PART TWO: SERVICES REQUESTED INFORMATION

PURPOSE

The Ohio Development Service Agency (DSA) is soliciting competitive sealed proposals (Proposals) for reviews of proposals submitted to the Agency for its Ohio Coal Demonstration and Pilot Program. If a suitable offer or multiple suitable offers are made in response to this RFP, the state of Ohio (State), may enter into a contract (the Contract) or multiple contracts to have the selected Offeror(s) perform all or part of the Project (the Work). This RFP provides details on what is required to submit a Proposal for the Work, how the State will evaluate the Proposals, and what will be required of the Contractor in performing the Work.

The Agency invests in technologies that provide affordable solutions to capturing and reducing pollutants from the combustion or utilization of coal.

Including the following targeted technology areas:

1. Development/deployment of advanced coal-based power and fuel producing systems (e.g. integrated gasification combined cycle, oxy-combustion systems, ultra-supercritical systems, chemical looping systems, etc.) which will reduce carbon and other emissions;
2. Development/deployment of systems/technologies that capture CO₂ from coal combustion or a chemical reaction for Enhanced Oil Recovery (EOR) that provides a benefit/revenue stream to the Ohio coal industry;
3. Improved retrofit technologies applicable to existing coal-fired generating units: to increase generating efficiency in order to significantly reduce carbon dioxide emissions; to reduce parasitic loads of pollution control technologies; and to develop methods for capture and sequestration of carbon dioxide; that will contribute towards Ohio meeting the proposed U.S. EPA CO₂ emission reduction goals for existing electric generation sources;
4. Cost effective carbon dioxide capture and sequestration through improving capture technology and development of carbon dioxide transport mechanisms that can meet the proposed U.S. EPA CO₂ emission caps of 1,100 lbs per MWh of power produced, on a gross output basis for new coal-fired generation sources;
5. Analysis of the costs of retrofitting existing power plants with CO₂ capture technologies compared to the costs of retrofitting new facilities that have constructed "CO₂ capture ready" units;
6. Coal technologies/processes that lowers the cost of supplying the energy needs of Ohio's industrial complex;
7. Improved retrofit technologies to reduce emissions of criteria air pollutants, including sulfur dioxide, nitrogen dioxides/oxides, mercury and air toxins;
8. Improved technologies/processes that enable the more efficient conversion of Ohio coal to a chemical feedstock, liquid, or gas; and
9. Byproduct utilization: High volume fly ash and flue gas desulfurization byproduct utilization in mine remediation/reclamation, or that reduces byproduct liability/disposal.

BACKGROUND

The DSA houses the Ohio Coal Development Office (OCDO) within its Office of Community Assistance. The OCDO was created in 1984 to encourage, promote, and support the Ohio coal industry in the face of environmental regulations that were enacted in the 1960s and 1970s. DSA continues to support coal research, development, and deployment on project-based solutions for new and emerging regulations/challenges facing Ohio's coal industry, while also funding emerging processes/demonstrations that will help ensure Ohio's coal resources are used effectively, efficiently, and in an environmentally acceptable manner in the 21st century.

SCOPE OF WORK

The State anticipates awarding the RFP to multiple successful Offeror(s) who can meet the requirements of this solicitation and the expected Scope of Work:

1. Review and evaluate full project proposals as assigned by OCDO, using evaluation forms provided by OCDO. Address all items on the evaluation forms, and most particularly, make a recommendation, in Offeror's best professional judgment, as to whether or not an individual project warrants state funding assistance. Agrees that OCDO seeks both quantitative scores and subjective comments on the evaluations. Offeror shall make a good faith best effort attempt to complete and return to OCDO a full proposal review within fourteen days of receipt of an individual proposal. Return to OCDO the evaluations as they are completed. Further, shall return the completed forms, abstracts, proposals, and any and all materials that were generated by the Offeror and his/her agents pursuant to completing his/her evaluations, or submit to OCDO in a timely manner a notarized affidavit certifying that trade secret portions of any materials sent to Offeror have been destroyed.
2. Review and evaluate technical documents resulting from existing OCDO projects, evaluate other clean coal technology processes, or evaluate projects wherein OCDO requires the technical expertise of the Offeror. Offeror's evaluation shall be in written report form and submitted to OCDO.
3. Written assignment of work tasks by OCDO shall clearly state the objectives and work required. Offeror shall notify OCDO of any inconsistency with the objectives and work required and the anticipated compensation. Offeror may be asked to give an oral presentation of his/her findings, but in any event shall be required to submit a written response of his/her evaluations and/or findings.
4. OCDO may from time to time at its discretion call a meeting of the full Proposal Review Team (PRT) to discuss matters pertaining to the work of the PRT, including but not limited to such topics as an Orientation Meeting and Close-Out meeting, for the purpose of giving instruction to the PRT or seeking guidance regarding OCDO's proposal review system or on-line project reviews.
5. OCDO may, from time to time as it deems appropriate and necessary, communicate specific instructions and requests to the Offeror concerning their performance. Upon such notice and within a reasonable time the Offeror shall comply with such instructions and fulfill such requests to the satisfaction of OCDO. It is expressly understood by the parties that these instructions and requests are for the sole purpose of performing the specific tasks requested to insure satisfactory completion of the work.

The above objectives describe the Work and what the Offeror must do to complete the job satisfactorily. It also describes what the Offeror must deliver as part of the completed Work (the "Deliverables"). Below is a detailed description of the Work's schedule.

Offerors could be reviewing proposals covering up to three different Program Year solicitations. The target date for the receipt of applications for the Program Year 2015 Ohio Coal Demonstration and Pilot program is between June 2015 and October 2015. The target date for the 2016 Ohio Coal Demonstration and Pilot program is yet to be determined but could range between January 2016 and April 2016. 2017 Program Year project solicitation release is yet to be determined, but could range between January 2017 and June 2017, with reviews being completed prior to June 2017. Offerors must be prepared to reach these target dates.

Contracts could begin as early as June 2015, with first reviews to be completed as early as July 2015. Contracts can either end on June 30, 2016 or June 30, 2017. DSA prefers that contracts end on June 30, 2017. Offerors whose contracts end on June 30, 2016 will review projects from two Program Years. Contracts that end on June 30, 2017 will review projects across three Program years.

PROPOSAL REQUIREMENTS

1. The Offeror must identify which of the targeted technology areas they are qualified to evaluate.
2. For each targeted technology area the Offeror identifies as being qualified to review, they must demonstrate experience working in or with that targeted technology area and explain and provide examples of how they are qualified to review these types of project proposals.
3. The Offeror must hold expertise and show experience evaluating technology potential based on technical merit, financial reasonableness, and marketability.
4. The Offeror must agree to be paid Forty Dollars (\$40.00) per hour.
5. The Offeror must be available to review 5-10 proposals per program year.
6. The Offeror must be prepared and have the ability to complete reviews of project proposals in less than eight hours per proposal. The Offeror must estimate the average length of time it will take them to complete each review.
7. If travel is necessary for the Offeror to complete the assigned work, the Offeror shall be reimbursed for travel expenses. In any event, travel must be pre-approved in instructions from OCDO and adhere to the Ohio Office of Budget and Management [Travel Rule](#).
8. The Offeror must state when they are requesting their contract to end and the maximum number of reviews that they are prepared to complete per program year. The estimated average length of review time should be multiplied by the estimated maximum number reviews per program year the Offeror is prepared to complete, multiplied by the expected number of program years the Offeror is requesting, multiplied by the \$40.00 per hour rate. This should provide the basis for the Offerors requested budget.

Example: Maximum number of reviews the Offeror is available to review per

year: 6, times the Offeror's average estimated review time of: 7.6 hours per project, times the number of program years the Offeror is available to review projects: 3, times the maximum hourly rate of: \$40.00 = \$5,472.

FEE STRUCTURE

The number of reviews requested per program year will depend on the demonstrated expertise of the Offeror and the number of project proposals received during the program year for those areas. Effort will be made to match project reviews to expertise of the pool of selected Offerors.

Budgets will range depending on the number of qualified Offerors selected, the expected number of reviews that will be completed and the end date of the selected Offerors. Contracts that end on June 30, 2016 will have a maximum budget of \$7,000. Contracts that end on June 30, 2017 will have a maximum available budget of \$10,500.

WHEREAS, State of Ohio officials and employees must remain passionately focused on initiatives that will create and retain jobs in the United States in general and in Ohio in particular, and must do so especially during Ohio's continuing efforts to recover from the recent recession.

WHEREAS, allowing public funds to pay for services provided offshore has the potential to undermine economic development objectives in Ohio.

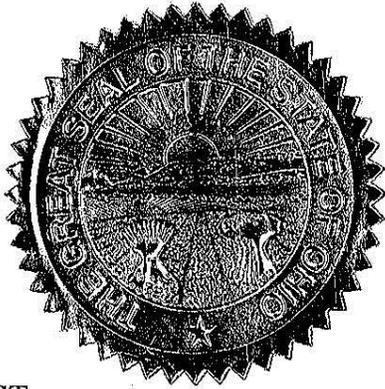

WHEREAS, the expenditure of public funds for services provided offshore may deprive Ohioans and other Americans of critical employment opportunities and may also undermine efforts to attract businesses to Ohio and retain them in Ohio, initiatives in which this State has invested heavily.

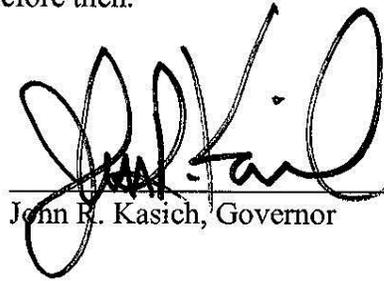

NOW THEREFORE, I, John R. Kasich, Governor of the State of Ohio, by virtue of the authority vested in me by the Constitution and the laws of this State, do hereby order and direct that:

No State Cabinet Agency, Board or Commission ("Executive Agency") shall enter into any contract which uses any public funds within its control to purchase services which will be provided outside the United States. This Executive Order applies to all purchases of services made directly by an Executive Agency and services provided by subcontractors of those providing services purchased by an Executive Agency.
2. This Executive Order will be personally provided, by the Director, Chair or other chief executive official of each Executive Agency, to the Chief Procurement Officer or other individual at that entity responsible for contracts for services.
3. The Department of Administrative Services, through Ohio's Chief Procurement Officer, shall have in place, by July 1, 2011, procedures to ensure all of the following:
 - a. All agency procurements officers (APOs), or the person with equivalent duties at each Executive Agency, have standard language in all Executive Agency contracts which:

- ii. Require service providers or prospective service providers to:
 - 1. Affirm that they understand and will abide by the requirements of this Order.
 - 2. Disclose the location(s) where all services will be performed by any contractor or subcontractor.
 - 3. Disclose the locations(s) where any state data associated with any of the services they are providing, or seek to provide, will be accessed, tested, maintained, backed-up or stored.
 - 4. Disclose any shift in the location of any services being provided by the contractor or any subcontractor.
 - 5. Disclose the principal location of business for the contractor and all subcontractors who are supplying services to the state under the proposed contracts.
 - b. All APOs confirm that all quotations, statements of work, and other such proposals for services affirm this Order's prohibition on the purchase of offshore services and include all of this Order's disclosure requirements.
 - i. Any such proposal for services lacking the affirmation and disclosure requirements of this Order will not be considered.
 - ii. Any such proposal where the performance of services is proposed to be provided at a location outside the United States by the contractor or any subcontractor will not be considered.
 - c. All procurement manuals, directive, policies, and procedures reflect the requirements of this Order.
 - d. All APOs have adequate training which addresses the terms of this Order.
4. Nothing in this Order is intended to contradict any state or federal law. In addition, this Order does not apply to:
- a. Services necessary to support the efforts of the Department of Development to attract jobs and business to the state of Ohio;
 - b. Academic, instructional, educational, research or other services necessary to support the international missions of Ohio's public colleges and universities; or
 - c. Situations in which the Director of the Department of Administrative Services, or the Director's designee, shall determine that it is an emergency or that it is necessary for the State to waive some or all of the requirements of this Order. The Director shall establish standards by which Executive Agencies may request a waiver of some or all of the requirements of this Order and by which such requests will be evaluated and may be granted.
5. Executive Order 2010-09S is hereby rescinded.

I signed this Executive Order on June 21, 2011 in Columbus, Ohio and it will expire on my last day as Governor of Ohio unless rescinded before then.

In addition, either Sponsor or Contractor may terminate this Agreement for just cause upon thirty (30) days written notice to the other party. Upon notice of termination, Contractor shall cease all work under this Agreement and shall take all necessary or appropriate steps to limit disbursements and minimize costs in ceasing all work. Contractor shall be required to furnish a report setting forth the status of all activities under the Agreement including, but not limited to, the work completed and the payments received by Contractor and such other information as Sponsor may require. Contractor also agrees that any records required by Sponsor with respect to any questioned costs, audit disallowances, litigation or dispute between Sponsor and Contractor shall be maintained for the time needed for the resolution of such question or dispute.

(b) Inspection and Copying. At any time during normal business hours and upon not less than twenty-four (24) hours prior written notice, Contractor shall make available to Sponsor, its agents or other appropriate State agencies or officials all books and records regarding this Agreement which are in the possession or control of Contractor, including, but not limited to, records of personnel. Sponsor, its agents and other appropriate State agencies and officials may review, audit and make copies of such books and records, and any such inspection of books and records will be undertaken in such a manner as not to interfere unreasonably with the normal business operations of Contractor. Contractor shall, at its own cost and expense, segregate records to be made available for inspection pursuant to this Section 9(b) from Contractor's other records of operation.

10. Certification of Funds. It is expressly understood by the parties that none of the rights, duties, and obligations described in this Agreement shall be binding on either party until all applicable statutory provisions of the Ohio Revised Code, including but not limited to section 126.07, have been complied with and until such time as all necessary funds are made available and forthcoming from the appropriate state agencies.

11. Equal Employment Opportunity. Contractor further agrees that Contractor, any subcontractor and any person acting on behalf of Contractor or subcontractor shall not, in any manner, discriminate against, intimidate, or retaliate against any employee hired for the performance of work under this Agreement on account of race, color, religion, sex, age, disability, military status, national origin or ancestry.

12. Indemnification. Contractor agrees to indemnify and to hold the Sponsor and State of Ohio harmless and immune from any and all claims for injury or damages arising from this Agreement and Contractor's performance of the obligations or activities in furtherance of the Project which are attributable to the Contractor's own actions or omissions or those of its trustees, officers, employees, subcontractors, suppliers, third parties utilized by the Contractor, or joint venturers while acting under this Agreement. Such claims shall include, but are not limited to, any claims made under the Fair Labor Standards Act or under any other federal or state law involving wages, overtime, or employment matters and any claims involving patents, copyrights, and trademarks. Contractor shall bear all costs associated with defending the Sponsor and the State of Ohio against any claims. Notwithstanding the foregoing, Contractor's obligation to indemnify and hold Sponsor and the State of Ohio harmless shall be limited to actions and omissions which constitute gross negligence or violations of law and in no event shall the aggregate liability of the Contractor to the Sponsor or the State of Ohio for indemnification under this Agreement exceed the amount of compensation paid to the Contractor hereunder.
