1 General Overview

1.1 Purpose

The Ohio Department of Public Safety/Ohio State Highway Patrol (ODPS/OSHP) is soliciting a Request for Quotation (RFQ) to enhance the current coverage of the bi-directional amplifier throughout the Ohio Statehouse Parking Garage to extend the in-building portable radio coverage to operate on a 700 and 800 MHz digital radio system. The amplifier must meet or exceed The Association of Public-Safety Communications Officials (APCO) Project 25 Statement of Requirements (P25 SOR) March 3, 2010.

The project will include a channelized Bi-directional Antenna (BDA) which will only allow users with a Multi-Agency Radio Communication System (MARCS) radio.

If a suitable offer is made in response to this RFQ, the State of Ohio ("State") may enter into a contract (the "Contract") to have the selected Offeror (the "Contractor") perform the Work (described in the General Overview and Scope of Work). This RFQ provides details on what is required to submit a quotation for the Work, how the State will evaluate the quotations, and what will be required of the contractor in performing the Work.

This Agreement is to be effective from receipt of a purchase order through acceptance of the installation.

An Offeror shall submit only one (1) quotation.

This RFQ also provides the estimated dates for the various events in the submission process, selection process, and performance of the work. While these dates are subject to change, prospective Offerors must be prepared to meet them as they currently stand. Any failure to meet a deadline in the submission or evaluation phases and any objection to the dates for performance in the work phase may result in the State refusing to consider the quotation of the Offeror.

1.2 Background:

The current system was installed in the late 1980's, and has undergone various updates to the BDA system over the past 10 (ten) years. The current system supports the majority of 800 MHz platform radios and is linked to the Motorola 3.5 radio system platform. With the MARCS migration to a 700/800 MHz frequency band, there is a need to upgrade/replace the BDA system currently being used within the Ohio Statehouse parking garage.

1.3 Objective:

A channelized BDA that supports the 700/800 MHz frequency band, the frequency band(s) for the uplink and downlink will be at the agency's request, and meets the following requirements:

- 1.3.1 Radio signal strength. The building shall be considered to have acceptable emergency responder radio coverage when signal strength measurements in 95% of all areas of each floor of the building meet the signal strength requirements.
- 1.3.2 Minimum signal strength into the building. Minimum signal strength of -95 dBm shall be receivable within the building.
- 1.3.3 Minimum signal strength out of the building. Minimum signal strength of -100 dBm shall be received by the agency's radio system when transmitted from within the building.

All carriers must have at least an "A-" rating by A.M. Best.

If Contractor or any of its subcontractors perform services under this Contract outside of the United States, the performance of such services shall be treated as a material breach of the Contract. The State is not obligated to pay and shall not pay for such services. If Contractor or any of its subcontractors perform any such services, Contractor shall immediately return to the State all funds paid for those services. The State may also recover from the Contractor all costs associated with any corrective action the State may undertake, including but not limited to an audit or a risk analysis, as a result of the Contractor performing services outside the United States.

The State may, at any time after the breach, terminate the Contract, upon written notice to the Contractor. The State, in its sole discretion, may provide written notice to Contractor of a breach and permit the Contractor to cure the breach. Such cure period shall be no longer than twenty-one (21) calendar days. During the cure period, the State may buy substitute services from a third party and recover from the Contractor any costs associated with acquiring those substitute services.

Notwithstanding the State permitting a period of time to cure the breach or the Contractor's cure of the breach, the State does not waive any of its rights and remedies provided the State in this Contract, including but not limited to recovery of funds paid for services the Contractor performed outside of the United States, costs associated with corrective action, or liquidated damages.

The Contractor shall not obtain copyright, patent, or other proprietary protection for the Deliverables without the written approval of the ODPS, except that the Contractor shall reserve its rights in all methods, pre-existing work, software, and data used to prepare the Deliverables. The Contractor shall not include in any Deliverables any copyrighted matter, unless the copyright owner and any person, agency, or instrumentality providing financial assistance for the work performed under this Agreement gives prior written approval to use such copyrighted matter in the manner provided under this Agreement. The Contractor must identify in writing, prior to the start of work under this Agreement, any and all proprietary, copyrighted, and/or patented materials it intends to use.

3.12.2 The Contractor agrees that all Deliverables may be made freely available to the general public to the extent required by law.

3.12.3 This Section shall survive the termination of this Agreement and may be enforced by the ODPS in any court of competent jurisdiction.

3.13 Availability of Funds:

The obligations of the ODPS under this Agreement are subject to the determination by the Director of Budget and Management that sufficient funds have been appropriated by the General Assembly to the ODPS for the purposes of this Agreement and to the certification of the availability of such funds by the Director as required by ORC § 126.07. The ODPS may suspend or terminate this Agreement if the General Assembly fails to appropriate funds or if federal grant funds are not available for any part of the work under this Agreement.

3.14 Auditor Recovery Finding – ORC § 9.24:

The Contractor affirmatively represents and warrants to the ODPS that it is not subject to a finding for recovery under ORC § 9.24, or that it has taken the appropriate remedial steps required under ORC § 9.24 or otherwise qualifies under that section. The Contractor agrees that if this representation and warranty is deemed to be false, the Agreement shall be void ab initio as between the parties to this Agreement, and any funds paid by the ODPS hereunder shall be immediately repaid to the ODPS, or an action for recovery may be immediately commenced by the ODPS for recovery of said funds.

3.15 Construction:

This Contract will be construed in accordance with the plain meaning of its language and neither for nor against the drafting party.

3.16 Governing Law:

This Agreement shall be considered, interpreted, and the rights of the parties determined according to Ohio law. If any provision under this Agreement is later determined to be invalid or unenforceable, the remainder of this Agreement shall not be affected by such determination.

3.17 Suspension/Termination:

3.17.1 The Contractor or the ODPS may suspend or terminate this Agreement, with or without cause, by providing thirty (30) days written notice to the other party.

3.17.2 Any violations or breach of the terms stated herein, by the Contractor, shall provide the ODPS with the option of canceling this Agreement in its entirety, or withholding payment until such time as the violation or breach is remedied. Such option shall in no way limit or exclude any other remedies available to the ODPS.

3.17.3 If either party fails to perform any of the requirements of this Agreement, or is in violation of a specific provision of this Agreement, then the non-breaching party may suspend or terminate this Agreement if the breaching party fails to cure its non-performance or violation within ten (10) business days following delivery of written notice of the breach. In the case of late payment by the ODPS, however, the Contractor may not suspend or terminate this Agreement unless the payment is more than sixty (60) days past due, and ORC § 126.30 shall apply.

3.17.4 If this Agreement is suspended or terminated, the Contractor shall cease work on the suspended or terminated activities, suspend or terminate all subcontractors relating to the suspended or terminated activities, take all necessary or appropriate steps to limit disbursement and minimize cost, and, if requested by the ODPS, furnish a report describing the status of all work under this Agreement, including results and conclusions accomplished, and such other matters as the ODPS may require. The requirements in this paragraph shall occur in accordance with the following:

3.17.4.1 If the Agreement is suspended or terminated by the ODPS, the requirements in this Agreement shall commence upon the date the Contractor receives notice of suspension or termination.

3.17.4.2 If the Agreement is suspended or terminated by the Contractor, the requirements in this Agreement shall commence upon the date the Contractor sends notice of suspension or termination.

3.17.5 If this Agreement is suspended or terminated, the Contractor, upon submission of a proper invoice, shall be entitled to compensation which shall be calculated by the ODPS according to this Agreement for the work performed prior to the date on which the Contractor either receives notice of termination or suspension or sends notice of suspension or termination, whichever is applicable, less any funds previously paid by, or on behalf of, the ODPS.

Regardless of which party terminates the Agreement, any payments made by the ODPS in which services have not been rendered by the Contractor shall be prorated and returned to the ODPS. Such payment(s) must be sent to the ODPS within thirty (30) days of the date on which the Contractor either receives notice of termination or suspension or sends notice of suspension or termination, whichever is applicable. The ODPS shall not be liable for any further claims.

3.18 Antitrust Assignment:

The Contractor assigns to the ODPS all State and Federal antitrust claims and causes of action that relate to all goods and services provided for in this Agreement.

3.19 Record Keeping:

During the performance of this Agreement and for a period of three (3) years after its completion, the Contractor shall maintain auditable records of all charges pertaining to this Agreement and shall make such records available to the ODPS.

3.20 Changes:

The State may make reasonable changes within the general scope of this project. The State will do so by issuing a written order under this contract describing the nature of the change (Change Order). If a change causes an increase in the cost of, or the time required for, the performance of the project, the successful Contractor will notify the State in writing within five days of receiving the Change Order and request an equitable adjustment in the Contractor's fee, the delivery schedule, or both before the Contractor signs the Change Order. Any major changes will be handled through a contract addendum.

If the State provides directions or makes requests of the Contractor without a change order, and the Contractor reasonably believes the directions or requests are outside the scope of the specifications for this project, the Contractor will have a right to request a Change Order from the State within five business days from receiving notification of the changes and before work on the change begins. This request must be made in writing to the State. Scope of work changes will be managed as follows: the Contractor will provide pricing to the State. The State will execute a Change Order once it and the Contractor have agreed on the description of and the specifications for the change as well as any equitable adjustments that need to be made in the Contractor's fee or the performance schedule for the work. The Contractor will sign the Change Order to signify an agreement with it within five days of receiving the Change Order.

The State will not be responsible for any increase in the fee or revision in any delivery schedule unless the relevant change was specifically ordered in writing by the State and the Contractor has complied with the requirements of this section. Provided the State has complied with the procedures for Change Orders in this section, nothing in this clause will excuse the Contractor from proceeding with performance of the project, as changed.

3.21 Audits:

During the term of this contract and for three years after final payment under this contract, on reasonable notice and during customary business hours, the State may audit the Contractor's records and other materials that relate to this RFQ. This audit right will also apply to the State's duly authorized representatives and any person or organization providing financial support for the project.

Unless it is impracticable to do so, all records related to this contract must be kept in a single location, either at the Contractor's principle place of business or its place of business where the work was done. If this is not practical, the Contractor will assume the cost of collecting, organizing, and relocating the records and any technology needed to access the records from the Contractor's office closest to Columbus, Ohio.

The Contractor will make applicable records available within five business days whenever the State or others with audit rights request access to the Contractor's records. If any audit reveals any material deviation from the project's specifications, any misrepresentations, or any overcharge to the State, the State will be entitled to recover damages, as well as the cost of the audit.

3.22 Excusable Delay:

Neither the State nor the Contractor will be liable for any delay in its performance that arises from causes beyond its control and without its negligence or fault. The delayed party will notify the other promptly of any material delay in performance and will specify in writing the proposed revised performance date as soon as practicable after the delay. In the event of any such excusable delay, the date of performance or delivery must not create the need for a delay of the conference. The delayed party must also describe the cause of the delay and what steps it is taking to remove the cause. The delayed party may not rely on a claim of excusable delay to avoid liability for a delay if the delayed party has not taken reasonable steps to mitigate or avoid the delay. Things that are controllable by the Contractor's subcontractors will be considered controllable by the Contractor, except for third party manufacturer's supplying commercial items and over whom the Contractor has no control.

3.23 Sub-contracting:

Sub-contracting will only be permitted with prior written approval from the ODPS Procurement Services Chief. Written approval requests must be on company letterhead and submitted to Mr. Jeffrey Shadburn at jsshadburn@dps.oh.gov at a minimum of two (2) business day prior to the proposal submission deadline.

DELIVERY INSTRUCTIONS

Quotations, whether delivered through U.S.P.S., UPS, FedEx or by hand to the ODPS must be complete, cover page of the original quotation signed in blue ink, envelope sealed with the RFQ number and title clearly marked on the outside of the envelope or box.

Included in the sealed package, the Offeror must also submit one (1) copy of the Quotation on CD-ROM in Microsoft Word, Microsoft Excel, and PDF format as appropriate. In the event there is a discrepancy between the hard copy and the electronic copy, the hard copy will be the official Quotation.

If delivering the quotation in person to the ODPS, come to the loading docks on the South side of the building. There is a door to the immediate right of the right most loading bay. Next to the door is a bell to ring for service. Deliver the quotation to the

ODPS mail room. Make sure the time and date of delivery is noted on the quotation and logged by the person receiving the envelope. If any problems are encountered, in the delivery, and to verify receipt of the quotation call Brian S. Pfeffer (614) 752-6371. Attempts to deliver to the Highway Patrol Officer at the front desk, as in the past, will be refused. The quotations will be received between the hours of 8:00 A.M. and 4:00 P.M. **(3:00 P.M. on June 5, 2015)** Monday through Friday.

- 4.4.4 Upon receipt by the ODPS Purchasing, all quotations will be time and date stamped. Postmarks or other times/dates appearing on the quotation envelope will not be considered as the official time/date of receipt. An RFQ response submitted with insufficient postage or C.O.D. will not be accepted.
- 4.4.5 A facsimile of an offer will be considered, but an originally signed copy (signature to be in Blue Ink) of the offer must be received within seven (7) days after the quotation opening. Any other mode of transmitting a quotation to the ODPS shall not be considered a valid quotation.

4.5 Mandatory Content of RFQ Response:

4.5.1 RFQ Response Cover Letter:

The Offeror must HAND SIGN AND DATE THE RFQ COVER LETTER IN BLUE INK before submitting the quotation. The RFQ cover letter shall be on company letterhead, include an original signature in Blue Ink, and state the total dollar amount and hours to be worked by each listed candidate of the submitted quotation.

4.5.2 Quotation / Cost Summary:

Offerors will complete the Quotation/Cost Summary form/table found in Attachment 1 and identify all resources and costs associated with performing the work.

Offerors may not reformat these forms. Each Offeror must complete the Cost Summary forms in the exact format provided. Any reformatting may cause the State to reject the Offeror's quotation.

These forms and associated instructions are what the State projects as the final Cost Summary forms at the present time. The State reserves the right to modify the Cost Summary forms and instructions at the time qualified Offerors are invited to submit their not-to-exceed fixed price quotation. Completed Cost Table forms are to be provided when the quotations are submitted.

Offerors are to copy as many forms as are needed, and page number each sheet in the upper right hand corner. If there is any doubt as to which page a particular item should be recorded under, Offerors are to use their discretion. The important thing is that the item is listed and accounted for, not particularly where it is listed so that all costs are identified. The dollar amounts listed by the Offerors must represent a NOT-TO-EXCEED FIXED PRICE.

The State will not be liable for any costs the Offeror does not identify in its response to this RFQ (Attachment 1) and the Offeror must identify all costs associated with performing the work. Project Plan:

The Offeror must provide a high level project plan which describes the approach, method(s), and work steps it plans to use to meet the RFQ requirements and complete

the scope of work described in this RFQ. This project plan should demonstrate a thorough understanding of the nature of the project and indicate how the Offeror will meet ODPS deadlines for the Hardware installation. This plan or a resource plan is to include a description for each deliverable detailing the work or tasks to be performed and the resources, consultants and the ODPS, performing the tasks.

4.5.3 Authorized Dealer Statement:

Offerors responding to this RFQ must be an authorized dealer for the manufacturer's products they are offering. Offerors must submit, with their response, certification attesting to the fact that they are an authorized manufacturer's dealer. This certification must be on manufacturer's letterhead and signed by a duly authorized manufacturer representative. Failure to submit this certification will deem your response non-responsive

4.5.4 Offeror's Profile/Experience:

Each quotation must include a profile of the Offeror's relevant experience working on projects similar to this Project. The profile must also include the Offeror's legal name, address, and telephone number; home office location; date established; ownership (such as public firm, partnership, or subsidiary); firm leadership (such as corporate officers or partners);

number of years in business, number of employees; number of employees engaged in work directly related to the Project; corporate information which demonstrates the depth of the organization and the Offeror's ability to provide support and backup for proposed personnel and any other background information that will help the evaluation team gauge the ability of the Offeror to successfully complete the Project (Attachments 2 and 3).

4.5.5 Offeror References:

The Offeror must include at least three (3) references for which the Offeror has successfully provided services on projects that were similar in their nature, size, and scope to this Project. These references must be from projects that were completed within the previous five (5) years.

The State is interested in the Offeror's performance and responsibility in projects such as Public Safety's. References provided must agree to be interviewed by the State concerning the Offeror's products and services. Failure to provide three references may result in disqualification of quotation.

The following information is required for each reference:

4.5.5.1 Customer's name and address.

4.5.5.2 Contact name, title, and current phone number.

4.5.5.3 Date contract began and date completed.

4.5.5.4 Summary of the scope of the project and an explanation as to the relevance or similarity to this project and the type of reference being requested (Attachment 4).

4.5.6 Contract Performance:

The Offeror must provide the contract performance information for the past seven (7) years (Attachment 5).

4.5.7 A Contract between the Ohio Department of Public Safety and the Contractor:

The Offeror must submit a completed and signed contract signature page (Attachment 6).

4.5.8 Executive Order 2011-12K, Banning the Expenditure of Public Funds for Offshore Services:

The Offeror must submit a completed and signed Contractor / Subcontractor Affirmation and Disclosure (Attachment 7).

5 Evaluation

5.1 Review of Quotations:

An evaluation team has been formed to determine the responsiveness of the quotations. The team shall be comprised of the ODPS personnel.

5.2 Rejection of any/all Quotations:

5.2.1 The ODPS may reject any quotations, in whole or in part, and may determine that any irregularities or deviations from the specifications do not result in determining the quotation is non-responsive. The Chief of Purchasing may waive irregularities or deviations only if doing so does not affect the amount of the quotation or result in an unfair competitive advantage to any Offeror.

5.2.2 The ODPS reserves the right to disqualify an Offeror's response and any quotations for the following reasons:

5.2.2.1 Failure to provide a signed original quotation (signature in Blue Ink).

5.2.2.2 Late RFQ responses.

5.2.2.3 Failure to provide required information and/or meet specifications.

5.3 Evaluation Criteria:

Factors that will determine the most responsive quotation shall be the costs and the evaluation factors listed below in order of importance. Factors include, but, are not limited to, the following:

5.3.1 Offeror's RF design strategy, solution and system implementation proposal.

5.3.2 Offeror's infrastructure support (cabling, etc.) design and layout proposal.

5.3.3 Offeror's proposed resource(s) experience and skills.

5.3.4 Offeror profile.

5.3.5 Offeror references demonstrating the ability to complete this project based upon similar previous experience.
