SPOTTERXP -MILESTONE	SpotterRF	The SpotterXP Module is an Embedded Milestone Integration Plug-In That Resides on the Server and Client (X-Protect Smart-Client). The Software Operates in the 2016 (64Bit) Versions of Milestone (Corporate, Expert). The License is Per NIO- With No Radar Limit. The Module Allows the End-Users to Record the Stream of Content From the SpotterRF NIO Platform Directly to the Milestone VMS Platform Playback After the Fact. Additionally, the Plug-In Allows for Direct Control of the SpotterRF NIO From Within the Smart-Client Software, Allowing Content Reviewers to Stay in Single Platform/Interface. Licensing is Based Upon the End Users SLC. Online and Offline Activation are Available Via the Milestone Licensing Feature in All of Their 2016 Products.	\$ 2,420.15
SR-FCC-LIC	SpotterRF	SpotterRF Will Apply for an FCC License on Your Behalf. FCC Licenses Usually Take 30-60 Days to Obtain and Will Require Authorization be Given to SpotterRF on Your Behalf.	\$ 1,746.00
