DESCRIPTIVE LITERATURE: The Bidder may be required to submit descriptive literature of the supplies being offered. If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible Bidder. The literature will be used in the Reverse Auction Qualification Summary to determine compliance with the specifications. If not provided as part of the Bid response, the Bidder must provide said literature within seven (7) calendar days after request/notification by the Office of Procurement Services to do so. A sample shall consist of two (2) cases of each pasta type specified herein. Parcels containing samples are to be clearly labeled with the bidder's company name, the bid number, and the bid opening date. Bidders shall submit samples only upon request. Only one (the first) shipment of samples submitted by a bidder for an ITB will be evaluated. Failure to supply samples during the evaluation period, within seven (7) calendar days of the request from the Office of Procurement Services shall deem your bid not responsive. There will be a taste test of the sample to determine acceptability. Awards will be based on product compliance with specifications, and determined by the Food Service Section to be equal in all material respects to the product referenced in this Invitation to Bid, and test results as to texture, consistency, odor, color, taste, etc. Samples may also be submitted to the United States Department of Agriculture, Ohio Department of Agriculture or independent private laboratory for analysis, prior to award. After award of the contract, the samples will be used as a basis of comparison with actual product delivered under contract. Any variation between the samples and product being delivered will be considered as an event of default. Any variations between the samples and actual product being delivered that are due to manufacturer changes may be acceptable and shall require prior written approval from DAS.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the state will multiply the estimated annual usage of each item by its corresponding price per case, and then add these totals together to determine a low lot total. Failure to bid all items may result in the bidder being deemed not responsive.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by low lot total. Low lot total will be determined by multiplying the unit cost by the estimated usage listed in the bid and then adding each of the totals together to arrive at a total for all items. Price per case for each item will be the awarded price on the final contract. Failure to bid all items may result in the bidder being deemed not responsive.

FDA REGISTRATION: Pursuant to the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (the Bioterrorism Act) all domestic and foreign facilities that manufacture, process, pack or hold food for human or animal consumption in the United States are required to be registered with the Food & Drug Administration (FDA) no later than December 12, 2003. This registration includes owners, operators, or agents in charge of domestic or foreign facilities that manufacture/process, pack, or hold food for human or animal consumption in the United States. All domestic facilities, whether or not food enters interstate commerce, are required to register. Facilities may complete their registration with the FDA online at: <http://www.cfsan.fda.gov/~furl/ovffreg.html> When applicable, by signature affixed on Page 1, the bidder, or their supplier, certifies that they comply with this requirement.

FIXED-PRICE WITH ECONOMIC ADJUSTMENT: The contract prices(s) will remain firm for the first twelve (12) months duration of the contract. Thereafter, the Contractor may submit a request to increase their price(s) to be effective thirty (30) calendar days after acceptance by DAS. No price adjustment will be permitted prior to the effective date of the increase received by the Contractor from his suppliers, or on purchase orders that are already being processed, or on purchase orders that have been filled and are awaiting shipment. If the Contractor receives orders requiring quarterly delivery, the increase will apply to all deliveries made after the effective date of the price increase.

The price increase must be supported by a general price increase in the cost of the finished supplies, due to increases in the cost of raw materials, labor, freight, Workers' Compensation and/or Unemployment Insurance, etc. Detailed documentation, to include a comparison list of the contract items and proposed price increases, must be submitted to support the requested increase. Supportive documentation should include, but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base cost of the product to the Contractor and the corresponding increase, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information and explains the source of the increase in such areas as raw materials, freight, fuel or labor, etc.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. Failure to comply with this provision will be considered as a default and will be subject to the provisions of Article 6, "Contract Terms and Conditions".

USAGE REPORTS: Every six (6) months the contractor must submit a report (written or on disk) indicating sales generated by this contract. The report shall list usage by customer, by line item, showing the quantities/dollars generated by this contract. The report shall be forwarded to the Office of Procurement Services, 4200 Surface Road, Columbus, OH 43228-1395, Attn: Russell Perry.
