<p>EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will multiply the unit price by the estimated usage specified in the bid for each line item and add these together to arrive at a total for each category. All products must meet or exceed the specifications and requirements, as indicated herein. Failure to bid all items within the category may result in the bidder being deemed as not responsive and no further consideration given for potential awarding of the contract.</p> <p>CONTRACT AWARD: The contract will be awarded by category to the lowest responsive and responsible bidder by low lot total. Low lot total will be determined by multiplying the unit cost by the estimated usage listed in the bid and then adding each of the totals together to arrive at a total for all items. Failure to bid all items in a category may result in the bidder being deemed not responsive.</p> <p>Yellow Highlight denotes bid award recommendation.</p>
