Our Mission:
Preparing People with Barriers to Employment for a Brighter Future
www.vgsjob.org

GDC 998

Vocational Guidance Services (VGS) changes lives and strengthens communities with services that enhance personal abilities, break down barriers to employment and help individuals realize their potential.

Since 1890, VGS has been a national leader in helping individuals realize brighter futures. Annually, the agency provides a variety of services to nearly 5,000 individuals with physical or mental disabilities, a history of incarceration, and other barriers to employment, such as economic challenges. A comprehensive range of services including work evaluation, work adjustment, skills training, job placement and social enterprise work opportunities are available to community members receiving assistance from VGS.

VGS has developed additional social enterprises in the 21st century to ensure that its mission of preparing people with barriers to employment for a brighter future is maximized. For example:

Nearly 70 individuals with disabilities or other barriers to employment are producing 100% of the women's dress slacks for the U.S. Army, Navy and Marines

Nearly 500 individuals with disabilities or other barriers to employment are providing custodial services at more than 100 locations throughout Ohio

More than 100 individuals with disabilities or other barriers to employment provide inspection, packaging and assembly services to companies like: Applied Industrial Technologies, Bendix, Boehm Steel, Chrysler, Invacare, Nordson, and Ridge Tool Co.

Customer Service Statement:

VGS will take Personal Responsibility In Delivering Excellence. We will treat every customer with dignity, respect and kindness while pursuing fulfilling job opportunities for persons with disabilities and other barriers to employment. Our knowledgeable staff will provide services tailored to the individual needs of each customer.

Please note that Ohio statute strongly encourages agencies utilizing Ohio's Cooperative Purchasing Program to support Community Rehabilitation Programs such as Vocational Guidance Services.

Purchases of less than minimum quantities specified are acceptable but require the customer to pay freight.
All quantity purchases include prepaid freight.

6 lb Splitting Maul Sledge

Used to split wood. The blade is designed to split rather than cut and the heavy sledge-end adds power to the stroke. The sledge-end is also used to drive wood-splitting wedges.

Product # STM-6

\$40.24 each

Unit Quantity: 4

3.5 lb Single Bit Axe

General purpose axe used to fell small trees, split wood, trim branches and prune trees.

Product # STA-SB

\$26.52 each

Unit Quantity: 4

3.5 lb Double Bit Axe

General purpose axe used to fell small trees, split wood, trim branches and prune trees. Having two bits lengthens the time between blade sharpening.

Product # STA-DB

\$40.58 each

Unit Quantity: 4

4 lb Drilling Hammer

Used to strike cold chisels, punches, star drills, brick chisels and hardened nails. They are designed to deliver heavy blows with limited swing in tight spaces.

Product # STH-4D

\$21.51 each

Unit Quantity: 4

3 lb & 4 lb Engineer Hammer

Used to strike stone, concrete, metal and wood. Often used to drive stakes and rods or move timbers.

Product # STH-3E

\$18.33 each

3 lb Unit Quantity: 4

Product # STH-4E

\$20.44 each

4 lb Unit Quantity: 4

10lb, 16 lb & 20 lb Sledge Hammer

Used to strike stone, concrete, metal and wood. Often used to drive stakes and posts, move timbers and break concrete.

Product # STH-10S

\$29.50 each

10 lb Unit Quantity: 2

Product # STH-16S

\$69.60 each

16 lb Unit Quantity: 2

Product # STH-20S

\$75.88 each

20 lb Unit Quantity: 2

Digging Tools

Vocational Guidance Services

offers a variety of digging tools including:

Shovels, Rakes, Hoes, Tampers and Scrapers

Featuring:

Safety Yellow - Fiberglass Reinforced Handles

Highest Quality Tool Heads

ProGrip™ Comfort Grip

A textured, vinyl grip with a non-slip surface for a secure grip with excellent shock-absorbing protection.

Power Core™ Reinforced Rod

Extends 12.5 inches from the handle into the shank and blade for maximum strength at this critical pressure point.

Perma-Grip™ Steel Collar

A rivetless ring of steel that connects the shovel neck and handle, making it one solid unit.

Where Brighter Futures are Realized
