SPECIAL CONTRACT TERMS AND CONDITIONS

AMENDMENTS TO CONTRACT TERMS AND CONDITIONS: The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

DELIVERY AND ACCEPTANCE: Supplies will be delivered to the participating agency within delivery noted on the Pricing Schedule and after receipt of order and, in accordance with paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS. The delivery location will be noted on the purchase order issued by the participating agency. Acceptance (transfer of title) will occur upon the inspection and written confirmation by the ordering agency that the supplies delivered conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, acceptance shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will evaluate the bid based on the Total Item Cost, which equals the estimated number of units multiplied by the unit bid price plus the appropriate delivery charge. If estimated usages are unknown a quantity of one (1) will be used for the evaluation. If there is no "delivery charge per mile round trip map mileage rate" supplied or, the calculated value of the delivery charge is less than the minimum delivery charge, the minimum delivery charge will be used for evaluation purposes. The state reserves the right to reject the "per mile" delivery charge or the "minimum" delivery charge if it is determined to be excessive.

Example Calculation:

Total Item Cost = [(vehicle unit price) x (estimated number of units)] + [(delivery charge per mile round trip x 300) x estimated number of vehicles]

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by vehicle line item.

OPTION PRICING NOTE: Option prices bid are to be less than the manufacturer's suggested retail price(s) (MSRP). Bidder signifies by their signature on page one (1) of the ITB that the option prices bid are less than MSRP. Bidders found to be over charging for options during bid evaluation may have those options deleted from any award. Ordering entities are advised to compare window sticker prices of options, where possible, with option charges on invoices. Contractors found to be over charging for options at the time of invoicing will be required to submit corrected invoices reflecting proper pricing.

Bidders must indicate "Included", "Not Available", or a Price for each option specified. Failure to enter a cost for the options with a value in the units to evaluate field may deem your bid response as non-responsive and ineligible for an award for that item. If an option is not available as original factory equipment and is supplied as an aftermarket item, the Dealer Option/Order Code is to include an "AM" designation.

- A. OPTIONS: Bidders must provide a unit cost for options that are listed in the options table. If the option is included in the base unit, the bidder is to enter "Included" in the space provided and the numerical value of \$0.00 will be used in the evaluation. Options quoted will be made available to the ordering entities at the discretion of DAS, as part of the contract. Failure to enter "included" or a cost for all options may deem your bid non-responsive and ineligible for an award for that item.
- B. ADDITIONAL OPTION PACKAGES: Bidders may elect to supply pricing for popular or common option packages not included in the required option table. Additional option packages quoted will be made available to the ordering entities at the discretion of DAS, as part of the contract.
- C. UNSPECIFIED OPTION PRICE: Is the percentage above the manufacturer's invoice cost that is used to calculate unit cost for non-specified optional equipment required by an ordering entity.

FIRM FIXED-PRICE CONTRACT: The contract is a Firm Fixed-Price Contract. The Contractor(s) is required to provide to the using agency supplies or services at the listed price(s) for the duration of the contract, and any extensions thereto.
