				AWARD	Deemed Non-responsive due to failure to provide minimum yield		
<p>EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions, Terms, and Conditions for Bidding". There will be a taste testing of the samples submitted to determine acceptability. There will be, at a minimum, a five (5) member panel composed of food service professionals from across the state of Ohio. Samples will be evaluated for appearance, color, aroma, flavor (taste), and texture. If product is deemed unacceptable as a result of the taste test, no further consideration for award shall be given. If the product sample submitted for the taste test exceeds the specifications, as stated in the bid and is presented as being the end product for the contract, then the sample shall be the standard for the entire contract with anticipated yields as projected and costs as stated. In addition, the bid will be evaluated according to the fee per pound for processing the specified finished product. One case of each product shall be used for bid evaluation to determine acceptability and the other case shall be used to verify and validate actual processed product received during the contract period. No further consideration may be given if the product sample submitted by a bidder fails to meet the evaluation criteria.</p>							
<p>CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder meeting all bid specifications and requirements. Failure to meet all specifications in this bid may result in the bidder being deemed non responsive.</p>
