Extended Total:	\$239,024.70	\$239,024.70	\$239,024.70
Contract Total:	\$717,074.10		

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions, Terms, and Conditions for Bidding". There will be a taste testing of the samples submitted to determine acceptability. This will be conducted by a minimum, a ten (10) member panel composed of members of the Office for Child Nutrition staff, members of the Ohio Commodity Advisory Board and/or students from Ohio schools. Samples will be evaluated for appearance, color, flavor (taste) and texture. If product is deemed unacceptable as a result of the taste test, no further consideration for award shall be given. If the product sample submitted for the taste test exceeds the specifications, as stated in the bid and is presented as being the end product for the contract, then the sample shall be the standard for the entire contract with anticipated yields as projected and costs as stated. In addition, the bid will be evaluated according to the fee per pound for processing the specified finished product. One case of each product shall be used for bid evaluation to determine acceptability and the other case shall be used to verify and validate actual processed product received during the contract period. No further consideration may be given if the product sample submitted by a bidder fails to meet the evaluation criteria. The estimated truckloads per year will be determined by dividing the anticipated commodity in pounds per year by the commodity weight per truckload for ground beef. The estimated truckloads per year will be multiplied by the quoted minimum yield for ground beef to obtain estimated annual pounds per year. This will be multiplied by the processing fee per pound (for end product) offered by the bidder for years 1-3 to obtain the extended price. The extended price for all three years will be added together to obtain the line item total. The line item total for each end product will be added together to obtain the low lot total.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by low lot total. Failure to bid all commodity items in this bid may result in the bidder being deemed not responsive.
