## SPECIAL CONTRACT TERMS AND CONDITIONS

**AMENDMENTS TO CONTRACT TERMS AND CONDITIONS:** The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

**MANDATORY/REQUIRED SUBMISSIONS:** As specified, mandatory submissions must be submitted with the bid response. Required documentation/materials should be submitted with the bid. If not submitted with the bid, the bidder must provide the said documentation/materials within five (5) business days, after notification, to the Office of Procurement Services. Failure to provide mandatory submissions with the bid response or failure to provide the required documentation/materials, as applicable, within the stated time period may result in the bidder being deemed as not responsive.

**DELIVERY AND ACCEPTANCE:** Services will be performed as set forth in the Contract and in accordance with paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS. The location of performance will be noted on the purchase order issued by the participating agency. Payment for services rendered will occur upon the inspection and written confirmation by the ordering agency that the services provided conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, payment shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

**SITE VISIT:** Prior to submitting their bid response, the bidder should visit the Bureau of Motor Vehicles Deputy Registrar (BMV/DR) locations in order to become familiar with the requirements of the bid. Once a contract is awarded, failure of the bidder to have performed a site visit to become familiar with the requirements of the bid will be insufficient reason to support any request to be released from the contract.

A site visit will be held on October 1, 2013, at the Ohio Department of Public Safety Alum Creek Facility (ODPS/ACF), Records Center, 1583 Alum Creek Drive, Columbus, Ohio, 43209 to survey the facility and discuss the requirements of the bid. The site visit will commence promptly at 10:00 A.M. Attendance will be taken. The State will not be responsible to a bidder for their failure to obtain information discussed during the site visit due to their failure to attend and/or arriving after the site visit has convened. Please contact Christy Lochbaum at (614) 466-3073 or email [christina.lochbaum@dps.state.oh.us](mailto:christina.lochbaum@dps.state.oh.us) during regular business hours for confirmation.

In addition, the State may require the Contractor to provide a site review of one (1) of their terminal locations and their facility to insure they meet the requirements of the bid prior to award of the contract. Please contact Thomas Haller at (614) 752-2085 or email [THaller@dps.state.oh.us](mailto:THaller@dps.state.oh.us) to make arrangements to visit Bureau of Motor Vehicles Deputy Registrar (BMV/DR) locations.

**CARGO LIABILITY:** Each bidder shall carry a minimum of fifty thousand (\$50,000.00) dollars per occurrence and two-hundred thousand (\$200,000.00) dollars annual aggregate of cargo liability. A certificate of insurance showing the types of coverage should be submitted with the bid. If not, the bidder must provide the said certificate within five (5) business days, after notification, to the Office of State Purchasing. Furthermore, accompanying the certificate of insurance, providing the bidder does not currently carry the amount of coverage specified above, shall be a letter from the insurance company stating that the bidder's coverage will be increased to the specified amounts upon award of the ensuing contract. Failure to provide the certificate and coverage increase letter, as applicable, within the stated time period will result in the bidder being deemed as not responsive and the bid response will be immediately disqualified with no further consideration given for potential awarding of the contract.

**CERTIFICATION OF PUCO INTRASTATE AUTHORITY:** Public Utilities Commission of Ohio (PUCO). Each bidder is to submit with the bid response a notarized list of all existing authorities to perform the types of services required in this bid. This list shall include at a minimum the applicable PUCO authority certificates and/or permit number(s) and a description of the type of services that the bidder is authorized to provide under each PUCO approval. The bidder shall also indicate any additional PUCO approvals being sought or required to enable the bidder to perform the services listed in the bid or as required by any contract awarded as a result of this bid. Upon awarding of a contract, the successful Contractor shall provide within thirty (30) calendar days, a notarized list of these additional approvals to the Office of State Purchasing. As deemed necessary, the state reserves the right to submit any documentation to the PUCO for verification of approvals. All approvals shall remain in effect for the duration of the awarded contract and any extension(s) thereto. Failure to provide the information requested and/or failure to maintain proper authorities may result in the bid being deemed non-responsive and/or any contract being immediately canceled.

## SPECIAL CONTRACT TERMS AND CONDITIONS (cont'd)

**EVALUATION:** Bids will be evaluated in accordance with Article 1-17 of the "Instructions to Bidders." In addition, the State will:

Multiply the Estimated Volume times the Cost Per Box to calculate the Total Cost. The total for all locations within that Region will be added together for a Grand Total. The Grand Total for both years, when applicable, will be added together for a Final Total. The Final Total will be the award total for that Region. This calculation will be used independently for all Regions. There are a total of five (5) potential award regions.; Region A, Region B, Region C, Region D, and Region E. A Bidder may bid all or one (1) of the award Regions.

Example Evaluation: Region A: Estimated Volume times the Cost Per Box equals Total Cost-Add Totals for all locations together for Grand Total. Estimated Volume times the Cost Per Box for both years equals Total Cost- Add Totals for all cities together for Grand Total.

**CONTRACT AWARD:** The contract will be awarded to the lowest responsive and responsible bidder by low lot total for each of the five (5) regions.

**CONTRACT RENEWAL:** This contract may be renewed solely at the discretion of DAS for a period of one (1) month. Any further renewals will be for an appropriate period of time by agreement. The cumulative time of all renewals may not exceed thirty six (36) months unless DAS determines that additional renewal is necessary.

**TEMPORARY FUEL ADJUSTMENT:** No request for a temporary fuel adjustment may be requested for the first six (6) months duration of the contract. Thereafter, should a statewide or national increase in the cost of fuel occur, that is greater than twenty percent (20%) of the cost for fuel in place at the time of Contract award, the Contractor may petition DAS to increase the Contract price(s). The Contractor will be required to provide a cost breakdown of each item to indicate the portion of their product cost that is attributed to fuel. If approved, the Contractor will be permitted to adjust the price(s) by the exact amount of the fuel increase. The increase will be effective seven (7) calendar days after approval. Future requests for fuel cost adjustment will be considered in six (6) month intervals, for the duration of the Contract, under the above conditions. Should a statewide or national decrease in the cost of fuel occur, that is greater than twenty percent (20%) of the cost of fuel at the time of Contract award or approved increase, the Contractor will advise Procurement Services of said decrease and the Contract will be adjusted accordingly. Said decrease will become effective seven (7) calendar days after notification. Failure of the Contractor to notify Procurement Services of a decrease will be considered as a default and the Contractor will be responsible to reimburse the state for any overpayments. Said increases or decreases will be effective on all orders placed on or after the approval date of the adjustment.

**USAGE REPORTS:** Every twelve (12) months the Contractor must submit a report (written or on disk) indicating sales generated by this contract. The report shall list usage by customer, by line item, showing the quantities/dollars generated by this contract. The report shall be forwarded to the Office of Procurement Services, 4200 Surface Road, Columbus, OH 43228-1395, Attn: Alan Childress.

## IX. SUBMISSION OF BIDS

- A. The Bidder shall complete separate Price Schedules (See Attachment B beginning on page 15 and ending on page 31) for Regions A, B, C, D, and E appropriately to indicate their bid. The ODPS shall treat every bid submitted as a separate and distinct submission and evaluate each bid on its own merit.
- B. The Contractor shall provide like-kind transportation services for the ODPS on an as-needed basis at the same rates/minimum trip charge established in the contract.
- C. The Bidder's bid shall include all costs associated with the Contractor providing the services described in this contract including all equipment, specified supplies, transportation, permits, licenses, and labor required to provide the services specified herein.
- D. All bids submitted shall be the cost-per-box to transport record boxes from each DR agency to the ODPS/ACF Records Center. The estimated number of boxes that the Contractor needs to pickup from each DR agency is indicated on the Price Schedule. The ODPS does not guarantee the record box quantities and reserves the right to transport record boxes via other sources as outlined in Section I. The Offeror shall submit separate costs for the following:
  - 1. The subsequent transportation of boxes from each agency at various frequencies ranging from every three (3) months for Class 5-8 DR agencies to every six (6) months for Class 1-4 agencies. Proposed costs shall be for all agencies located within each designated Region.
  - 2. Proposed costs shall be for all agencies located within designated Region.
  - 3. \*Minimum Pickup Charges. Proposed costs shall be for all agencies located within each designated Region.

\*Minimum Pickup Charge: The Contractor shall only apply the minimum pickup charge when it is greater than the total charge-per-box for an agency. When applied to an invoice, the minimum pickup charge becomes the total charge for the agency. It is not in addition to the cost-per box charges.

- E. Estimated record boxes listed on the Price Schedule are based upon a survey conducted in April 2013. These estimates may not be accurate for the proposed contract. Where zero (0) record boxes are specified, the State will use a factor of one (1) to compute and extend cost.

**Notice on the Use of Social Security Numbers as Federal Tax Identification Numbers**

The Department of Administrative Services (Department) requires vendors and contractors wishing to do business with the State to provide their Federal Taxpayer Identification Number to the Department. The Department does this so that it can perform statutorily required "responsibility" analyses on those vendors and contractors doing business with the State and, under limited circumstances, for tax reporting purposes. If you are a vendor or contractor using your Social Security Number as your Federal Taxpayer Identification Number, please be aware that the information you submit is a public record, and the Department may be compelled by Ohio law to release Federal Taxpayer Identification Numbers as a public record. If you do not want to have your Social Security Number potentially disclosed as a Federal Taxpayer Identification Number, the Department encourages you to use a separate Employer Identification Number (EIN) obtained from the United States Internal Revenue Service's to serve as your Federal Taxpayer Identification Number.
