Service	Pricing	Notes
SSN Trace - (ID Verification) (Last 7 Yr Address History)-Bundled	\$3.80	The most comprehensive SSN trace in the industry. SSN validation from the Social Security Administration (SSA), including state issued and date range. Identifies aliases, additional names, address history associated with the SSN by searching credit files, national databases, real property records and voter registration: verifies if a death benefit has been paid on the SSN.
Ohio Statewide Criminal Report	\$13.60	One search covers over 250 data sources in the state of Ohio, including 73 Common Pleas courts, more than 100 Municipal courts, 100 traffic courts, sex offender sources and Department of Corrections sources.
National One Report- Include National Security and National Criminal and National Sex Offender	\$11.48	The most comprehensive national criminal report available accessing over 725 different criminal sources from all fifty states and over 400 million records nationwide. Booking records, felony and misdemeanor criminal convictions, prison parole and probation information obtained from over 308 County and 54 Municipal Courts, 59 State Departments of Corrections files, and State and County Criminal Records Repositories. Direct county court resources are available from over 520 county level jurisdictions. The database has 8.8 million photographs, including 688,000 sex offender photos and approximately 8 million photos from state Departments of Corrections. The National One includes records from 64 Sex Offender Registries including 49 states (Nevada is not available for this report), Guam, Puerto Rico and tribal territories. The Report includes records from 68 National Security sources. Within SelectHire®, OPENonline will check dispositions, verify identity criteria and strip out information not compliant for employment purposes.
