1.0 Executive Summary

1.1 Introduction This is a Request for Competitive Sealed Proposals (RFP) under Section 125.071 of the Ohio Revised Code (ORC) and Section 123:5-1-08 of the Ohio Administrative Code (OAC). The Ohio Department of Education, Office of Fiscal Services is soliciting competitive sealed proposals (Proposals) for School Sponsorship School Consultants. If a suitable offer is made in response to this RFP, the Ohio Department of Education may enter into a contract (the Contract) to have the selected Offeror (the Contractor) perform all or part of the Project (the Work). This RFP provides details on what is required to submit a Proposal for the Work, how the Department will evaluate the Proposals, and what will be required of the Contractor in performing the Work.

This RFP also gives the estimated dates on Page One (1) for the various events in the submission process. While these dates are subject to change, prospective Offerors must be prepared to meet them as they currently stand.

1.2 Contract Period Once awarded, the term of the Contract will be from the award date through June 30, 2017. The Department may solely renew all or part of this Contract for a period of one (1) month and subject to the satisfactory performance of the Contractor and the needs of the Department. Any other renewals will be by mutual agreement between the Contractor and Department for any number of times and for any period of time. The cumulative time of all mutual renewals may not exceed two (2) years and are subject to and contingent upon the discretionary decision of the Ohio General Assembly to appropriate funds for this Contract in each new biennium.

1.3 Background

The Ohio Department of Education (Department) currently sponsors 25 community schools under Ohio Revised Code Sections 3314.029 and 3314.015. Under Ohio Revised Code Section 3314.029, both new start-up and existing community schools can apply to and become sponsored by the Department. Under Ohio Revised Code Section 3314.015, the Department can become the sponsor of a community school when its current sponsor is found to be unwilling or unable by the State Board of Education to fulfill its duties as a sponsor. A community school sponsor provides oversight, monitoring and technical assistance to its sponsored community schools. Beginning in the fall of 2016, community school sponsors statewide will begin to receive evaluations of their performance pursuant to Ohio Revised Code Section 3314.016. Sponsors that are rated poor will have their sponsorship authority revoked. In that situation, the Department will become the sponsor of a revoked sponsor's community school(s), at least through the end of the current school year and up to two additional school years. This will result in an unknown number of community schools becoming sponsored by the Department. The Department is interested in obtaining a contractor to provide sponsorship services.

1.9 Proposal Submission Requirements Offeror must submit one (1) original, completed, and signed in blue ink copy in PDF format.

2.0 Evaluation of Proposals

2.1 Mandatory Requirements The following Table 1 contains items that are Mandatory Requirements for this RFP.

Determining the Offeror's ability to meet the Mandatory Requirements is the first step of the Department evaluation process. The Offeror's response must be clearly labeled "Mandatory Requirements" and collectively contained in the Offeror's proposal in the "Offeror Required Information and Certification" section.

2.2 Table 1 – Mandatory Proposal Requirements

Mandatory Requirements	Accept	Reject
Bachelor's Degree		
Minimum 1 year related experience		
Certification regarding conflicts of interest		

If the Department does not receive any Proposals meeting all of the mandatory requirements, the Department may elect to cancel this RFP.

2.3 Proposal Evaluation Criteria If the Offeror provides sufficient information to the Department in its Proposal, demonstrating it meets the Mandatory Requirements, the Offeror's Proposal will be included in the next step of the evaluation process which involves the scoring of the Proposal Technical Requirements

(Table 3), followed by the scoring of the Cost Proposals. In the Proposal evaluation step, the Department rates the Proposals based on the following listed criteria and the weight assigned to each criterion. The possible points allowed in this RFP are distributed as indicated in Table 2 – Scoring Breakdown. Each Proposal passing the Mandatory Requirements will be evaluated by an evaluation committee made up of a representative(s) from the Office of Fiscal Services, Program Office, and potentially a subject matter expert or an independent consultant.

2.4 Table 2 – Scoring Breakdown

Criteria	Maximum Allowable Points
Proposal Technical Requirements	600 points
Proposal Cost	400 points
<u>Total</u>	1000 points

The scale below (0-5) will be used to rate each proposal on the criteria listed in the Technical Proposal Evaluation table.

Does Not Meet	Weak	Weak to Meets	Meets	Meets to strong	Strong
0 Points	1 Point	2 Points	3 Points	4 Points	5 Points

The Department will score the proposals by multiplying the score received in each category by its assigned weight and adding all categories together for the Offeror’s Total Technical Score in table 3. Representative numerical values are defined as follows:

Does not meet (0 points): Response does not comply substantially with requirements or is not provided.

Weak (1 point): Response was poor in relation to the objectives.

Weak to Meets (2 points): Response indicates the objectives will not be completely met or at a level that will be below average.

Meets (3 points): Response generally meets the objectives (or expectations).

Meets to Strong (4 points): Response indicates the objectives will be exceeded.

Strong (5 points): Response significantly exceeds objectives (or expectations) in ways that provide tangible benefits or meets objectives (or expectations) and contains at least one enhancing feature that provides significant benefits.

2.5 Table 3 – Technical Proposal Evaluation

Criterion	Weight	Rating (0-5)	Extended Score
Offeror Profile	25%		
1. Employment history, years of relevant experience	100		
2. Demonstrates the capacity to do work	100		
Offeror Prior Experience	50%		
1. Demonstrates prior experience working with compliance monitoring or work of similar scope.	150		

2. Demonstrates prior experience working with projects of similar size.	50		
Staffing Plan (General Instructions – Personnel Profile)	25%		
1. Formal Education	200		

Total Technical Score: _____

In this RFP, the Department asks for responses and submissions from Offerors, most of which represent components of the above criteria. While each criterion represents only a part of the total basis for a decision to award the Contract to an Offeror, a failure by an Offeror to make a required submission or meet a mandatory requirement will normally result in a rejection of that Offeror’s Proposal. The value assigned above to each criterion is only a value used to determine which Proposal is the most advantageous to the Department in relation to the other Proposals that the Department received.

Once the technical merits of a Proposal are evaluated, the costs of that Proposal will be considered. It is within the Department’s discretion to wait to factor in a Proposal’s cost until after the conclusion of any interviews, presentations, demonstrations or discussions. Also, before evaluating the technical merits of the Proposals, the Department may do an initial review of costs to determine if any Proposals should be rejected because of excessive cost. The Department may reconsider the excessiveness of any Proposal’s cost at any time in the evaluation process.

2.6 Cost Proposal Points The Department will use the information the Offeror gives on the Cost Summary form to calculate Cost Proposal points. The Department will calculate the Offeror’s Cost Proposal points after the Offeror’s total technical points are determined, using the following method:

Cost Points = (Lowest Offeror’s Cost/Offeror’s Cost) × Maximum Allowable Cost Points (as indicated in the “Scoring Breakdown” table. The value is provided in the Scoring Breakdown table. “Cost” = Total Not to Exceed Cost identified in the Cost Summary section of the Offeror’s Proposal. In this method, the lowest cost proposed will receive the maximum allowable points.

The number of points assigned to the cost evaluation will be prorated, with the lowest accepted Cost Proposal given the maximum number of points possible for this criterion. Other acceptable Cost Proposals will be scored as the ratio of the lowest Cost proposal to the Proposal being scored, multiplied by the maximum number of points possible for this criterion.

An example for calculating cost points, where Maximum Allowable Cost Points Value = 60 points, is the scenario where Offeror X has proposed a cost of \$100; Offeror Y has proposed a cost of \$110; and Offeror Z has proposed a cost of \$120. Offeror X, having the lowest cost, would get the maximum 60 cost points. Offeror Y’s cost points would be calculated as \$100 (Offeror X’s cost) divided by \$110 (Offeror Y’s cost) equals 0.909 times 60 maximum points, or a total of 54.5 points. Offeror Z’s cost points would be calculated as \$100 divided by \$120 (Offeror Z’s cost) equals 0.833 times 60 maximum points, or a total of 50 points.

2.7 Final Stages of Evaluation The Offeror with the highest point total from all phases of the evaluation (Technical Points + Cost Points) will be recommended for the next phase of the evaluation.

Technical Score: _____ + Cost Score: _____ = Total Score: _____

If the Department finds that one or more Proposals should be given further consideration, the Department may select one or more of the highest-ranking Proposals to move to the next phase. The Department may alternatively choose to bypass any or all subsequent phases and make an award based solely on the Proposal evaluation phase.

2.8 Rejection of Proposals The Department may reject any Proposal that is not in the required format, does not address all the requirements of the RFP, or that the Department believes is excessive in price or otherwise

not in the interest of the Department to consider or to accept. In addition, the Department may cancel this RFP, reject all the Proposals, and seek to do the Work through a new RFP or by other means.

3.0 Cost Summary

3.1 Submission The Cost Summary shall be submitted with the Proposal (as a separate PDF File). All prices, costs, and conditions outlined in the Proposal shall remain fixed and valid for acceptance for 120 days, starting on the due date for Proposals. No price change shall be effective without prior written consent from the Ohio Department of Education, Office of Fiscal Services.

The Offeror’s total cost for the entire Work must be represented as the firm, fixed-price, for a not-to-exceed total. All costs for furnishing the services must be included in the Cost Proposal.

4.0 Award of the Contract

4.1 Contract Award The Department intends to award the Contract based on the schedule in the RFP, if the Department decides the Work is in the best interests of the Department and has not changed the award date.

The Department expects the Contractor to commence the Work upon receipt of a state issued purchase order. If the Department awards a Contract pursuant to this RFP and the Contractor is unable or unwilling to commence the Work, the Department reserves the right to cancel the Contract and return to the original RFP process and evaluate any remaining Offeror's Proposals reasonable susceptible of being selected for award of the Contract. The evaluation process will resume with the next highest-ranking, viable Proposal.

- 4.2 Contract If this RFP results in a Contract award, the Contract will consist of this RFP including the Terms and Conditions, all forms, written addenda to this RFP, the Contractor's accepted Proposal, and written authorized addenda to the Contractor's Proposal. It will also include any materials incorporated by reference in the above documents and any purchase orders and amendments issued under the Contract.

If there are conflicting provisions between the documents that make up the Contract, the order of precedence for the documents is as follows:

1. The RFP, as amended, including the Terms and Conditions
2. The documents and materials incorporated by reference in the RFP
3. The Executive Order, EO2011-12K incorporated by reference in the RFP
4. The Contractor's Proposal, as amended, clarified, and accepted by the Department
5. The documents and materials incorporated by reference in the Contractor's Proposal

Notwithstanding the order listed above, amendments issued after the Contract is executed may expressly change the provisions of the Contract. If they do so expressly, then the most recent amendment will take precedence over anything else that is part of the Contract.
