									AWARD		

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will evaluate based on multiplying the unit cost by the estimated usage listed in the bid and then adding each of the totals together to arrive at a total for all items. Failure to bid all items may result in the bidder being deemed not responsive.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by low lot total. Low lot total will be determined by multiplying the unit cost by the estimated usage listed in the bid and then adding each of the totals together to arrive at a total for all items. Failure to bid all items may result in the bidder being deemed not responsive.
