Re: Invitation to Bid #ADA12-001
Epidemiologist – Athens Region

To Ohio Vendor:

The Ohio Department of Alcohol and Drug Addiction Services has identified your firm from existing lists and invites your company to bid on a current State contracting opportunity. Vendors interested in bidding must be a Certified Minority Business Enterprise (MBE) with the State of Ohio.

Please see attached "Invitation to Bid" form for Contract deliverables and time frames.

To assure consideration, please submit your Intent to Bid by July 15, 2011 via fax to ATTN: Duane Casto, Fax # 614-387-7956. All vendors submitting an Intent to Bid may also submit any questions by July 15, 2011.

Please note the submission deadline for this bid is July 19, 2011.

Thank you for your interest.

Sincerely,

Rosaland Tye, Chief Fiscal Officer
Ohio Department of Alcohol and Drug Addiction Services

ODADAS' Vision: "An addiction-free Ohio that promotes health, safety, and economic opportunity."

Job Title: Regional Epidemiologist

Job Type: Part-time, Contracted position, One-year term, Renewable

Locations: Akron-Canton region (primarily Summit and Stark Counties with coverage of surrounding areas), Athens region (primarily Hocking, Vinton and Athens Counties with coverage of surrounding areas), Cleveland region (primarily Cuyahoga County with coverage of surrounding areas), Cincinnati region (primarily Hamilton County with coverage of surrounding areas), Columbus region (primarily Franklin County with coverage of surrounding areas), Dayton region (primarily Montgomery County with coverage of surrounding areas), Toledo region (primarily Lucas County with coverage of surrounding areas) and Youngstown region (primarily Mahoning and Columbiana Counties with coverage of surrounding areas)

Job Location: Assignment to one of the above listed regions

Salary:

Job Duties:

THIS IS A TEMPORARY SPECIAL PROJECT CONTRACT POSITION

WILL REQUIRE TRAVEL THROUGHOUT ASSIGNED REGION

Under the direction of the Ohio Substance Abuse Monitoring (OSAM) team of the Ohio Department of Alcohol and Drug Addiction Services (ODADAS): acts and conducts as a data collector for OSAM in assigned region, assisting in the identification and establishment of a network of diverse individuals who have intimate knowledge of drug abuse trends in regional communities. Those eligible for network inclusion consist of, but are not limited to, the following: people actively engaged in drug use and/or drug recovery activities, alcohol and other drug (AOD) addiction treatment/prevention providers, law enforcement and probation officers, crime lab professionals, emergency room physicians and school counselors. Data are collected through focus group and individual interviews for the purpose of providing accurate epidemiological descriptions of substance abuse trends and emerging problems in Ohio's major metropolitan and rural areas every six months. Data will be utilized to respond to media inquiries, to aid local Alcohol and Drug Addiction Services (ADAS) and Alcohol, Drug Addiction and Mental Health Services (ADAMHS) Boards in grant-writing efforts, to provide training to community professionals, to address and respond to important needs of state legislature, and to assist ODADAS in the prioritization of resources based on emerging drug trends.

Regional Epidemiologists assist in recruitment of network informants; obtain participant informed consent; interview individual informants and conduct focus groups following scripted protocol; produce audio recordings of all interview proceedings; submit interview documentation monthly (i.e., participant consent forms, brief demographic surveys, interview collection forms

and audio recordings); assist in writing executive summary reports of regionally collected data following OSAM specified reporting guidelines; attend biannual core scientific meetings with other regional epidemiologists and OSAM team members (meetings held at ODADAS offices in Columbus); attend meetings and trainings as assigned.

Minimum Qualifications: Master's degree in social sciences (i.e., public health, psychology, social work, counseling, anthropology or sociology) with relevant research experience in the area of qualitative data collection, or licensure in counseling/social work with extensive knowledge of AOD addiction and 24 mos. experience in delivering AOD treatment/prevention services; Preference given to applicants with university academic research experience.

Major Worker Characteristics: Knowledge of epidemiology and ethnographic research methods used in field data collection. Ability to follow research protocols, collect data, thematically organize data, draw valid conclusions and prepare meaningful, concise and accurate reports.

Supplemental Information:

This position has varied hours, which may include evenings and weekends. Estimated 100 hours of project related work per each 6-mos. data collection cycle. A minimum of 40 interviews of people actively engaged in drug use and/or drug recovery activities and a minimum of 10 interviews of community professionals who have intimate knowledge of regional drug abuse is expected (combined total for focus group and individual interview participation).

This position requires travel; must utilize personal vehicle; must maintain valid driver's license and insurance.

The maximum duration of contract for this position will be until June 30, 2012.

Final applicants are required to provide official college transcripts and may be subject to a criminal background check.
