SPECIAL CONTRACT TERMS AND CONDITIONS

AMENDMENTS TO CONTRACT TERMS AND CONDITIONS: The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

DELIVERY AND ACCEPTANCE: Services will be performed as set forth in the Contract and in accordance with paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS. The location of performance will be noted on the purchase order issued by the participating agency/institution. Payment for services rendered will occur upon the inspection and written confirmation by the ordering agency that the services provided conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, payment shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

HIPAA: As a condition of receiving a contract from the State, the Contractor and any subcontractor(s), will be required to comply with 42 U.S.C. Sections 1320d through 1320d-8, and regulations at 45 C.F.R. Section Parts 160, 162, and 164 [relating to privacy and security] regarding disclosure and safeguarding of protected health information under the Health Insurance Portability and Accountability Act (HIPAA) of 1996, as amended by the American Recovery and Reinvestment Act of 2009. Contractor agrees to comply with all requirements of the federal Health Insurance Portability and Accountability Act (HIPAA) applicable to it as a Covered Entity and/or a Business Associate. In the event of a material breach of Contractor's obligations under this section, the State Department of Administrative Services may terminate the Contract according to provisions for Contract termination.

CONTRACT RENEWAL: The Contract may be renewed for one (1) month at the State's option. Additionally, this Contract may be renewed, by agreement, for any number of times for any period of time under the same prices, terms and conditions stated herein. The cumulative total of all renewals by agreement may not exceed four (4) years.

SITE VISIT: Prior to submitting their bid response, the bidder should visit the agency(ies) they are bidding in order to survey the facility(s) and to become familiar with the requirements of the bid. The bidder must contact each facility to schedule an appointment. To schedule an appointment, please refer to Appendix A. Once a contract is awarded, failure of the bidder to have requested a site visit to become familiar with the facility and requirements of the bid will be insufficient reason to support any request to be released from the contract.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will award based on the low lot total by Region. Low lot total will be determined by adding the cost of each service in a region together to arrive at a total for all items in a region.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by Region. Failure to bid all items for all institutions in a region may result in the bidder being deemed not responsive.

FIXED-PRICE WITH ECONOMIC ADJUSTMENT: The contract prices(s) will remain firm for the first twelve (12) months duration of the contract. Thereafter, the Contractor may submit a request to increase their price(s) to be effective sixty (60) calendar days after acceptance by DAS. No price adjustment will be permitted prior to the effective date of the increase received by the Contractor from his suppliers, or on purchase orders that are already being processed, or on purchase orders that have been filled and are awaiting shipment. If the Contractor receives orders requiring quarterly delivery, the increase will apply to all deliveries made after the effective date of the price increase.

The price increase must be supported by a general price increase in the cost of the finished supplies, due to increases in the cost of raw materials, labor, freight, Workers' Compensation and/or Unemployment Insurance, etc. Detailed documentation, to include a comparison list of the contract items and proposed price increases, must be submitted to support the requested increase. Supportive documentation should include, but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base cost of the product to the Contractor and the corresponding increase, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information and explains the source of the increase in such areas as raw materials, freight, fuel or labor, etc.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. Failure to comply with this provision will be considered as a default and will be subject to Provision I.C. "Termination/Suspension" and Provision II. of the "Contract Remedies:" of the "Standard Contract Terms and Conditions".

SPECIAL CONTRACT TERMS AND CONDITIONS, CONT'D.

Should a statewide or national decrease in the cost of fuel occur, that is greater than 20% of the cost of fuel at the time of Contract award or approved increase, the Contractor will advise Procurement Services of said decrease and the Contract will be adjusted accordingly. Said decrease will become effective seven (7) calendar days after notification. Failure of the Contractor to notify Procurement Services of a decrease will be considered as a default and the Contractor will be responsible to reimburse the state for any overpayments. Said increases or decreases will be effective on all orders placed on or after the approval date of the adjustment.
