

FSI[®] TRANSPORTER[®]

DISPOSABLE BACKBOARDS

520+LBS!

ADULT BOARD CAPACITY

Disposable Backboards are significantly less expensive than all other backboards. Cost effective for even single injuries, they are especially valuable for large use applications, such as multi vehicle accidents to emergency evacuations of hospitals or nursing homes up to mass casualty incidents involving hundreds or even thousands of victims.

FSI Patent Pending

Adult/Pediatric Disposable Boards
Adult - F-EM-3 - 12 Series
Pediatric F-EM-15 - 16 Series

VGS Inc offers a complete range of fluid resistant Disposable Adult and Pediatric Backboards.

These spinal immobilization backboards are offered in a number of configurations. (with/without straps, C Collar auto cradles, etc.)

To Order:

Brad Sommerfelt 216-881-6015
Lynn Merholz 440-322-1123

lynnmerholz@vgsjob.org

* Named one of the Top 10 new products at the 2006 Annual EMS Congress Trade Show.

Advantages:

- They come packaged in boxes of 5 and take up little space since they store flat.
- When needed simply pull the zip tabs on the back of the boards and in less than 30 seconds a fully configured backboard is in place and ready to go to work. There is no glue or tape to dry out and fail over time.

The special Michel-man X300 coated structural cardboard can be left out in the soaking rain overnight and yet the adult board can still hold 520+ pounds (236+ kg)

The Pediatric board is 150lb. (68kg) rated.

- Cardboard, relative to plastic type boards is a far more biodegradable substance over time.

FSI Fluid Resistant Disposable Adult and Pediatric Backboards are functional and cost effective for handling a single injury to a large disaster. FSI Disposable Backboards are the budgetary solution when preparing for multiple victims up to potential mass casualty incidents involving hundreds or even thousands of victims requiring stretcher borne attention.

Examples of such incidents include:

- * Bus or Train accidents.
- * Airports for possible multi-victim accidents.
- * Major Mass Casualty / Trauma/Hazmat Decon incidents from Anthrax/Small-pox/other terrorist incident.
- * Stadiums where large crowds gather.

VGS Inc and FSI are Ohio companies in Partnership to create jobs for American workers with Disabilities.
