SPECIAL CONTRACT TERMS AND CONDITIONS

AMENDMENTS TO CONTRACT TERMS AND CONDITIONS: The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

DELIVERY AND ACCEPTANCE: Supplies will be delivered to the participating agency within delivery noted on the Price Schedule and after receipt of order and, in accordance with paragraphs S-8, S-9, and S-10 of the SUPPLEMENTAL CONTRACT TERMS AND CONDITIONS. The delivery location will be noted on the purchase order issued by the participating agency. Acceptance (transfer of title) will occur upon the inspection and written confirmation by the ordering agency that the supplies delivered conform to the requirements set forth in the Contract. Unless otherwise provided in the Contract, acceptance shall be conclusive except as regards to latent defects, fraud, or such gross mistakes as amount to fraud.

DELIVERY AND OPTIONAL EQUIPMENT CHARGES: Bidders should include all delivery and optional equipment charges with the unit price of their bid response. "Ship To" location is provided on page one (1) to allow bidders to determine the delivery charge to include with the unit price.

OPTION PRICING NOTE:

Option prices bid are to be less than the manufacturer's suggested retail price(s). Bidder signifies by their signature on page one (1) of the ITB that the option prices bid are less than MSRP. Any options found to be over charged during bid evaluation may have those options deleted from the award.

Bidders must include a unit cost for each option offered. If the option is included in the base unit, the bidder should enter "included" for the option. Failure to enter a cost or "included" for the options offered may deem your bid response as non-responsive and ineligible for an award. Options will be evaluated and awarded at the discretion of DAS.

DESCRIPTIVE LITERATURE: The Bidder may be required to submit descriptive literature of the supplies or services being offered. If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible bidder. If not provided as part of the bid response, the Bidder must provide said literature within seven (7) calendar days after request/notification by the Office of Procurement Services to do so. Any references, that may appear in the descriptive literature, that may alter the terms and conditions and specifications of the bid (e.g. F.O.B. Shipping Point or Prices Subject to Change), will not be part of any contract and will be disregarded by the state of Ohio. Failure of the bidder to furnish descriptive literature either as part of their bid response or within the time specified herein will deem the bidder not responsive.

EVALUATION: Bids will be evaluated in accordance with Article I-17 of the "Instructions to Bidders". In addition, the State will evaluate the Bid based on the unit price of the Truck Cab and Chassis, all specified equipment, fully operational and adjusted to factory specifications. To determine the lowest responsive and responsible bidder, the State will multiply the unit price of the vehicle by the quantity. Additional Options of the low bidder will be evaluated by DAS and may be selected for award.

CONTRACT AWARD: The contract will be awarded to the lowest responsive and responsible bidder by line item. Additional Options of the low bidder will be evaluated by DAS and may be selected for award.

PAYMENT: A third party financing option will be made available. The contractors (dealers) will be notified by the State to review the order to pay process utilized by the third party administrator. Contractors will continue to receive payment in full; either from the State or the third party administrator. If payment is received from the third party administrator, the title to the vehicle is to (may) be forwarded to the third party administrator. If a third party administrator is used for payment, there could be a delay in receipt of payment. If a third party financing option will not be made, please see Certificate of Title paragraph for titling process.

CERTIFICATE OF TITLE: The contractor is to furnish the Certificate of Title for the new vehicle and deliver the Certificate of Title within three (3) days after delivery of the vehicle. The title will be delivered to the department ordering the vehicle, unless specified on the purchase order. Unit is to be titled and registered to:
