Upon receipt of an order from an ordering agency, contractors are expected to deliver the vehicles along with the invoice by May 31, 2014 for tier 1 vehicles and to enter orders with the factory within two (2) days after receipt of purchase order for tier 2 vehicles. The contractor will confirm receipt of the agency's order and projected shipping date to the ordering agency within two (2) working days, by either FAX or electronic means. Delivery to the ordering agency is to be accomplished within seven (7) days after the contractor receives and services ordered items (refer to paragraph IV. B, page 7).

Upon receipt of the tier 2 vehicle from the manufacturer, the dealer is to acknowledge receipt of the vehicle to the ordering agency. The contractor (dealer) is to then schedule delivery with the ordering agency. Delivery may be refused by the ordering agency if delivery was not scheduled.

A. PERFORMANCE AGREEMENT:

1. The state declares that time is of the essence and the delivery of the vehicle(s) ordered by the projected delivery date is crucial to the ordering agency. The state realizes that there are circumstances beyond the control of the contractor that cause delay in delivery. In the event the contractor is unable to meet the projected delivery date referenced above due to circumstances beyond his control, the contractor must contact the ordering agency and inform the agency why there is a delay, setting forth therein the reasons for the delay and there will be an extension to the delivery date. The contractor's plea that insufficient time as specified is not a valid reason for an extension of time. If accord cannot be obtained, a written request by the agency must be made to the Office of State Purchasing.
2. If the contractor fails to meet the original and/or any revised delivery date for tier 2 vehicles, the contractor agrees to pay to the ordering agency liquidated damages according to the following schedule:
 - a. Delivery completed within ten (10) calendar days beyond the original and/or revised scheduled date \$10.00 per vehicle per day beyond the scheduled delivery date.
 - b. Liquidated damages will be deducted from the final invoice submitted by the contractor after delivery and acceptance has occurred.
3. The manufacturer has, upon occasion oversold their productive capability and could not deliver all of the contractor's tier 2 orders that had been properly entered and acknowledged. When this occurs, the contractor cannot deliver for reasons beyond his control and cannot be held responsible. Usually the manufacturer will complete deliveries with the new model year vehicle at the contractor's bid price.

SPECIFICATIONS (Cont'd.)**B. DELAYED DELIVERY:**

1. Certain agencies may require delayed delivery on various items within this contract. For any vehicle order that requests delayed delivery, the storage charges per day shall commence seven (7) calendar days after agency contact person notification that vehicle(s) so ordered are serviced and ready for delivery. The rate of such charges shall not exceed 12% annual rate.
2. If ordering entities elect to take delivery at the contractor's place of business; pickup must be within seven (7) calendar days after notification that the vehicle is serviced and ready for pickup. If the vehicle is not picked up within the seven (7) calendar days after notification, the ordering entity is subject to a storage charge. The charge shall not exceed 12% annual rate for delayed pickup.

C. DELIVERY INSTRUCTIONS:

The transporting and delivery of automobiles shall be accomplished by surface transport, or by being driven individually. Tow bar delivery is not acceptable. All deliveries shall be effected per bid commitment. Failure to meet delivery requirements may be cause for cancellation, only with the approval of the Office of State Purchasing.

V. NOTES:

- A. **WARRANTY:** Unless ordered with extended warranty, manufacturer's standard warranty shall apply - Copy of warranty to be delivered with vehicle(s) purchased. Order will be considered incomplete until warranty is delivered.
- B. Any delivered vehicle not conforming to these specifications shall be rejected and it will be the responsibility of the dealer or manufacturer to comply with state of Ohio requirements (See "Contract Terms & Conditions"). Any extra accessories delivered on vehicles cannot and will not be paid for.
- C. Some equipment requested may be available only in combination with other options or subject to additional ordering requirements or limitations. Be sure such requirements are noted. Once awarded, contractors are expected to deliver vehicles as ordered, incurring no additional costs beyond the stated prices.
- E. **DIFFERENTIAL TYPE/RATIO:** For the purposes of this bid the terms limited slip, anti-spin, automatic locking rear, locking, TRAC-LOC, etc. are to have the same meaning.
