1.0 General Overview

1.1 Purpose:

The Ohio Department of Public Safety (ODPS) is soliciting quotations to provide one (1) .NET Senior Programmer Analyst Consultant (Analyst) for an approximate five (5) month project (with the possibility of the project being extended) to assist in the upgrade and enhancement of the Contact and Information Management System (CIMS). CIMS is currently an Active Server Pages (ASP) and Structured Query Language (SQL) 2000 based application running on the .NET 1.0 Framework.. The Consultant will be working in a staff augmentation role and will be allocated to this project as directed by the designated ODPS Information Technology Office (ITO) Supervisor.

The project will require one (1) full time resource, as listed above, to provide up to two hundred forty (240) hours of consulting for the remainder of FY10 and up to five hundred sixty (560) hours in FY11, with the possibility of the project being extended if funding is available. If a suitable offer is made in response to this Request For Quotation (RFQ), the State of Ohio ("State") may enter into a contract (the "Contract") to have the selected Offeror (the "Contractor") perform the Work (described in the Overview and Scope of Work [SOW]). This RFQ provides details on what is required to submit a quotation for the Work, how the State will evaluate the quotations, and what will be required of the Contractor in performing the Work.

Once awarded, the anticipated term of the Contract will be from the award date through December 31, 2010, until the allotted Office of Criminal Justice Services (OCJS) Grant funds have been exhausted, or the project has been completed, whichever occurs first. The ODPS reserves the right to adjust the hours allocated to this contract to ensure the grant funds are exhausted. The awarded Contractor must maintain a valid State Term Schedule (STS) Contract for the length of this Contract.

An Offeror shall submit one (1) proposal only which will be for one (1) candidate only.

This RFQ also gives the estimated dates for the various events in the submission process, selection process, and performance of the work. While these dates are subject to change, prospective Offerors must be prepared to meet them as they currently stand.

Any failure to meet a deadline in the submission or evaluation phases and any objection to the dates for performance in the work phase may result in the State refusing to consider the quotation of the Offeror.

1.2 Background:

CIMS is Ohio Homeland Security's (HLS) primary communication mechanism to the First Responder community and others. The application is utilized to maintain contact (person and agency) information and post alerts and bulletins (including law enforcement sensitive and official use only information) as well as general information such as upcoming training. The application also provides the capability to generate email notifications.

This project is being initiated to rewrite the application in .NET, C-Sharp (C#), and Structured Query Language (SQL) to run on open systems Intel/Windows platform. This platform will include Microsoft Windows Server 2008, supporting software, and technology. Technical details of the rewritten application architecture are as follows:

The ODPS is expecting that the rates quoted shall be significantly discounted from the State Term Schedule (STS) rates. The Offeror will provide and attach a comparison of their approved STS rates and the discounted rates included in the RFQ response.

Offerors may not reformat these forms. Each Offeror must complete the Cost Summary form(s) in the exact format provided. Any reformatting may cause the State to reject the Offeror's quotation.

These forms and associated instructions are what the State projects as the final Cost Summary forms at the present time. The State reserves the right to modify the Cost Summary forms and instructions at the time qualified Offerors are invited to submit their not-to-exceed fixed price quotation. Completed Cost Table forms are to be provided when the quotations are submitted.

Offerors are to copy as many forms as are needed, and page number each sheet in the upper right hand corner. If there is any doubt as to which page a particular item should be recorded under, Offerors are to use their discretion. Experience, including environments, must be fully documented.

During the interview process with the ODPS staff, the resource consultant(s) must demonstrate competence/experience in their specific area(s) of project assignment. The resource's experience must also be documented for review and verification. Offered resources not showing technical or functional competency/experience will be reason to reject the Offeror's quotation. It is the responsibility of the Offeror to pre-screen their candidates to ensure compliance.

Each RFQ response must include a profile for each resource consultant offered for the proposed ODPS Project.

- 4.5.3.1 **References:** Provide at least three (3) references for which each proposed resource has successfully demonstrated meeting the requirements of the Scope of Work on a project of similar size and scope in the previous five (5) years. The name of the person to be contacted, phone number, company, address, brief description of project size and complexity, and dates (month and year) of employment must be given for each reference. Each resource must provide a list of professional references that can attest

to his/her specific qualifications. The references given should be a person the candidate reported to and not a co-worker.

If less than three (3) references are provided, the Offeror must include information as to why less than three (3) references were provided. The State may disqualify the quotation if less than three (3) references are given Attachment 2).

- 4.5.3.2 Education and Training: This section must be completed to list the education and training for each proposed candidate and will demonstrate, in detail, the proposed candidate's ability to properly execute the contract based on the relevance of the education and training to the requirements of the SOW (Attachment 3).

- 4.5.3.4 Mandatory and Preferred Experience and Qualifications: The Offeror must complete this section to show how a resource meets the mandatory and preferred experience requirements, if any are applicable to that resource. If any resource does not meet the mandatory requirements for the position the resource is proposed to fill, the Offeror's Quotation may be rejected as non-responsive (Attachment 4).

For each form submitted, the Offeror must provide the following information:

- 4.5.3.4.1 Candidate's Name.
- 4.5.3.4.2 Contact Information. The Offeror must provide a client contact name, title, phone number, email address, company name, and mailing address. The Offeror also must include the same information for an alternate client contact, in case the State cannot reach the primary contact. Failure to provide this information or providing information that is inaccurate or out of date may result in the State not including the reference in the evaluation process or rejecting the Offeror's Quotation. The contact information given must be for a person within the client's organization and not a co-worker or a contact within the Offeror's organization, subsidiaries, partnerships, etc.
- 4.5.3.4.3 Dates of Experience. The Offeror must complete this section with a beginning month and year and an ending month and year to show the length of time the candidate performed the technical experience being described, not just the length of time the candidate worked for the company.
- 4.5.3.4.4 Description of the Related Service Provided. The State does not assume that, since the technical requirement is provided at the top of the page, all descriptions on that page relate to that requirement. Offerors must reiterate the technical experience being described, including the capacity in which the experience was performed and the role of the candidate in the work as it relates to the Work covered by this RFQ. It is the Offeror's responsibility to customize the description to clearly substantiate the candidate's qualification.

The candidate's work experience must be listed separately and completely every time it is referenced, regardless of whether it is on the same or different pages of the form.

4.5.4 Resource(s) Interview/Time Commitment:

The Offeror must agree to submit referenced project team/resource(s) for interviews, in person at the ODPS discretion, during the period May 3 thru May 7, 2010. No telephone interviews will be permitted. All interviews must be in person at the Ohio Department of Public Safety, Shipley Building, 1970 West Broad Street, Columbus, Ohio 43223.

The Offeror must submit a statement and chart that clearly indicate the time commitment of each proposed resource to this assignment. The evaluation team may reject any quotation that commits any proposed resource to other projects/assignments during the term of the ODPS Project if the team believes that doing so will be detrimental to the Offeror's performance.

During the interview process the resource(s) must demonstrate their competency in their specific area(s) of project assignment. Additionally, the resource(s) must demonstrate excellent oral and

written communication skills, knowledge in the English language, and their ability to speak clearly and understandably using the English language.

4.5.5 Offeror's Profile/Experience:

Each quotation must include a profile of the Offeror's relevant experience working on projects similar to this Project. The profile must also include the Offeror's legal name, address, and telephone number; home office location; date established; ownership (such as public firm, partnership, or subsidiary); firm leadership (such as corporate officers or partners); number of years in business, number of employees; number of employees engaged in work directly related to the Project; corporate information which demonstrates the depth of the company and the Offeror's ability to provide support and backup for proposed personnel and any other background information that will help the evaluation team gauge the ability of the Offeror to successfully complete the Project (Attachments 5 and 6).

4.5.6 Offeror References:

The Offeror must include at least three (3) references for which the Offeror has successfully provided services on projects that were similar in their nature, size, and scope to this Project. These references must be from projects that were completed within the previous five (5) years.

The State is interested in the Offeror's performance and responsibility in projects such as Public Safety's. References provided must agree to be interviewed by the State concerning the Offeror's products and services. Failure to provide three references may result in disqualification of quotation.

The following information is required for each reference:

4.5.6.1 Customer's name and address.

4.5.6.2 Contact name, title, and current phone number.

4.5.6.3 Date contract began and date completed.

4.5.6.4 Summary of the scope of the project and an explanation as to the relevance or similarity to this project and the type of reference being requested (Attachment 7).

4.5.7 Contract Performance:

The Offeror must provide the contract performance information for the past seven (7) years (Attachment 8).

4.5.8 A Contract between the Ohio Department of Public Safety and the Contractor:

The Offeror must submit a completed and signed contract signature page (Attachment 9).

5.0 Evaluation

5.1 Review of Quotations:

An evaluation team has been formed to determine the responsiveness of the quotations. The team shall be comprised of the ODPS personnel.

5.2 Rejection of any/all quotations:

5.2.1 The ODPS may reject any quotations, in whole or in part, and may determine that any irregularities or deviations from the specifications do not result in determining the quotation is non-responsive. The Chief of Purchasing may waive irregularities or deviations only if doing so does not affect the amount of the quotation or result in an unfair competitive advantage to any Offeror.

5.2.2 The ODPS reserves the right to disqualify an Offeror's response and any quotations for the following reasons:

5.2.2.1 Failure to provide a signed original quotation (signature in Blue Ink).

5.2.2.2 Late RFQ responses.

5.2.2.3 Failure to provide required information and/or meet specifications.

5.2.2.4 Failure to offer services completely covered by a current STS contract with the state of Ohio.

5.2.3 In addition, should the quotations exceed the planned budget for this service; the ODPS may reject the quotations or try to negotiate a lower price.

5.3 Evaluation Criteria:

Factors that will determine the most responsive quotation shall be the costs and the evaluation factors listed below in order of importance. Factors include, but, are not limited to, the following:

5.3.1 Offerors proposed team's experience and skills.

5.3.2 Offeror profile.

5.3.3 Offeror references demonstrating the ability to complete this project based upon similar previous experience.

5.3.4 Offeror's expected ODPS personnel staffing commitment to complete this Project within the expected timeframe.

5.4 Basis of Award:

The award will be made to the lowest, responsive and responsible Offeror meeting the qualifications specified in this RFQ.

The committee will make this decision based on its determination of the seriousness of the matter, the matter's possible impact on the Offeror's performance on the project, and the best interests of the State.
