AWARD:				** Disqualified		Award		** Award		Award		Disqualified		** Disqualified	
* Price is based on 3 units of ChargePoint CT4013-GW1, per the supplier spreadsheet.				CONTRACT AWARD: DAS understands that there are many manufacturers and integrators of the supplies sought in this bid. The State intends to award one (1) bidder per manufacturer/brand. However, in the instance that multiple bids are submitted for the same manufacturer, but different equipment is offered *or a different geographic region is covered, DAS may award to multiple bidders of the same manufacturer/brand. DAS reserves the right to reject any items which appear to be excessive compared to comparable items by other bidders. DAS additionally may reject items not within the scope of this ITB.											
** Updated status as awarded or disqualified per Amendment 1, effective 3/13/20.				Evaluation: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the State will evaluate the total cost of Table A on the Bid Pricing page of the Invitation to Bid.

RS900320, GDC169--Electric Vehicle Chargers and Equipment

EV Supply Equipment (EVSE) Pricelist

Bidders shall use the spreadsheet below to identify the EVSE products to be offered by the bidder. Cost Per Unit shall not exceed more than three (3) digits after the decimal point. Digits beyond three after the decimal point shall be dropped off by the Office of Procurement Services and not used in the evaluation of the bid.

DAS reserves the right to reject any pricelist which, in the research-based opinion of DAS, appears to be inflated, excessive, or outside the realm of what may be considered reasonable MSRP pricing. DAS also reserves the right to remove items from this list that are not desired.

All costs must be in U.S. Dollars.

The State will not be responsible for any costs not identified.

There will be no additional reimbursement for travel or other related expenses.

EVSE Manufacturer	Model Number	Type (Level 2 or DCFC)	Power Level	Gateway or Non-Gateway?	Number of Ports	Fleet or Commercial?	Mount Type	Network Provider	Standard Warranty	Data Included First Year	EPA Energy Star Rated?	Percent of Recycled Material	Cost Per Unit
Blink Charging Co		Level 2	19.2kWh	Gateway	1	Fleet & Commercial	Wall	Blink Charging Co	1 Year	Yes	Yes	0	\$3,500.000
Blink Charging Co		Level 2	19.2kWh	Gateway	1	Fleet & Commercial	Rectangular Pedestal	Blink Charging Co	1 Year	Yes	Yes	0	\$4,050.000
Blink Charging Co		Level 2	19.2kWh	Gateway	2	Fleet & Commercial	Triangular Pedestal	Blink Charging Co	1 Year	Yes	Yes	0	\$7,600.000
Blink Charging Co		Level 2	19.2kWh	Gateway	3	Fleet & Commercial	Triangular Pedestal	Blink Charging Co	1 Year	Yes	Yes	0	\$11,100.000
VeeFil		DCFC	50kWh	Gateway	2	Fleet & Commercial	Freestanding	Blink Charging Co	3 Year	Yes	Yes	0	\$35,000.000

A successful Site Validation is required to activate any ChargePoint Assure product. Price per port	ChargePoint	CPF-ASSURE5	N/A	\$675
ChargePoint Assure for the CT4000. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per station	ChargePoint	CT4000-ASSURE1	N/A	\$740
ChargePoint Assure for the CT4000. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per station	ChargePoint	CT4000-ASSURE2	N/A	\$1,410
ChargePoint Assure for the CT4000. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per station	ChargePoint	CT4000-ASSURE3	N/A	\$2,064
ChargePoint Assure for the CT4000. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per station	ChargePoint	CT4000-ASSURE4	N/A	\$2,460
ChargePoint Assure for the CT4000. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per station	ChargePoint	CT4000-ASSURE5	N/A	\$2,495
ChargePoint Assure for ChargePoint Express 250. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per Module	ChargePoint	EXPRESS-ASSURE1	N/A	\$2,100
ChargePoint Assure for ChargePoint Express 250. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per Module	ChargePoint	EXPRESS-ASSURE2	N/A	\$4,000

ChargePoint Assure for ChargePoint Express 250. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per Module	ChargePoint	EXPRESS-ASSURE3	N/A	\$5,550
ChargePoint Assure for ChargePoint Express 250. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per Module	ChargePoint	EXPRESS-ASSURE4	N/A	\$6,800
ChargePoint Assure for ChargePoint Express 250. Parts and On-Site Labor to repair or replace any manufacturing defect. Includes station management, remote monitoring of station and proactive repair dispatch. A successful Site Validation is required to activate any ChargePoint Assure product. Price per Module	ChargePoint	EXPRESS-ASSURE5	N/A	\$7,750

EV Supply Equipment (EVSE) Pricelist

Bidders shall use the spreadsheet below to identify the EVSE products to be offered by the bidder. Cost Per Unit shall not exceed more than three (3) digits after the decimal point. Digits beyond three after the decimal point shall be dropped off by the Office of Procurement Services and not used in the evaluation of the bid.

DAS reserves the right to reject any pricelist which, in the research-based opinion of DAS, appears to be inflated, excessive, or outside the realm of what may be considered reasonable MSRP pricing. DAS also reserves the right to remove items from this list that are not desired.

All costs must be in U.S. Dollars.
 The State will not be responsible for any costs not identified.
 There will be no additional reimbursement for travel or other related expenses.

RS900320, GDC169--Electric Vehicle Chargers and Equipment

Optional Items For EV Chargers and Equipment Pricelist

Bidders shall use the spreadsheet below to identify the optional items related to EV chargers and equipment to be offered by the bidder. Cost Per Unit shall not exceed more than three (3) digits after the decimal point. Digits beyond three after the decimal point shall be dropped off by the Office of Procurement Services and not used in the evaluation of the bid.

DAS reserves the right to reject any pricelist which, in the research-based opinion of DAS, appears to be inflated, excessive, or outside the realm of what may be considered reasonable MSRP pricing. DAS also reserves the right to remove items from this list that are not desired.

All costs must be in U.S. Dollars.

The State will not be responsible for any costs not identified.

There will be no additional reimbursement for travel or other related expenses.

RS900320, GDC169--Electric Vehicle Chargers and Equipment

Optional Items For EV Chargers and Equipment Pricelist

Bidders shall use the spreadsheet below to identify the optional items related to EV chargers and equipment to be offered by the bidder. Cost Per Unit shall not exceed more than three (3) digits after the decimal point. Digits beyond three after the decimal point shall be dropped off by the Office of Procurement Services and not used in the evaluation of the bid.

DAS reserves the right to reject any pricelist which, in the research-based opinion of DAS, appears to be inflated, excessive, or outside the realm of what may be considered reasonable MSRP pricing. DAS also reserves the right to remove items from this list that are not desired.

All costs must be in U.S. Dollars.

The State will not be responsible for any costs not identified.

There will be no additional reimbursement for travel or other related expenses.

Item Description	Manufacturer	Model Number	Percentage of Recycled Material	Cost Per Item
EVunited SparkCharge Remote Support 8x5, M-F (per portable charger) - 1 Year, Pre-Paid Annual	EVunited	EV-SPARK-SUPPORT-1YR-PP	0	\$525

EV Supply Equipment (EVSE) Pricelist

Bidders shall use the spreadsheet below to identify the EVSE products to be offered by the bidder. Cost Per Unit shall not exceed more than three (3) digits after the decimal point. Digits beyond three after the decimal point shall be dropped off by the Office of Procurement Services and not used in the evaluation of the bid.

DAS reserves the right to reject any pricelist which, in the research-based opinion of DAS, appears to be inflated, excessive, or outside the realm of what may be considered reasonable MSRP pricing. DAS also reserves the right to remove items from this list that are not desired.

All costs must be in U.S. Dollars.

The State will not be responsible for any costs not identified.

There will be no additional reimbursement for travel or other related expenses.
