SPECIFICATIONS

Project Overview

This Request for Proposals (RFP) is authorized by section 337.220 of Ohio’s SFY 2020-2021 biennial budget to expand the number of individuals trained in Mental Health First Aid (MHFA) with a focus on information participants can use to help adolescents and transition-age youth ages 12-21, minority and older adult populations, and faith-based communities. Mental Health First Aid is an 8-hour course that teaches individuals how to identify, understand and respond to signs of mental illnesses and substance use disorders. The training teaches the skills necessary to reach out and provide initial help and support to someone who may be developing a mental health or substance use problem or experiencing a crisis.  

Mental Health First Aid is designed to teach parents, family members, caregivers, teachers, school staff, peers, neighbors, health and human services workers, and other caring citizens how to help adolescents or transition-age youth, minorities, older adults, and faith-based communities experiencing mental health or addiction challenges or crisis. The program is based on the principle that early intervention may prevent crises from becoming more severe as encouraging people to seek help early can improve recovery outcomes. As of October 12, 2018, Ohio had a reported 0.30-0.49% percentage of its population trained, with a total of 42,208 individuals trained in MHFA and a total of 412 certified MHFA instructors.

1. Background information is taken from https://www.mentalhealthfirstaid.org/ unless otherwise indicated.

Scope of Work

The Contractor shall provide the following work and services relative to this Contract:
A. General Requirements. The Contractor (a single vendor or single vendor with multiple partners) will organize multiple training opportunities and provide the state all Mental Health First Aid administrative and training functions, ongoing training support and training evaluation information as part of an 8-hour public education program to develop adequate trainer capacity across the state. Trainings will introduce participants to the unique risk factors and warning signs of mental health problems, build understanding of the importance of early intervention, and teach individuals how to help adolescents or transition age-youth, minority, older adult, and faith community populations in crisis or experiencing a mental health challenge.

The Mental Health First Aid training will teach participants the risk factors and warning signs of a variety of common mental health challenges, including anxiety, depression, psychosis, eating disorders, AD/HD, disruptive behavior disorders, and substance use disorder. Participants do not learn to diagnose, nor how to provide any therapy or counseling – rather, participants learn to support an individual developing signs and symptoms of a mental illness or in an emotional crisis by applying common Mental Health First Aid lessons and strategies.

The Mental Health First Aid training must be conducted by certified Mental Health First Aid trainers whose demographic diversity are reflective of the training audience, with consideration given to the participants’ profession, racial background, age, gender, sexual orientation identification, and lived experience. The Contractor shall support trainers and develop strategies to address trainer turnover and promote a sustainable population or trainers throughout the state.

B. Curricula Elements. The Mental Health First Aid USA course was created by the National Council for Behavioral Health, the Maryland Department of Health and Mental Hygiene, and the Missouri Department of Mental Health. The Youth Mental Health First Aid curriculum shall include but not necessarily be limited to applying the core five-step action plan:

- Assess for risk of suicide or harm
- Listen nonjudgmentally
- Give reassurance and information
- Encourage appropriate professional help
- Encourage self-help and other support strategies

Curricula shall incorporate the Mental Health First Aid message and action plan in anti-stigma campaign approaches and generate interest by targeting large organizations for training (i.e., state employees, health systems, colleges/universities/trade schools, etc.).

Mental Health First Aid course curricula should be designed to support 8-hour training courses for the following special populations:

Mental Health First Aid for Adolescent and Transition-Age Youth
Youth Mental Health First Aid is designed to teach parents, family members, caregivers, teachers, school staff, peers, neighbors, health and human services workers, and other caring citizens how to help an adolescent/young adult (age 12-21) who is experiencing a mental health or addictions challenge or is in crisis. Youth Mental Health First Aid is primarily designed for adults who regularly interact with young people. The curriculum should introduce participants to common topics such as anxiety, depression, substance use, disorders in which psychosis may occur, disruptive behavior disorders (including AD/HD), and eating disorders.

Mental Health First Aid for Older Adults
Mental Health First Aid for older adults focuses on the unique experiences and needs of adults over the age of 65 and gives participants the skills needed to provide support to someone who may be developing a mental health or substance use problem. Curriculum topics should include a discussion of life changes that occur in older adults, specific risk factors faced by older adults, how to communicate effectively with those who need help, and addressing the need to decrease prejudice and isolation that results from mental health conditions.

Mental Health First Aid for Minority Populations
Mental health is seen and spoken about differently across cultures – whether racial, ethnic, geographic, or generational. Mental Health First Aid Mental Health First Aid training targeted to reach cultural and ethnic minority populations helps participants address racial and ethnic health disparities by educating community members to build mental health and substance use literacy. A minority-focused curriculum instructs individuals on how to help advocate reducing negative attitudes and stigma about mental illness and substance use disorders by building culturally competent, constructive communication and intervention skills.

Mental Health First Aid for Faith and Spiritual Communities
Faith-based community members and leaders are often the first points of contact when individuals and families face mental health problems or traumatic events. While faith and spiritual communities have diverse views on mental health and substance use as it relates to their belief systems, the Mental Health First Aid curriculum teaches an action plan for connecting members of faith communities with appropriate treatment and resources in their community. Mental Health First Aid educates faith leaders and communities about common mental health and substance use challenges, as well as gives members and leaders of faith communities tools to identify and respond to signs of mental illness and addiction.

A. Contractor shall be employed as an independent contractor, to fulfill the terms of this Agreement and to act as a contractor to OhioMHAS. It is specifically understood that the nature of the services to be rendered under this Agreement are of such a personal nature that OhioMHAS is the sole judge of the adequacy of such services.

B. OhioMHAS enters into this Agreement in reliance upon Contractor’s representations that it has the necessary expertise and experience to perform its obligations hereunder, and Contractor warrants that it does possess the necessary expertise and experience.

C. Contractor shall perform the services to be rendered under this Agreement and OhioMHAS shall not hire, supervise, or pay any assistants to Contractor in its performance of services under this Agreement.

Unless otherwise directed by OhioMHAS, invoices should be directed via email to: MHAS-Invoices@mha.ohio.gov.

G. In the event that any customer of Contractor negotiates a lower fee structure for the Work or comparable services, Contractor shall promptly notify OhioMHAS and shall extend the lower negotiated rate to OhioMHAS retroactively to the first date the lower rate was offered to another customer.

V. CERTIFICATION OF FUNDS

A. It is expressly understood and agreed by the parties that none of the rights, duties, and obligations described in this Agreement shall be binding on either party until all relevant statutory provisions of the Ohio Revised Code, including, but not limited to, R.C. 126.07, have been complied with, and until such time as all necessary funds are available or encumbered and, when required, such expenditure of funds is approved by the Controlling Board of the State of Ohio, or in the event that grant funds are used, until such time that OhioMHAS gives Contractor written notice that such funds have been made available to OhioMHAS by OhioMHAS’s funding source.

B. In the event that the Work includes divisible services, OhioMHAS may, at any time prior to completion of the Work, by giving written notice to Contractor, suspend or terminate any one or more such portions of the Work.

C. Contractor, upon receipt of notice of suspension or termination, shall cease work on the suspended or terminated activities under this Agreement, suspend or terminate all subcontracts relating to the suspended or terminated activities, take all necessary or appropriate steps to limit disbursements and minimize costs, and, if requested by OhioMHAS, furnish a report, as of the date Contractor receives notice of suspension or termination, describing the status of all Work, including, without limitation, results, conclusions resulting there from, and any other matters OhioMHAS requires.

E. In the event this Agreement is terminated prior to completion of the Work, Contractor shall deliver to OhioMHAS all work products and documents which have been prepared by Contractor in the course of performing the Work. All such materials shall become, and remain the property of, OhioMHAS, to be used in such manner and for such purpose as OhioMHAS may choose.

During the cure period, the Contractor shall incur only those obligations or expenditures which are necessary to enable the Contractor to continue its operation and achieve compliance as set forth in the notice. Should the Contractor fail to comply within OhioMHAS's cure period, the Contractor shall be held in default of this contract and the contract shall terminate at the end of the cure period.

Contractor will also be responsible for all licenses, permits, employees’ wages and salaries, insurance of every type and description, and all business and personal taxes, including income and Social Security taxes and contributions for Workers’ Compensation and Unemployment Compensation coverage, if any.

B. While Contractor shall be required to render services described hereunder for OhioMHAS during the term of this Agreement, nothing herein shall be construed to imply, by reason of Contractor's engagement hereunder as an independent contractor, that OhioMHAS shall have or may exercise any right of control over Contractor with regard to the manner or method of Contractor’s performance of services hereunder.

C. Except as expressly provided herein, neither party shall have the right to bind or obligate the other party in any manner without the other party’s prior written consent.

D. G. Contractor declares that it has complied with all applicable federal, state, and local laws regarding business permits and licenses of any kind, including but not limited to any insurance coverage that is required in the normal course of business.

C. The Contractor shall, for each subcontract in excess of two thousand five hundred dollars ($2,500), require its subcontractors to agree to the same provisions. The Contractor may not artificially divide contracts with its subcontractors to avoid requiring subcontractors to agree to this provision.

D. The Contractor must provide access to the requested records no later than five (5) business days after the request by the State or any party with audit rights. If an audit reveals any material deviation from the contract requirements, and misrepresentations or any overcharge to the State or any other provider of funds for the contract, the State or other party will be entitled to recover damages, as well as the cost of the audit.

E. If this contract or the combination of all other contracts with the Contractor exceeds ten-thousand dollars ($10,000) over a twelve (12) month period, the Contractor agrees to allow federal government access to the contracts and books, documents, and records needed to verify the Contractor's and/or subcontractor's costs.

B. If actual or direct damages are uncertain or difficult to determine, OhioMHAS may recover liquidated damages in the amount of one (1) percent of the value of the deliverable that is the subject of the default, for every day that the default is not cured by the Contractor.
XIII. LIABILITY

A. Contractor agrees to indemnify and to hold OhioMHAS and the State of Ohio harmless and immune from any and all claims for injury or damages arising from this Agreement which are attributable to Contractor’s own actions or omissions or those of its trustees, officers, employees, subcontractors, suppliers, third party agents or joint venturers while acting under this Agreement.    (b) Commercial transportation expenses paid by the state agent such as taxi cabs, automobile rental, airfare, ferries, subways, bus, trains, and other transportation providers;

   (c) Registration fees paid by the state agent for professional events such as conferences, seminars, and meetings;

   (d) Miscellaneous business expenses such as telephone, facsimile, internet, and similar charges paid by the state agent for official state business;

   (e) Miscellaneous living expenses such as laundry, dry cleaning, personal telephone calls, and postage.

(6) "State agency" means every organized body, office, or agency established by the laws of the state for the exercise of any function of state government which uses money that has been appropriated to it directly, but does not include the general assembly, supreme court, court of appeals, court of claims, any agency of these, or any state university or college as defined in division (A)(1) of section 3345.12 of the Revised Code.

(7) "State agent" means any officer, member, or employee of a state agency whose compensation is paid, in whole or in part, from state funds but does not include any volunteer serving without compensation:
(8) "Travel at state expense" means travel expenses which are paid from moneys appropriated directly to a state agency by the general assembly, but does not include travel by a state agent where expenses are paid pursuant to rule 102-3-08 of the Administrative Code.

(9) "Receipt" means the original document provided by a service provider or merchant that indicates the merchant's name, date of purchase, transaction amount, and line item detail identifying the service or goods provided.

The original itemized receipt and the currency exchange rate documentation described in this rule is required.

(11) "Conference" means a prearranged gathering with a formal agenda, for consultation or exchange of information or discussion that benefits the state, such as seminars, meetings, and other professional events.

(12) "Paid travel status" means the designation given to a state agent who is traveling on behalf of the state and is in an active pay status.

(B) Authority for travel and reimbursement

(1) Authority for travel

All state agents traveling at state expense or on paid travel status must be authorized prior to travel by the head of a state agency or his/her designee. Travel may be authorized only for official state business and only if the state agency has the financial resources to reimburse the state agent for travel expenses. State agents who are traveling at state expense or who are on paid travel status must, at all times, use prudent judgment in the use of state resources, incurring only those expenses necessary to carry out the official business of the state.

(2) Reporting requirements

(a) A state agent who has traveled at state expense and is requesting reimbursement by a state agency of his/her travel expenses shall report his/her travel expenses as prescribed by the office of budget and management. A state agent shall submit the travel expense reimbursement request within sixty days of the last date of travel. This time frame may be extended by the head of the state agency or his/her designee if mitigating circumstances exist, but in no case may this time frame exceed one hundred twenty days from the last date of travel. A completed request for travel expense reimbursement may be denied by the office of budget and management for reasons including, but not limited to, a state agent's failure to submit the request in a timely, accurate, or truthful manner.
(b) A state agent shall obtain and provide all receipts and supporting documentation required by this rule.

(c) At no time shall a state agent claim or be reimbursed more than is allowable under this rule.

(3) Approval of travel

When the head of a state agency or his/her designee approves of a state agent's travel, such action constitutes certification of the propriety of the reimbursement of such state agent's travel expenses. The head of a state agency or his/her designee may require any reasonable form of verification of an expense if he/she determines that additional verification is necessary to his/her certification of the propriety of the reimbursement or if required receipts are not available.

(4) Reimbursement of expenses

A state agent shall be reimbursed for his/her travel expenses as authorized by this rule upon approval by the head of a state agency or his/her designee. Reimbursement for travel expenses shall be via electronic funds transfer to the same bank account that a state agent has established for receipt of his/her compensation in accordance with section 124.151 of the Revised Code.

(5) Submission of receipts

As specified by the office of budget and management, original or a legible electronic copy of receipts shall be submitted to the office of budget and management.

(6) Direct payment to vendor

Instead of reimbursing a state agent for his/her travel expenses, a state agency may make direct payment to a vendor who provides travel services for the state agent. A direct payment shall comply with the applicable rates and requirements specified in this rule.

(C) Transportation expenses

The head of a state agency or his/her designee shall, subject to the discretion of the office of budget and management, determine the appropriate mode or modes of transportation to be utilized by a state agent.

(1) Travel by state-owned automobile

Travel by state-owned automobile is authorized only for state agents and for other parties who are properly designated by a state agency and endorsed onto insurance coverage through the department of administrative services. Reimbursement is authorized for incurred service expenses necessary to the efficient and safe operation of a state-owned automobile. The names of all persons traveling in the same state-owned automobile and names of their respective state agencies shall be listed on any travel expense reimbursement request.

(2) Travel by privately owned automobile

Travel by privately owned automobile is authorized only if the owner thereof is insured under a policy of liability insurance complying with the requirements of section 4509.51 of the Revised Code. Reimbursement of mileage expenses incurred on state business is authorized at a rate up to the internal revenue service's business standard mileage rate, within the discretion of the
The reimbursement rate for mileage expenses incurred on state business may not fall below forty-five cents per mile, unless the internal revenue service's business standard mileage rate falls below forty-five cents per mile, in which case the director may lower the reimbursement rate below forty-five cents per mile. The director of the office of budget and management will review the appropriate mileage reimbursement rate on a quarterly basis.

A state agent shall not be reimbursed for mileage commuting from his/her residence to his/her headquarters nor from his/her headquarters to his/her residence. If a state agent is required to report to a location other than his/her headquarters, the state agent will only be reimbursed for the distance from his/her residence to the alternate location less the state agent's normal commute. For example, if a state agent's normal commute from his/her residence to his/her headquarters is ten miles, and a state agent's commute from his/her residence to his/her authorized destination is thirty miles, the state agent shall only be reimbursed for twenty miles.

Travel expense reports shall indicate all intermediate destinations (i.e., specify intermediate towns and cities but not stops within a town or city) between the commencement and termination of travel as well as all vicinity mileage after arrival at destination. Reimbursement shall be made to only one of two or more state agents traveling in the same privately owned automobile, and the names of their respective state agencies shall be listed on the travel expense reimbursement request.

(3) Travel by commercial transportation

(a) Travel by commercial transportation is authorized at the lowest available rate. When any segment of travel by commercial transportation exceeds eight hours, the head of the state agency may authorize business class travel for the state agent.

(b) State funds shall not be expended to pay for unused reservations with commercial transportation unless the state agency is satisfied that failure to cancel or use the reservation was unavoidable. State agency authorization shall be required as supporting documentation.

(c) Travel within the state of Ohio by common air carrier at the lowest available rate is authorized for elected officials, directors, assistant directors, deputy directors, board and commission members, and heads of state agencies. State employees not listed in this paragraph are authorized to travel within the state of Ohio by common air carrier at the lowest available rate only if flying is more economical than other modes of travel.

(d) Reimbursement is authorized for automobile rental if automobile rental is more economical than any other mode of transportation or if the state agent's destination is not easily accessible by any other mode of transportation. The state agent must purchase liability insurance and loss damage waiver for accidents arising out of the operation or use of the automobile and include that cost in determining whether the automobile rental is the most economical mode of transportation.

(4) Required receipts for transportation expenses

Except as otherwise provided, receipts are required for all service expenses incurred in connection with the operation of state-owned automobiles, all commercial transportation expenses, and all miscellaneous transportation expenses exceeding ten dollars.

(D) Meal, incidental, and miscellaneous expenses within the Continental U.S.

(1) Restrictions and reimbursement per diem
Meals and incidental per diem for state agents is authorized only when overnight lodging is required. State agents may receive per diem for meal and incidental expenses in accordance with the per diem rates established by the U.S. general services administration (www.gsa.gov), which is based on the lodging location. Per diem is designed to offset the additional cost of travel, not to entirely pay for the state agent's meal and incidental expenses. The amount of per diem shall be adjusted on departure and return days based upon the time of departure and return. The standard meal and incidental expenses allowance is based on a full day of official travel (twenty-four hours) within the continental U.S. Where overnight lodging is required and where a state agent is on travel status for less than a full day, the meal and incidental expenses rate for the departure and return days shall be pro-rated as follows:

(a) Twenty-five per cent of the standard meal and incidental expenses allowance if the state agent is on travel status for less than six hours;

(b) Fifty per cent of the standard meal and incidental expenses allowance if the state agent is on travel status for six hours but less than twelve hours;

(c) Seventy-five per cent of the standard meal and incidental expenses allowance if the state agent is on travel status for twelve hours but less than eighteen hours;

(d) One hundred per cent of the standard meal and incidental expenses allowance if the state agent is on travel status for eighteen hours but less than twenty-four hours.

(e) Notwithstanding the restrictions provided in paragraph (D)(1) of this rule, where a state agency elects to schedule a state agent to travel out of state by air travel and schedules a return flight for the same day, meals and incidental per diem is authorized; however, the meal and incidental expenses shall be pro-rated as provided in paragraphs (D)(1)(a) to (D)(1)(d) of this rule.

(2) Incidental expenses included in the per diem allowance are listed as follows and are thus not separately reimbursable:

(a) All gratuities given to porters, baggage carriers, bellhops, hotel maids, flight attendants, ship attendants, taxi drivers, wait staff and all other services related to the hospitality industry;

(b) Any transportation between places of lodging or business and places where meals are taken, if suitable meals cannot be obtained at the temporary lodging or business site;

(c) Mailing costs associated with filing travel reimbursement requests.

(3) A receipt shall be required for any single miscellaneous business expenses charge over ten dollars. State agents shall first use any free internet or phone services prior to incurring these expenses.

(4) If the state agent is in overnight status in the continental U.S. for more than one week, including a weekend, miscellaneous living expenses will be reimbursed when such expense is reasonable as determined by the head of the state agency or his/her designee. Receipts shall be required for all miscellaneous living expenses.

(E) Meal, incidental, and miscellaneous expenses outside the continental U.S. (international)

(1) A state agent traveling outside the continental U.S., assigned to a foreign office, or otherwise on approved international travel status, including international conferences, shall be entitled to reimbursement of meals and meal gratuities up to twenty per cent of the cost of the meal at actual
cost when such cost is reasonable as determined by the head of the state agency or his/her
designee.

(2) If the state agent is in overnight international travel status for more than one week, including
a weekend, miscellaneous living expenses will be reimbursed when such expense is reasonable as
determined by the head of the state agency or his/her designee.

(3) Receipts shall be required for international travel expenses, which include commercial
transportation, lodging, meal, meal gratuities, and miscellaneous living expenses. Currency
exchange rates shall be provided as supporting documentation.

(4) A receipt shall be required for any single miscellaneous business expense charge exceeding
ten dollars. State agents shall first use any free internet or phone services prior to incurring these
expenses. Currency exchange rates shall be provided as supporting documentation.

(F) Lodging

(1) Continental U.S.

In accordance with the per diem rates established by the U.S. general services administration,
reimbursement of expenses incurred while on official travel status within the continental U.S. is
authorized per state agent per calendar day for lodging in commercial establishments at actual
cost up to the maximum allowable lodging rate for that location, plus applicable taxes on the entire
room.

(2) Outside the continental U.S. (international)

Reimbursement for lodging in commercial establishments is authorized per state agent per
calendar day at actual cost when such cost is reasonable as determined by the head of a state
agency or his/her designee. The currency exchange rate shall be provided as supporting
documentation.

(3) Receipts are required for all lodging expenses.

(4) Overnight lodging may be reimbursed only when the state agent is traveling on official state
business and is either:

(a) At a location greater than forty-five miles from both the state agent’s residence and
headquarters, or;

(b) At a location greater than thirty miles from both the state agent’s residence and headquarters
for conference purposes.

(G) Conferences

Reimbursement is authorized for conference registration fees and conference expenses as follows:

(1) Registration fees

Conference registration fees may be reimbursed to the state agent, or conference registration fees
may be paid directly by a state agency in advance of the event. If the registration fee includes any
meals, the state agent shall not be reimbursed for those same meals under paragraphs (D) and
(E) of this rule, and any amount reimbursed to the state agent under paragraphs (D) and (E) of this rule for meals shall be adjusted accordingly.

(2) Meal and incidental

If the event includes or provides a meal, the state agent shall not be reimbursed for that same meal under paragraphs (D) and (E) of this rule. State agents shall receive per diem for any meals not provided by the event and incidentals at the rate prescribed by the U.S. general services administration.

When meals are included with registration expense, the number and type of meals must be identified by the state agent. If a meal is offered as part of the event and the state agent has medical restrictions, the state agent should make every effort to have the conference facilitate his or her needs. If the event does not honor the request, the state agent is not required to deduct the applicable meal allowance from the per diem, but must include documentation explaining the situation.

(3) Lodging

Lodging at the event site or lodging at a hotel identified in the event registration materials as one of the event hotels may be reimbursed at actual cost, provided such cost is reasonable as determined by the head of a state agency or his/her designee.

(4) Required receipts for conference expenses

Receipts are required for expenses exceeding ten dollars. Any applicable conference materials such as agendas, brochures or otherwise shall be required as supporting documentation.

(5) Direct payment

Instead of reimbursing a state agent for his/her conference expenses, a state agency may make direct payment to a vendor who provides event services for the state agent.

(H) Agency contractors

State agencies desiring to reimburse travel, lodging, and meal expenses should negotiate such reimbursement with the contractor or vendor when negotiating the cost of the contract, but shall not negotiate rates higher than those authorized by this rule.

(I) Non-reimbursable travel expenses

"Non-reimbursable travel expense" include, but are not limited to, the following:

(1) Alcoholic beverages purchased by the state agent;

(2) Entertainment expenses paid by the state agent;

(3) Incidental expenses, which include personal expenses incurred during travel that are primarily for the benefit of the state agent and not directly related to the official purpose of the travel. Examples include, but are not limited to, the purchase of personal hygiene items, magazines or books, movie rentals, and other miscellaneous items;
(4) Political expenses paid by the state agent;

(5) Travel insurance expenses paid by the state agent; for purposes of this paragraph, the use of the term "travel insurance expense" does not mean liability coverage and loss damage waiver expenses incurred in renting an automobile pursuant to paragraph (C)(3)(d) of this rule.

(6) The cost of traffic fines and parking tickets.

(J) Exceptions may be requested by submitting a written request to the director of budget and management by the head of a state agency or his/her designee prior to the expense being incurred. The director of the office of budget and management may grant exceptions to this rule only for travel by law enforcement officials, insurance examiners, state agents on continuous travel status for two or more consecutive days, state agents requiring special travel arrangements due to a disability, and state agents whose workday is other than eight a.m. to five p.m. or if state agents whose in-state travel and lodging arrangements are economically advantageous to the state. Other exceptions may be granted upon a written request submitted to the director of budget and management by the head of a state agency or his/her designee prior to the expense being incurred or, at the director's discretion, after the expense has been incurred. No exception shall remain in effect for more than one fiscal year.

(K) Amendment to this rule

An amendment to this rule applies to travel on or after the effective date of the amendment.
