AWARD

EVALUATION: Bids will be evaluated in accordance with Article I-17. of the Instructions for Bidders. The fee per pound for processing offered by the bidder will be multiplied by the minimum yield per truckload of USDA commodity and then multiplied by the number of truckloads estimated to be processed annually to obtain an extended line item total.

There will be a taste test of the samples submitted to determine acceptability. There will be, at a minimum, a five (5) member panel composed of members of the Ohio Advisory Committee made up of food service professionals from across the state of Ohio. Samples will be evaluated for appearance, color, aroma, flavor (taste), and texture. If product sample is deemed unacceptable as a result of the taste test, no further consideration for award shall be given. If the product submitted for the taste test exceeds the specifications, as stated in the bid and is presented as being the end product for the entire contract, then the sample shall be the standard for the entire contract with anticipated yields as projected and costs as stated.
