EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will review every Bid response to insure that the Bidder has properly responded to all of the requirements of the Bid. The state will also evaluate the bid based upon the adjustment price per pound.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by low lot total. Low lot total will be determined by multiplying the base price of \$1.39 by the estimated annual usage and by the adjustment (discount or mark-up) for each of the line items. The line item extended prices will be added together to obtain a lot total for all items. Failure to bid all items may result in the bidder being deemed not responsive.
