			<p><b>CONTRACT AWARD:</b> A contract will be awarded to not more than five (5) responsive and responsible bidders who offer the largest overall discount percentage from their published manufacturer's suggested retail price catalog. In order to calculate the lowest overall discount DAS will multiply the discount percentages offered by the evaluation factor for each item type in the Bidder Discounts Offered on page 10 of this bid then add the results for each item category to obtain the largest overall discount. DAS reserves the right to reject any price list which in the researched-based opinion of DAS appears to be inflated, excessive or outside the realm of what may be considered reasonable MSRP pricing.</p>													
			<p><b>EVALUATION:</b> Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders".</p>
