About SitOnIt Seating™

Every one of our SitOnIt™ Seating products is perfectly designed -- because it's designed by you. Completely customizable, our products work for your boardroom or breakroom. Our unique mass customization manufacturing process marries great design with efficiency, making us industry leaders in class-leading design at value prices.

For more than 15 years, we've worked with markets from healthcare and higher education, state agencies to start-ups, and our products can be found in some of the most prestigious executive offices to some of the most stylish lobbies/waiting rooms in the country.

SitOnIt Seating boasts a carded textile program of more than 1,000 selections and extensive graded options that feature some of the biggest names in textiles, including Maharam, Momentum and Designtex. And in 2011, we began collaborating with our vendors to offer an expanding selection of fabrics in our own SitOnIt Seating Fabric Collection.

Our built-to-order process means that we deliver orders faster than anyone else in the industry -- manufacturing in two, five and ten business days. SitOnIt Seating products are always covered by our lifetime warranty and served by our world-class customer service team.

Environmental Initiatives

SitOnIt Seating is dedicated to sustainability from the fabrics we select to the way we manufacture, to how we run our corporate offices. Our efforts been recognized by *Managing Automation*, that listed us as one of its “Progressive 50”. We work hard to minimize the impact of our manufacturing and support a healthy workplace – for our employees and our planet. SitOnIt’s lean manufacturing practice provides the foundation of its sustainability strategy by linking eliminating waste, conserving resources and responsibly designing product for durability and extended life.

Materials

From the very beginning, our design and material-selection process support sustainability. Our fabric selection includes a variety of choices made of 100% recycled material. We manufacture with 10-20% recycled material and have earned the LEED-CI Recycled Content Materials and Resources Credit.

Manufacturing

During assembly, our team uses environmentally friendly water-based adhesives. Our precision design and state-of-the-art cutting machines minimize waste during production. And each month, we collect material waste like leather and fabric scraps, plastic drums, cardboard and metal and recycle them at local recycling centers.

SitOnIt Seating products have been tested and verified by the GREENGUARD Environmental Institute and meet their high “Children and Schools” standards for indoor air-quality emissions.

Corporate

SitOnIt Seating runs its business with sustainability in mind. From recycling office equipment and donating reusable seating to local schools to employees using their own mugs for coffee, keeping it green runs deep in the company.

Warranty

SitOnIt Seating warrants to the original purchaser that this product will be free from defects in its material and workmanship as described below. The company will repair or replace with a comparable product, at its option, without charge to the original purchaser, only products or parts found defective during normal use (standard 8 hour days, 5 days per week) the following warranty products:

@Work, Achieve, Anytime, Focus Executive, Focus Side, Focus Work, Freelance, Freelance Heavy Duty, Glove, InFlex, Knack, Leader, Messenger, OnCall, Prava, ReAlign, Relay, Resonance, Rowdy, Social, Sonar, TR2 and Volley.

Lifetime Warranty means the entire time owned by the original purchaser for all chair components including pneumatic cylinder, control mechanism, base, glides, casters, frames and other structural elements.

Non-Stop Heavy Duty

SitOnIt Seating warrants the 24 Hour Multi-Shift Upgrade when configured to the appropriate model for a period of ten years. Fabric and foam cushioning are covered for two years. See standard product warranty policy for processing information.

Census and Swirl

5 Year Warranty provided that product is owned the entire time by original end user for all chair components including pneumatic cylinder, control mechanism, base, and casters.

Fabric, Foam, Knit Back, Mesh, and Plastic

5 Year Warranty on all collections, 2 Year Warranty on Freelance Heavy Duty. COM/COL not warranted for wear or long term adhesion. Normal wear and tear is the responsibility of the specifier.

This warranty shall be effective for the applicable time period beginning from date of purchase as shown on your original receipt or other proof of purchase. This warranty is your sole remedy for product defects and excludes defects due to or arising in connection with product abuse or misuse, user modification of, or attachments to the product, including application of your own upholstery materials and products or parts not used, maintained or installed in accordance with the company's installation, maintenance and/or applicable guidelines.

If this product fails during normal use (standard 8 hour work day, 5 days per week) within the applicable warranty period, please send description of the relevant part, together with proof of purchase of the product.

SitOnIt Seating

6280 Artesia Blvd.

Buena Park, CA 90620

Attention: Quality Department

We will repair or, at our option, replace the defective part, free of charge to the original purchaser, provided only that the original purchaser returns said part to SitOnIt Seating, freight or other shipping charges prepaid. SitOnIt Seating shall pay for all labor costs pre-approved by SitOnIt Seating. The payment of such pre-approved labor costs will be in the form of a credit to an active SitOnIt Seating account.

THERE ARE NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, OTHER THAN THOSE SPECIFICALLY DESCRIBED, INCLUDING, WITHOUT LIMITATIONS, ANY IMPLIED WARRANTY OR MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. WE WILL NOT BE RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific contractual rights and you may have other rights which vary from state to state.

Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process. Due to natural variations over which we have no control, all products are sold subject to minor irregularities of color, surface, grain, and texture. Textiles are sold subject to minor variations of color. Leather upholstery materials are of the finest quality. Because leather is a natural product, variations of texture are common and should be expected. Leather will contain natural markings such as neck wrinkles, scratches, backbone marks and stretch marks. These distinctions give leather its unique characteristics and are considered to be part of the natural beauty of leather.

Our company will advise you of the procedure to follow when making warranty claims. Call SitOnIt Seating at 888 274-8664 to explain defect. Give your name, address, and telephone number. Please be prepared with the model number, date of purchase, date of manufacture, cell number and part number found under the seat of the chair.

ANSI/BIFMA

SitOnIt Seating is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by the Business and Institutional Furniture Manufacturer's Association (BIFMA) and approved by the American National Standards Institute (ANSI) determine the strength and durability of seating in its everyday use. Although this testing does not serve as a warranty or guarantee, SitOnIt Seating products within this price list generally meet or exceed applicable BIFMA and ANSI standards.

Customer's Own Material

The COM/COL textile must be approved prior to order fulfillment.
COM/COL textiles can be sent to:

SitOnIt Seating
6280 Artesia Blvd.
Buena Park, CA 90620
Attention: COM Engineer

All COM/COL textiles received at SitOnIt Seating must include the following information:

1. Customer's name, address, and phone number.
2. Purchase order or SitOnIt Seating sales order number (if available).
3. Textile name, color, description and mill name.
4. Provide complete instructions for application.
5. Flaws in COM/COL must be clearly indicated.

Information about submitting COM/COL Textiles

- For non-directional, plain, solid color or non-patterned fabrics, please follow COM yardage requirements as specified under each individual model number in our price list.
- For all textiles, please attach a sample of the COM textile to our COM/COL form (see next page). Complete all information and return to us for testing and approval. Please include mill specifications regarding fabric.
- Please include directional information when applicable. If this information is not supplied, SitOnIt Seating will cut roll off the fabric and apply vertically.
- All COM orders must be a minimum of 54" wide.
- SitOnIt Seating is not responsible for quality, color or yardage shipped from the mill to SitOnIt Seating.
- SitOnIt Seating is not responsible for dye lot color variations.

Information about testing COM/COL Textiles

- For testing purposes SitOnIt Seating requires a 12" x 12" textile sample.
- For Achieve models SitOnIt Seating requires .75 yards for testing.
- For Freelance models SitOnIt Seating requires .75 yards for testing.
- Should further testing be required SitOnIt Seating can request additional yardage.
- Customer Service will notify customer of COM/COL approval within 24 hours of the receipt of the textile sample.

Information about orders placed for COM/COL Textiles

Upon COM/COL approval, send purchase order to SitOnIt Seating Order Entry Department. Fax No. (714) 995-4855.

1. Purchase orders must include clearly defined COM/COL information including textile company name, textile name, color and description.
2. Orders requesting COM/COL will be placed on "Manufacturing Schedule Hold" until the COM/COL textile is received.
3. Upon receipt of COM/COL textile, the order will be released into production and given a 5 working day lead time.

SitOnIt Seating is not responsible for yardage submitted to us beyond the required amount. Excess COM/COL textile will be held in-house for 60 days and will be discarded after that time period. If a customer requires the COM/COL excess yardage returned, they must contact Customer Service at SitOnIt Seating to make arrangements. The customer will be responsible for delivery charges.

Control Functions

SitOnIt Seating offers a wide range of function levels on our seating products. The descriptions and illustrations below are designed to introduce you to these mechanical functions and their primary advantages.

B Basic

Use for short periods of time. Our most basic control has simple adjustments and works for casual meetings.

- swivels 360°
- gas cylinder seat height
- horizontal back rest depth (not available on TR2 or Knack)

T Swivel Tilt

Use for a variety of tasks and conferencing. Lean back and relax or lock in the upright position and task with solid support.

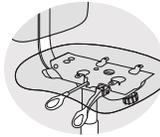

- swivels 360° degrees
- gas cylinder seat height
- tilt tension control
- seat and back tilt as unit
- upright position tilt lock

T2 Swivel Tilt – Heavy Duty

Use for a variety of tasks and conferencing. Lean back and relax or lock in the upright position and task with solid support.

- swivels 360° degrees
- gas cylinder seat height
- tilt tension control
- seat and back tilt as unit
- infinite position lock

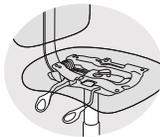

P Posture Back

Ideal for shared workstations. Perfect for limited tasking applications. Independent back articulation ideal for extended stool models.

- swivels 360° degrees
- gas cylinder seat height
- back height adjustment
- articulating back
- infinite back angle adjustment

Note: Census models has a manual back height adjustment

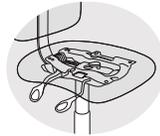

I Intensive Task

Use for task intensive work and heavy computer use. Offers complete range of quick, precise adjustments.

- swivels 360° degrees
- gas cylinder seat height
- back height adjustment
- back tilts independent of seat
- infinite back angle adjustment
- adjusts to 5° forward seat angle

Note: Census models feature 2-paddle I control with articulating seat and back. Census models have a manual back height adjustment

K Knee Tilt

Use for executive and managerial positions. The best of traditional tilt performance with a simple locking function. Allows a full range of movement.

- swivels 360° degrees
- gas cylinder seat height
- tilt tension control
- seat and back tilt as unit
- upright position tilt lock
- reduced rise of front seat edge

F Basic Synchro

Use for a variety of task environments. This 1.5:1 ratio synchro offers simple features for the budget conscious buyer.

- swivels 360° degrees
- gas cylinder seat height
- 1.5:1 seat to back synchronized movement
- internal back height adjustment (not available on Focus)
- traditional tilt tension located under the seat
- upright 3 position tilt lock
- anti-Kick feature
- no seat slider available

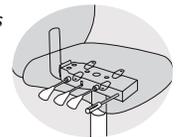

M Multi-Function

Use for a variety of task positions and extended hours of usage. Our most ergonomic control allows for an infinite range of movement and adjusts to a 5° forward tilt.

- swivels 360° degrees
- gas cylinder seat height
- back height adjustment
- back tilts independent of seat
- tilt tension control
- seat and back tilt as unit
- infinite back angle adjustment
- infinite position tilt lock
- seat pivots in a 5° forward position
- free floats in unlocked position

Note: Census models has a manual back height adjustment

Y Enhanced Synchro

Use for a variety of task positions and extended hours of usage. This 2:1 ratio synchro offers smooth and easy to operate adjustments combined with maximum user comfort while ensuring correct posture and support. Allows a full range of movement.

- swivels 360° degrees
- gas cylinder seat height
- 2:1 seat to back synchronized movement
- internal back height adjustment
- *not available on Focus, Messenger and Prava
- easy to adjust side activated tension control
- upright 2 position tilt lock
- anti-kick feature
- available seat slider option

A2 Euro glide

Use for executive and managerial tasking. Smooth and simple operation combines maximum user comfort while ensuring correct posture and support. Allows a full range of movement.

- swivels 360° degrees
- gas cylinder seat height
- internal back height adjustment
- side tilt tension control
- seat and back tilt in a synchronized movement
- upright 5 position tilt lock
- seat and back float in an unlocked position
- anti-kick feature
- back height adjustment lever

DT Dual Torsion – Heavy Duty

Use for a variety of tasks and conferencing. Synchronized double action rise allows full back decline for leg comfort and minimal front rise.

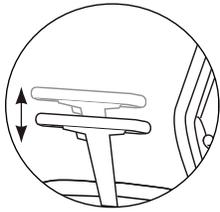

- swivels 360° degrees
- gas cylinder seat height
- tilt tension control
- seat and back tilt as unit
- upright position tilt lock
- reduced rise off front seat edge

*see page 11 for arm adjustment instructions

Arm Adjustments

Height Adjustable

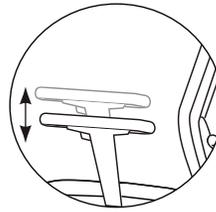

Arm Height Adjustment

To increase or decrease the arm height, press on the button.

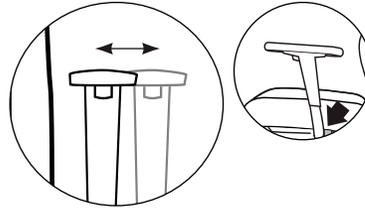

*Available with @Work, Census, Focus Work, Glove Active, Knack, Leader, Leader Knit Back, Messenger, Non-Stop Heavy Duty, ReAlign, Resonance, and TR2.

Height / Width Adjustable

Arm Height Adjustment

To increase or decrease the arm height, press on the button.

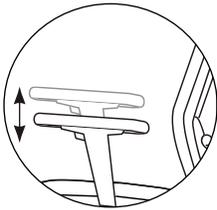

Arm Width Adjustment

To adjust the arm width, push down on the lever located under the seat to unlock the width adjustment. Move the arm to the desired width and pull up on the lever to lock the arm in place.

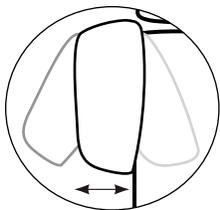

*Available with @Work, Census, Focus Work, Glove Active, Knack, Leader, Leader Knit Back, Messenger, Non-Stop Heavy Duty, ReAlign, Resonance, and TR2.

Height Adjustable w/ Pivot

Arm Height Adjustment

To increase or decrease the arm height, press on the button.

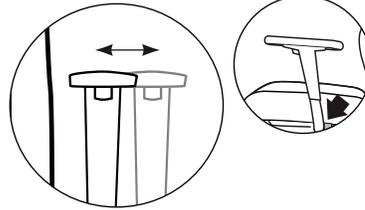

Arm Pad Adjustment – Pivot

To pivot the arm pads, simply hold the arm pad and move it in (30°), center or move it out (30°).

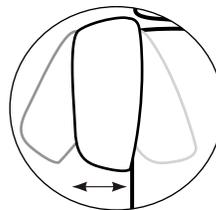

*Available with @Work, Leader, Leader Knit Back, ReAlign, and TR2.

Height/width Adjustable w/ Pivot

Arm Width Adjustment

To adjust the arm width, push down on the lever located under the seat to unlock the width adjustment. Move the arm to the desired width and pull up on the lever to lock the arm in place.

Arm Pad Adjustment – Pivot

To pivot the arm pads, simply hold the arm pad and move it in (30°), center or move it out (30°).

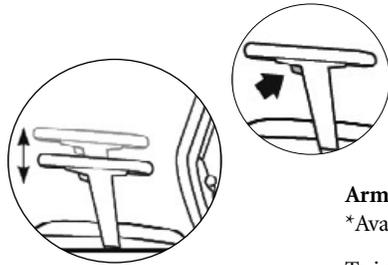

*Available with @Work, Leader, Leader Knit Back, ReAlign, and TR2.

Focus Arm Instructions

Fully Adjustable + Fully Multi-Adjustable Arms

To adequately meet the size range of users and functional needs, Focus adjustable arms offer full adjustability:

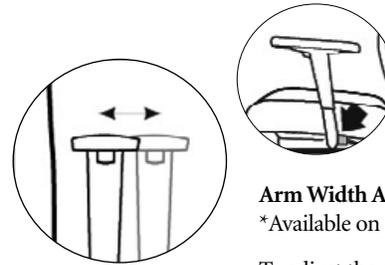

- **Fully Adjustable arms (a94):** Eight-way adjustability including height, side to side, depth, and pivot
- **Fully Multi-Adjustable arms (a95):** Ten-way adjustability including height, side to side, depth, pivot, and arm width

Arm Height Adjustment

*Available on a94 and a95

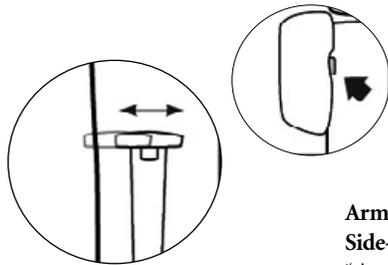

To increase or decrease the arm height, press up on the height adjustment button located underneath the front of the arm pads.

Arm Width Adjustment

*Available on a95

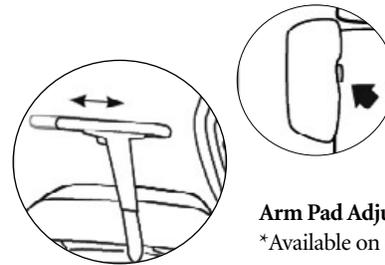

To adjust the arm width, push down on the lever located under the seat to unlock the width adjustment. Move the arm to the desired width and pull up on the lever to lock the arm in place.

Arm Pad Adjustment - Side-to-Side

*Available on a94 and a95

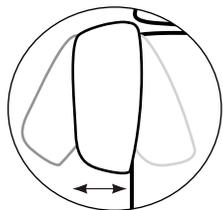

To move the arm pad in or out, push the button located on the interior side of the arm pad and slide it side to side.

Arm Pad Adjustment - Depth

*Available on a94 and a95

To change arm pad depth, push the button located on the interior side of the arm pad and slide it forward or backward.

Arm Pad Adjustment - Pivot

*Available on a94 and a95

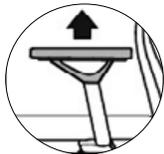

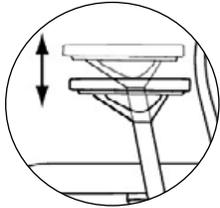

To pivot the arm pads, simply hold the arm pad and move it in (30°), center or move it out (30°)

Sona & Prava Arm Instructions

Fully Adjustable + Fully Multi-Adjustable Arms

To adequately meet the size range of users and functional needs. Focus adjustable arms offer full adjustability:

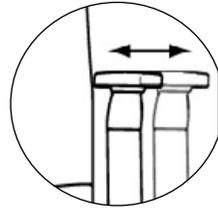

- **Fully Adjustable arms (a105/a108):** Six-way adjustability including height, side to side, depth
- **Fully Multi-Adjustable arms (a106/a109):** Eight-way adjustability including height, side to side, depth, and arm width

Arm Height Adjustment

*Available on a105/a108 and a106/a109

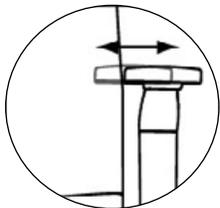

To increase arm height, pull up on the arm until the desired height is reached. To decrease the arm height, pull up on the arm to its highest point to reset. Resetting will drop the arm to its lowest point and then raise the arm to desired height.

Arm Width Adjustment

*Available on a106/a109

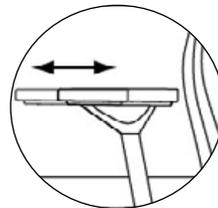

To adjust the arm width, push down on the lever located under the seat to unlock the width adjustment. Move the arm to the desired width and pull up on the lever to lock the arm in place.

Arm Pad Adjustment - Side-to-Side

*Available on a105/a108 and a106/a109

To move the arm pad in or out, push the button located on the interior side of the arm pad and slide it side to side.

Arm Pad Adjustment - Depth

*Available on a105/a108 and a106/a109

To change arm pad depth, push the button located on the interior side of the arm pad and slide it forward or backward.

Special Use: CAL TB 133 Fire Code

SitOnIt Seating's entire line of seating meets California Technical Bulletin 117-75 (CAL TB 117) which has been in effect since October of 1975. This is a standard by which upholstered furniture has been tested for approval to meet a minimum fire standard. SitOnIt Seating's standard product is not designed to meet California Technical Bulletin 133. However, upon special request, SitOnIt Seating's seating can be designed to meet the California Technical Bulletin 133 (CAL TB 133).

CAL TB 133

CAL TB 133 is a standard of furniture flammability required by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings such as Healthcare facilities, Convalescent Homes, Public Assembly Areas of Hotels and Motels, Hospitals, Board and Care Homes, Stadiums, Licensed Child Care Facilities, Prisons and Jails

CAL TB 133 Test

CAL TB 133 is a full scale fire test for furniture manufactured for use in public buildings. The standards do not specify how to construct furniture, but only how it should perform when tested. To pass this fire standard test, a fire blocking liner is sandwiched between the foam and the fabric of our chairs. This liner acts as a fire extinguisher by smothering the flame.

CAL TB 133 Models

The following models when combined with approved textiles and blocker meet the CAL 133 standard:

@Work – a32, a33, a34, a35, a36

Achieve – Upholstery & Black Plastic

Anytime – Upholstery & Black Plastic – a48, a49

Census – 34 & 35 models – a51, a54, a55 (a55 uses the TR2 arm)

Census – 36 & 37 models – a54 (uses the a36 Leader loop arm)

Focus Executive – a98, a99

Focus Work – a91, a92, a93, a94, a95

Focus Side – a130

Freelance – Upholstery & Black Plastic

Freelance Heavy Duty

Glove Executive – a26FR

Glove Active – a26FR, a27FR, a27LFR, a28FR, a28LFR

InFlex – Upholstered and Plastic (Black, Slate, Bisque) – a121, a122

Knack – a77, a80, a81

Leader – a32, a33, a34, a35, a36

Messenger – a56, a57, a96

Non-Stop Heavy Duty – a67, a68, a69, a70, a71, a72

OnCall – Upholstery & Black Plastic – a37FR, trc, tlc

OnCall – Upholstery & Black Plastic – a42FR

Prava – a105, a106, a108, a109, a111, a112

ReAlign – a73, a74, a75, a76, a77

Relay – Upholstery & Black Plastic – a60, a61

Resonance – a82, a83, a84, a85

Rowdy – Upholstery & Black Plastic – a47

Social – Upholstery & Black Plastic

Sona – a101, a102, a103, a105, a106, a108, a109 & all knit colors

Swirl

TR2 – a12FR, a15FR, a17, a43FR, a44FR

TR2 Side Chair – a12

Volley – Upholstered & Black Plastic – a88, a89

CAL TB 133 Textiles

The following fabrics with the blocker when applied to the models indicated meet CAL TB 133

Pattern	Grade	Pattern	Grade	Pattern	Grade
Alkai	4	Epiphany	4	Overlap	5
Alter	5	Estuary	5	Panorama	2

CAL TB 133 COM/COL

COM/COL compliance for CAL TB 133 models listed above can be determined by specifying upholstery with the exact characteristics as approved SitOnIt Seating fabrics and leathers or by conducting a full chair burn test. The non-discountable test fee for each chair-textile combination is \$600 net plus the cost of the chair. The lead time for testing is 4 weeks.

CAL TB 133 Leather

The following leather when applied to Glove Executive, Glove Active, Leader, @Work, Sona, Focus and Freelance meets CAL TB 133: Volo

CAL TB 133 Plastic

Black plastic meets CAL TB 133 and is available on the following models at standard SitOnIt Seating lead times: Rowdy, Anytime, Relay, OnCall, Achieve, Freelance, InFlex and Volley. Bisque and Slate meet CAL TB 133 and is available on InFlex.

To Order CAL TB 133

Please allow a ten day lead time. For InFlex Bisque and Slate, allow a 3 week lead time. Clearly specify CAL TB 133 on order. List Pricing upcharge per chair:

Plastic*: **\$45** any quantity

Fabric*: **\$99** for order quantities 1–49,

\$55 for order quantities 50+

Leather: **\$119** list any quantity

* Plastic base chairs with upholstered seat and/or back options use fabric upgrade price only.

To Check Purchased Seating For CAL TB 133

To determine whether your current SitOnIt Seating chair meets CAL TB 133, or to check an order you have recently received, check the bottom of the chair seat pan for the label shown to the left. If your chair does not have this tag, your chair does not meet CAL TB 133.

Notice

This article is manufactured for use in public occupancies and meets the flammability requirements of California Bureau of Home Furnishings Technical Bulletin 133. Care should be exercised near open flame or with burning cigarettes.

Special Use: 24 Hour Multi-Shift Upgrade

SitOnIt Seating has designed a 24 Hour Multi-Shift Upgrade to be configured with specific SitOnIt Seating models as listed below. This configuration provides for SitOnIt Seating's unsurpassed comfort in a multi-shift environment.

Limited 10 Year Warranty

SitOnIt Seating warrants the 24 Hour Multi-Shift Upgrade when configured to the appropriate model for a period of ten years. Fabric and foam cushioning are covered for two years. (See Standard product warranty policy for processing information).

Available 24 Hour Multi-Shift Upgrade Models

Use the suffix HD when specifying.

Perpetual (Grade 3) and Solo (Grade 4) by Momentum are rated at 1,000,000 double rubs and are excellent choices for demanding environments.

To Order 24 Hour Multi-Shift Upgrade

Specify model number and HD (Heavy Duty) suffix. Add \$126 list for TR2 @Work, Leader, Glove, Focus, Knack and ReAlign. Add \$294 list for Freelance. (No upcharge for Non-Stop)

Upgrade Specifications

- Extra large casters with 25% more weight capacity
- Steel reinforcement added to the engineered plastic base
- Steel reinforcement added to the formed hardwood seat board and to the arm rest to seat reinforcement point
- Extra heavy duty gas lift warranted up to 350 lbs. (does not apply to Freelance)
- Non-Stop Size 1 and Size 2 warranted up to 350 lbs.
- Non-Stop Size 3 is warranted up to 500 lbs.
- Freelance 5213 and 5214 upholstered models are warranted up to 350 lbs (HD does not apply to plastic models)
- @Work, TR2 and Non-Stop Heavy Duty are available with Heavy Duty S1 and Heavy Duty S2 stool kit.
- Focus is warranted up to 350 lbs.
- Knack is warranted up to 350 lbs.
- ReAlign is warranted up to 350 lbs.
- Glove Active is warranted up to 350 lbs.
- Leader is warranted up to 350 lbs.
- B3 and B3 aluminum bases are not an option for HD

Plastics Program

The following chairs are available in the color plastics program:
Anytime, Freelance, InFlex, OnCall, Relay, Rowdy, and Volley.

2-Day Colors

The following 7 color plastic shells are available with a two day lead-time for production.

June 30, 2011	Part Number
Black	SC1
Bisque	SC7
Chocolate	SC4
Navy	SC5
Pebble	SC9
Salsa	SC6
Slate	SC8

3-Week Extended Colors

In addition to our 2-day colors, SitOnIt Seating has expanded our color plastic shell program to include 10 new colors with a 3-week lead-time for production.

No minimum orders or added costs apply.

Color	Part Number
Frost	SC10
Burgundy	SC11
Plum	SC12
Carotene	SC13
Blue	SC14
Lagoon	SC15
Honeycomb	SC16
Sage	SC17
Sterling	SC18
Red	SC19

*Frost is not available for the Relay model

Custom Match Colors

SitOnIt Seating also offers a custom color program for match-to-sample and Pantone requests. Please contact your manufacturing representative for details.

Product Discontinuations

Please take note of the product discontinuations for 2011:

June 30, 2011

F/X Mesh

Influence

Relay Flip Arm – a61

December 31, 2011

2-Day Colors

Available in seven standard plastic shell colors: Bisque (SC7), Black (SC1), Chocolate (SC4), Navy (SC5), Pebble (SC9), Salsa (SC6) and Slate (SC8).

3-Week Colors

Also available in ten additional plastic shell colors with extended lead times: Blue (SC14), Burgundy (SC11), Carotene (SC13), Frost (SC10), Honeycomb (SC16), Lagoon (SC15), Plum (SC12), Red (SC19), Sage (SC17) and Sterling (SC18).

For custom colors, refer to our Plastics Program on page 16.

Specify patterns and colorways from the hundreds of textiles offered by SitOnIt Seating. Fabric-upholstered chairs ship in 2-5 days, while leather-upholstered chairs ship in just 5-10 days. COM/COL orders are available on a 5-day lead time from the date that textile is received.

Stacking Vinyl Upholstered

Due to the nature of vinyl upholstery, stacking may cause impressions on the seat. SitOnIt Seating does not warrant the effects of stacking on vinyl upholstery.

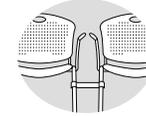

Stacking Chairs with Casters

Stacking chairs with casters may scratch and damage frames. SitOnIt Seating does not warrant the effects (scratched frames) of stacking chairs with casters.

3. Upholstery Options

Specify patterns and colorways from the hundreds of textiles offered by SitOnIt Seating. Fabric-upholstered chairs ship in 2-5 days, while leather-upholstered chairs ship in just 5-10 days. COM/COL orders are available on a 5-day lead time from the date that textile is received.

4. Plastic Shell Color Options**2-Day Colors**

Available in seven standard plastic shell colors: Bisque (SC7), Black (SC1), Chocolate (SC4), Navy (SC5), Pebble (SC9), Salsa (SC6) and Slate (SC8).

3-Week Colors

Also available in ten additional plastic shell colors with extended lead times: Blue (SC14), Burgundy (SC11), Carotene (SC13), Frost (SC10), Honeycomb (SC16), Lagoon (SC15), Plum (SC12), Red (SC19), Sage (SC17) and Sterling (SC18).

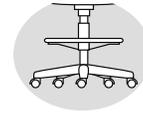

For custom colors, refer to our Plastics Program on page 16.

Stacking Vinyl Upholstered

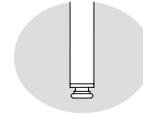

Due to the nature of vinyl upholstery, stacking may cause impressions on the seat. SitOnIt Seating does not warrant the effects of stacking on vinyl upholstery.

Stacking Chairs with Casters

Stacking chairs with casters may scratch and damage frames. SitOnIt Seating does not warrant the effects (scratched frames) of stacking chairs with casters.

Shipping Notes:

Volley side chairs ship three to a carton

Chairs may be individually packaged for a \$20 per chair upcharge.

PRICE GUIDE

October 2012

About IDEON®

IDEON is more than a brand – it is an experience. An experience that has been designed with all things considered and deliberate attention to detail. IDEON is meant to inspire and challenge you but also provides tools to assist you in this process at every level of the project from providing thought starters, to presenting, to design, to specifying and pricing. Every tool has been strategically designed to revitalize the way you do business and allow you to become more efficient and concise.

This price book is just one example of how IDEON will be a resource to you – making doing business with us fun and easy. Witness how we made this book functional and logical.

How to use this guide

Let's get started with the basics. We've created this guide to make it as easy as possible for you to design and order your IDEON lounge furniture all at the same time. Beginning with seating, by collection, each page gives you dimensions, features, options and a handy add-'em-up box below.

For future orders photocopy the collection page. Or remember the price book is available to you electronically, so you can always print more for future orders.

At IDEON our business model is simple – producing well-designed, durable, comfortable and affordable lounge furniture that's available when you need it. Whether you need a more upscale clean sophisticated look or a more casual, warm, familiar feel IDEON will allow you to design that perfect fit for your Clientele – on budget without sacrificing aesthetics.

Still with us? Good, because there's more. Also included in this book are some policies and programs more value that can make your order even better, believe it or not. Give them a look-see to discover why IDEON truly is easy to do business with. And if you get lost anywhere along the way – no worries, pick up the phone and give our wonderful customer support group a call **877.994.3366 (877.99.IDEON)**. They'll be happy to walk you through it!

The IDEON COM/COL Program

You buy – we apply

Don't like our huge offering of designer materials and leathers? Fine – buy your own! Seriously, we're OK with it. In fact, we encourage it. Because we want you to be happy with your IDEON product and we'll do everything we can to make it happen.

That's why we designed our COM/COL (customer's own material/customer's own leather) program to make your custom order as quick and easy as possible. IDEON customer support has a ginormous database of tested, pre-approved fabrics right at their fingertips. So just let us know what you're thinking and we'll get to work.

When placing a COM/COL order, please follow these simple steps:

1. Contact your IDEON customer support representative to verify if your COM/COL has been pre-approved. If so, please skip to #3. If it has yet to be tested or approved, please continue to the next step.
2. COM must be approved by IDEON before acceptance of an order. Please send a one-yard sample along with the COM/COL form on page 32 to the following address for testing:

IDEON COM/COL Department
6280 Artesia Blvd.
Buena Park, CA 90620
3. When your COM/COL has been approved, send COM/COL freight prepaid to the ship-to address below along with the following information marked on the outside of the packaging:

- | | |
|--|---|
| a. Dealer Name | c. IDEON Acknowledge Number |
| b. Dealer Purchase Order Number | d. Textile Company Name, Textile Name, Color and Description |
4. COM/COL orders will not be scheduled for production or acknowledged with a ship date until IDEON receives, inspects and approves the upholstery.

COM/COL Ship-to Address: **IDEON COM/COL Department**
6280 Artesia Blvd.
Buena Park, CA 90620

To ensure material arrives as one complete piece, please include the following statement on your P.O. to the textile company: "COM consumption on one continuous piece." Also, remember to specify the following information: application instructions for striped, patterned or reversible fabrics see page 33. In the absence of any special instructions, IDEON reserves the right to use its own judgment and will apply the fabric in what is determined to be the best manner.

Additional repeat yardage requirements

Yardage requirements shown in price list are guidelines for non-direction fabrics based on 54" wide fabric. Please add the appropriate percentage of material as listed in the chart below.

	Fabric Width			
Max. Repeat	54"	50"	48"	36"
0	0%	10%	15%	55%
1-3"	5%	15%	25	55%
4-6"	15%	20%	25%	75%
7-14"	30%	45%	45%	80%
> 14"	Contact Customer Support for requirements.			

COM – Customer’s Own Material

“COM” might be the root of “comedy,” but we’re not kidding around when it comes to making your custom materials look spectacular on our furniture. So, there are a few things you should know about using our program.

1. IDEON cannot be held responsible for appearance, behavior, color accuracy, durability, performance or weaving of COM materials. All Responsibility for COM shipments is between the customer and the textile manufacturer.
2. IDEON cannot predict, nor be responsible for, how an upholstery material wears in an installation setting. We will not be held responsible for wear, fading, stretching or performance of any covering materials whether supplied by the customer or by our sources.
3. While we inspect fabrics for mill imperfections, some are difficult to recognize. IDEON cannot be responsible for defects, color inaccuracies, dye lot variations and other such flaws. When this occurs, the customer will be notified with an explanation of the problem. Additional COM may be required.
4. IDEON assumes no responsibility for the flame retardancy of a COM. Customers are solely responsible for making sure that COM complies with all applicable codes and regulations.
5. We reserve the right to reject any covering that, in our professional opinion, is unsuitable for upholstery purposes. IDEON’s approval signifies only that the material in question can be applied to the product for which intended. Such approval does not constitute any responsibility nor any warranty on the part of IDEON as to the appearance, behavior or durability of the COM. In no instance shall IDEON be held responsible for unsatisfactory results due to the use of the covering unsuitable for our manufacturing methods.
6. IDEON cannot be held responsible for unsatisfactory results in the application of COM and a written release from the customer may be required before the order is processed.
7. IDEON is not responsible for yardage submitted to us beyond the required amount. Excess COM will be held in-house up to 90 days and will be recycled after that. If you require your COM yardage returned, please contact customer support to make arrangement. You will be responsible for delivery charges. There will be no warranty on COM.

COL – Customers Own Leather

Remember that nasty old leather jacket your friend’s dad used to squeeze into? Just a quick reminder that cheap, poor-fitting leather is not a pretty sight. That’s why we maintain strict quality standards when accepting your leather. It’s for your own good.

Trust us.

1. Customer’s leather must meet standards set by IDEON. Leather upholstery materials are of the finest quality. Because leather is a natural product, variations of texture are common and should be expected. Leather will contain natural markings such as neck wrinkles, scratches, backbone marks and stretch marks. These distinctions give leather its unique characteristics and are considered to be a part of the natural beauty of leather.
2. COL hides must be rolled for shipments to IDEON in a neat manner, avoiding creases and excess roll marks. Leathers that are received folded maybe subject to rejection.
3. Leather footage requirement listed in the price list refer to useable leather footage that meets the standards listed above. Calf hides must be at least 30 square feet of clean useable matching hides. When specifying calf hides, add 15% to COL requirements shown in the price list.
4. IDEON cannot be held responsible for unsatisfactory results in the application of COL and a written release from the customer may be required before the order is processed.
5. IDEON is not responsible for yardage submitted to us beyond the required amount. Excess COL will be held in-house up to 90 days and will be recycled after that. If you require your COL yardage returned, please contact customer support to make arrangement. You will be responsible for delivery charges. There will be no warranty on COL.

Comments

Fabric Direction & Surface Area

Don't you just hate those cities with a bunch of one-way roads? They make it so hard to get where you want to go. Well, we feel the same way about fabric. That's why we let you orient it any way you please. Each of our collections consist of customizable seats, backs, arms and valances (if applicable) – and you can upholster each of them in all the same direction, different directions or even different fabrics with different directions. Each pricing page is an order form with the standard direction diagram below. To help you visualize your choice even more, we've also included both standard and rotated images below.

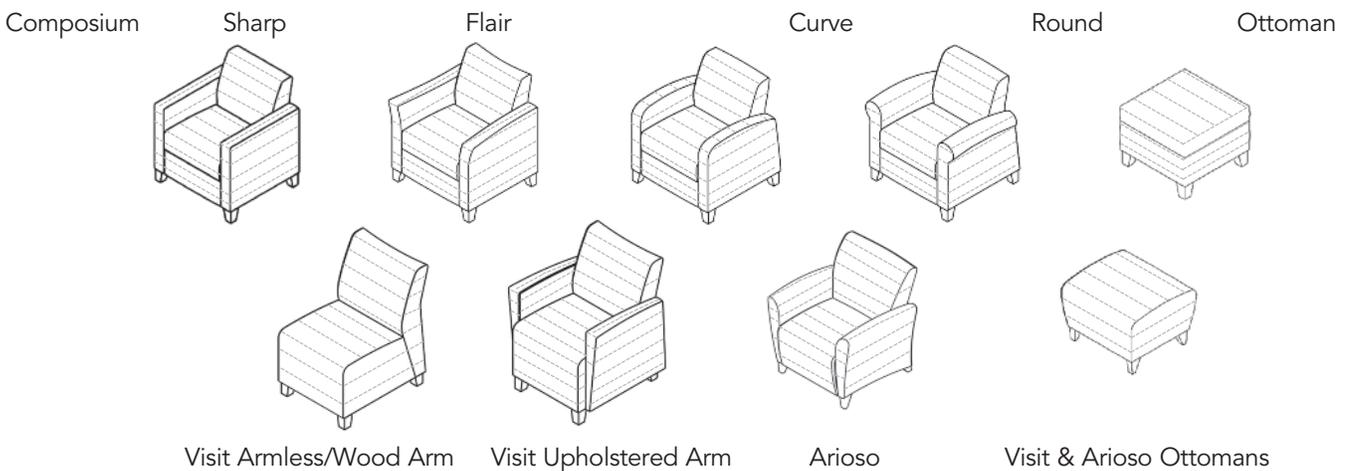

Standard Directions (S) by surface area

Dotted lines on the furniture image represent the direction that IDEON judges the pattern to travel (if fabric is directional). If you wish the pattern to travel according to our standard direction for each component of a surface area (such as an arm), please select "S" under fabric direction.

Rotated Directions (R) by surface area

Dotted lines on the furniture image represent the direction that IDEON judges the pattern to travel (if fabric is directional). If you wish the pattern to travel according to our rotated direction for each component of a surface area (such as an arm), please select "R" under fabric direction.

Note: All fabric will be applied in the standard direction unless otherwise specified. Since some fabrics may be bi-directional with a subjective dominate direction, IDEON reserves the right to use it's own judgment and will apply the fabric in what is determined to be the best manner. To assure we meet your expectations, some upholstery selections may require visual verification prior to production. Visual verification orders will not be scheduled for production or acknowledged with a ship date until the customer has approved the visual image.

IDEON's Custom Finish Program

Do you dream in color?

Nothing brings a room together quite like rich, consistent wood. IDEON makes it easy to put the finishing touches on your finish palette with a custom wood finish program that's easy to understand, easy to use and let's you easily match IDEON wood to just about anything in the surrounding environment.

Affordable elegance

You really can't put a price on beauty. But if you did, it would look something like this.

- A one-time fee of \$275 net for the development of each new custom finish shall be added to the first order.
- The models receiving the custom finish will also receive an up charge of 5% per IDEON unit at the grade "A/COM" upholstery or base table price.

Confused? Let us paint – or, in this case, finish – a clearer picture

For example:

If you wanted to order a Club chair with grade "C" fabric, you'd take the following steps:

1. Start with the base price.
2. Add 5%.
3. Then, add the up-charge for your options and grade "C" fabric.
4. Finally, apply the appropriate discount.
5. Don't forget to add the one-time \$275 stain-to-match fee if not already covered by this project.

If you wanted to order a Table, you'd take the following steps:

1. Start with the "base table" price.
2. Add 5%.
3. Then, add the up-charge for your options.
4. Finally, apply the appropriate discount.
5. Don't forget to add the one-time \$275 stain-to-match fee if not already covered by this project.

Placing your order

Ready to start your finish? It's easy. Just follow these steps – and rules – and your order will go as smoothly as the wood we're custom-staining for you.

1. Send a minimum of 3" x 5" finish sample along with model numbers and options to which the custom finish will be applied. Don't forget to include dealer name, contact and project reference. Get all that stuff together, and send to:

**IDEON Customer Support
Custom Stain Program
6415 Katella Avenue
Cypress, CA 90630
1-877-994-3366**

2. Custom finishes generally require at least a week for a matched sample. If approved by IDEON (we reserve the right to decline the opportunity to match a finish color) we'll send a sample back to you and include any restrictions that may apply. We'll hold onto an identical sample in our files for future orders.
3. Once you sign off on the sample, return the approval form to Customer Support along with your order. Please include stain option code "SM" under the finish selection of your part number to indicate "Stain to Match" program. We'll need the signed Approval form before we can accept your order, schedule it for production and acknowledge a ship date.

A woody variation explanation

Wood is inherently beautiful because of its natural variations – Mother Nature gets very upset when you call them "defects" – in color, grain and texture. That said, there may be minor differences from one piece of furniture to the next, even though they are finished at the same time, which means IDEON does not guarantee exact matches of grain or natural wood color. And one more thing you should know – the light finishes on wood product do not mask the natural characteristics of maple species that IDEON uses. So you can still enjoy a rich stain and those beautiful swirly things common in maple grain.

Inside IDEON's Commitment to Fire and Moisture Resistance

Sitting pretty, safe and dry

Nothing can ruin those amazing fabrics and fillings you picked out faster than fire and water. So we at IDEON do everything we can to keep our seats safe and dry, adhering to the most stringent industry fire-safety specifications and offering additional moisture protection for those who'd like it. With IDEON, you can be sure all your hard work and vision will be appreciated as much as the deliciously beautiful furniture you've selected.

Fire Resistance

The California Bureau of Home Furnishings and Thermal Insulation (BHFTI) requires manufacturers to make all California-sold upholstered furniture flame-retardant. Since 1975, the Bureau has developed several performance-based flammability standards, called technical bulletins to set the bar for fire safety. IDEON applies innovative solutions and products to achieve these flame-resistance standards, while doing everything possible to not compromise the environment in the process.

California Technical Bulletin 117 (TB-117)

All fabrics, vinyl and/or leathers, and resilient filling material (i.e., foam and Dacron) offered by IDEON meet TB-117 at minimum.

- Consult the individual IDEON fabric cards to review fabric specifications inherent in each fabric offered.
- IDEON assumes no responsibility for the flame retardancy of any COM.
- Because we offer such a vast array of fabrics with varying degrees of flame retardancy, we suggest you consult the published technical data of the fabric supplier when selecting your fabric choice.

California Technical Bulletin 133

Most standard IDEON fabrics, leathers and many COM fabric and leathers, when used in combination with proper components, can meet the requirements of the composite test for California Technical Bulletin 133 and the Boston Fire Code (an open flame test developed for public occupancy furniture sold in Boston that uses methodology different from TB-133 tests and criteria).

- Please refer to the back cover of the IDEON fabric card or fabric specification for TB-133 designation.
- Due to fiber contents, some fabrics may require additional treatment prior to being sent to IDEON for application.
- COM fabrics will be evaluated on an individual basis and may require the testing of the upholstery on the frames.
- If testing is required, additional cost and lead time will apply. Call Customer Support for more details.
- To receive TB-133 or Boston Fire Code certification, please contact Customer Support for lead time and additional costs.

TB133 List Price Charge per Unit

Ottoman	\$88
Club Chair: Armless or Open Wood Arms	\$175
Club Chair: Upholstered Arms	\$262
Settee	\$377
Sofa	\$494
Bench One Seat	\$88
Bench Double Seat	\$175
Bench Three Seat	\$262

Moisture Barrier Program

Accidents will happen. And, eventually, there's going to be a mishap that requires the fabric to have strength and impermeability. IDEON's got it covered with an optional moisture barrier to seats and backs on all our seating products.

To select, please specify the moisture barrier option code (MBS for seats, MBB for Back) in the option section of the model number and add \$59 per each seat and/or back. For example, when ordering a settee with moisture barriers specified for both the seat and back the list price would be \$236 (4 x \$59).

IDEON's Guarantee That You'll Love Our Warranty

We've got your back (and your seat, your legs, etc.)

We know you're putting a lot on the line when you select your furniture. Which is why we at IDEON put so much into all our lines. You can rest assured that every product you buy was built with superior craftsmanship and materials. And we stand behind all our products with a warranty that's as solid as our products. That's our warranty guarantee and we think you're going to like it.

Our warranty

For original end users, we warrant that IDEON products will be free from defects in its material and workmanship as described below. And if there's any problem – no problem. We'll repair or replace, at our option, without charge to the original purchaser only, defective products or parts resulting from normal use (standard 8-hour days, 5 days per week) for the following warranty periods:

Seating

10-Year Warranty – the entire time owned by the original purchaser for all chair components including glides, casters, frames and other structural elements.

Tables

10-Year Warranty – the entire time owned by the original end user.

Fabric & foam

5 Year Warranty – on all collections COM/COL not warranted for wear or long-term adhesion. Normal wear and tear is the specifier's responsibility.

A closer look

Here's some stuff our lawyers made us include. It basically spells out what we cover (a lot) and lets you know what we don't (not that much). Take a read through it if you ever need it, or if you need help falling asleep after a few too many dark chocolate-covered espresso beans.

- This warranty shall be effective for the applicable time period beginning from date of purchase as shown on your original receipt or other proof of purchase.
- This warranty is your sole remedy for product defects in material and workmanship and excludes defects or damage due to or arising in connection with transit, product abuse, abnormal use or misuse, negligence, accidents, user modification of, or attachments to the product, including application of your own upholstery materials and products or parts not used, maintained or installed in accordance with the company's installation, maintenance and/or applicable guidelines. Other exclusions include normal aging, fading or wear of fabrics, finishes and filling material.
- We will repair or, at our option, replace the defective part, free of charge to the purchaser.
- Labor and service not covered under warranty.
- There are no other warranties, expressed or implied, other than those specifically described, including without limitation any implied warranty or merchantability or of fitness for a particular purpose.
- We will not be responsible for incidental or consequential damages.
- Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.
- This warranty gives you specific legal rights and you may have other rights, which vary from state to state.

Material facts

Sometimes, a few imperfections show just how perfect something is. Take furniture coverings, for instance. Sure, a cheaper, man-made material could be manufactured to appear flawless. But nature has a different take on perfection. So, due to natural variations in our natural materials, all IDEON furniture is sold subject to minor irregularities of color, surface, grain and texture.

Textiles

- Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process.
- Textiles are sold subject to minor variations of color.

Leather

- Leather upholstery materials are of the finest quality.
- Because leather is a natural product, variations of texture are common and should be expected.
- Leather will contain natural markings such as neck wrinkles, scratches, backbone marks and stretch marks. These distinctions give leather its unique characteristics and are considered to be a part of the natural beauty of leather.

Our standards are anything but

IDEON is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by the Business and Institutional Furniture Manufacturer's Association (BIFMA) and approved by the American National Standards Institute (ANSI) determine the strength and durability of seating in its everyday use. Although this testing does not serve as a warranty or guarantee, IDEON products within this price list generally meet or exceed applicable BIFMA and ANSI standards. In other words, we make really good stuff and we're not afraid to put it to the test.

Claims

If one of our products fails during normal use (standard 8 hour work day, 5 days per week) within the applicable warranty period, please contact us at:

customersupport@ideondesign.com

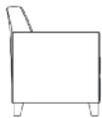

OR

1-877-994-3366

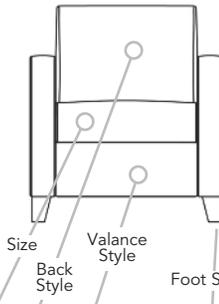

Please provide us with:

- An explanation of the defect.
- A description of the relevant part.
- The proof of purchase.
- Your name, address, and telephone number.
- The model number, date of purchase, date of manufacture, cell number, and part number found under the seat of the chair.

Fabric Direction and Surface Areas.

You can customize the fabric selection and/or direction for arms, backs, seats and valances by selecting the "multi-upholstery" (MU) option. For multiple fabric selections, please specify and price your selections by surface area below.

Dotted lines on the furniture image represent the standard direction that IDEON judges the pattern to travel (if fabric is directional). If you wish to rotate the pattern 90° clockwise for each component of a surface area (such as an arm), please select "R" under fabric direction. For standard direction, please select "S".

Fabric Direction and Surface Areas:

A
Arm
C
Seat
D
Valance
(See Note)*

B
Back

Note: All fabric will be applied in the standard direction unless otherwise specified.

*If Integrated Valance is selected, then fabric and direction for areas C & D must be the same.

Fabric Direction and Surface Areas.

You can customize the fabric selection and/or direction for arms, backs, seats and valances by selecting the "multi-upholstery" (MU) option. For multiple fabric selections, please specify and price your selections by surface area below.

Dotted lines on the furniture image represent the standard direction that IDEON judges the pattern to travel (if fabric is directional). If you wish to rotate the pattern 90° clockwise for each component of a surface area (such as an arm), please select "R" under fabric direction. For standard direction, please select "S".

Fabric Direction and Surface Areas:

Note: All fabric will be applied in the standard direction unless otherwise specified.

*If Integrated Valance is selected, then fabric and direction for areas C & D must be the same.

Example: Grade - Manufacturer Pattern Colorway - Fabric Direction

Fabric Direction and Surface Areas.

You can customize the fabric selection and/or direction for the seat and valance by selecting the "multi-upholstery" (MU) option. For multiple fabric selections, please specify and price your selections by surface area below.

Dotted lines on the furniture image represent the standard direction that IDEON judges the pattern to travel (if fabric is directional). If you wish to rotate the pattern 90° clockwise for each component of a surface area (such as a valance), please select 'R' under fabric direction. For standard direction, please select 'S'.

Fabric Direction and Surface Areas:

Note: All fabric will be applied in the standard direction unless otherwise specified

Fabric Direction and Surface Areas.

You can customize the fabric selection and/or direction for arms, backs, seats and valances by selecting the "multi-upholstery" (MU) option. For multiple fabric selections, please specify and price your selections by surface area below.

Dotted lines on the furniture image represent the standard direction that IDEON judges the pattern to travel (if fabric is directional). If you wish to rotate the pattern 90° clockwise for each component of a surface area (such as an arm), please select "R" under fabric direction. For standard direction, please select "S".

Fabric Direction and Surface Areas:

Note: All fabric will be applied in the standard direction unless otherwise specified
