1.0 EXECUTIVE SUMMARY

1.1 INTRODUCTION This is a Request for Competitive Sealed Proposals (RFP) under Section 125.071 of the Ohio Revised Code (ORC) and Section 123:5-1-08 of the Ohio Administrative Code (OAC). The Department of Administrative Services (DAS), Office of Procurement Services, on behalf of the Ohio Department of Insurance (the Agency), is soliciting competitive sealed proposals (Proposals) for a Health Actuarial Consultant. If a suitable offer is made in response to this RFP, the State of Ohio (State), through DAS, may enter into a contract (the Contract) to have the selected Offeror (the Contractor) perform all or part of the Project (the Work). This RFP provides details on what is required to submit a Proposal for the Work, how the State will evaluate the Proposals, and what will be required of the Contractor in performing the Work.

This RFP gives the dates on page 1 for the various events in the submission process. While these dates are subject to change, prospective Offerors must be prepared to meet them as they currently stand.

1.2 CONTRACT PERIOD Once awarded, the term of the Contract will be from the award date through March 31, 2018. The State may solely renew all or part of this Contract at the discretion of DAS for a period of one month and subject to the satisfactory performance of the Contractor and the needs of the Agency. Any other renewals will be by mutual agreement between the Contractor and DAS for any number of times and for any period of time. The cumulative time of all mutual renewals may not exceed 24 months and are subject to and contingent upon the discretionary decision of the Ohio General Assembly to appropriate funds for this Contract in each new biennium.

1.3 BACKGROUND The Ohio Revised Code requires that all health insurance product premium rates be filed, reviewed and in most cases approved. The Office of Product Regulation and Actuarial Services is responsible for reviewing health insurance product premium rates in accordance with actuarial soundness, the Ohio Revised Code and all other applicable laws, statutes, and rules. Unique premium rate filings require the review of a qualified health actuary. Due to an increased filing work load and a compressed time frame, the Agency is seeking a Health Actuarial Consultant.

1.4 OBJECTIVES DAS has the following objectives that it wants this Work to fulfill, and it will be the Contractor's obligation to ensure that the personnel the Contractor provides are qualified to perform their portions of the Work.

The Contractor who will serve as the Health Actuarial Consultant will be responsible for the tasks and duties as required to complete reviews of health insurance product premium rates and all requirements in the Scope of Work.

1.5 SCOPE OF WORK The Contractor will serve as the Health Actuarial Consultant responsible for the tasks and duties as set out below.

1. Act as a consultant assisting in the review of unique health insurance rate filings in accordance with applicable laws and regulations.
2. Provide consultation regarding applicable laws and regulations.
3. Provide assistance in other health actuarial regulatory functions as needed.
4. Not discuss with or disclose to any third party any information or material obtained pursuant to the obligations as Health Actuarial Consultant without the prior written consent of the Agency.
5. Furnish and use materials, tools, equipment and supplies necessary for the satisfactory performance of work, except as specified or provided by the Agency.
6. The project manager must be an actuary who is a member of the American Academy of Actuaries. Additional staff is not required to be actuaries.
7. Work will be as needed, the contractor needs to dedicate up to 30 hours per week per staff.

DELIVERABLES

1. The Contractor will receive work assignments via email.
2. The Contractor will reference the provided rate filing checklist in reviewing rate filings.
3. Weekly summary report is due by close of business each Monday to the Department of Insurance with the following details as of the close of prior business day. Reports are to be emailed to the Ohio Department of Insurance.
 - a. List of rate filings with the following detail for each.
 - i. Date assigned to Contractor.
 - ii. Total billable hours spent on filing.
 - iii. Narrative describing current status of review including references to applicable rule or law for rate filing compliance issues.

1.6 STAFFING PLAN The Offeror must provide a staffing plan that identifies all key personnel required to do the Project and their responsibilities on the Project. The State is seeking a staffing plan that matches the proposed Project personnel and qualifications to the activities and tasks that will be completed on the Project. In addition, the plan must have the following information:

1. A matrix matching each key team member to the staffing requirements in this RFP.
2. A contingency plan that shows the ability to add more staff if needed to ensure meeting the Project's due date(s).
3. A discussion of the Offeror's ability to provide qualified replacement personnel.
4. The Offeror must submit a statement and chart that clearly indicate the time commitment of the proposed work team, including the Project Manager, to the Project and any other, non-related work during the term of the Contract. The Offeror must also include a statement indicating to what extent, if any, the Project Manager may be used on other projects during the term of the Contract. The Evaluation Committee may reject any Proposal that commits the proposed Project Manager to other work during the term of the Contract if the committee believes that doing so will be detrimental to the Offeror's performance.

1.7 CONFIDENTIAL, PROPRIETARY OR TRADE SECRET INFORMATION DAS procures goods and services through a RFP in a transparent manner and in accordance with the laws of the State of Ohio. All proposals provided to DAS in response to this RFP become records of DAS and as such, will be open to inspection by the public after award unless exempt from disclosure under the Ohio Revised Code or another provision of law. Refer to section 5.1.6 in the Instructions.

1.8 REGISTRY OF OFFERORS DAS will prepare a registry of Proposals containing the name and address of each Offeror. The registry will be on the Office of Procurement Services Web site and available for public inspection after the Proposals are received.

1.9 PROPOSAL SUBMITTAL Offeror must submit both a "Technical Proposal" and a "Cost Proposal" as a part of its Proposal package. These are two separate components which shall be submitted in separate sealed envelopes/packages, clearly identified on the exterior as either "Technical Proposal" or "Cost Proposal" with CSP908916 and due date on each. Offeror must submit this signed cover page with its technical Proposal. Offeror shall mark the correct CSP number on all envelopes/packages. Refer to section 5.1.6 in the Instructions for further detail.

1.10 NUMBER OF PROPOSALS TO SUBMIT Offeror must submit one (1) original, completed and signed in blue ink, and three (3) copies for a total of four (4) Proposal packages.

1.13 Offerors must provide the name(s) of the state(s) and contact information for the state(s)' Department of Insurance, so DAS can verify experience reviewing ACA compliant and transitional major medical rate filings for at least one state's department of insurance.

2.0 EVALUATION OF PROPOSALS

2.1 MANDATORY REQUIREMENTS The following table contains items that are Mandatory Requirements for this RFP.

Determining the Offeror's ability to meet the Mandatory Requirements is the first step of the DAS evaluation process. The Offeror's response must be clearly labeled "Mandatory Requirements" and collectively contained in Tab 2 of the Offeror's Proposal in the "Offeror Required Information and Certification" section.

DAS will evaluate Tab 2 alone to determine whether the Proposal meets all Mandatory Requirements (accept/reject). If the information contained in Tab 2 does not clearly meet every Mandatory Requirement, the Proposal may be disqualified by DAS from further consideration.

TABLE 1 - MANDATORY PROPOSAL REQUIREMENTS

Mandatory Requirements
1. The Project Manager must be an actuary who is a member of the American Academy of Actuaries. Provide membership letter.
2. The Project Manager must have, at a minimum, five (5) years of experience as a qualified health actuary as described in the U.S. Qualification Standards promulgated by the American Academy of Actuaries pursuant to the Code of Professional Conduct. Provide attestation letter stating the actuary meets this requirement.
3. The Project Manager must be an actuary who has three (3) years of experience reviewing ACA compliant and transitional major medical rate filings for at least one state's department of insurance.

If the State receives no Proposals meeting all of the mandatory requirements, the State may elect to cancel this RFP.

2.2 **PROPOSAL EVALUATION CRITERIA** If the Offeror provides sufficient information to DAS in its Proposal, demonstrating it meets the Mandatory Requirements, the Offeror's Proposal will be included in the next step of the evaluation process which involves the scoring of the Proposal Technical Requirements (Table 3), followed by the scoring of the Cost Proposals. In the Proposal evaluation step, DAS rates the Proposals based on the following listed criteria and the weight assigned to each criterion. The possible points allowed in this RFP are distributed as indicated in the Table 2 - Scoring Breakdown.

2.3 **TABLE 2 - SCORING BREAKDOWN**

Criteria	Maximum Allowable Points
Proposal Technical Requirements	1075 Points
Proposal Cost	250 Points
Total	1325 Points

2.4 **SCORE RATINGS** The scale below (0-5) will be used to rate each proposal on the criteria listed in the Technical Proposal Evaluation table.

DOES NOT MEET 0 POINTS	WEAK 1 POINT	WEAK TO MEETS 2 POINTS	MEETS 3 POINTS	MEETS TO STRONG 4 POINTS	STRONG 5 POINTS
---------------------------	-----------------	---------------------------	-------------------	-----------------------------	--------------------

DAS will score the Proposals by multiplying the score received in each category by its assigned weight and adding all categories together for the Offeror's Total Technical Score in Table 3. Representative numerical values are defined as follows:

DOES NOT MEET (0 pts.): Response does not comply substantially with requirements or is not provided.

WEAK (1 pt.): Response was poor related to meeting the objectives.

WEAK TO MEETS (2 pts.): Response indicates the objectives will not be completely met or at a level that will be below average.

MEETS (3 pts.): Response generally meets the objectives (or expectations).

MEETS TO STRONG (4 pts.): Response indicates the objectives will be exceeded.

STRONG (5 pts.): Response significantly exceeds objectives (or expectations) in ways that provide tangible benefits or meets objectives (or expectations) and contains at least one enhancing feature that provides significant benefits.

Total Technical Score: _____

In this RFP, DAS asks for responses and submissions from Offerors, most of which represent components of the above criteria. While each criterion represents only a part of the total basis for a decision to award the Contract to an Offeror, a failure by an Offeror to make a required submission or meet a mandatory requirement will normally result in a rejection of that Offeror's Proposal. The value assigned above to each criterion is only a value used to determine which Proposal is the most advantageous to the State in relation to the other Proposals that DAS received.

Once the technical merits of a Proposal are evaluated, the costs of that Proposal will be considered. It is within DAS' discretion to wait to factor in a Proposal's cost until after the conclusion of any interviews, presentations, demonstrations or discussions. Also, before evaluating the technical merits of the Proposals, DAS may do an initial review of costs to determine if any Proposals should be rejected because of excessive cost. DAS may reconsider the excessiveness of any Proposal's cost at any time in the evaluation process.

- 2.6 COST PROPOSAL POINTS DAS will use the information the Offeror submits on the Cost Summary Form to calculate Cost Proposal Points. DAS will calculate the Offeror's Cost Proposal points after the Offeror's total technical points are determined, using the following method:

Cost points = (lowest Offeror's cost/Offeror's cost) x Maximum Allowable Cost Points as indicated in the "Scoring Breakdown" table. "Cost" = (total cost) identified in the Cost Summary section of Offeror's Proposal. In this method, the lowest cost proposed will receive the maximum allowable points.

The number of points assigned to the cost evaluation will be prorated, with the lowest accepted Cost Proposal given the maximum number of points possible for this criterion. Other acceptable Cost Proposals will be scored as the ratio of the lowest Cost Proposal to the Proposal being scored, multiplied by the maximum number of points possible for this criterion.

An example for calculating cost points, where Maximum Allowable Cost Points Value = 60 points, is the scenario where Offeror X has proposed a cost of \$100.00. Offeror Y has proposed a cost of \$110.00 and Offeror Z has proposed a cost of \$120.00. Offeror X, having the lowest cost, would get the maximum 60 cost points. Offeror Y's cost points would be calculated as \$100.00 (Offeror X's cost) divided by \$110.00 (Offeror Y's cost) equals 0.909 times 60 maximum points, or a total of 54.5 points. Offeror Z's cost points would be calculated as \$100.00 (Offeror X's cost) divided by \$120.00 (Offeror Z's cost) equals 0.833 times 60 maximum points, or a total of 50 points.

Cost Score: _____

- 2.7 FINAL STAGES OF EVALUATION The Offeror with the highest point total from all phases of the evaluation (Technical Points + Cost Points) will be recommended for the next phase of the evaluation.

Technical Score: _____ + Cost Score: _____ = Total Score: _____

If DAS finds that one or more Proposals should be given further consideration, DAS may select one or more of the highest-ranking Proposals to move to the next phase. DAS may alternatively choose to bypass any or all subsequent phases and make an award based solely on the Proposal evaluation phase.

- 2.8 REJECTION OF PROPOSALS DAS may reject any Proposal that is not in the required format, does not address all the requirements of this RFP, or that DAS believes is excessive in price or otherwise not in the interest of the State to consider or to accept. In addition, DAS may cancel this RFP, reject all the Proposals, and seek to do the Work through a new RFP or by other means.

3.0 COST SUMMARY

3.1 SUBMISSION The Cost Summary shall be submitted with the Proposal (under separate cover labeled as the Cost Proposal). All prices, costs, and conditions outlined in the Proposal shall remain fixed and valid for acceptance for 120 days, starting on the due date for Proposals. No price change shall be effective without prior written consent from DAS, Office of Procurement Services.

The Offeror's total cost for the entire Work must be represented as the Total Cost All costs for furnishing the services must be included in the Cost Proposal.

3.2 THE OFFEROR'S FEE STRUCTURE The Contractor will be paid as proposed on the Cost Summary after the Agency approves the receipt of product(s)/services and continued completion of all deliverables. All costs must be in U.S. Dollars.

3.3 REIMBURSABLE EXPENSES None; there will be no additional reimbursement for travel or other related expenses. The State will not be responsible for any costs not identified.

4.0 AWARD OF THE CONTRACT

- 4.1 CONTRACT AWARD DAS intends to award the Contract based on the schedule in the RFP, if DAS decides the Work is in the best interests of the State and has not changed the award date.

DAS expects the Contractor to commence the Work upon receipt of a state issued purchase order. If DAS awards a Contract pursuant to this RFP and the Contractor is unable or unwilling to commence the Work, DAS reserves the right to cancel the Contract and return to the original RFP process and evaluate any remaining Offeror's Proposals reasonably susceptible of being selected for award of the Contract. The evaluation process will resume with the next highest ranking, viable Proposal.

- 4.2 CONTRACT If this RFP results in a Contract award, the Contract will consist of this RFP including the Terms and Conditions, all forms, written addenda to this RFP, the Contractor's accepted Proposal and written authorized addenda to the Contractor's Proposal. It will also include any materials incorporated by reference in the above documents and any purchase orders and amendments issued under the Contract. The general terms and conditions for the Contract are contained in the following link:

<https://procure.ohio.gov/Zip/5.3%20Terms%20and%20Conditions.pdf>

If there are conflicting provisions between the documents that make up the Contract, the order of precedence for the documents is as follows:

1. The one-page Contract Signature Page, Form 5.2.2
2. The RFP, as addended, including the Terms and Conditions;
3. The documents and materials incorporated by reference in the RFP;
4. The Executive Order. EO2011-12K incorporated by reference in the RFP;
5. The Contractor's Proposal, as amended, clarified, and accepted by the State; and
6. The documents and materials incorporated by reference in the Contractor's Proposal.

Notwithstanding the order listed above, amendments issued after the Contract is executed may expressly change the provisions of the Contract. If they do so expressly, then the most recent amendment will take precedence over anything else that is part of the Contract.

- 4.3 ECONOMIC PRICE ADJUSTMENT The Contract prices(s) will remain firm throughout the initial term of the Contract. Thereafter, prior to Contract renewal, the Contractor may submit a request to adjust their price(s) to be effective on the effective date of the Contract's renewal. No price adjustment will be permitted prior to the effective date; on purchase orders that are already being processed; or on purchase orders that have been filled.

Price increases must be supported by a general price increase in the cost of the materials/services rendered due to documented increases in the cost of related materials/services. Detailed documentation, to include a comparison list of the Contract items and proposed price adjustments must be submitted to support the requested adjustment. Supportive documentation should include, but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base cost of the product to the Contractor and the corresponding adjustment, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information and explains the source of the adjusted costs in such areas as raw materials, freight, fuel or labor, etc.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the Contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the Contract pricing will be returned to the pricing in effect prior to the temporary decrease. Failure to comply with this provision will be considered as a default and will be subject to the Suspension and Termination section contained herein.
