

Humanscale Pricing and Specification Guide

U.S. Pricing Effective February 1, 2015

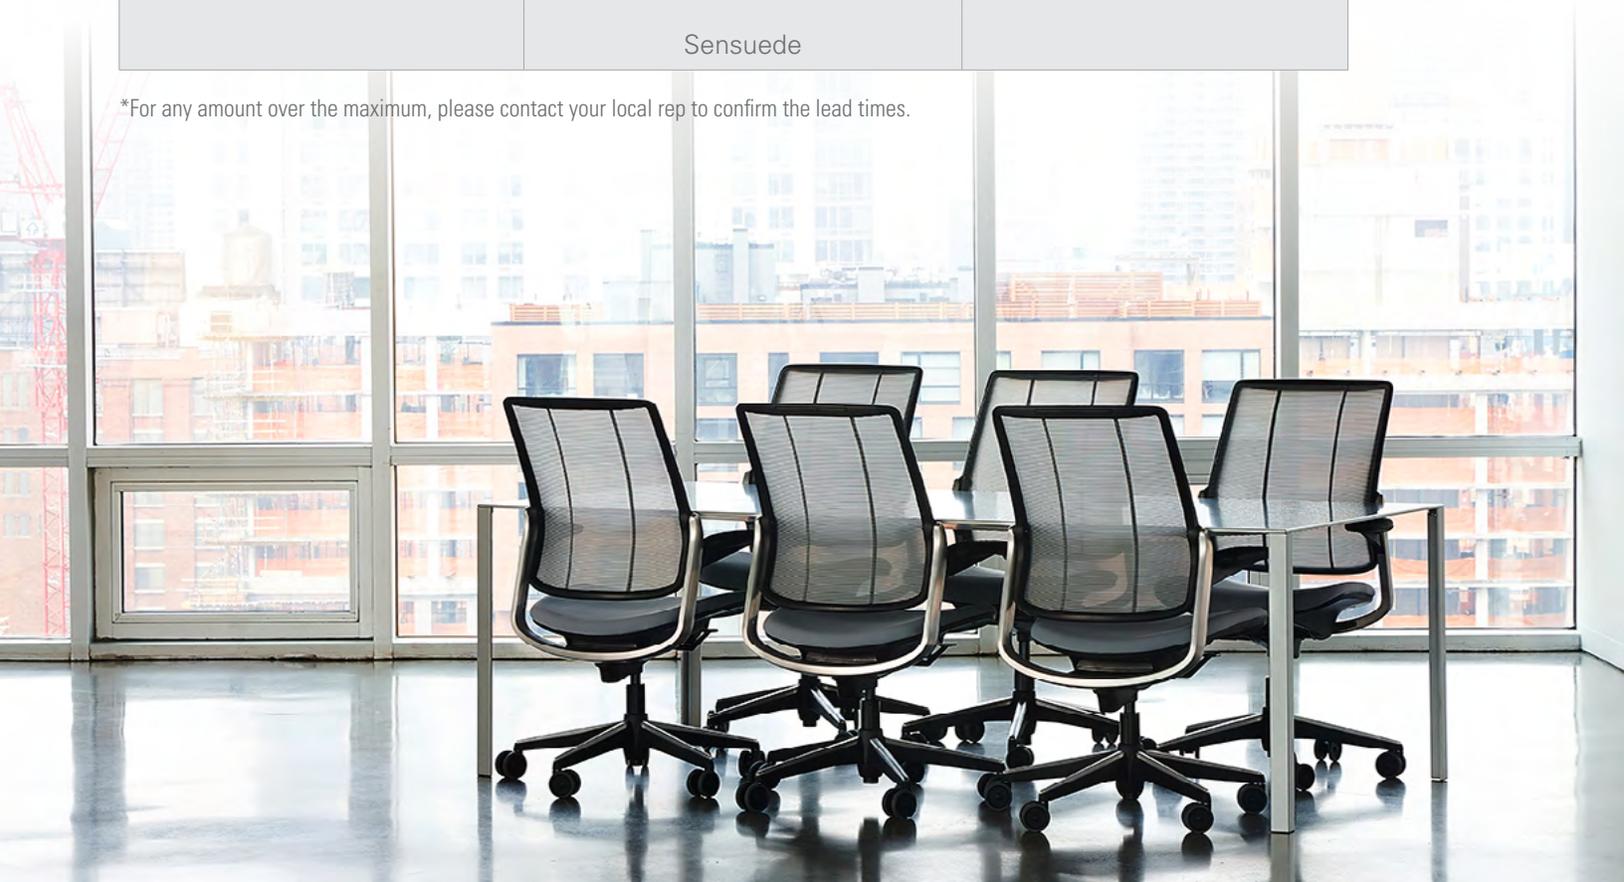

Shipping Guidelines & Quick Ship Program

In an effort to enhance our service to our customers, we are revising our lead times. The guide below offers a simple way to determine the lead time of any given configuration of our seating options. By standardizing our lead times, we are able to deliver products swiftly to our customers and offer certainty about the turnaround time for their orders.

All configurations follow fabric lead times. If two textiles are selected that have different lead times, the lead time for the order will be dictated by the textile with the longest lead time. For example, if you select Pinstripe mesh and Ginkgo, the lead time for your chair(s) will be six weeks.

LEAD TIME	FABRIC	MAXIMUM ORDER QUANTITY*
4 weeks	Wave Vellum Monofilament Stripe Pinstripe Dash	150 chairs
6 weeks	Silver Check Lotus Squiggle Ginkgo All Leathers Bridget Stripe Promessa Catena Sensuede	100 chairs

*For any amount over the maximum, please contact your local rep to confirm the lead times.

freedom[®]

With Freedom, the knobs, levers and locks of current-generation task chairs have been replaced by intelligent mechanisms that automatically support the body as it moves from task to task. By minimizing the need for manual controls, Freedom maximizes natural, spontaneous movement, which is essential for a healthy body and a comfortable day's work.

Freedom's many features can be enjoyed with virtually no effort.

freedom® Features & Characteristics

DYNAMIC HEADREST

- Position-sensitive headrest moves into place when you recline and out of the way when you sit upright
- 5" vertical adjustment to fit all users
- Moves in the natural arc of head/neck for perfect support through range of recline
- Contoured to cradle the head and neck in comfort

SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set / release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides up to 1" additional lumbar support when needed

SYNCHRONOUS ARMRESTS

- Revolutionary armrests move in tandem to eliminate uneven arm positioning
- Natural lift and release action for immediate repositioning without buttons or locks
- 6" range of vertical motion to accommodate all users and tasks
- Can be positioned below thigh level for close to table or desk work
- Attached to backrest so arms stay in same relation to body during recline
- Duro arm pad for durability and comfort

CUSHIONS

- Carefully sculpted to match body contours
- Increased contact area reduces pressure points
- Modular for easy replacement
- Molded polyurethane foam cushions
- Optional arm pads and seat have top layer of Technogel®
- Upholstered with a variety of materials customized to the unique form of the cushion

GEL SEAT CUSHION

- Non-degradable, non-compressible Technogel® layer on top of foam core
- Provides maximum pressure distribution
- Offers unmatched, long-term comfort

CYLINDER OPTIONS

- Provides seat height range that accommodates 95% of the population
- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring
- Extra-high cylinder with foot ring (Saddle seat only)

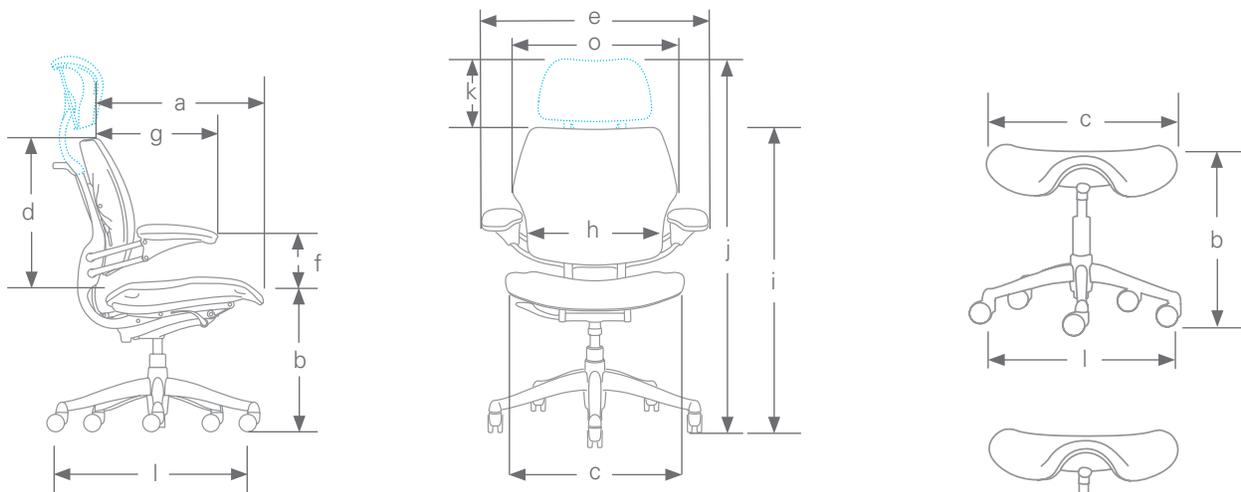

External Frame and OPTIONAL Base UPGRADE

- Die-cast aluminum with fused plastic coating or polished aluminum finish

CASTER OPTIONS

- 2.5" soft double-wheel casters for hard floors
- Non-rolling glides for fixed-location use
- 2.5" locking casters

Diffrient smart™

Ideal for any designed environment, Diffrient Smart features aesthetics that are as minimal visually as the chair is functional. And, with its signature weight-sensitive recline, body-fitting Form-Sensing Mesh Technology and unique tri-panel backrest, Diffrient Smart adapts to every user, every time.

Diffrient smart™ Features & Characteristics

BODY FIT

Size adjustable to fit more than 95% of the population

CUSHION PAN, BACK FRAME, FIVE-ARM BASE

Injection-molded, structural, integral color plastics

EXTERNAL FRAME

Die-cast aluminum with powder coating

FIREPROOFING

CAL 133-approved: optional fireproof barrier between textile and foam

SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides additional lumbar support as needed

FORM-SENSING MESH

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
- No external lumbar devices to adjust, break or lose
- Low-abrasion mesh protects clothing
- Modular for easy replacement

ARMREST OPTIONS

- Armless
- Fixed armrests
- Height-adjustable armrests with 5" range of adjustment
- 4D height-adjustable armrests with adjustable armpads

CONTOURED CUSHIONS

- Carefully sculpted to match body contours
- Increased contact area reduces pressure points
- Modular for easy replacement

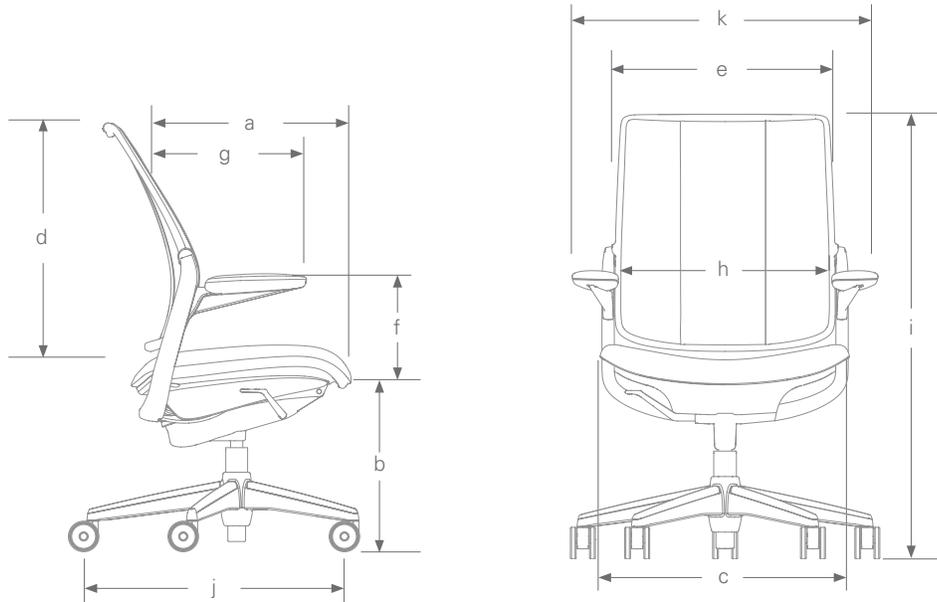

CYLINDER

- Standard cylinder provides seat height range that accommodates 95% of the population
- Optional low cylinder for small users
- Optional tall cylinder for very tall users

CASTER OPTIONS

- Standard 3" casters for carpeted floors
- Optional soft casters for hard floors
- Optional non-rolling glides for fixed location use

Liberty[®]

Liberty, with Form-Sensing Mesh Technology, is unlike any mesh chair you've seen or experienced. With its tri-panel construction, Liberty has the body-fitting contours that single-panel stretch mesh chairs simply can't achieve. And it offers perfect lumbar support for everyone, without external devices or manual adjustments. Liberty's mesh back is formed by combining three panels of non-stretch mesh in the same way a tailor combines multiple pieces of material to form a shirt. So its contours are custom-made to both fit and support the human body in unprecedented comfort.

BODY FIT

Size adjustable to fit more than 95% of the population

CUSHION PAN, BACK FRAME, FIVE-ARM BASE

Injection-molded, structural, integral color plastics.
Optional stainless steel caps on base

EXTERNAL FRAME

Die-cast aluminum with fused plastic coating or polished aluminum finish

FIREPROOFING

CAL 133-approved: optional fireproof barrier between textile and foam

SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides additional lumbar support as needed

ARMREST OPTIONS

- Armless
- Fixed armrests
- Height-adjustable armrests with 5" range of adjustment
- Armpad Options: Standard Flexible Duron or Duron with Gel for optimal comfort

FORM-SENSING MESH

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
- No external lumbar devices to adjust, break or lose
- Low-abrasion mesh protects clothing
- Modular for easy replacement

CONTOURED CUSHIONS

- Carefully sculpted to match body contours
- Increased contact area reduces pressure points
- Modular for easy replacement

CYLINDER

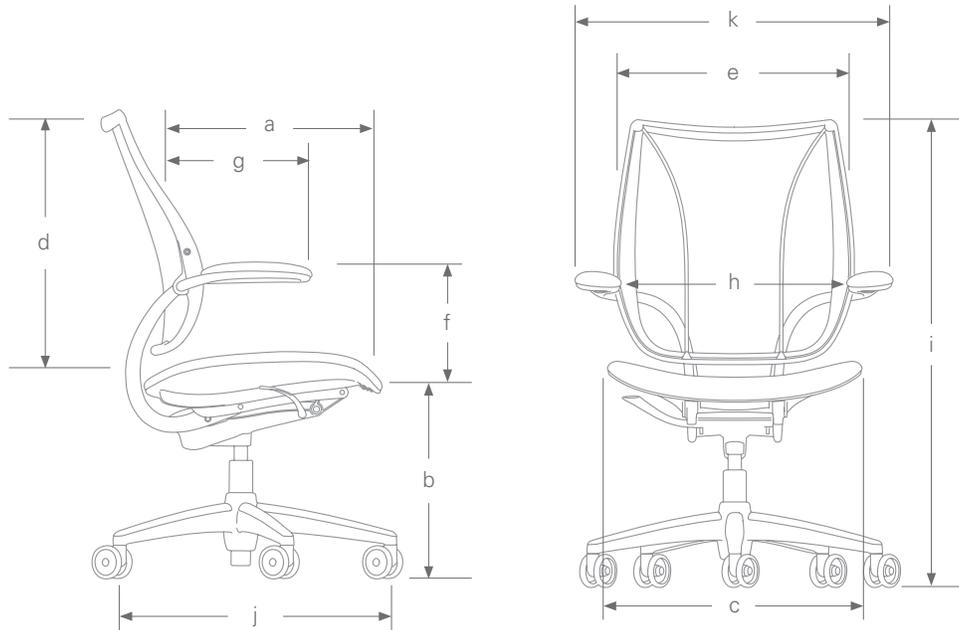

- Standard cylinder provides seat height range that accommodates 95% of the population
- Optional low cylinder for small users
- Optional tall cylinder for very tall users
- Optional high cylinder with foot ring

OPTIONAL FOOT RING

- Polished finish
- Height-adjustable

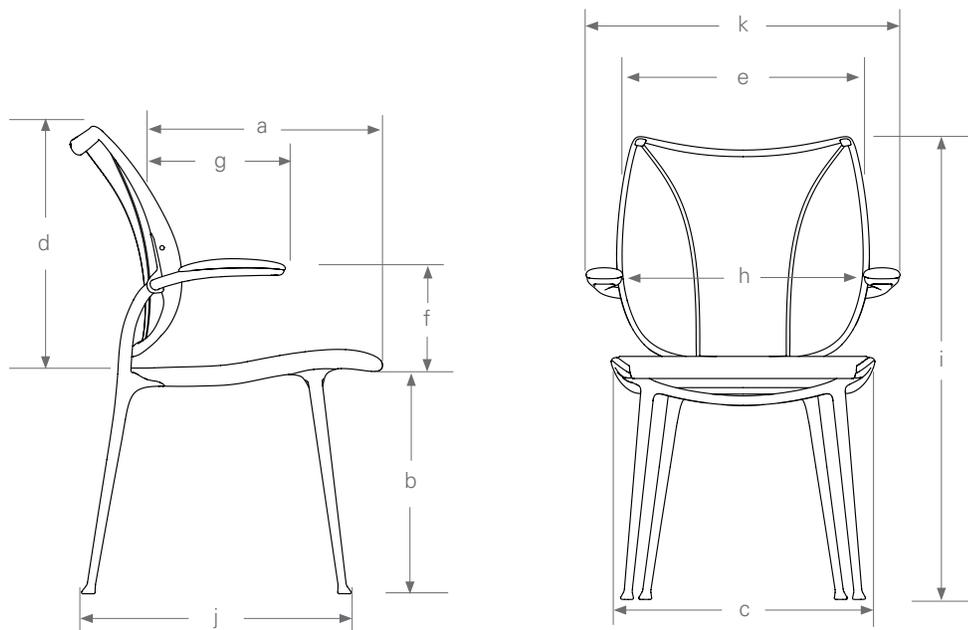

CASTER OPTIONS

- Standard 3" casters for carpeted floors
- Optional soft casters for hard floors
- Optional non-rolling glides for fixed location use

Diffrient *world*[®]

Diffrient World marks Humanscale's first foray into all-mesh task seating. Like its mesh-backed forerunner, Liberty, Diffrient World's tri-panel backrest hugs the body to provide tailor-made lumbar support, while its mesh seat eliminates contact stress under the thighs. But Diffrient World's major innovation is its mechanism-free recline action, which leverages two parts of the chair's frame, the user's body weight, and the laws of physics to provide automatic and balanced support throughout the full range of recline. No chair is more intuitive, creating the ultimate user-friendly sitting experience.

Features & Characteristics

BODY FIT

Size adjustable to fit more than 95% of the population

CUSHION PAN, BACK FRAME, FIVE-ARM BASE

Non-stretch, tri-panel mesh back. Non-stretch mesh seat. Optional upholstered polyurethane foam seat cushion

EXTERNAL FRAME

Injection-molded, structural, integral color glass-filled Nylon 6

FIREPROOFING

CAL 133-approved: optional fireproof barrier between textile and foam

SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides additional lumbar support as needed

ARMREST OPTIONS

- Armless, Fixed armrests or Height-adjustable armrests with 3.2" range of adjustment

ARM PAD OPTIONS

- Flexible Duron or Matching textile-covered arm pad

FORM-SENSING MESH

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
- No external lumbar devices to adjust, break or lose
- Low-abrasion mesh protects clothing
- Modular for easy replacement

NON-STRETCH MESH SEAT

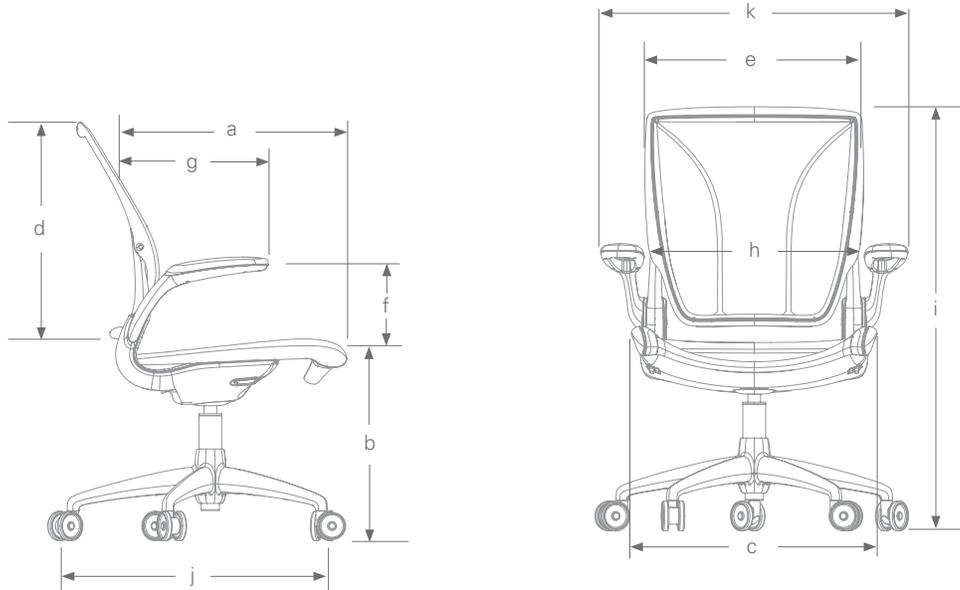

- Automatically sculpts to match body contours
- Cradles the body in flexible, breathable mesh
- Frameless front edge eliminates contact stress under the thighs

CYLINDER

- Standard cylinder provides seat height range that accommodates 95% of users
- Optional low cylinder for small users
- Optional tall cylinder for very tall users
- Optional high cylinder with foot ring

CASTER OPTIONS

- Standard 3" (76mm) hard casters
- Optional non-rolling glides for fixed location use
- Optional soft casters for hard floors

ballo™

A fun sitting solution, Ballo is a multipurpose stool that is ideal for a wide range of environments. Designed by Don Chadwick, it reinvents the exercise ball, with a design that is appropriate for workplace settings while offering easier storage. Promoting short-term, active sitting, Ballo also encourages low intensity physical activity and helps to reduce sedentary behavior.

AIR-FILLED TOP AND BOTTOM DOMES

- The top and bottom non-slip, dimpled air domes are made from a thermoplastic vulcanizate (TPV) material, rather than PVC that is the industry standard and can off-gas.

LIGHTWEIGHT

- Lightweight at just 13.5 pounds and with cleverly designed hand holds, Ballo can be easily moved from space to space.

HANDLE HOLDS

- Ballo comes with handle holds for easy portability.

CENTRAL COLUMN

- Ballo's cone and spool column made out of polypropylene

BODY FIT

- Air-filled, non-slip dimpled domes shape to the body and provide a comfortable sitting experience.

SAFE AND COMPACT

- Counterweighted base ensures Ballo remains upright for stable movement and convenient storage.

DURABLE AND ECO-FRIENDLY

- Ballo is made from eco-friendly, easy-clean and durable TPV materials which can be configured in various hues to add color to any space.
- Innovative spool-shaped central column is made from strong, long-lasting polypropylene and designed with clean lines to offer a modern aesthetic.

WEIGHT

mode™

The chair is for hospitality establishments that want a comfortable, lightweight and durable stackable conference / banquet chair. This chair combines a sleek modern aesthetic with unmatched ergonomic comfort owing its true innovation to a company that has excelled in ergonomic seating for more than a decade.

GLASS FILLED NYLON FRAME WITH POWDER COAT ALUMINUM LEGS

The armless, no gang wire chair weighs 16 pounds. The arm chair weighs 17.5 pounds.

FIREPROOFING

- CAL 133-approved: optional fireproof barrier between textile and foam

SEAMLESS INTEGRATION OF BACK OF CHAIR HAND HOLD

- The unobtrusive, integrated handle hold on the back of the chair allows for easy handling.

COMFORT RECLINE BACKREST

- Comfort Recline Mechanism - Dynamic recline mechanism that flexes up to 12 degrees to match the body's natural movement and reduces disc pressure on the back, allowing users to comfortably sit back in their chairs.
- Flexibility of backrest creates virtual pivot point for automatic lumbar support
- No adjustments required

CONTOUR FOAM BACK REST CUSHIONS

- The contour back cushions better support the body's natural curves for added lumbar support

OPTIONAL ARMREST

- Fixed Arms enhance the comfort of the sitting experience.
Note: The armrest chairs can be stacked 5 high.

OPTIONAL RETRACTABLE GANGER DEVICE

- The retractable ganging feature allows users to connect chairs to meet safety requirements; it retracts under the chair when not in use

CONTOUR SEAT CUSHIONS WITH WATERFALL EDGE

- A contour cushion with waterfall seat reduces pressure on the back of the knees contributing to a more comfortable sitting experience.

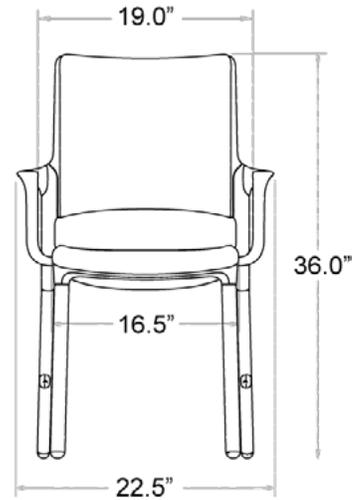

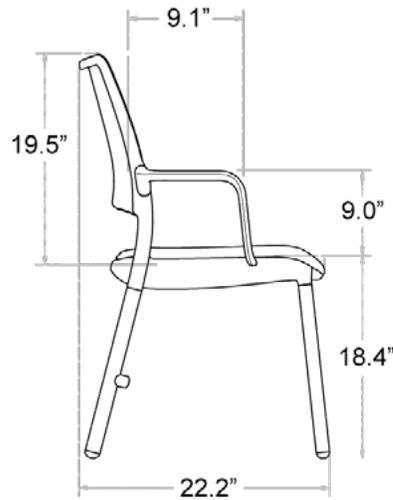

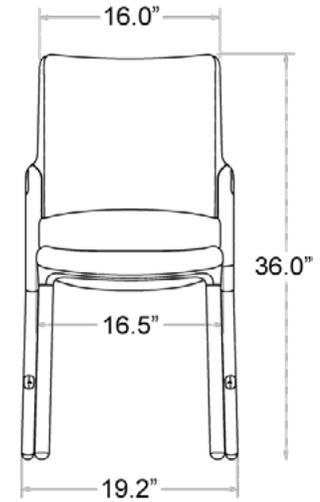

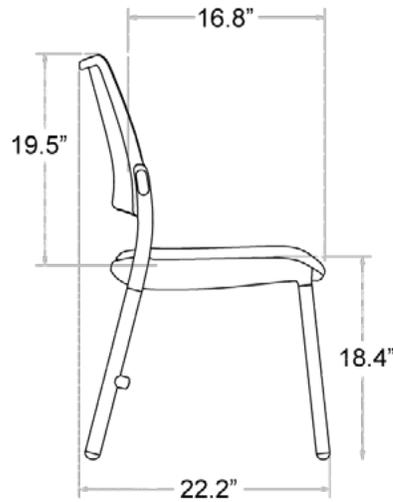

DURABLE POWDER COAT LEGS

- Mode's legs are covered with powder coat paints that are commonly used in exterior applications where durability is critical and are specifically formulated to protect against cracking, peeling, impact, abrasion and corrosion.

DURABLE NYLON GLIDES

- Durable nylon glides ensure that floor surfaces are not scratched when the chair is moved.

cinto®

Appropriate for a wide range of commercial and residential environments, Cinto sets a new standard for ergonomic stackable seating through unique design and manufacturing innovations. Spanish for "belt," Cinto features a floating backrest that is attached to the chair's frame via a flexible belt, allowing it to move with the body to provide recline and automatic lumbar support. For cool seated comfort, air vents on the backrest and seat pan enable air circulation.

BACKREST HANDLE

- Provides easy transport

FLEXIBLE BACKREST

- Attached to the chair's frame via a flexible belt, the floating backrest bends and adjusts with the sitter
- Flexibility of backrest creates virtual pivot point for automatic lumbar support
- No adjustments required

ARMREST OPTIONS

- Armless
- Fixed arms

VENTED SEAT PAN AND BACKREST

- Promotes air circulation and prevents "hot spots"

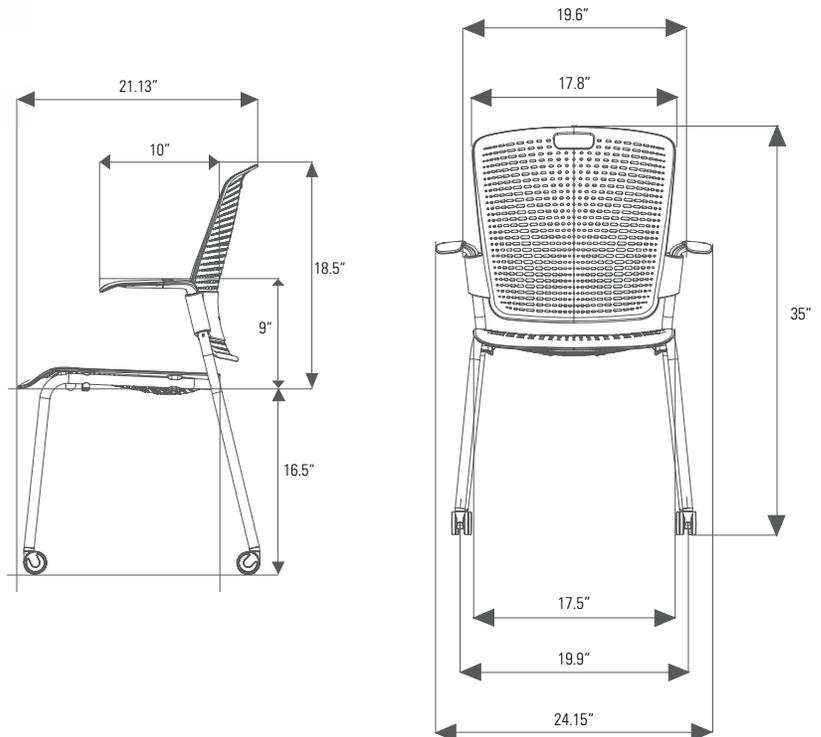

STACKABILITY

- Freestanding Cintos stack six chairs high
- Up to 15 chairs can be stacked on the optional Cinto Dolly

BASE OPTIONS

- Sled base
- Four legs on glides
- Four legs on casters

Textiles

The cushions on all Humanscale chairs utilize advanced technology developed primarily for the sportswear and sporting goods industries. In a single step, a high-tech molding process combines the textile, foam or Technogel®, and plastic support shell into a single, modular unit which can be attached to our seating with four screws. Because of this advanced process, the textiles used on the cushions are as unique as the rest of the chair, and satisfy requirements more demanding than typical upholstery textiles.

TEXTILES

WAVE		Code	Color
Textile Code: W	Textile Grade: 1	101	Black
Developed initially for sportswear, Wave responds to the unique form and production requirements of Humanscale seating. This four-way stretch fabric exceeds all contract interior testing requirements for heavy-duty upholstery. The colors of Wave are taken from the phenomenal hues found in nature.		102	Graphite
		104	Smoke
		201	Dark Brown
		213	Rattan
		402	Loden
		415	Sage
		502	Blue
		507	Navy
		601	Ultraviolet
		714	Poppy
		803	Cayenne

SQUIGGLE		Code	Color
Textile Codes:	Textile Grade: 0	106	Ash
Vertical: S		208	Chocolate
Horizontal: G		262	Sand
Composed of 100% recycled polyester, Squiggle offers an innovative weave structure to create a modern organic wave pattern resembling ripples of water. This environmentally sound textile may be applied either horizontally or vertically to Humanscale seating.		275	Espresso
		507	Navy

SENSUEDE		Code	Color
Textile Code: D	Textile Grade: 3	111	Ebony
Offering style and performance, Sensuede was developed to be the best and most luxurious engineered suede available. The silky feel is the result of recycled microfibers that are breathable, extra-strong, and resistant to most stains and wrinkles.		115	Pewter
		208	Chocolate
		305	Goldenrod
		406	Olive
		411	Pear
		413	Arbor
		517	Persian
		712	Oxblood

LOTUS		Code	Color
Textile Code: K	Textile Grade: 1	101	Black
Water repellant and easy to clean, Lotus is an ideal textile for the healthcare and hospitality environments. Its polyurethane finish with nylon backing boasts a soft texture that is pleasant to the touch while offering exceptional durability.		128	White
		158	Shale
		182	Hematite
		2C4	Umber
		281	Walnut
		302	Ochre
		459	Verdant
		507	Navy
		603	Plum
		608	Crocus
		624	Eggplant
		757	Earth Red
		758	Lucky Red

VELLUM		Code	Color
Textile Code: V	Textile Grade: 1	101	Black
Constructed of a simple weave using a blend of nylon, Cordura and elastic yarn, this textile offers a pleasing texture and extreme durability. Because of the Cordura content, this four-way stretch woven textile performs to the rigors of the most demanding environments. The color palette includes brights, classics, and neutrals.		102	Graphite
		106	Ash
		114	Light Gray
		202	Seal
		211	Beech
		212	Mahogany
		404	Moss
		407	Grass
		414	Greenwood
		507	Navy
		607	Periwinkle
		713	Pomegranate

GINKGO		Code	Color
Textile Code: F	Textile Grade: 2	101	Black
Composed of 90% Wool, Ginkgo offers a pleasing texture and durability. Its subtle and elegant pattern makes this textile appropriate for a variety of environments. Ginkgo comes in vibrant and saturated colors, expanding the scope of Humanscale's upholstery line.		197	Charcoal
		281	Walnut
		315	Wheat
		463	Green
		507	Navy
		556	Storm
		568	Horizon
		816	Harvest Orange

PROMESSA		Code	Color
Textile Code: E	Textile Grade: 3	111	Ebony
This Ultraleather textile from Ultrafabrics is environmentally friendly, wipeable and antimicrobial, and ideally suited to healthcare, hospitality and industrial applications. Made without PVC, Promessa has a pebbled, highly textured finish that will work beautifully in a wide variety of environments. Colors:		158	Shale
		215	Horsehair
		219	Fields
		224	Cashmere
		245	Bronze
		255	Leather
		518	Atlantic

BRIDGET STRIPE		Code	Color
Textile Codes:	Textile Grade: 2	104	Smoke
Vertical: B		266	Kohl
Horizontal: H			
Composed primarily of renewable merino wool, Bridget Stripe offers a five-color 50-stripe pattern with shifting color sequence that creates an uninterrupted movement across the surface of the fabric. Boasting exceptional durability for a wool textile, Bridget Stripe may be applied either horizontally or vertically to Humanscale seating.			

LEATHERS

VICENZA

	Code	Color
Textile Code: Z Leather Grade: 0	101	Black
A lightly corrected, aniline-dyed leather produced from European hides, Vicenza receives a special retannage which enriches the leather and tightens the grain. A breathable protective finish offers durability and comfort.	201	Dark Brown
	214	Saddle
	506	Night Blue

CERVO

	Code	Color
Textile Code: R Leather Grade: 3	1A7	Sasso Nero
Cervo is thicker than the other leathers in our collection. Specialized milling adds additional character providing a soft pebble grain texture unmatched by any other leather in its class.	2F0	Mantefalcone
	2E8	Aveto

BIZON

	Code	Color
Textile Code: Q Leather Grade: 1	111	Black
The innovative line of supple Bizon leathers has a thick, rich grain with excellent light fastness. Bizon offers a plain pigmented finish with exceptional strain protection and a very soft touch.	458	Terra
	429	Miso

Leather Stitching Options

	Code	Color
Choose a stitch color to match or contrast your choice of leather.	V	Vanilla
	M	Midnight
	N	Noir
	C	Coffee
	E	Espresso
	O	Oak
	T	Tan
	A	Cocoa

MODE TEXTILES

Specifically created for the Mode banquet chair, these textiles boast many qualities, while providing the ideal aesthetic for a variety of occasions and environments.

CIRCUIT

	Code	Color
Textile Code: CIR Textile Grade: 2	188	Twilight
Mimicking the repetitive pattern of a circuit board, Circuit features rounded shapes, adding a certain visual punch to Mode's sleek aesthetic. Due to its sturdy construction, Circuit offers lasting durability.	2U6	Sahara
	632	Grape
	781	Ruby
	1L8	Battleship

GEMSTONE

	Code	Color
Textile Code: GEM Textile Grade: 2	639	Amethyst
Named for the rich, luminous colors that define this weave, Gemstone offers a deep and enchanting aesthetic suitable for any circumstance. Gemstone boasts superior strength and resilience for extended and frequent use.	740	Garnet
	473	Emerald
	5B8	Sapphire
	153	Azurite

DESERT

	Code	Color
Textile Code: DES Textile Grade: 1	1L7	Night
With the ability to seamlessly integrate into any environment, Desert features a soft, granular texture and versatile color palette. Highly durable, Desert withstands even the most rigorous applications.	638	Mirage
	262	Sand
	495	Cactus
	783	Sedona

KALEIDOSCOPE

	Code	Color
Textile Code: KAL Textile Grade: 1	780	Cider
Intersecting circles create a kaleidoscopic pattern in this robust weave. With a mesmerizing visual, Kaleidoscope is available in five unique hues and complements next-generation environments and the most festive occasions.	496	Black Forest
	158	Shale
	549	Ocean
	2U5	Honeybee

MESH

MONOFILAMENT STRIPE	Code	Color
Mesh Code: M	10	Black
Using only monofilament yarns that are thin and strong, a simple but classic stripe pattern is achieved through weave structure and yarn placement. This pattern has slight elasticity but terrific memory.	11	Carbon
	14	Platinum
	41	Green
	51	Atlantic
	81	Amber

SILVER CHECK	Code	Color
Mesh Code: C	12	Alloy
This unique translucent pattern is achieved using monofilament and a silver-plated yarn spun with polyester at its core. More than simply an aesthetic choice, the silver-plated yarn gives the textile flexibility and strength.	32	Topaz

PINSTRIPLE	Code	Color
Mesh Code: N	01	White
Designed specifically to work with the Diffrient World Chair, this lightweight fabric provides the strength and support of a much heavier mesh by using two different monofilament stretch yarns to provide proper support.	02	Silver
	03	Graphite
	10	Black
	34	Cadmium Yellow
	43	Citron
	58	Cyan
	74	Crimson

TEXTILE PURCHASE PROGRAM

All Humanscale textiles (with the exception of Leather, Sensuede, Promessa and Spirit Millennium) are available for purchase by the linear yard. The prices below are net (standard discounts do not apply). A \$20 cut charge will apply to each order. Please see your Humanscale representative for more information.

Wave	\$35/yard (61" width)
Monofilament Stripe	\$60/yard (50" width)
Vellum	\$45/yard (50" width)
Silver Check	\$70/yard (53" width)
Squiggle	\$25/yard (54" width)
Bridget Stripe	\$55/yard (55" width)
Lotus	\$36/yard (54" width)
Ginkgo	\$75/yard (51" width)
Dash	\$75/yard (48" width)
Pinstripe	\$65/yard (48" width)
Catena	\$60/yard (52" width)

CATENA	Code	Color
Mesh Code: J	10	Black
Catena's dense and rich hues are inspired by the vibrant spice markets of India. When used as a backrest textile, this proprietary non-stretch mesh provides a customized lumbar support through its tri-panel patented design that fits the user like a tailored shirt.	35	Bayberry
	50	Cornflower
	1A	Poppy Seed
	1B	Caraway

DASH	Code	Color
Mesh Code: A	14	Platinum
Designed to resemble embroidery floss, Dash is stronger, more responsive, lighter weight and uses less material than most mesh textiles. It gives the user support, comfort and ease of movement, while meeting Humanscale's seating requirements.	19	Zinc

CUSTOM COLORS

Textiles:

Most Humanscale textiles are available in any customer-specified color. Delivery time frames for custom color orders will depend on color approval. A surcharge of \$50 per chair will apply to custom color orders. The minimum order quantity for these fabrics are as follows:

Vellum, Wave, Torque, Lotus, Ginkgo:

Freedom Task + Headrest	200 chairs
Liberty Task	400 chairs
Diffrient Smart	400 chairs
Freedom Saddle	400 chairs
Freedom Pony Saddle	600 chairs

Non-Stocked Colors:

Vicenza, Acqua, Cervo, Sensuede, and Promessa can be ordered in any color standard to these textile lines, even if it isn't stocked by Humanscale. Ordering any non-stocked color may impact the lead time for delivery. The minimum order quantity for these fabrics are as follows:

Sensuede, Promessa:

Freedom Task + Headrest	50 chairs
Liberty Task	100 chairs
Diffrient Smart	100 chairs
Freedom Saddle	100 chairs
Freedom Pony Saddle	150 chairs

Vicenza, Bizon, Cervo:

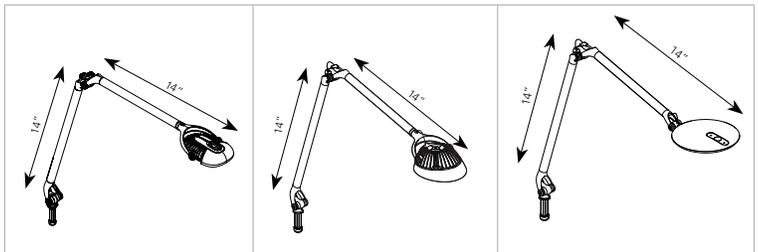

Freedom Task + Headrest	10 chairs
Liberty Task	20 chairs
Diffrient Smart	20 chairs
Freedom Saddle	20 chairs
Freedom Pony Saddle	20 chairs

Lighting

Task lighting is an integral part of the ergonomic workstation, and each of Humanscale's task lights provides exceptional levels of bright, comfortable light. Yielding both ergonomic and economic benefits, Humanscale's comprehensive lighting line fits any needs, whether you desire performance, efficiency, ease of use, or all of the above.

Monitor Arms

Flat panel monitors are transforming the landscape of both home and corporate offices, but their greatest advantage is that they can be easily mounted to an adjustable arm. Featuring effortless adjustment, extreme stability and sleek looks, all of Humanscale's monitor arms allow you to get the most out of your flat panel monitor investment. They provide almost effortless adjustment and create significant space savings. In addition, an adjustable arm allows the monitor to be moved out of the way to create extra desk space for non-computer-related work.

Sit-Stand

Recent research suggests that movement is vital to health. As the pioneer of a healthier, more active workplace, Humanscale has designed innovative sit/stand solutions that encourage users to alternate postures. Ultimately, these products allow users to adopt a healthy and balanced level of activity as they work.

WORK SURFACE DIMENSIONS

Depth and width dimension is nominal. Depths are 1" less than stated to provide a 1" gap between the work surface and panel. Widths are 1" less than stated to provide a 1/2" gap on each side of the work surface. The gaps are to facilitate cable management, monitor arms and pinch points in either a panel or open plan work station environment.

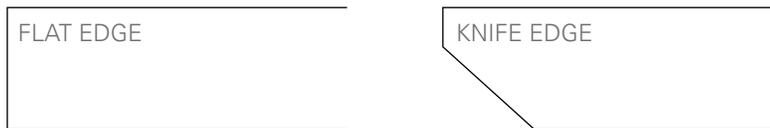

LAMINATE WORK SURFACES

Our high pressure compact environmentally-friendly polypropylene laminate is laminated to either a 3/4" thick particleboard or a 3/4" MDF (medium-density-fibreboard) depending on the edge detail selected. Both work surfaces have a heavy duty back (bottom layer) which is a very thin layer of phenolic. This stops any potential warping. All of our work surfaces are **formaldehyde-free** and manufactured from **FSC (forest stewardship council) certified wood**.

LAMINATE WORK SURFACE EDGE DETAIL

Our laminate work surfaces are available in either a flat edge or knife edge. We use a technology called "laser edge banding" on our rectangular work surfaces which allows for a completely seamless edge between the work surface and the edge detail. This not only leaves a good clean edge but also stops any bacteria penetrating the wood. All our edge banding is finished in a coordinating color.

Build Your Float Product Code

Step 1: Identify The List Price For Your Float Base

To determine the list price for your Float base, choose and build the product code as shown below. Add the prices for all options shown.

COMPONENT	CODE	DESCRIPTION	LIST PRICE
PRODUCT	FN	Float Table Base	-
BASE COLOR	S	Silver	-
	W	White	-
	B	Black	-
COUNTERBALANCE ADJUSTER	M	Mounted - <i>can only be ordered with size 42, 43, 62, 63</i>	\$100
	R	Removable	-
SIZE	42	24" deep x 48" to 56" wide	\$1799
	43	30" deep x 48" to 56" wide	\$1799

Sample Order Float Electric Work Surface Code: **E3048WHF**
Sample Order Float Electric Work Surface List Price: **\$425**

Step 3: Select Your Float Electric Accessories

SEE PAGE 61 TO SELECT YOUR FLOAT ELECTRIC ACCESSORIES

MONITOR MOUNT

Choose between a single or dual monitor mount

It can accommodate a monitor up to 24"

The single/dual monitor mount has a height adjustment of 5"

COLOR

Choose between black with gray trim or white with gray trim to match QuickStand into any working environment

PLATFORM

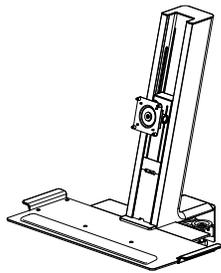

The height adjustable platform is available in either a small or large platform for varying work surface depths

The size of the small platform is: 28" wide x 11" deep (for a 24" to 29" deep work surface)

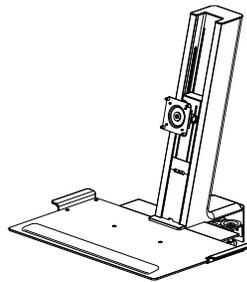

The size of the large platform is: 28" wide x 17" deep (for a 30" to 36" deep work surface)

The small and large platforms both have a height adjustment of 18"

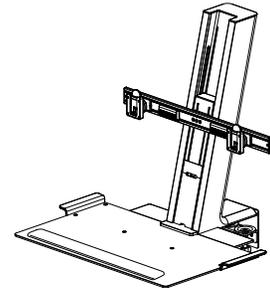

QuickStand Product Configurations

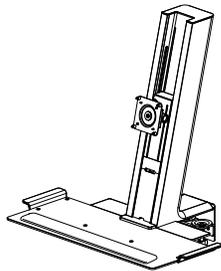

QSWL24
\$949 Quickstand, white, light mount assembly with small platform

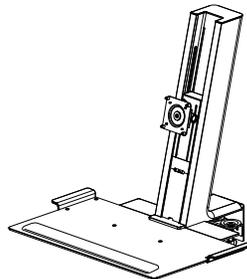

QSWL30
\$999 Quickstand, white, light mount assembly with large platform

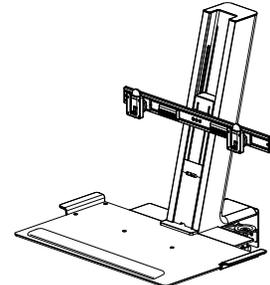

QSWC30
\$1,189 Quickstand, white, heavy mount assembly with large platform and crossbar

QSBL24
\$949 Quickstand, black, light mount assembly with small platform

QSBL30
\$999 Quickstand, black, light mount assembly with large platform

QSBC30
\$1,189 Quickstand, black, heavy mount assembly with large platform and crossbar

Access Rail

The Access Rail is a virtually infinitely configurable rail system that adds space to any desk or workstation, creates better organization of desktop tools, and improves the user's access to and interaction with those tools for better working comfort. It is designed for use in PACS environments, NOCS, Command and Control Centers, 911 Centers and wherever multiple monitors are used or desktop space is limited. The Access Rail is also ideal for benching applications.

Ergo Tools

A key component of an ergonomic workstation, a well-designed articulating keyboard system works in conjunction with a monitor arm and task chair to promote healthy, comfortable posture. Humanscale keyboard supports literally bring the work to you, allowing you to sit back in your chair while providing serious protection from carpal tunnel syndrome, neck and back pain, and other musculoskeletal issues.

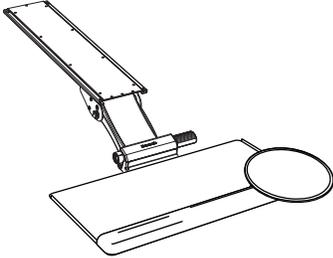

Best-Selling Keyboard Systems

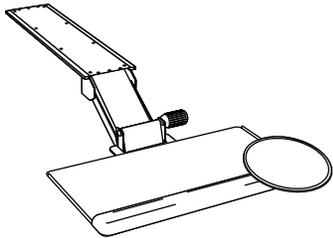

With advanced technology, award-winning designs and hundreds of options, Humanscale has remained the market leader in keyboard supports for 10 years running. We pioneered intuitive adjustability and eliminated knee obstruction. And these best-sellers remain several steps ahead of the pack.

All keyboard systems are available to ship within 72 hours.
