controls.
- Lighted 12 volt switch panel on dash.
- Upper boom storage cradle with ratchet type tie down strap.
- Tubular rubber platform support.
- Two (2) safety harnesses with lanyards.
- Two (2) operator/service manuals.
- Finish paint standard white urethane.
- ANSI A92.2 data plate.
- Inclinator installed each side on rear of body.
- Complete installation and testing of aerial tower and accessories.

AERIAL LINE BODY

Fiberglass line body, 132" long, 94" wide, with 18" deep side compartments. Includes the following features and accessories:

- 6" steel body understructure with steel treadplate cargo area floor.
- Body modification for installation of aerial tower.
- Stainless steel hinges and recessed two stage paddle latches.
- Door holders on all side compartment doors.
- Automotive bulb type rubber door seals on all body doors.
- Deluxe interior package with material trays, hooks, and long shelf storage.
- Curbside #2 access opening with steps to cargo area.
- 30" full width steel treadplate rear tailshelf.
- ICC rear bumper with gripstrut step each side.
- Curbside rear grab rail.
- Two (2) composite outrigger pads and holders.
- Four (4) rubber wheel chocks and holders.
- BP100A heavy duty pintle hook assembly.
- Fire extinguisher, first aid kit, and triangle reflector kit.
- Standard LED lighting package.
- LED rope lighting in each compartment with dash switch.
- Four (4) light amber strobe system, including two (2) Q625F-A amber strobes at front of body, and two (2) 417SA amber strobe type flashers in tailshelf.
- Lighted master switch on dash.
- Electric back up alarm.
- Rear trailer receptacle.
- Rear mud flaps.
- Standard white gelcoat finish on sideboxes.
- Complete installation of body and accessories.

STANDARD UNIT PRICE.....\$96,277.00.

CONTRACT DISCOUNT.....(\$7702.00).

STANDARD UNIT OPTIONS

<u>OPTION #</u>	<u>PRICE EACH</u>
1) 4-function single handle upper control in lieu of 3-function.	\$700.00
2) Heavy duty hydraulic platform rotator and support.	\$820.00
3) Hydraulic platform elevator with HD rotator (reduces platform capacity by 100 lbs.).	\$3380.00
4) Jib and winch preparation package only for use with existing customer furnished Versalift winch with hydraulic jib (includes four (4) outriggers/pads/holders).	\$7220.00
5) Material handling winch and <u>manual</u> jib package - (Includes four (4) outriggers/pads/holders).	\$8290.00
6) Material handling winch and <u>hydraulic</u> jib package - (Includes four (4) outriggers/pads/holders).	\$10,625.00
7) Material handling winch and <u>dual arm hyd.</u> jib package - (Includes four (4) outriggers/pads/holders).	\$11,150.00
8) Auto boom latch for mounting on outer boom Electroguard.	\$1400.00
9) Hydraulic tool outlets at curbside rear of tailshelf.	\$825.00
10) Standard non-metallic chassis colors other than white. Includes matching color on tower and body.	\$1790.00
11) Ziebart rustproof chassis cab and body understructure.	\$850.00
12) Aluminum understructure with aluminum treadplate cargo floor.	\$1540.00
13) Aluminum treadplate cargo wall liners and compartment tops.	\$1125.00
14) 12" wide through tunnel under tailshelf, door each side.	\$625.00
15) Through shelf from horizontal to rear in top of curbside sidebox with rear door and top opening lid above horizontal compartment.	\$605.00
16) Aluminum ladder rack assembly, installed.	\$885.00
17) Winch and jib storage post in cargo area.	\$340.00
18) #2 curbside compt. with shelving in lieu of access opening.	No Charge
19) Curbside tailshelf access steps in lieu of #2 access opening. (Not available with option # 4, 5, 6, or 7).	\$440.00
20) 72" x 18" x 12" aluminum top box with center top lid.	\$1800.00
21) Aluminum gripstrut installed full length of sidebox, per side.	\$610.00
22) Rod lock door system for side compartments.	\$550.00
23) Additional divider shelves, each.	\$100.00

24) Ring style cone holder on front bumper.	\$365.00
25) Swing out horizontal cone holder on front bumper.	\$725.00
26) Bicycle style aluminum wire storage rack.	\$550.00
27) Arbortech cab guard assembly – increases travel height 6”.	\$4410.00
28) Golight model 3067 wireless remote control spotlight.	\$895.00
29) Post mount spotlight, per side.	\$430.00
30) Additional 12-volt amber strobes, each.	\$500.00
31) LED625F-A amber upper strobes in lieu of standard, each.	\$125.00
32) Additional LED625F-A 12-volt amber strobes, each.	\$625.00
33) Whelen 1200DHAP strobes in lieu of standard, each.	\$200.00
34) Additional Whelen 1200DHAP strobes in lieu of standard, each.	\$700.00
35) Whelen 2GA00FAR LED rear amber warning lights, each.	\$625.00
36) LED underbody lighting kit for night operations.	\$925.00
37) 1200 watt pure sine wave inverter with dash switch, wired to GFI outlet at rear.	\$2125.00
38) 1800 watt pure sine wave inverter with dash switch, wired to GFI outlet at rear.	\$2750.00
39) Whelen TA637A traffic control light bar at rear center under tailshelf with dash mounted controller.	\$1175.00
40) Mobile Awareness VisionStat backup camera system.	\$1095.00
41) UTE grounding system with tower, body, and grounding stirrup attached to a single point on chassis frame. Includes curbside rear grounding stirrup.	\$675.00
42) Hannay SGCR10-17-19 spring retractable ground wire reel with 50’ of 1/0 cable and clamp. Reel to be grounded to a single location on chassis frame.	\$1340.00
43) 156” long fiberglass body for 108” CA in lieu of 132” long/84” CA. Includes additional vertical compartment with dividers each side ahead of rear axle.	\$2860.00

**NOTES**

- Requires selection of the appropriate chassis. Customer furnished chassis must meet minimum requirements for installation of equipment.
- Delivery: Approximately 270-300 days after receipt of order.
- Terms: 1%-20 days or Net 30 days.

We appreciate the opportunity to assist with your equipment requirements. If you have any questions or require additional information, please contact us at your earliest convenience.

Thank you for your consideration.

60' AERIAL UNIT

AERIAL TOWER AND ACCESSORIES

Versalift model VST-6000-I insulated aerial tower with a maximum working height of 65', and a maximum horizontal side reach of 40'. Includes the following features and accessories:

- 24" x 48" x 42" enclosed fiberglass platform with liner and cover.
- Full pressure platform mounted 3-function single handle control.
- Full pressure individual lower controls, with upper control override.
- Hydraulic platform leveling system with upper and lower tilt controls.
- 180 degree hydraulic platform rotator system with platform mounted control.
- Combination articulating/telescoping boom assembly.
- Upper fiberglass telescoping boom with outer boom insert.
- Articulating lower boom with 24" fiberglass insert.
- ANSI category "C" insulation rating for 46KV and below.
- 360 degree continuous rotation.
- Center mount pedestal ahead of rear axle, with booms stowed to the rear.
- Four (4) hydraulic outriggers with integral full length subframe.
- Outrigger / boom interlock system.
- 25 gallon integral oil reservoir located in pedestal.
- 8 GPM open center hydraulic system.
- Electric shift power take off and flange mounted hydraulic pump.
- One (1) set of hydraulic tool outlets located at platform with pressure limit.
- Remote engine stop/start system with upper and lower controls.
- 2-speed engine throttle system with upper, lower, and curbside rear controls.
- 12 volt emergency power system with upper and lower controls.
- Lighted 12 volt switch panel on dash.
- Lower boom rest at front of body.
- Upper boom storage cradle with ratchet type tie down strap.
- Tubular rubber platform support.
- Two (2) safety harnesses with lanyards.
- Two (2) operator/service manuals.
- Finish paint standard white urethane.
- ANSI A92.2 data plate.
- Inclinator installed each side on rear of body.
- Complete installation and testing of aerial tower and accessories.

55' AERIAL TREE UNIT

AERIAL TOWER AND ACCESSORIES

Versalift model VO-255-I reverse mounted, insulated aerial tower with a maximum working height of 60', and a maximum horizontal side reach of 42'. Includes the following features and accessories:

- Standard platform capacity of 350 lbs.
- Unitrol single handle control, between boom and platform, handle faces away from pedestal, including safety trigger and emergency stop/dump valve.
- Full pressure turret mounted controls with upper control override.
- Engine stop/start at platform and lower controls.
- 2-speed engine throttle system with upper, lower, and curbside controls.
- Emergency 12 volt DC hydraulic system with upper and lower controls.
- Lighted 12 volt switch panel on dash.
- 360 degree continuous rotation.
- 7 GPM open center hydraulic system with 2900 PSI operating pressure.
- 25 gallon integral hydraulic oil reservoir with dual sight gauges.
- Fiberglass upper boom with ANSI category "C" 46KV insulation rating.
- Lower boom fiberglass insert with 24" insulation gap.
- White gelcoat finish on fiberglass upper boom and lower boom insert.
- Appropriate height pedestal with fixed feet A-frame outriggers and controls.
- Outrigger / boom interlock system.
- Two (2) sets of hyd. outlets at platform with pressure limit and disconnects.
- Upper tool circuit flow control valve.
- 24" x 24" x 42" one man enclosed fiberglass platform with inside/outside step.
- Mechanical tilt platform for cleanout and rescue.
- 24" x 24" platform liner and vinyl platform cover.
- Safety harness and lanyard.
- Boom stow cradle and ratchet type tie down strap.
- Electric shift PTO, pump, hydraulic oil, hose, and fittings.
- Time Manufacturing standard white urethane finish.
- Two (2) sets of operators and service manuals.
- Inclinator each side at outrigger control.
- ANSI A92.2-2009 data plate.

DUMP CHIP BODY AND ACCESSORIES

- 12' x 8' x 5' Arbortech chip body with standard equipment.
- L.H. combination ladder and pole saw storage box.
- Swing to side tailgate assembly.
- LED recessed lighting package with standard back up lights.
- 6-prong trailer receptacle.
- Hydraulic chip body hoist with control.
- Transverse "L" box assembly under front of chip body with underbody boxes.
- Two (2) rubber wheel chocks with holder each side under body.
- Standard cab guard assembly.
- Short flatbed deck section between cab and front of chip body.
- Access ladder assembly for access to top of cab guard and platform.
- T-60 pintle hook at rear with frame reinforcements and safety chain eyes.
- Two (2) 12 volt amber strobes with brush guards, one (1) at streetside front on top of cab guard and one (1) streetside rear top of chip body.
- Back up alarm at rear under chip body.
- Fire extinguisher, first aid kit, and triangle reflector kit.
- Mud flaps installed behind rear wheels.
- Complete installation of aerial tower, dump chip body, hoist, and all accessories, including mounting hardware, PTO, and hydraulic pump.
- Finish paint chip body, "L" box assembly, and cab guard white to match chassis cab.
- Black non-skid finish on deck section.

- Transmission programming with performance mode as primary.
- Transmission temperature gauge.
- Dana Spicer 23170D 23,000# single speed rear axle for 69 mph.
- R series wheel ends, and driver controlled main locking rear differential.
- 23,500# rear springs with 4500# auxiliaries.
- 14,000# front axle and tapered leaf springs with auxiliary rubber springs.
- Anti-lock air brake system with dash mounted parking brake.
- Automatic front and rear slack adjusters.
- Manual air tank drain valve.
- Front and rear brake dust shields.
- Bendix heated air dryer located under cab.
- 13.2 CFM air compressor.
- Power steering with tilt type steering wheel.
- Single horizontal exhaust, 2010 Federal emissions compliant.
- Cigar lighter.
- Dual electric horns.
- 185 amp alternator.
- Three maintenance free batteries L.H. side under cab, 1950 CCA.
- Remote jump start stud.
- AM/FM stereo radio with weatherband.
- Engine shutdown with 30 second delay.
- 6 switch body circuit with power module.
- International chassis programming for remote engine control systems.
- Body builder wiring back of cab at frame.

- Electric trailer brake/lighting accommodation package.
- Halogen headlights with daytime running and on with wiper features.
- Exterior light test for pre-trip inspection.
- Low coolant indicator with audible alarm.
- Manual reset circuit breakers with trip indicators.
- Chrome front grille.
- Engine block heater.
- Heavy duty radiator.
- Direct drive heavy duty two speed fan.
- Electronic hand throttle.
- Electronic remote engine control for auxiliary throttle.
- On board diagnostic compliance for 2013.
- Fuel / water separator with heater.
- 50 gallon R.H. aluminum step fuel tank.
- Conventional 80" wide cab with deluxe interior trim.
- Air suspension cloth driver seat with two man cloth passenger seat.
- Standard gauge cluster with tachometer.
- Engine hour meter.
- Factory air conditioning.
- West coast mirrors with integral spot mirrors.
- Interior grab handles.
- 22.5 x 8.25 10-hole hub piloted steel disc wheels, painted white.
- 12R22.5H Goodyear radial tires, traction type rear.
- International code 9219 standard white paint.

STANDARD UNIT PRICE.....\$86,005.00.

CONTRACT DISCOUNT.....(\$6880.00).

TOTAL FOR IH 4300 CHASSIS CAB.....\$79,125.00.

STANDARD OPTIONS

1) Extended cab chassis in lieu of regular cab (w/ rear seat).		\$2650.00
2) 4-door crew cab chassis in lieu of regular cab (w/ rear seat).		\$7250.00
3) Air ride passenger seat in lieu of 2-man bench.		\$95.00
4) 6-speed manual transmission in lieu of automatic.	DEDUCT	(\$4200.00)
5) Power door locks, power windows, heated mirrors.		\$740.00

NOTES

- Chassis must be purchased in conjunction with contract equipment package.
- Delivery: Approximately 270-300 days after receipt of order.
- Terms: 1% - 20 days or Net 30 days.

We appreciate the opportunity to assist with your equipment requirements. If you have any questions or require additional information, please contact us at your earliest convenience.

Thank you for your consideration.

Sincerely,
Utility Truck Equipment, Inc.

INTERNATIONAL TERRASTAR CAB AND CHASSIS

- 2014 Terrastar 4x2 chassis cab.
- All standard equipment.
- Deluxe interior trim package.
- 158" wheelbase, 84" C.A.
- MaxxFORCE-7 300 HP diesel engine.
- Allison 1000RDS 5-speed automatic transmission.
- Transmission PTO provisions.
- 19,500# GVWR.
- Heavy duty suspension.
- Hydraulic disc brakes.
- Speed control and tilt steering wheel.
- 185 amp alternator.
- Dual maintenance free batteries.
- AM/FM stereo radio.
- Engine block heater.
- 40 gallon aft axle fuel tank.
- Deluxe interior trim.
- Vinyl bench seat.
- Standard gauge cluster.
- 6 switch body circuit with power module.
- International chassis programming for remote engine control systems.
- Body builder wiring back of cab at frame.
- On board diagnostics for 2013 compliance.
- Factory air conditioning with heater and defroster.
- Breakaway mirrors with convex each side.
- 225/70R19.5 radial tires, traction rear.
- International 9219 white paint.

STANDARD UNIT PRICE.....\$53,038.00.

CONTRACT DISCOUNT.....(\$4243.00).

TOTAL FOR TERRASTAR CHASSIS CAB.....\$48,795.00.

STANDARD OPTIONS

1) Extended cab in lieu of regular cab (w/ 2 individual front seats).	\$2350.00
2) 4-door crew cab in lieu of regular cab.	\$6500.00
3) 4-wheel drive with 8K front driving axle.	\$7540.00
4) Limited slip rear axle.	\$1075.00
5) Power windows and door locks.	\$425.00
6) Power heated mirrors.	\$545.00
7) Cloth bench seat.	\$95.00
8) Rear bench seat for extended or crew cab.	\$690.00
9) Premium interior package.	\$480.00
10) Chrome front bumper and grille.	\$1025.00

EXTENDED WARRANTY

- 5 year/250,000 mile Freightliner Basic Extended Warranty
- 5 year/250,000 mile Cummins Engine Extended Warranty (PP1) and includes turbo, injectors and pump
- 5 year/250,000 mile Cummins after treatment system warranty
- 5 year/250,000 mile Extended front and rear axle warranty
- 5 year/unlimited mile Allison transmission warranty

INCLUDED OPTION

Vogel centralized lubrication system

STANDARD UNIT PRICE.....\$101,359.00.

CONTRACT DISCOUNT.....(\$8109.00).

TOTAL F.O.B. DESTINATION.....\$93,250.00.

NOTES

- Chassis must be purchased in conjunction with contract equipment package.
- Delivery: Approximately 270-300 days after receipt of order.
- Terms: 1%-20 days or Net 30 days.

We appreciate the opportunity to assist with your equipment requirements. If you have any questions or require additional information, please contact us at your earliest convenience.

Sincerely,
Utility Truck Equipment, Inc.

CLEVELAND 60' AERIAL UNIT

AERIAL TOWER AND ACCESSORIES

Versalift model VN-460-MHI insulated articulating non-overcenter material handling aerial tower, with a maximum working height of 65', and a maximum horizontal side reach of 39'. Includes the following features and accessories:

- 24" x 48" x 42" enclosed side hung fiberglass platform with integral step and a maximum capacity of 600 lbs.
- 50 KV liner and vinyl platform cover for 24" x 48" x 42" platform.
- Hastings hang-on bucket step for inside of platform.
- PTI 1TB-W hang-on platform tool tray.
- Full pressure platform mounted Unitrol single handle control with safety trigger and emergency stop valve, located between boom and platform. Includes individual control levers for platform tilt and platform rotator.
- Turret mounted full pressure individual lower controls, with upper override.
- Mechanical platform leveling system with #120 heavy duty roller chain and ¾" fiberglass rods. Includes hydraulic tilt at platform and lower controls for cleanout or rescue.
- 90 degree hydraulic platform rotator with platform mounted control.
- Articulating upper and lower stack boom assemblies with a fiberglass upper boom and steel lower boom with 24" fiberglass insert.
- ANSI Category "C" insulation rating for 46KV and below.
- Material handling winch and jib with a maximum capacity of 2000 pounds. Includes hydraulically articulating / telescoping 78" jib assembly with 125 degree articulation. Winch is equipped with 75 feet of 9/16" diameter synthetic load line and snap hook.
- 360 degree continuous rotation utilizing a shear ball bearing turntable with hydraulic worm and spur gear drive system.
- 6" taller pedestal assembly for Freightliner chassis, mounted center over rear axle, with booms stowed toward front over cab.

- “A” frame type front and rear outriggers with a maximum spread of 158”. Front outriggers mount between cab and body, rear outriggers pass through rear section of rear vertical compartments. Includes an individual control for each outrigger at rear under tailshelf, and outrigger/tower selector switch.
- Extended length subframe combining outriggers and pedestal into a single integral unit (for use with extended length body).
- Counterweight installed as required for stability per ANSI A92.2-2009.
- Outrigger / boom interlock system.
- Outrigger motion alarm system.
- 30 gallon bulkhead oil reservoir located at front of cargo area with dual sight gauges and breather cap.
- Chevron Mil-spec hydraulic oil utilized in the reservoir and system.
- 10 GPM open center hydraulic system with fixed displacement high pressure hydraulic pump.
- Electric shift power take off with dash mounted indicator light and control. Control is integrated with parking brake and transmission neutral.
- Lighted dash switches for auxiliary 12 volt equipment.
- Non-lubricating type bearings utilized throughout entire unit.
- Two (2) sets of hydraulic tool outlets located at platform with HTMA fittings.
- Lower hydraulic tool circuit at right rear under tailshelf with HTMA fittings.
- Remote engine stop/start system with upper and lower controls.
- 2-speed engine throttle system with upper, lower, and curbside rear controls.
- 12 volt emergency power system with upper and lower controls.
- Five (5) electrical slip rings for auxiliary 12 volt functions.
- Automatic upper boom latch system with hydraulic release. Bridge mount lower boom cradle attached and reinforced to front outriggers.
- Dual tubular rubber platform supports under platform.
- Two (2) safety harnesses with lanyards.
- Two (2) operator/service manuals.
- Finish paint **extreme climate** standard white urethane.
- ANSI A92.2 data plate.
- Inclinator installed each side on rear of body.
- Complete installation and testing of aerial tower and accessories.
- Two year limited aerial tower warranty.

AERIAL LINE BODY

Special FX Body model BFXB172-48 fiberglass line body, 172" long, 94" wide, with 18" deep side compartments, suitable for mounting on a medium duty dual rear wheel chassis with a 120" or greater CA dimension, with clearance between cab and body for front outriggers. Includes the following:

Standard Brand FX white gelcoat finish.

6" aluminum body understructure. **30"** sidebox height above cargo floor.

Body modification allowing independent installation of aerial tower and subframe.

Aluminum treadplate cargo area and tailshelf floors.

Aluminum treadplate cargo wall liners and compartment tops.

Full width aluminum gripstrut walkway on top of curbside sidebox from access opening to rear.

Gang locks on each side of the body compartments with handles extending out the rear of each sidebox and in curbside access opening.

Recessed stainless steel paddle handles with rotary two stage latch mechanism.

Spring loaded overcenter door holders on vertical compartment doors.

Automotive bulb type rubber door seals.

Outrigger cutouts and covers at rear bottom of each rear vertical compartment.

CURBSIDE COMPARTMENTATION

First Vertical 25.75" - Fiberglass transverse compartment with aluminum treadplate overlay, between the #1 compartments, open to curbside only. Includes a full width, 72" long shelf which extends fully into the curbside compartment, 12" down from top. An aluminum treadplate door and opening shall be installed in the top center of the transverse compartment for access to this shelf. Door opening shall be approximately 40" long and 18" wide, with weatherproof rubber seals, and gas struts to hold the door vertically in the open position. Door hinged to the front of body, with a locking hasp at rear.

Full door width, 12" high, 72" long pull out drawer installed on bottom of transverse shelf, to pull out to curbside only. Drawer to be mounted on heavy duty rollers with a spring loaded retaining latch.

Second Vertical 23.25" - Access opening to body cargo area. Two (2) gripstrut steps in access opening, evenly spaced, with bottom step flush with bottom of body sidebox. Includes auxiliary lower step and two (2) 45 degree angled grab handles, one (1) each side of opening.

6" high removable retainer board installed across access opening at floor level.

Third Vertical 29.25" – Four (4) adjustable shelves with adjustable dividers.

Fourth Horizontal 53.5" - Two (2) full length shelves with eight (8) adjustable dividers each, one (1) in center and one (1) on bottom of compartment.

Fifth Vertical 39.68" – Nine (9) swivel material hooks as high as possible, 2-5-2.

STREETSIDE COMPARTMENTATION

Hotstick shelf installed in top of streetside sidebox, 10" down from top, running from the front of the #2 vertical compartment to the rear of the body, with drop down access door on rear body panel.

First Vertical 25.75" - Four (4) adjustable shelves with adjustable dividers.

Second Vertical 25.25" - Three (3) adjustable shelves with adjustable dividers.

12" high, 16" wide bottom opening in the compartment divider bulkhead between the #2 and #3 vertical compartments. Includes vent on back wall near bottom.

Third Vertical 27.25" - Three (3) adjustable shelves with adjustable dividers.

Fourth Horizontal 53.5" – Centered adjustable divider shelf between hot stick shelf and bottom and bottom mounted shelf, each with 12 dividers

Fifth Vertical 39.68" - Full height, full depth vertical partition to divide compartment into two (2) equal sections below hotstick shelf.

Two (2) adjustable divider shelves on the left side of partition above the outrigger housing.

Nine (9) swivel material hooks on right side of partition as high as possible, 2-3-2.

BODY ACCESSORIES

Full width 30" aluminum treadplate tailshelf installed at rear, level with cargo area floor. Includes a 6" rear riser panel with tapered side skirts.

20" wide through tunnel located under front section of tailshelf, with a drop down door with slam latch on each side.

6" removable composite tailboards around perimeter of tailshelf with retainers. Split the rear board into two (2) equal width sections.

ICC structural steel channel rear bumper installed at rear, attached and reinforced to bottom of pintle hook mounting channel, with a gripstrut step on top of bumper each side. Gripstrut to extend beyond rear edge of tailshelf.

Round aluminum grab rail each side at rear near outside edge of body, running from top of rear body panel and tapering down to rear edge of tailshelf.

Aluminum gripstrut steps on curbside in cargo area and on top of curbside sidebox as required for access to aerial tower platform.

Loop style grab rail at curbside rear top of sidebox to assist platform access.

Two (2) Reese hitch receivers, one (1) each side at rear on outside of frame rail, for use with removable accessories. Includes removable vice bracket and removable ring style inverted cone holder, interchangeable in each receiver. Each holder to be furnished with retainer pin and keeper.

Four (4) D2424 outrigger pads and holders, two (2) on each side under body near each outrigger.

144" long, 20" wide, 10" high aluminum treadplate ladder box on top of streetside sidebox, open at rear, with bottom rear roller and retainer chain. Box to be mounted flush with rear body panel.

108" long, 18" wide, 10" high aluminum treadplate storage box with two (2) independent top opening weatherproof lids covered with aluminum gripstrut, held open vertically with one (1) chain and one (1) gas strut. Box shall mount on top of curbside compartments from access opening rearward. Box to be lined with rubberized coating on bottom and sides, and shall include vents and drains.

Ground wire carrier installed at rear – location / configuration to be determined.

14" high, 20" wide strand wire reel carrier in rear of tailshelf – location to be determined.

Aluminum bicycle type wire storage rack with four (4) storage slots shipped loose with completed unit.

Four (4) rubber wheel chocks and holders, two (2) each side, recessed in wheelhouse fender panel.

BP100A pintle hook installed at rear with frame reinforcements and safety chain eyes. Ground to throat measurement of 20".

Roboreel model #5478 triplex wire reel installed in cargo area – exact location to be determined.

5 gallon plastic water cask, plastic cask stand, and wedge type cup holder shipped loose with completed unit.

72" long aluminum material rail with four (4) sliding hooks installed in cargo area – exact location to be determined.

Extend chassis trailer air brake system with glad hands at rear near pintle hook.

Mud flaps installed behind rear wheels.

Two (2) 5# extinguisher with brackets, location to be determined.

Zee #42 first aid kit shipped loose with completed unit.

3-piece triangle reflector kit shipped loose with completed unit.

Decals for fire extinguishers and medical kit.

Ziebart rustproofing of chassis cab and body understructure.

Non-skid paint applied to cargo area and tailshelf floors.

ELECTRICAL ACCESSORIES

Truck Lite recessed, shock mounted LED lighting package installed on body to meet F.M.V.S.S. # 108. All rear lights are recessed in tailshelf riser, including one (1) combination stop/tail/turn signal and back up light on each side.

Lighted dash switches for auxiliary 12 volt electrical accessories.

Aerial tower auxiliary function components located in a protected location inside cab, integrated with chassis electrical system (as applicable).

Two (2) Whelen model L32LAF super LED beacons, one (1) each side on boom rest, visible above cab. Includes a single switch on dash panel for all strobes.

Four (4) corner strobe light system with two (2) strobes mounted on the front of the chassis and two (2) on the rear tailshelf riser or rear body wall.

Two (2) 6" halogen spotlights, one (1) each side on chassis cab door post.

Go-Light model 3067 remote control spotlight with wireless dash mounted and remote controls, mounted curbside of front boom rest, visible above cab.

Two (2) Betts or equal spot lights on lower boom rest to illuminate the entire cargo area. Lights shall come on with compartment lights or switch on dash.

LED rope lighting installed across the top and down each side inside each side compartment door opening, with a single lighted switch on dash panel.

Two (2) cargo lights up high on curbside sidebox in cargo area, one (1) at rear, one (1) just aft of access opening, with a weatherproof switch in access opening.

Electric back up alarm at rear under body, wired to chassis back up light.

Seven (7) pole SAE560B rear trailer socket near the pintle hook.

All 12 volt wiring to be color coded, protected with loom, and secured at regular intervals. All body lighting connections to be terminated in a weatherproof junction box located in an accessible position at rear under body.

Dimensions 12U12U 1200 watt inverter, installed in bottom of the # 3 curbside compartment, with a weatherproof duplex GFI receptacle on curbside rear body panel, and an on/off switch on dash.

Hannay SGCR-10-17-19 spring retractable ground wire reel with 40' of 1/0 grounding cable and clamp. Includes 4-point grounding system with tower, body, chassis, and rear grounding loop to a single point on chassis frame. Reel to be mounted on a bracket between cab and body on curbside front outrigger.

STANDARD UNIT PRICE.....\$190,815.00.

CONTRACT DISCOUNT.....(\$15,265.00).

TOTAL F.O.B. DESTINATION.....\$175,550.00.

NOTES

- Requires selection of the appropriate chassis. Customer furnished chassis must meet minimum requirements for installation of equipment.
- Delivery: Approximately 270-300 days after receipt of order.
- Terms: 1%-20 days or Net 30 days.

We appreciate the opportunity to assist with your equipment requirements. If you have any questions or require additional information, please contact us at your earliest convenience.

Sincerely,
Utility Truck Equipment, Inc.

CLEVELAND 60' AERIAL UNIT

AERIAL TOWER AND ACCESSORIES

Versalift model VST-6000-I insulated aerial tower with a maximum working height of 65', and a maximum horizontal side reach of 40'. Includes the following features and accessories:

- 24" x 48" x 42" enclosed fiberglass platform with integral step and a maximum capacity of 600 lbs.
- 50KV liner and vinyl platform cover for 24" x 48" x 42" platform.
- Hastings hang-on bucket step for inside of platform.
- PTI 1TB-W hang-on platform tool tray.
- Full pressure platform mounted Unitrol single handle control with safety trigger and emergency stop valve, to operate three (3) boom functions. Control handle to be "SESSORIZED" with individual control levers for telescoping boom and platform rotator.
- Turret mounted full pressure individual lower controls, with upper override.
- Hydraulic platform leveling system with upper and lower tilt controls for leveling adjustment, and cleanout and rescue.
- 180 degree hydraulic platform rotator system with platform mounted control. **Includes heavy duty hydraulic platform rotator.**
- Side mounted articulating upper boom assembly with fiberglass telescoping inner boom, and steel outer boom with fiberglass tip section.
- ANSI category "C" insulation rating for 46KV and below, with telescoping upper boom fully retracted.
- Articulating lower boom with 24" fiberglass insert.
- 360 degree continuous rotation utilizing a shear ball bearing turntable with hydraulic worm and spur gear drive system.
- One piece tubular pedestal assembly mounted just ahead of rear axle in center of cargo area, with booms stowed to the rear.

- Standard height pedestal for Freightliner M2 chassis.
- “A” frame type main outriggers at front between cab and body, and modified "A" type auxiliary outriggers mounted in tailshelf. Includes an individual control for each outrigger at rear, and outrigger/tower selector valve.
- Protective covers installed over hoses and wires on rear outriggers.
- MH-958 extended length subframe combining outriggers and pedestal into a single integral unit (for use with extended length body).
- Outrigger /boom interlock system.
- Outrigger motion alarm system.
- 25 gallon oil reservoir in pedestal with dual sight gauges and breather cap.
- Aviation hydraulic oil in the reservoir and system.
- 8 GPM open center hydraulic system with fixed displacement hydraulic pump.
- Electric shift power take off with dash mounted indicator light and control.
- Lighted dash switches for auxiliary 12 volt equipment.
- Non-lubricating type bearings utilized throughout entire unit.
- One (1) set of hydraulic tool outlets located at platform.
- Remote engine stop/start system with upper and lower controls.
- 2-speed engine throttle system with upper, lower, and curbside rear controls.
- 12 volt emergency power system with upper and lower controls.
- Five (5) electrical slip rings for auxiliary 12 volt functions.
- Upper boom storage cradle with ratchet type tie down strap. Boom to stow above cargo floor when in the rest position – exact position to be determined.
- Dual tubular rubber platform supports under platform.
- Two (2) safety harnesses with lanyards.
- Two (2) operator/service manuals.
- Finish paint **extreme climate** standard white urethane.
- ANSI A92.2 data plate.
- Inclinator installed each side on rear of body.
- Complete installation and testing of aerial tower and accessories.
- Grease fittings installed for main knuckle hinge pin.
- Two year limited aerial tower warranty.

AERIAL LINE BODY

Special Brand FX Model BFXB165-48 fiberglass line body, 165" long, 94" wide, with 18" deep side compartments, suitable for mounting on a medium duty dual rear wheel chassis having a 108" or greater C.A. dimension, with 9" minimum clearance between cab and body for front outriggers. Includes the following:

Standard Brand FX white gelcoat finish.

6" aluminum body understructure. 28" sidebox height above cargo floor.

Body modification allowing independent installation of aerial tower and subframe.

Aluminum treadplate cargo area floor, cargo wall liners, and compartment tops.

Gang locks on each side of the body compartments with handles extending out the rear of each sidebox and in curbside access opening.

Recessed stainless steel paddle handles with rotary two stage latch mechanism.

Spring loaded overcenter door holders on vertical compartment doors.

Automotive bulb type rubber door seals.

CURBSIDE COMPARTMENTATION

First Vertical 25.75" - Fiberglass transverse compartment with aluminum treadplate overlay, between the #1 compartments, open to curbside only. Includes a full width, 72" long shelf which extends fully into the curbside compartment, 12" down from top. An aluminum treadplate door and opening shall be installed in the top center of the transverse compartment for access to this shelf. Door opening shall be approximately 40" long and 18" wide, with weatherproof rubber seals, and gas struts to hold the door vertically in the open position. Door hinged to the front of body, with a locking hasp at rear.

Full width, 6" high, 72" long pull out drawer installed immediately below transverse shelf, to pull out to curbside only. Drawer to be mounted on heavy duty rollers with a spring loaded retaining latch.

Second Vertical 25.25" - Access opening to body cargo area. Two (2) gripstrut steps in access opening, evenly spaced, with bottom step flush with bottom of body sidebox. Includes auxiliary lower step and two (2) 45 degree angled grab handles, one (1) each side of opening.

6" high removable retainer board installed across access opening at floor level.

Third Vertical 21.25" - Three (3) adjustable shelves with adjustable dividers.

Fourth Horizontal 53.5" - Two (2) full length shelves with eight (8) adjustable dividers each, one (1) in center and one (1) on bottom of compartment.

Fifth Vertical 39.68" – Nine (9) swivel material hooks high as possible, 2-5-2.

STREETSIDE COMPARTMENTATION

Hotstick shelf installed in top of streetside sidebox, 10" down from top, running from the front of the #2 vertical compartment to the rear of the body, with drop down access door on rear body panel.

First Vertical 25.75" - Three (3) adjustable shelves with adjustable dividers.

Second Vertical 19.25" - Three (3) adjustable shelves with adjustable dividers.

12" high, 16" wide bottom opening in the compartment divider bulkhead between the #2 and #3 vertical compartments. Includes vent on back wall near bottom.

Third Vertical 27.25" - Five (5) swivel material hooks as high as possible, 1-3-1.

Fourth Horizontal 53.5" – Open for bulk storage.

Fifth Vertical 39.68" - Full height, full depth vertical partition to divide compartment into two (2) equal sections below hotstick shelf.

Two (2) adjustable divider shelves on the left side of partition.

Five (5) swivel material hooks on right side of partition as high as possible, 1-3-1.

BODY ACCESSORIES

Full width 36" aluminum treadplate tailshelf installed at rear, level with cargo area floor. Includes a 6" rear riser panel with tapered side skirts.

16" wide through tunnel located under rear section of tailshelf, with a drop down door with slam latch on each side.

6" removable composite tailboards around perimeter of tailshelf with retainers.

ICC structural steel channel rear bumper installed at rear, attached and reinforced to bottom of pintle hook mounting channel, with a gripstrut step on top of bumper each side. Gripstrut to extend beyond rear edge of tailshelf.

Round aluminum grab rail each side at rear near outside edge of body, running from top of rear body panel and tapering down to rear edge of tailshelf.

Weatherguard model 304-3 48" long, 30" wide drawer unit installed at rear between chassis frame rails as space permits.

Aluminum gripstrut steps on curbside in cargo area as required for access to top of curbside box and platform. Each step to be equal in size.

Two (2) Reese hitch receivers, one (1) each side at rear on outside of frame rail, for use with removable accessories. Includes removable vice bracket and removable ring style inverted cone holder, interchangeable in each receiver. Each holder to be furnished with retainer pin and keeper.

Four (4) D2424 outrigger pads and holders, two (2) on each side under body.

Two (2) 132" long, 20" wide aluminum ladder racks stacked one (1) above the other on top of streetside sidebox, with front bulkheads, rear rollers and tie down straps. Top rack to have full length floor, and front bridge over top to keep ladder from bouncing out of rack.

108" long, 18" wide, 10" high aluminum treadplate storage box with two (2) independent top opening weatherproof lids covered with aluminum gripstrut, held open vertically with one (1) chain and one (1) gas strut. Box shall mount on top of curbside compartments from access opening rearward. Box to be lined with rubberized coating on bottom and sides, and shall include vents and drains.

Loop style grab rail at curbside rear top of storage box to assist platform access.

14" H, 20" W strand reel carrier facing the rear on streetside top of tailshelf.

Aluminum bicycle type wire storage rack with four (4) storage slots shipped loose with completed unit.

Four (4) rubber wheel chocks and holders, two (2) each side, recessed in wheelhouse fender panel.

BP100A pintle hook installed at rear with frame reinforcements and safety chain eyes. Ground to throat measurement of 20".

Roboreel #5478 triplex wire reel facing rearward on curbside top of tailshelf with hole cut in tailboard.

5 gallon plastic water cask, plastic cask stand, and wedge type cup holder shipped loose with completed unit.

60" long aluminum material rail with four (4) sliding hooks installed in cargo area – exact location to be determined.

Relocate chassis batteries on streetside front outrigger between cab and body.

Extend chassis trailer air brake system with glad hands at rear near pintle hook.

Mud flaps installed behind rear wheels.

Two (2) 5# extinguisher with brackets mounted one (1) on each side of boom rest or front of body.

Zee #42 first aid kit shipped loose with completed unit.

3-piece triangle reflector kit shipped loose with completed unit.

Decals for fire extinguishers and medical kit.

Ziebart rustproofing of chassis cab and body understructure.

Non-skid paint applied to cargo area and tailshelf floors.

ELECTRICAL ACCESSORIES

Truck Lite recessed, shock mounted LED lighting package installed on body to meet F.M.V.S.S. # 108. All rear lights are recessed in tailshelf riser, including one (1) combination stop/tail/turn signal and back up light on each side.

Lighted dash switches for auxiliary 12 volt electrical accessories.

Aerial tower auxiliary function components located in a protected location inside cab, integrated with chassis electrical system (as applicable).

Two (2) Whelen model L32LAF super LED beacons, one (1) each side on boom rest, visible above cab. Includes a single switch on dash panel for all strobes.

Four (4) corner strobe light system with two (2) strobes mounted on the front of the chassis and two (2) on the rear tailshelf riser or rear body wall.

Unity 6" halogen spotlight installed on driver side chassis cab door post.

Two (2) Go-Light model 3067 remote control spotlights with wireless dash mounted and remote controls, one (1) mounted curbside of front boom rest, visible above cab, and one (1) on curbside of chassis hood.

Rope lighting installed across the top and down each side inside each side compartment door opening, with a single lighted switch on dash panel.

Two (2) cargo lights up high on curbside sidebox in cargo area, one (1) at rear, one (1) just aft of access opening, with a weatherproof switch in access opening.

Electric back up alarm at rear under body, wired to chassis back up light.

Seven (7) pole SAE560B rear trailer socket near the pintle hook.

All 12 volt wiring to be color coded, protected with loom, and secured at regular intervals. All body lighting connections to be terminated in a weatherproof junction box located in an accessible position at rear under body.

Dimensions 12U12U 1200 watt inverter, installed in bottom of the # 3 curbside compartment, with a weatherproof duplex GFI receptacle on curbside rear body panel, and an on/off switch on dash.

Hannay SGCR-10-17-19 spring retractable ground wire reel with 40' of 1/0 grounding cable and clamp. Includes 4-point grounding system with tower, body, chassis, and rear grounding loop to a single point on chassis frame. Reel to be mounted on a bracket between cab and body on curbside front outrigger.

STANDARD UNIT PRICE.....\$166,467.00.

CONTRACT DISCOUNT.....(\$13,317.00).

TOTAL F.O.B. DESTINATION.....\$153,150.00.

OPTIONS

- Jib and winch preparation package only for use with existing customer furnished Versalift winch with hydraulic jib. \$1670.00
- Material handling winch and hydraulic jib package. \$5785.00
- Auto boom latch for mounting on outer boom Electroguard. \$1400.00

NOTES

- Requires selection of the appropriate chassis. Customer furnished chassis must meet minimum requirements for installation of equipment.
- Delivery: Approximately 270-300 days after receipt of order.
- Terms: 1%-20 days or Net 30 days.

HAMILTON COUNTY 29' VAN AERIAL UNIT

AERIAL TOWER AND ACCESSORIES

Versalift model VAN-TEL-29-IH Insulated, telescoping aerial tower with a maximum working height of 33' – 7", and a maximum horizontal side reach of 20' – 8". Includes the following features and accessories:

- 24" x 30" walk-in platform with LH hinged door.
- Single handle full hydraulic control mounted at platform.
- Hand held pendant remote lower controls with upper control override.
- Hydraulic platform leveling system.
- Two section telescoping boom assembly with outer boom Electroguard.
- Heavy duty fiberglass telescoping inner boom.
- 360 degree non-continuous rotation.
- 4" taller pedestal mounted center of van, with booms stowed to the rear.
- 7 gallon integral oil reservoir located in pedestal.
- 3 GPM open center hydraulic system.
- Engine driven clutch pump assembly with parking brake interlock.
- Remote engine stop/start system with upper and lower controls.
- 12 volt emergency power system with upper and lower controls.
- Upper boom storage cradle at rear of van.
- Van rear window guard.
- Aluminum rear platform bumper extension with access step to platform.
- Two (2) turret mounted strobes.
- 1800 watt pure sine wave inverter, dash switch, auxiliary battery, with wiring to rear GFI outlet.
- 41" slim line LED work light installed on van interior.

- Two (2) 3067 Golights installed on top of van roof.
- Storage bins each side inside van (by Ford).
- Desk or vinyl console in center front of van.
- Ram computer mount in front cab area of van.
- Two (2) rubber wheel chocks and holders.
- Receiver hitch at rear, reinforced to frame, with receptacle.
- Fire extinguisher, first aid kit, and triangle reflector kit.
- Lighted master switch on dash.
- Safety harness and lanyard.
- Two (2) operator/service manuals.
- Finish paint standard white urethane.
- ANSI A92.2 data plate.
- Inclinator installed on dash.
- Back up alarm at rear under platform extension.
- Complete installation and testing of aerial tower and accessories.

TOTAL FOR VOCATIONAL EQUIPMENT.....\$44,790.00.

E350 VAN

- 2014 Ford E350 van.
- Preferred equipment package.
- 138" wheelbase.
- 5.4L gasoline engine.
- Automatic transmission.
- 9500# GVWR.
- Aerial bucket suspension package.
- 4 wheel ABS hydraulic brake system.
- Cruise control.
- Heavy duty alternator.
- Maintenance free battery.
- AM/FM stereo radio with clock.
- Dash mounted upfitter switches.
- 35 gallon fuel tank.
- Standard interior trim.
- Vinyl bucket seats.
- Standard gauge cluster.
- Factory front air conditioning.
- Swing open side cargo doors.
- Fixed glass in rear and side cargo doors.
- Dash mounted upfitter switches.
- Vinyl front and rear floor covering.
- Rack and bin package.
- Manual telescoping trailer tow mirrors.
- LT245 all season radial tires.
- Ford standard oxford white paint.
- Keyless entry with power windows, door locks, and mirrors.

TOTAL FOR E350 VAN.....\$26,420.00.

TOTAL FOR VAN AND EQUIPMENT.....\$71,210.00.

**OPTIONS FROM VANTEL 29 PRICE LIST (PAGE
11 OF CURRENT CONTRACT) INCLUDED IN
LISTED PRICE ABOVE**

1) Keyless entry with power windows, door locks, and mirrors.	\$675.00
2) VAN-TEL-29-IH insulated aerial tower with hydraulic leveling and full hydraulic single handle upper control, closed platform. Includes 3 GPM hyd. system (no throttle control or tool circuit).	\$6450.00
3) 1800 watt pure sine wave inverter, dash switch, auxiliary battery, and wiring to platform outlets.	\$2750.00
4) Receiver hitch at rear, reinforced to frame, with receptacle.	\$1275.00
5) 41" slim line LED work light installed on van interior.	\$675.00
6) 24x30 walk-in platform with door.	\$570.00
7) Two (2) 3067 Golights on roof of the van (\$900.00 ea.)	\$1,800.00
8) GFCI outlet at rear of van in lieu of wiring to platform.	N/C
9) Racks and bins on both sides inside van.	N/C
10) Center console, either desk or vinyl console.	\$490.00
11) Ram Computer mount (installed).	\$530.00

NOTES

- F.O.B. – Hamilton County Facility.
- Delivery: Approximately 270-300 days after receipt of order.
- Terms: 1%-20 days or Net 30 days.

We appreciate the opportunity to assist with your equipment requirements. If you have any questions or require additional information, please contact us at your earliest convenience.

Thank you for your consideration.

Sincerely,
Utility Truck Equipment, Inc.

UTE CERTIFIED USED EQUIPMENT

UTE USED UNIT # 2792

AERIAL DEVICE

- **Telelect Telecon II S/N TELII-224-FY with 38.5' Sheave Height**
- Rear Center Mounted Pedestal with Seated Control Console
- Full Hydraulic Control System
- Turret Mounted 15,000# Winch with Rope
- Two Speed 10,000# Digger with 16" Pengo Auger
- Insulated Fiberglass Second Stage
- Hydraulic Pole Claw Assembly on 2nd Stage
- Boom Overload Protection System
- Hydraulic Tool Circuit at Tail Shelf
- Continuous Rotation
- One Set of A Frame Outriggers Behind Rear Wheels
- Braden PD18 Bumper Mounted Winch Package w Cab Controls
- Operation and Safety Manual
- 30 Day Limited Warranty on Aerial Device
- Fresh Annual ATC Inspection

BODY

- **Steel Baker 1154-03 Service Body**
- Curb Side Entry with Stairs and Grab Handle
- Streetside Hotstick Shelf (Plywood Lined) with Rear Access Door
- Two (2) Cab Roof Mounted Spot Lights on Passenger and Drivers' Sides
- Two (2) Strobe Lights Behind Cab on Each Side
- Dome Lamps in Each Compartment
- Custom Drawers in Curb Side Compartments
- Top Mounted Rubber Goods Storage Boxes on Street Side
- Rear Tailshelf Constructed of Steel Treadplate with Storage Underneath
- Curb Side Rear-Mounted Hydraulic Capstan
- Rear ICC Step Bumper with Access Grab Handle
- Wheel Chock and Outrigger Pad Holders
- Ladder Storage Box in Bed Area
- Tamper Circuit w Spring Assisted Hose Reel
- Custom Built Wire Racks in Bed Area
- Pintle Hitch with Trailer Lighting Hookup
- Back Up Alarm

CHASSIS

- **1992 International 4900 Serial #1HT5DNUN8NH395525**
- DT 466, 220 HP Diesel Engine
- Allison MT653 5-Speed Automatic Transmission
- 29,000 GVWR with 10,000 FAWR and 19,000 RAWR
- 102" Cab to Axle
- Air Brakes with Trailer Brake Circuit
- Fiberglass Tilting Hood
- Electric Trailer Brake Controller
- AM/FM Radio With Clock
- Deluxe Bench Seat
- West Coast Mirrors
- 50 Gallon Curbside Fuel Tank
- Approximately 57,000 Original Miles with Approximately 5,000 Eng. Hours
- Tire Tread 80%
- Fresh DOT Inspection

TOTAL PRICE F.O.B. DESTINATION.....\$36,900.00.

NOTES

TERMS: 1% - 20 DAYS OR NET 30 DAYS.

DELIVERY: IMMEDIATE

LIMITED 30 DAY WARRANTY ON AERIAL DEVICE TO STS CUSTOMERS

We appreciate the opportunity to assist with your equipment requirements. If you have any questions or require additional information, please contact us at your convenience.

UTE USED UNIT # 2799

CHASSIS CAB

- Ford F550 Cab and Chassis—Serial # 1FDAF57F1YED75819
- 7.3L Diesel Engine
- 177,630 Miles / There is no hour meter.
- Air Conditioning
- XL Trim Package
- 17,500# GVWR
- 4.88 Ratio Limited Slip Rear Axle
- 84 " Cab to Axle, 165" Wheelbase
- Four Speed Automatic Transmission
- Comes Fully Serviced with Inspection Paperwork

BODY and ACCESSORIES

- Warner Model W132 Service Body
- Individual Key Locks for Each Body Compartment
- Street Side Hotstick Shelf with Rear Access Door
- Construction Compartmentation with adjustable shelves
- Individual Compartment Lighting.
- Reel Rack Located in Bed Area.
- Large Tool Storage Drawers on Curbside #2
- Wheel Chock Storage Pockets with Rubber Chocks
- Rear ICC Step Bumper with Access Steps and Grab Handle
- Pintle Hitch with 6 Pole Trailer Socket
- One Strobe Light Mounted on Top of Body.
- Back Up Alarm
- Two (2) Amber Flashers Mounted in Rear Tailshelf Riser Panel
- All Required FMVS Lighting

IMT CRANE MODEL 2020 CRANE

- IMT Electric Corner mounted Crane Model 2020
- One hydraulic extension to 15'
- Up to #1320 Capacity @ 15'
- Up to 5,000# Capacity @ 3'
- One set of Manual Out and Down Outriggers in Tailshelf
- Remote Control Pendant.
- All Required Safety Equipment Included
- Operation and Safety Manual
- Comes Complete with Boom Inspection Paperwork

TOTAL PRICE F.O.B. DESTINATION.....\$32,900.00.

UTE CERTIFIED USED EQUIPMENT

UTE USED UNIT # 2800

AERIAL TOWER AND ACCESSORIES - SERIAL #EH040035

Versalift model SST-40-EIH insulated aerial tower with a maximum working height of 45', and a maximum horizontal side reach of 27'-9". Includes the following features and accessories:

- Insulated two stage telescoping and articulating upper boom assembly.
- Articulating lower boom assembly with compensating link, to maintain a constant upper boom angle with the turret.
- End mounted fiberglass platform assembly.
- Full pressure turret mounted lower controls, with upper control override.
- 3 GPM open center hydraulic system.
- Fiberglass telescoping inner boom with Electroguard outer boom section, providing a 42" insulation gap with inner boom fully retracted.
- ANSI category "C" insulation rating for voltages up to 46KV.
- Electroguard and fiberglass inner boom finished in white urethane paint.
- Multi-link hose carrier system throughout booms.
- Non-lubricating type bearings utilized throughout entire unit.
- 12 gallon integral hydraulic oil reservoir with dual sight gauges.
- Boom cradle with ratchet type tie down strap.
- Standard prime paint.
- Two (2) each operators and service manuals.
- ANSI A92.2-2001 data plate.

6" taller pedestal mounted over rear axle with platform stowed to rear for access from cargo floor level. Provides additional clearance height for Chevrolet 4500 series chassis.

Four (4) extra electrical slip rings, five (5) total, for use with tower auxiliary 12 volt electrical systems.

Chassis insulating system (lower boom insert) including accommodations to bridge insulation gap for ANSI A92.2-1990 insulation testing.

360 degree continuous rotation utilizing a shear ball bearing turntable with hydraulically powered worm gear box and spur gear drive system.

One (1) pair of heavy duty vertical double acting hydraulic outriggers installed between cab and body with an individual control each side under tailshelf.

Platform mounted Unitrol full pressure single handle control with safety trigger and emergency stop.

24" x 30" x 42" single man end hung fiberglass platform, fully enclosed, with curbside step and **400 pounds capacity**.

Master/slave hydraulic platform leveling system with upper and lower tilt controls for cleanout and rescue.

Vinyl platform cover with elastic binding for 24" x 30" single man platform.

Safety harness and lanyard.

One (1) set of hydraulic tool outlets at platform with HTMA quick disconnects.

Engine mounted, fan belt driven hydraulic pump with electric clutch, actuated by a single lighted switch on dash panel. Includes parking brake interlock.

Hydraulic hose and fitting kit with aviation hydraulic oil for reservoir.

12 volt emergency power system, with control at platform and pedestal.

Remote two speed engine throttle control at platform and lower controls.

Remote engine stop/start control at platform and pedestal.

Tubular rubber platform support at rear on tailshelf.

"Danger" decals for Versalift insulated aerial tower.

Complete installation and testing in accordance with ANSI standard A92.2-2001.

Finish paint aerial tower Time Mfg. standard white urethane.

FIBERGLASS SERVICE BODY

FX model BFXB84D-LP fiberglass service body, 131" long, suitable for mounting on a 2008 Chevrolet C4500 4x4 dual rear wheel chassis having an 84" C.A. dimension. Body to be 94" wide, with 18" deep, 40" high sideboxes, and a 58" wide cargo area floor. Includes the following features and accessories:

Body mounting height of 25" from cargo floor to top of sidebox for Chevrolet C4500 4x4 chassis.

Fiberglass transverse compartment with aluminum treadplate overlay, installed between the #1 vertical compartments, open to both sides, with a 58" long, full width fixed aluminum shelf installed in the center of the transverse compartment. Both the shelf and the compartment bottom shall have a 2" lip on each end.

6" aluminum body understructure with aluminum front bulkhead.

Aluminum treadplate cargo area floor.

Aluminum treadplate cargo wall liners and compartment tops.

White gelcoat exterior side compartments standard FX Body white.

Automotive bulb type rubber door seals.

Spring loaded door holders on all vertical doors.

Stainless steel two stage rotary action paddle latches, all keyed alike.

CURBSIDE COMPARTMENTATION

First Vertical - Four (4) swivel material hooks installed as high as possible, 2-0-2.

Second Vertical - Access opening with two (2) ascending gripstrut steps to cargo area and grab handle.

6" recycled plastic retainer board across access opening at cargo floor level.

Third Horizontal- Two (2) full length shelves with eight (8) adjustable dividers each, one (1) in center and one (1) on bottom of compartment.

Fourth Vertical - Two (2) adjustable shelves with adjustable dividers.

STREETSIDE COMPARTMENTATION

One (1) full length hotstick shelf in top of streetside sidebox, 10" down from top, with a drop down access door on rear body panel.

First Vertical - Two (2) adjustable shelves with adjustable dividers.

Second Vertical - Two (2) adjustable shelves with adjustable dividers.

Third Horizontal- Full length shelf with eight (8) adjustable dividers, installed on bottom of compartment.

Fourth Vertical - Five (5) swivel material hooks as high as possible, 1-3-1.

BODY ACCESSORIES

Full width 30" aluminum treadplate tailshelf installed at rear, level with cargo area floor. Tailshelf to have a 6" rear riser panel and treadplate side skirts which taper up from bottom rear edge of body to bottom rear edge of tailshelf riser panel.

6" recycled plastic tailboard installed at rear across cargo area.

Two (2) aluminum wheel chock holders recessed in curbside wheelhouse fender panel. Includes two (2) rubber wheel chocks.

ICC structural steel bumper installed at rear, attached and reinforced to bottom of pintle hook mounting channel, with a gripstrut step on top each side.

Round aluminum grab rail installed each side at rear near outside edge of body, running from top of rear body panel and tapering down to rear edge of tailshelf.

Two (2) D1818 Dica outrigger pads and holders, one (1) each side at front under body.

BH82000 combination 2" ball / pintle hook installed at rear center under tailshelf with frame reinforcements and safety chain eyes.

131" long, 19" wide fiberglass ladder rack installed on top of streetside sidebox, with rear roller and tie down strap.

Mud flaps installed behind rear wheels.

10# B:C fire extinguisher with mounting bracket.

D.O.T. triangle type road reflector kit.

10 unit first aid medical kit.

Complete installation on a 2005 Chevrolet C4500 4x4 chassis.

ELECTRICAL ACCESSORIES

Truck Lite recessed shock mounted LED lighting package installed on body to meet F.M.V.S.S. # 108. All rear lights are recessed in tailshelf riser, including one (1) combination stop/tail/turn signal and back up light on each side.

Dash mounted, lighted switch panel for auxiliary electrical accessories.

Auxiliary function controls located in a protected area inside cab. Contains all electrical activation components for aerial tower remote engine stop/start, emergency power, and two speed throttle systems.

Four (4) LED amber strobe warning light system with two (2) front strobes mounted on grille, and two (2) rear strobes grommet mounted in rear of tailshelf. Includes a single lighted control switch on chassis dash.

Dome light with integral switch installed in top center of each compartment, wired to a single lighted switch on dash panel.

UTE underbody service light package providing perimeter ground lighting for night time operations.

Two (2) recessed cargo area lights, one (1) each side at rear near top of body, with a recessed control switch on curbside rear body panel.

Six (6) prong trailer receptacle at rear near pintle hook.

Electric back up alarm at rear under body, wired to chassis back up light circuit.

CAB AND CHASSIS

- 2005 Chevrolet C4500 4x4 cab and chassis Serial #1GBE4C3205F500841
- 286,980 miles / There is no hour meter.
- 84" C.A., 152" W.B.
- 17,500# GVWR
- 8000# front axle with 8000# springs
- Manual locking front hubs
- Front stabilizer bar
- 13,500# rear axle with 13,500# springs
- Limited slip rear differential
- Rear stabilizer bar
- "L" reinforced frame
- 6.6L Duramax turbocharged diesel engine, 300 H.P.
- Engine block heater
- Allison 1000 series 6-speed automatic transmission
- Power take off provisions with electronic activation switch
- Auxiliary transmission oil cooler
- New Venture Electronic shift 2-speed transfer case
- Dash mounted transfer case selector switch
- 4 wheel anti-lock brakes
- 40 gallon aft rear fuel tank
- Dual maintenance free batteries
- 150 amp alternator
- Automatic engine shut down with alarm
- Single horizontal exhaust
- Wide load integral arm mirrors
- 245/70R19.5H Michelin traction block radial tires all around
- Factory air conditioning
- High back bucket driver seat
- Two person passenger seat
- Tinted glass
- Intermittent windshield wipers
- AM/FM stereo
- Cruise control and tilt steering wheel
- Front end appearance package
- Front tow hooks
- #50 Olympic white paint

TOTAL PRICE F.O.B. DESTINATION.....\$39,950.00.
